Prowlers Take Second In Region 8 Tourney

Coach Ron Thompson's East Grand Forks squad, champions of District 31, won the Region Eight track and field title in the tournament held at Bemidji on Saturday. *East Grand Forks totaled 28 points*, and gained three firsts. Coach Roger Solheim's Prowlers, also from District 31, scored 19½ points to gain runner-up honors.

The Roseau Rams of District 32 had 19 points; the Park Rapids Panthers of District 29 had 15 points; while the Crookston Pirates from District 31 had 14½ points for fifth place. Other team totals were Ada, 13; Mahnomen, 12; Bagley, 11; Walker, 10; Warren and Fosston, 8; Bemidji, 6; Indus, 5; Northome, 5; Waubun, 4½; Gary, Red Lake, and Warroad, 4; Blackduck, 3½; Middle River, 3; Red Lake Falls, 2; and Greenbush, McIntosh, and Hallock, 1.

Two records were set during the tournament. Ada's Jim Stadum tossed the discus a distance of 144 feet, 2 inches to better the mark of 142 feet, 2 inches set by the Prowlers' Larry Joppru in 1964. And East Grand Forks' fine mile relay squad of Darrell Fore, Kim Krostue, Mike Cieklinski and Dan Beck set a mark of 3:31.9, erasing the old record of 3:33.7 set by Park Rapids in 1965.

The surprising Prowlers, who were in contention for the team title until the final events on the program, scored three firsts. John Olson won the 120-yard high hurdle event, beating East Side's favored Kim Krostue. And Dan Bacon, with a leap of 20 feet, 10½ inches, won the broad jump. Bacon's jump was more than a foot better than Al Gonsorowski's jump of 19 feet, 8½ inches, which gave the East Grand Forks athlete a second place. And the Prowler 880-yard relay squad of Ward Johnson, John Olson, Jerry Engen and Larry Bjerken, won that event in 1:35.2

Other Prowler point-winners were Joe Fuller with a fifth in the pole vault; Sheldon Joppru with a tie for fifth in the high jump and Jerry Engen with a third in the 220-yard dash.

The Prowlers' John Olson, Dan Bacon, Ward Johnson, Jerry Engen and Larry Bjerken will participate in the state meet at the University of Minnesota on Friday and Saturday, May 10 and 11.

The summaries:

Sportsmen Clubs Organize; Elect Walsh President

Leo Walsh of Greenbush was elected president of the newly formed association of sportsmen's clubs in northern Minnesota, known as the Northern Border Conservation clubs. Lee Selness of Alvarado was named vice president and John Lamberton of Baudette was named secretary-treasurer. The organizational meeting was held recently at Greenbush.

Six sportsmen groups have joined to date, and more are expected to join. Parent clubs are sportsmen organizations from Badger-Greenbush, Alvarado, Baudette, Williams, Roseau and the Warren Rod and Gun club. The Pennington County Sportsmen club has been invited to join, as have sportsmen clubs of Argyle, Lake Bronson, Hallock, Oslo and Stephen.

At the organizational meeting, tentative by-laws were drawn up. Membership dues were set at $10 for each club joining, and each member club will be allotted one voting delegate on any issue voted on. Matters to be presented to the Northern Border group must be voted on by the individual clubs before the larger group will act on them. A minimum of three clubs may participate in a meeting.

Tickets Offered For TRF Day at Assiniboia Downs

Free tickets for racing fans are now available at the Thief River Falls Chamber of Commerce as plans are again being for made for Thief River Falls Day at Assiniboia Downs in Winnipeg, Man., Canada. A special Thief River Falls race will be run on Saturday, June 18, with the owner of the winning horse to be presented with a cooler blanket from Mayor Orin Green.

Bruce Boreham, public relations director for Assiniboia Downs, was in Thief River Falls recently to make arrangements for the event. The first such day for this city was held last year with a large number of local racing fans in attendance.

C. R. Waldera heads the local committee in charge of arrangements with Harold Rasmussen, R. J. Dryden and Randall Noper as committee members.

"Persons who wish to attend the races may secure any quantity of tickets they will need," Waldera said, noting that the free tickets are now available at the Chamber of Commerce office in Thief River Falls. "Children are welcome at Assiniboia Downs, but must stay with their parents at the track."

The cooler blanket to be awarded to the owner of the winning horse in the Thief River Falls purse will be inscribed with the words "Thief River Falls Chamber of Commerce". The blanket is used by horsemen during workouts and after races wherever the horses race.

Region Eight will be holding its 20th annual high school baseball tournament at Warren on Tuesday and Wednesday, May 7 and 8.

Tuesday evening's first - round games will find the defending regional champions, the Bemidji Lumberjacks of District 29 meeting the Ada Vikings of District 30 at 6 p.m. In the second game on Tuesday's bill, coach Ralph Skay's Prowlers of District 31 will play the Roseau Rams of District 32 at 8 p.m. The Region Eight championship game will be played on Wednesday evening at 7:30 p.m. All of the games will be played on Warren's Emory Johnson field.

For three of the teams—Bemidji, Ada and Thief River Falls—it will be the second regional confrontation this season, for the three schools competed in the Region Eight basketball tournament. And a number of the boys who are on their respective school's baseball squads were also on their school's basketball teams. It is only in District 32 that there is a new entry, with Roseau supplanting the Karlstad Rabbits who were in the regional cage tourney.

The winners of regional baseball titles, since 1947 when the first tournament was held and a state tourney was authorized, were: 1947, Crookston; 1948, Bemidji; 1949, Bemidji; 1950, Halstad; 1951, Alvarado; 1952, Halstad; 1953, Cass Lake; 1954 Cass Lake, 1955, Thief River Falls; 1956, Bemidji; 1957, Bemidji, 1958, Ada; 1959, Thief River Falls; 1960, Crookston; 1961, Bemidji; 1962, Bemidji; 1963, Thief River Falls; 1964, Halstad; and 1965, Bemidji.

The Halstad Pirates of 1952, with pitcher Morry Holm winning three games, won the state high school title.

Start of Another Softball Season

With weather and field conditions permitting, the city softball season, men's division, will begin this week. On Monday evening the Bridgeman's are slated to meet the Ben's Food Market. On Tuesday the Schmidt's Beer will play the Hamm's Beer; and on Wednesday evening the Vets will meet the L. B. Hartz.

All of the games will be played on the fairgrounds diamond unless postponements force a doubling up of the schedule, in which case it is probable that a game or two will be played on the East Side diamond. Games this week, however, will be played on the East Side diamond.

The schedule, which arranged on a double round-robin basis, will be completed on the week of August 8. City league playoffs will be played on the week of August 15 and August 22. And the annual softball awards banquet has been slated for the V. F. W. club rooms on Monday evening, August 29.

It will be strange, though, to watch this season's league softball play and not see John Drury in the orange-and-black of the Bridgeman's. John insists that he is going to curtail his softball activities and limit his play to the St. Hilaire club. John has been one of the city's standout softball players ever since he moved up here from Moorhead in the 1950's.

But if it's veterans you're looking for, the elder statesman of city softball, Bob Carlson, will be pitching and managing for the Bridgeman's again this season.

They're Insufferable

The New York Yankees fans, under the most pleasant of circumstances, are difficult people, but the other week, following the Yankees' four-game sweep of their series against the Twins, these fans were insufferable.

Bob Carlson had to request a dispensation from his supervisor for a day's leave of absence so he could make his collections. Using one of his paper boys' carrier bags, he "made the rounds" and collected the "contributions". In a couple of instances he had to assist the boys in making "small business loans" in order to pay off the wagers. It was a fine week for Bob.

And Helmer (Great Northern Ole) Ness was plenty noisy. He was holding forth on the corner of Third and LaBree and explaining that he had made enough money on the Twins vs. Yankee series to "pay for my Minnesota and Manitoba fishing licenses, to pay the taxes on my cabin at Union lake, and to pay for my fuel oil for next winter."

As if that wasn't enough, Ole had to remind us that it was Erskine that broke the Prowlers' baseball winning streak. And said Ole, "You know most of these boys on the Erskine team are related to me".

I see that Ole is going to spend the summer as baggage clerk for the Great Northern in Yosemite National Park. I wonder how a fellow can get word to the man-eating bears in the park that Ole is up there?

Forty-eight thousand, five hundred persons were killed in 1965 on the nation's highways. In addition 4,100,000 others were injured in traffic accidents last year.

Openings Remain For Conservation Center Sessions

Openings for 13 to 15 year-old boys still exist in the summer workshop programs at the Long Lake Conservation center near McGregor, the Aitkin county park commission said today.

The conservation education center is in its second year of operation and will conduct 12-day ecology and outdoor resources workshops for boys and teachers beginning June 19.

New improvements at the center will allow up to 35 boys per class this summer, the park commission said. The project is co-sponsored by the Aitkin county park commission and various state and federal conservation agencies, with support from major Minnesota.

Last year, about 120 boys from throughout the state attended summer sessions at Long lake. This year, four sessions are scheduled for boys and a fifth for elementary and secondary school teachers.

Information on both the boys' and teachers' sessions can be obtained from the Aitkin County Park commission, Aitkin. The commission said interested applicants, particularly teachers, should apply for attendance as soon as possible, before enrollment limits are reached.

Klungness Gets Hockey Award At Concordia

Gary Klungness of Thief River Falls, who recently completed his senior year at Concordia college, Moorhead, was among the athletes honored at a recent banquet for members of the Concordia basketball, hockey and wrestling teams. At the banquet, Klungness was awarded a major letter for two years of competition in hockey. The featured speaker at the banquet was Rev. Lloyd Svendsbye, associate professor of religion at Concordia.

Register for Summer Program

James Foley, park and recreation director, announced today that registration for the receation department's summer program for school children will be held at Northrop and East Side fields Monday, Tuesday and Wednesday from 1 to 4 p.m.

Prowler Tennis Team Wins in Regional Meet

Coach Bill Herzog's Prowler tennis duo of Wayne Liden and Paul Ihle won the Region Eight team title in a tournament held at Bemidji on Saturday. The Prowlers tallied six points, with Bemidji and Crookston sharing runner-up honors with four points a piece. Fertile and Ada scored a point each, and Warroad failed to mark up a point.

The Prowlers' Wayne Liden won the regional singles title by defeating John Swanson of Bemidji, 6-1, 6-0. Third place in the singles competition was won by the Prowlers' Paul Ihle who defeated Jim Hoffe of Fertile, 5-7, 6-4 and 6-4.

The Crookston Pirates' double team of Boyd Boyum and Gary Martin won the Region Eight doubles title by defeating Bemidji's Mike Glassman and Mike Liapis, 6-3 and 6-3.

The first three singles players, and two doubles teams will participate in the state tourney in Minneapolis on Friday and Saturday.

Studies Being Made To Determine Census Of Spring Waterfowl

Ducks and geese in the prairie pothole regions of the Dakotas and Minnesota are getting their annual spring check-up.

Aerial and ground crews of the bureau of sport fisheries and wildlife, Department of the Interior, are now taking a long, close look at migratory waterfowl in the three states as part of the annual spring surveys. These studies help the bureau evaluate water conditions and waterfowl breeding populations, including size, distribution and composition.

Such air-ground surveys are part of the year-around search for facts by bureau waterfowl managers which provide the basis for management of the continental waterfowl population.

Aerial surveys in the tri-state area began in early May with central flyway biologist Gerald Pospichal, Minneapolis, and U. S. game management agent Robert Slattery, New Orleans, La., flying some 4,362 miles of aerial transects. The transects are quarter-mile wide strips in an east-west pattern over the important duck producton areas of the tri-state region.

Using an Army L-19 observation plane, Pospichal and Slattery count the number of water areas, attempt to identify the species of all waterfowl seen and record whether the birds are in groups, in pairs or alone.

Among early nesting duck species such as mallards and pintails, the proportion of lone drakes is an indicator of the progress of the nesting season.

To supplement the aerial surveys, a ground crew made up of U. S. GMA's Robert Wheeler, North Platte, Neb., and Howard Lovrien, Aberdeen, S. D., make complete waterfowl counts and indentification on 10 representative ground transects.

These ground transects are then flown by the aerial team and a visibility correction factor is developed. This is then applied to all the aerial transect information so that the latter information may be accurately interpreted.

Expansion of this detailed information obtained on the aerial and ground transects to the overall duck production habitat in the tri-state area gives a highly accurate picture of the number and condition of water areas and the total number and composition of breeding ducks.

Information from the May spring air-ground surveys gives the waterfowl managers and potential waterfowl production picture. The potential, however, is seldom achieved because of drouth, nest destruction and natural mortality. Later surveys show how much of the potential production was actually achieved.

Such survey data is compared with that collected in previous years to further refine survey methods and interpretation of data collected.

To measure actual production, the aerial crew reflies the identical transect routes in July, this time counting broods, adult birds and water areas. Lone drakes and hens serve as an index to the amount of renesting efforts and possible production after the July survey has been completed.

The tri-state operation is only a small part of the bureau's annual waterfowl production studies. In Canada, tens of thousands of aerial transect miles are flown by U. S. and Canadian pilot-biologists. In Alaska, the bureau conducts similar surveys in localized production areas.

Intensive ground studies are conducted each year in key areas so that localized production can be evaluated over a large part of the most important continental duck production area. Such studies are conducted at Waubay, S. D.; Woodworth, N. D.; Lousana, Alberta; Redvers, Saskatchewan; Minnedosa, Manitoba; Yellowknife, Northwest Territory, Canada; and other places.

Results of these surveys are analyzed in late July. This information is used to predict the fall waterfowl flight and to develop waterfowl hunting regulations.

Water conditions now appear favorable in the tri-state area, but hunters should remember that an unusually late spring and cold weather may have adversely affected duck nesting attempts. Bureau officials point out that the fall 1966 flight cannot be predicted until early August when all of the surveys have been completed and analyzed.

Wheat Allotment For 1967 Raised By 15 Per Cent

The 1967 national wheat allotment has been set at 15 per cent over 1966, according to Winton Knutson, chairman of the Pennington County Agricultural Stabilization and Conservation committee. This represents a regular allotment of 55 million acres plus small-farm increases to make an effective allotment of 59.3 million acres.

"This means that most farm allotments for 1967 will be around 15 per cent above 1966", the Chairman said. "However, the percentage may vary from farm to farm and between states and counties because of certain adjustments permitted under the Food and Agriculture Act of 1965.

Knutson said further details of the 1967 wheat program, including the price-support loan level and will be announced shortly, but no later than June. Farmers can expect to have their 1967 farm allotment notices by July 1.

The 1967 allotment is the largest in six years, and will mean that wheat acreage on most farms in 1967 can be at a level equal to that for the period 1955 through 1961, Knutson said.

Production in 1967 is expected to range between 1.5 billion and 1.6 billion bushels, depending upon yields. This compares with a 1966 wheat crop presently estimated at about 1.4 billion bushels.

The chairman explained that there have been, in effect, two acreage allotments for wheat under the law. The basic 1967-crop acreage allotment applicable to most wheat farms in major wheat-producing states is 55 million acres, compared with 47.8 million acres this year. In addition, about 4.3 million acres will be available to producers with small acreages who prior to 1964 could plant wheat in excess of their farm allotments—up to 15 acres—without being subject to marketing quotas.

For the period 1964 through 1966, when marketing quotas were not in effect, the allotment for such farms was equal to the higher of the allotment computed on the basis of 55 million acres or the allotment computed on the basis of the 1959-61 average acreage of wheat. The increased allotment on such small farms in 1966 totaled 3.8 million acres.

As in previous years, eligibility for price-support loans and wheat marketing certificates is contingent upon the producer's complying with conservation and other program features. However, because of the increased allotments, no acreage diversion will be required for the 1967 crop.

HEADS UP FOR JUNE DAIRY MONTH

'TEN-SHUN! Like a true trouper, Princess Kay's perky little pal comes to full alert at the sight of "nature's vitality beverage." The Minnesota dairy princess, Mary Ann Tlrud of Clarissa, hopes for a similar response from her "people friends" as she travels the state during Minnesota's 30th annual observance of June Dairy Month.

American Dairy Association of Minnesota Newsphoto

Cutting Time Is Biggest Factor In Forage Value

Time of cutting is the biggest single factor determining feed value of hay, according to Ralph Wayne, university of Minnesota extension dairyman. Delaying first cutting until after June 1 reduces digestibility and feed value of the forage, he said.

Research by the dairy husbandry department shows delaying harvest 15 days resulted in hay that produced 3,000 pounds less milk when fed as the only feed to cows. Wayne also says yields from three cuttings are about equal to yields from two cuttings.

So, for better feed next winter, start haying early—about the time grasses head out and when legumes start budding the extension dairyman said. The quality of hay you make this summer will determine the feed value your cows get next winter.

Tips to boost total yield of nutrients in hay were given as follows:

(1) Cut hay early by the calendar—about June 1 for the first cutting; (2) use hay conditioning equipment to cut out 12 to 24 hours of field curing; (3) rake hay with the dew on to avoid excessive leaf shatter; and (4) Don't harvest fields after September 1 if you plan to keep them in productin the following year.

Canada Thistle Control Advice Given by U of M

Tillage methods can be effective and economical if you have a lot of Canada thistle on fields diverted from crop production under feed grain or cropland adjustment programs.

Gerald Miller and Richard Behrens, University of Minnesota agronomists, say you should get approval from the county ASC committee before starting thistle control on land diverted under government programs.

Then use plows and field cultivators with sweep shovels to destroy thistle top growth whenever it gets two to three inches high. Disks are far less efficient. Destroying top growth depletes food supplies in the roots and usually takes one or two growing seasons to kill thistles.

Dairy Products Featured in New ADA Cookbook

American Dairy association (ADA) of Minnesota announced today a "saturation drive" during June Dairy Month to distribute its new "Modern Approach to Everyday Cooking" guide.

"In a dairy state such as Minnesota, there should be a copy of this book in every home—both rural and urban," said Cliff Markuson, ADA state manager.

The new 224-page book qhich contains more than 500 tested recipes is available postpaid at $1.50 per copy from the ADA of Minnesota office, 2239 Carter Ave., St. Paul, and also is being handled by numerous ADA county units, 4-H clubs, creameries and retail dairies.

"The book is just what its name implies—a gruide to be used every day by both beginners and experienced cooks," Markuson said. "It's full of food ideas from appetizers through desserts with recipes for soups, sauces, salads, main dishes, meat, fish, poultry, cakes, pies and cookies."

The book also contains a special section on dairy foods.

The new cookbook, prepared by ADA's award-winning home economist, Margurite Gustafson has been acclaimed by homemakers, professional home economists and food editors throughout Minnesota and the nation, according to Markuson.

He said the $1.50 price is "merely a paper-and-ink recovery" charge. "It would cost many times that amount if it had been produced commercially," Markuson said. "ADA's single purpose in preparing and distributing the book is to provide homemakers with new recipes using dairy foods".

Weed Control in Gardens Should Be Started Now

"Plan now to control those weeds in your garden. If it's to do any good, all weeding should be shallow, thorough and timely", says O. C. Turnquist, extension horticulturist at the University of Minnesota.

4-H gardeners and others can make their weed control program easier if they follow these four simple rules:

(1) Prepare the soil thoroughly and immediately before planting vegetable seeds or seedlings.

(2) Cultivate between rows after setting out vegetable plants to kill many weeds before they become well-established.

(3) At least once a week stir or cultivate the soil to a depth of about an inch around vegetable plants and between rows. Also cultivate after each rain or as soon as the soil can be worked.

(4) Pull weeds before they go to seed in or around your garden plot—especially after crop harvesting begins.

The best time to control weeds is when the seeds sprout. To check weeds, stir the top inch of the soil *very carefully so that the soil dries* out. Dried-out soil discourages growth of weeds.

Mulching the soil with straw, hay or lawn clippings will hold down the weeds. Mulches should be weed-free and placed close the the plant. When placed around tomato plants, mulches help to keep the fruit clean and to conserve moisture.

Use of herbicides in the vegetable garden is not practical because of the variety of crops grown but they may be used before planting and after harvesting to control quackgrass. Check with your county agent on safe use of herbicides.

Benevolent Government?

From the Red Lake Falls Gazette comes the following editorial:

A wilderness nurse, Dorothy Molter, who has made her home on an island in Knife Lake northeast of Ely for the past 30 years, will be allowed to keep her home until 1975.

The federal government has been trying to force her out—with compensation, of course—in order to make the region pure for the canoe trade. Miss Molter, 58 will be allowed to continue her residence but must give up her little trading post which we would imagine is a terrible blot on the wilderness scene. Her income from the place must be staggering and the shock to the canoe trade of seeing a log trading post along the Minnesota-Ontario boundary lakes must also be heart-rending.

During the past 18 years, Uncle Sam, in the worst tradition, has done his best to stifle the rights of a few resort and home owners in this region and to drive them from an area which belongs to all Americans—not only the few thousand college canoers.

At that, it is almost miraculous that the government has allowed her to keep her home. It was an out-of-court settlement and the courts have bent over backwards in recent years to drive residents from the area.

Miss Molter could probably still make quite a case in court over the issue if she cared to. Along with the right to live on one's own property is the right to make a living by ANY means within the law. A harmless little trading post that probably functions three months out of the year in the backwaters of the state does not strike us as very sinister. In fact, we'll bet even the canoers will hate to see her out of business.

Are Sportsmen "Suckers"?

A recent editorial in the Kittson County Enterprise states that "The Minnesota Commissioners of Conservation have been angling for 'suckers' for a period of years and they have had exceptional luck. The 'suckers' to whom we refer are the rank and file of Minnesota sportsmen."

The editorial goes on to state that sportsmen are "suckers" to pay a hunting license fee when "there is no game to shoot at." It suggests that the conservation department sell licenses to shoot elephants, hippopotamus, walrus and other species of which the state has none.

We quote the following from the editorial:

"The hunters repeatedly year after year buy pheasant licenses, grouse licenses, etc., go afield, hunt all day and are fortunate to even see a bird or two. Then they return home blistering angry about the whole setup. We have no sympathy for them. They know there are very few pheasants in Minnesota because of poor game management than there are elephants in this state and yet they buy licenses to hunt them. When will the sportsmen learn to ignore the state, entirely shun the bare-faced lies they circulate, and refuse to buy licenses?

"The truth is the Minnesota Game Fish Commission doesn't care about our resources of wild game. They are interested in selling millions of dollars worth of licenses however, and nothing pleases them more than to get another "sucker" on the line to buy a license.

"There are only two spots in Minnesota where sharp-tailed grouse are located. These two areas are Kittson and Roseau counties. We who live here know that the sharp tails were never lower in number than they are now and that it just doesn't make sense to kill these beautiful birds when their numbers are almost depleted. Rabbits, we used to have thousands of them. The fox and-or disease have killed them off and yet the Department tries to encourage hunters to kill rabbits. Partridge or ruffed grouse may be showing signs of coming back but their numbers are so low the birds are now almost an oddity.

"The only way to handle this outfit that has jurisdiction over our State Department of Conservation is to refuse to buy licenses to kill upland game and rabbits. If we would do that, the population of these birds and rabbit would return to normal numbers, and with depleted reserves in the coffers of these departments perhaps many needless employees would be let out and the burden in the future would be much less and the inclination to try to fleece the public through sales of licenses would be inclined to stop.

"Every time a Minnesota hunter buys a license to shoot pheasants, sharptails, ruffed grouse or rabbits he is a 100 per cent sucker and there is no other way to characterize him."

Cliff Bouvette of the Kittson County Enterprise has been in the newspaper game a long time, and has written a vast quantity of editorial material. It would seem that in the foregoing editorial, however, that he has sacrificed a few facts in favor of his personal rhetorical fancies. He is certainly guilty of taking liberties with conservation department information, turning specifics into generalities and vice versa.

For instance, hunters do not buy "pheasant licenses, grouse licenses, etc." Hunters buy one small game hunting license which entitles them to hunt all small and upland game in season, including waterfowl (with the addition of a federal duck stamp). We believe the license is a bargain surpassed only by the resident combination fishing license in value received for license dollar paid.

We believe that no one is more concerned about Minnesota's game and fish resources than the conservation department. To say that it is not is a mockery of the word "Truth". If conservation department personnel were not dedicated to fulfilling their obligations to conservation (which they are), if they did not share a common interest in wildlife preservation (which they do) and if they did not have the best interests of all sports-minded Minnesotans at heart (which they have), they should be interested in preserving our wildlife resources purely from the selfish standpoint of employment perpetuity. In other words, no game, no job.

From the editorial chair in the Enterprise office, the view must be quite limited. We can personally attest to sharptail grouse residing in Marshall and Pennington counties —and Norman county—in addition to the counties noted in the Enterprise editorial. There are undoubtedly other areas where sharptail grouse may be found in the state.

In part of the editorial not quoted here, Bouvette said, "The Minnesota Conservation department tries to make the claim that when the female species is protected and that only males are taken it is impossible to kill out a species. They make that claim." Later in the article he adds, "South Dakota has permitted the shooting of cocks only for a number of years. Hens are plentiful down there but they have killed off the males to such a point that there are no longer enough males to mate with the female pheasants and as a result South Dakota has experienced an enormous drop in its pheasant population. . ."

In relation to the first statement, what the conservation department says is that pheasants are extremely polygamous, that one rooster can and will mate with a number of hens, and that a ratio of one rooster to about 10 hens will not diminish the normal season's nesting or hatch. We have heard no such claims made by the conservation department in regard to other species, as is inferred by the Enterprise editor.

Regarding South Dakota's pheasant population, extremely bad weather for the past couple of years has caused inestimable losses. One wide-spread and severe blizzard wiped out a huge percentage of the breeding pheasant population a year ago. We doubt the validity of the statement that hens are too plentiful for roosters in South Dakota, but we ask this question: If South Dakota has had a cocks only season for a number of years, why is it that a shortage of birds has been evident only the past couple of years? Don't try to tell us, Cliff, that South Dakota has pheasant hens that are 14 or 15 years old; we wouldn't believe that either.

Refusal to buy a hunting license would be as quick a way as any to stamp a seal of death on hunting as a recreational activity in Minnesota. No one but the sportsman—the "sucker" who buys the license—contributes to any degree to wildlife conservation. Legislative robbery of license fee funds to support other state activities reduces the finances available to the conservation department to carry out its programs in behalf of wildlife.

License fees are necessary—yes, vital—to preservation of hunting in Minnesota. And by the way, purchasing a license does not obligate a sportsman to kill all the game he sees. The value of a day in the field with gun and dog can not be measured by the number of birds in the bag. Sportsmen know they can buy tenderloin steak for less money than it costs them to bag a duck, pheasant or grouse.

But there are still a few of us "suckers" who will buy a license, go afield, hunt all day and—rather than becoming "blistering angry"—be thankful for the opportunity to tramp the fields and breathe God's good air. If we get a bird or two, it only serves to smooth the wife's ruffled feathers.

Pomp and Circumstance

We will wager that even the most callous of the 211 graduates of Lincoln high school experienced a few tingling sensations Wednesday evening as the concert orchestra piped them into the school gymnasium for commencement exercises. Closing of the elementary and high school experience—and the opening of new worlds to meet and conquer—is certain to produce emotional reactions even if they are carefully subdued.

As usual, through our news coverage of school activities in which many of these young people participated, we have become acquainted with a number of the graduates. We share with their parents, relatives and friends the best wishes for future success and accomplishments.

We are sure that these graduates, after 12 years of study, have heard about all the practical preaching they care to hear for a while. They have been stimulated, motivated, accelerated, cultivated and educated to a degree that cramming one more idea into their minds seems unnecessary.

But cram we must, for the outside world is far different from the hallowed halls of a high school haven. Here on the outside—where the class of 1966 has now joined the ranks of those with post high school responsibility—competition is a matter of survival rather than of grade averages. A report card is often in the form of a paycheck, with the effort expended determining the amount.

Our bit of final preaching will be confined to this: In whatever field of employment or further education you enter, graduates, put out effort in excess of what is required to get by. Give your employer full measure for your wages, and watch your efforts rather than the clock. The world is full of average people but extraordinary workers are always in demand. Extra effort is often the key that unlocks the door to success.

Borrowed Nonsense . . .

Traffic Cop: "So you don't have a license? Lady, don't you know that you can't drive without one?"

Woman driver: "Well, that explains everything. I thought it was because I was nervous and nearsighted that I hit those two cars and the hydrant." —The Rotarian

MUGGY DAYS ARE AHEAD!

STAY COMFORTABLE WITH AN AIR CONDITIONER or DEHUMIDIFIER

Collect Up To $30.00 in FREE BONUS BUCKS – Here's your chance to enjoy summer comfort you've never enjoyed before...and save money at the same time!

Buy an electric home air conditioning unit anytime between June 15 and August 15 and Otter Tail will give you $20.00 in BONUS BUCKS. Buy a dehumidifier anytime during the same period and Otter Tail will give you $10.00 in BONUS BUCKS.

You can apply these Otter Tail BONUS BUCKS on the purchase of any electric appliance at the same appliance dealer from whom you bought the air conditioning unit or dehumidifier.

We don't care what brand-name you buy as long as it is electric, and you are an Otter Tail retail customer.

Get away from the heat and the humidity this summer... you and your family will sleep better, have better appetites, more energy, be more comfortable. See Your Local Electric Appliance Dealer Today.

What's Your HOUSEPOWER Rating?

Many homes today are "underpowered" right at the Service Entrance. (That's what we call those wires and main fuse box that bring electric service into your home.)

Inadequate wiring costs you money—a 10% drop in voltage will cause 30% loss of light. If lights dim and your TV picture "shrinks" when you operate electric appliances, you are not getting full use of the electricity you're buying.

Ask your local electrical contractor to check your home. If you need a new Service Entrance, Otter Tail Power Company will finance the cost of a 100-ampere entrance —or larger—up to $200.00. YOU PAY NOTHING DOWN... ONLY $2.59 EACH MONTH, which is added to your regular service bill.

Food for Thought

by BEA ZACHAR

Question of the week in Washington: Why is the war on poverty being lost? Maybe if they'd put the management in the hands of the poor it would help. It's the lack of money, not brains, that makes most of us poor.

* * *

We know one fellow who can't be trusted. In fact, if he says, "Good morning," you'd better call the weather bureau and check . . .

* * *

We know another guy who's a contact man—all "con" and no "tact."

* * *

Then there's the baker who is poor because he sells what he, himself kneads . . .

* * *

You know what will happen if you build a better mousetrap? Some rat will steal it . . .

* * *

Food prices aren't a steal anyplace these days, but, we keep them as low as possible and still give you good quality.

SEED BARLEY

"Larker" "Conquest"

All of our Larker Barley will be pre-tested for Smut, and we will try to have our seed below 3% of Smut, all of our Seed will be bright with high plump and test weight

We will also have a new Blue Barley "Conquest" a Canadian release. We feel that this is the finest Barley, which we have had in a long time. It has straw strength comparable to our Wheats. We feel that this will replace Parkland as a Blue Barley, with better yielding and more disease resistance. This Barley is absolutly resistant to Smut.

OPEN HOUSE at the recently-completed parish house for St. Bernard's Catholic church in Thief River Falls will be held Sunday from 2 to 5 p.m., according to Rev. Keough Patnode, pastor of the congregation. The parish house, library and three-stall garage is an addition to the church and elementary school. The public is invited to visit the new building during the open house hours on Sunday.

17th Annual NW Dairy Day Will Be Held Here Tuesday

The dairy industry of 11 counties will put its best foot forward at the 17th annual Northwest Dairy Day here Tuesday, according to Stuart McLeod, president of the sponsoring Northwest Dairy Improvement association.

Activities of American Dairy Association (ADA) Region I Dairy Day will start at 10 a.m., and will wind-up with an awards-coronation program and Dairy Day parade at about 4 p.m. Dairy princess candidates will be judged Monday and dairy cattle will begin arriving early Tuesday morning.

Outgoing Region I Dairy Princess Janice Swanson of Mentor will crown her successor with an assist from Princess Kay of the Milky Way. The new regional dairy princess will compete with 10 other regional winners for the Princess Kay title at state fair time.

More than 200 boys and girls from the area are expected to show their 4-H and FFA project animals before Judges Carroll Blakeslee of Forest Lake and Dr. Garth Miller of the University of Minnesota's dairy husbandry department.

All 11 counties which comprise ADA Region I are eligible to be represented by three girls in the dairy princess contest. Counties included are Beltrami, Clearwater, Kittson, Lake of the Woods, Mahnomen, Norman, Pennington, Polk, Red Lake, Roseau and Marshall.

Princess Kay of the Milky Way, Mary Ann Titrud of Clarissa, wearing her special dress fashioned from 500 Minnesota butter cartons to call attention to Minnesota's ranking as the number one butter-producing state, will be available for amateur photographers at most times of the day.

The U. S. army and navy both will have special exhibits at Dairy Day this year, according to Richard Hamilton, Thief River Falls Chamber of Commerce manager and secretary of the Northwest Dairy Improvement association.

Hamilton also said that Thief River Falls businessmen and the community's Mrs. Jaycees have arranged special events and entertainment for the 30 girls expected in the dairy princess contest. The candidates will gather in Thief River Falls Monday night.

Northwest Dairy Day is the third of 11 similar events held throughout Minnesota during June Dairy Month. Purpose of each is to better acquaint the public with the people and products of the dairy industry.

Kittson Court House Will Be Dedicated Friday

Dedication of the new Kittson county courthouse in Hallock will take place at 1 p.m. Friday with an elaborate program planned. County Attorney Lyman A. Brink will be the master of ceremonies and will introduce program speakers and other visiting dignitaries.

Bands from Lake Bronson, Kennedy, Karlstad, Hallock and Lancaster will take part in the program. A welcome will be extended by Hallock Mayor M. C. Dipple and the invocation will be given by Rev. Lauren Youngdale of Grace Lutheran church.

The dedication address will be given by U. S. Senator Walter F. Mondale. The ceremony will close with the playing of "America the Beautiful" by the Karlstad band and the benediction by Rev. Jerome Fellon of St. Parick's church.

Plummer School To Offer First Summer Courses

Plummer public school plans to begin its first summer remedial and enrichment program on Monday at 9 a.m. This summer program will include enrichment and remedial classes in grades seven through 12, remedial instruction in grades one through six, band instruction and a physical fitness program.

The above portion of the program will continue for eight weeks, or until August 5. A five-week kindergarten class will also be conducted. Kindergarten class will begin on June 13 and end on July 15. The school day for all classes will begin at 9 a.m. and end at 2:30 p.m.

Courses to be offered in the high school curriculum are as follows: Enrichment courses for which credit may be earned include chemistry, trigonometry, bookkeeping, shorthand, algebra and typing; remedial instruction will be provided in biology, English, social studies, junior high science and mathematics. Individual band practices will be arranged.

The remedial program in grades one through six will include instruction in language arts in the morning session, followed by an enrichment hour. Remedial arithmetic classes will be held in the afternoon.

Two buses have been made available by the local district for use in transportaton of students from the Brooks and Plummer area who are interested in attending this summer session. Students who have already enrolled in the program are assured of bus service on the morning of June 13. All other students who plan on attending are to provide their own transportation to the school on June 13. Arrangements will then be made to schedule bus service for those students for that afternoon and for the remainder of the summer school.

Fifty-five students in grades seven through 12 and 40 students in grades one through six have already expressed a desire to attend the summer school.

This summer program will be conducted under the provisions of the elemntary and secondary education act of 1965. Final written approval of the program has not yet been received. However, arrangements are being made to begin the classes as mentioned, according to Morris W. Nystrom, principal.

Gully CoOp Has Annual Meeting

Annual meeting of the Gully Cooperatives was held Saturday at the Gully village hall, with annual reports and election of directors among the official business.

New officers and directors elected included: Robert Thorssen, Gully; Arthur Nelson, Fosston; and Edwin Jordet, Gonvick.

Guest speaker at the annual meeting was Edwin Christianson, vice president of National Farmers Union and president of Minnesota Farmers Union.

Adoption Meet To Be Held Here

On June 30 a group meeting will be held in Thief River Falls for families from Roseau, Pennington, Kittson, Marshall, Beltrami, Polk, Red Lake and Clearwater counties who are interested in adopting children. Vernon Maetzold of the department of public welfare, adoption unit, will be at the meeting to answer questions.

At this meeting prospective adoptive families can learn about the children available for adoption, how to proceed in adopting, where to go to find the type of child they want to adopt (a public agency or a private adoption agency) and what the requirements for are adopting.

"There are many children available for adoption through both the public and private agencies. They are as different as the families who apply to adopt them. There should be one to fit any family", states Ronald Mooers, director of the Pennington county welfare department.

Any couple interested in learning more about adoption should contact the welfare department in any of the counties for an invitation.

Odd Fellows and Rebekahs To Meet

Consideration of legislation for the annual conventions of the lodges will be the main business when Lyon Rebekah Lodge 69 and Young Pine Lodge 221 of the Odd Fellows meet Thursday at 8 p.m. in the Odd Fellows hall.

Annual sessions of the Rebekah assembly and the Grand lodge of the Odd Fellows will be held June 17, 18 and 19 at Virginia. Delegates are Lena Molstad for the Rebekahs and Joe Vallet for the Odd Fellows.

County Board Asks Help on Thief River

Pennington county commissioners, meeting in regular session Tuesday, adopted a resolution encouraging the Red Lake Drainage and Conservancy district to request continuance of a Thief river flood study by the U. S. Corps of engineers. The resolution was adopted following a presentation of information by a group of Marshall county farmers, headed by Julian Rodahl, who have been affected by recent flooding of their land.

Farmers in the area bordering the river and other interested persons are seeking possible solutions to the flooding problem. Several thousand acres of land were flooded this spring when water spilled over the banks of the Thief river below the Agassiz National Wildlife refuge.

Resignation of Kendall Gustafson as county civil defense director was accepted by the board. No appointment of a replacement was made at the meeting.

June 30 was set as the tentative date for a mortgage - burning ceremony to officially celebrate the completion of bond payments on the courthouse building. Further plans for that public event will be announced at a later date.

It was noted by the commissioners that work on County State Aid Highways (CSAH) 20 and 22 is being delayed since the county has been unable to secure easements on several parcels of land. The board has resolved not to begin work until all easements have been obtained.

Salary increases for elected officials were increased by $100 under a provision in the selective service system which provides for cost-of-living increases based on the cost-of-living index. Affected by the increase would be the county auditor, treasurer, sheriff, attorney, assessor, clerk of court and commissioners.

Approval for a bottle club license for the Thief River Golf club was given at a fee of $50. Bids were authorized to be called for the season's supply of fuel oil for courthouse heating and gravel for county-wide road work. Both bids will be opened at the July 11 meeting of the board. The July meeting is set as the second Monday in July by state statute.

Bids on an emergency basis were also authorized for a bridge on County Aid Highway 55 southwest of St. Hilaire which collapsed recently after being weakened by high water this spring.

Weather Remains Cloudy and Cool

Early-spring weather has continued well into late spring, and it looks as if summer weather will arrive late, if it ever does. Crops in this area will apparently continue to be behind schedule for the immediate period.

The Soo Line crop report issued June 3 states that northeastern Montana, northern North Dakota and northern Minnesota have the latest crops in the entire Soo area. All grain seeding is done except in the Red River Valley area around Oslo. Moisture, both top and subsoil is adequate to excessive in this area.

Forecast calls for partly cloudy and continued cool today, tonight and tomorrow with light showers expected in southern portions of the region. Highs today will range from 55 to 65; lows tonight from 36 to 44.

Temperature and precipitation readings recorded at the airport are as follows: 68, 49 and .05 inch on Monday; 56 and 42 on Tuesday; and a low this morning of 42.

Flag Day Rites Slated Tuesday At Elks Lodge

Plans are under way to make this year's Flag Day observance a "demonstration for America," Glenn Peterson, exalted ruler of Elks Lodge 1308 announced today. The observance will be held at the Elks Lodge hall Tuesday at 8 p.m. and is open to the public. A ritualistic ceremony will be carried out by lodge officers and a speaker, undetermined at this time, will speak.

Peterson said the lodge was joining in a nation-wide program led by Elks lodges to show support for democratic institutions and tactics employed by fanatical extremists in the name of peace.

"All Americans with any sense want peace and that includes just about everybody in this country," the exalted ruler said, "Just as they defend the democratic right to dissent, but lawlessness is not dissent.

"We intend to invite all patriotic people of our community to join in a great demonstration for America," he said. "It is time that we who are opposed to destructive violence that threatens the safety and security of our nation stood up against such tactics by either the left or right. By remaining silent we encourage these extremists on a course that can only lead to the destruction of America if it is not halted. On Flag Day we are going to speak out against those who preach and practice violence and hatred."

Planning for the Flag Day event is in the hands of a one-man committee composed of F. K. Womack. He pointed out that Flag Day, June 14, is the 189th anniversary of the birth of the United States flag. It was on that date in 1777 that the Continental Congress adopted a resolution authorizing the design of the stars and stripes as the national ensign.

Four Citizens' Complaints Result In Court Cases

Local and area citizens are becoming aroused by incidents of careless driving and other offenses, as evidenced by the fact that of the nine cases brought into municipal court Monday and three on Saturday, four arose from citizens' complaints. In last week's court session, three charges arose from such complaints.

In Saturday's court session, Oscar Sabo, city, was charged by the city police with disorderly conduct and was sentenced to 15 days in jail. He is to serve four days in jail and to be released on probation for six months. The charge arose from a citizen's complaint. Two drunks were also brought to court Saturday.

Charged Monday by the highway patrol was Walter Honas, St. Hilaire, no 1966 license tabs displayed, $10 fine with $5 suspended. Cited by the sheriff's office were Willard Nelson, Plummer, issuing a worthless check, $25 bond forfeited; and Sandra Ferguson, Flaxville, Mont., charge of driving over center line arising from a citizen's complaint, $30 bond forfeited.

City police cases included Evelyn Kruse, rt. 5, failure to heed red light, $15 fine with $7 suspended; Michael Kelly, city, careless driving, $30 fine; Dennis Halder, city, careless driving charge arising from a citizen's complaint, $30 fine; John Vanyo, rt. 3, Warren, careless driving, charge arising from a citizen's complaint, $30 fine; William Bruley, Crookston disorderly conduct, $25 fine; and one drunk.

Junior College Closes Spring Quarter Friday

Dean White Says 300 Expected to Enroll This Fall

Completion of final tests on Friday will herald the close of the spring quarter at the Thief River Falls junior college and mark the completion of the first year of operation, according to Dean Charles White. All students will have completed their first year following finals, with transcripts of grades to be mailed to them as soon as they are recorded—probably early in July.

Dean White noted that the college had an average enrollment of 158 students during the first three quarters--nearly 60 more than the number earlier anticipated for the initial year. No summer school will be held and the fall quarter will start with classes on September 19.

During the summer months the college library will be moved to the Carnegie Public library which is soon to be moved into its new building. A student lounge will also be located in the Carnegie library basement for use by students during their non-class hours.

Enrollment for the 1966-67 college year is expected to total 300 students, Dean White said, when a complete freshman and sophomore program will be in operation. The college will have about 15 full-time faculty members--double the number of faculty this year--and offers courses transferable to other colleges as well as a two-year Associate of arts degree.

Last year the college had students from 48 different communities, and a larger area is expected to be served in 1966-1967. Dean White anticipates that 100 of the first-year students will register for the sophomore year, and 160 applications have already been received from persons seeking freshman enrollment in the fall quarter.

Although there will be no classes held during the summer quarter, the college office will be open from 8 a.m. to 4:30 p.m., Monday through Friday. Applications for enrollment may be requested by mail or secured in person from the college office during the summer months. Students who wish to transfer to the college should make application at the office and request that transcripts from their previous college be sent to the junior college here.

Scholarship and loan requests will also be accepted during the summer recess. Information on the new GI Bill will also be available soon at the junior college office and requests for such information are invited.

Returning students will register for the fall quarter September 12 and 13 with entering freshmen to be registered September 14, 15 and 16. An extensive program of activities is being planned for "Freshman Week", Dean White noted, and an expended program of activitie's will be provided during the school year.

He cited events such as the junior college opera, Christmas concert, talent show, basketball games, spring formal and winter festival as having materialized last year, and added that basketball, wrestling, tennis, golf, track and other

State Chairman Calls for DFL Dist. Convention

George Farr, Minnesota DFL state chairman, issued the official call for the 1966 legislative district endorsing conventions this week. The dates scheduled for the legislative conventions are June 21 through June 30.

Temporary convenors in each senate district in the state have been appointed and will be responsible for selecting a date, time and place for the convention. Any one of the 10 optional days may be chosen.

Each convention shall meet for the purpose of endorsing a DFL candidate for the state senate and the state house of representatives, Farr said.

Those eligible to participate and vote at these conventions are the delegates residing within the legislative districts who were elected at precinct caucuses March 1 to be delegates to the repsective county DFL conventions.

Delegates to the legislative district conventions will be receiving notices in the mail of the conventiosn with the date, time and place about a week before their convention.

Grygla Go-Getters

Meeting of the Grygla Go-Getters 4-H club was held May 21 at the Francis Hanck home and was called to order by Susan Vigen, president. Roll call was answered by each member naming his favorite flower.

Daniel Hanck gave a demonstration on shop. Project talks were given by Paula Thompson on clothing and Naomi Verbout on gardening. Yvonne Brateng led in group singing. Mrs. Francis Hanck and Mrs. Alferd Sorenson served lunch.

Next meeting will be the 4-H picnic at Old Mill state park.

May Weather Unconducive To Seeding Spring Crops

by Jim Wills
Times Reporter

Weather conditions during May of 1966 were generally unconducive to the practice of agriculture. The precipitation figure for the month is subnormal by more than half, but was offset by abnormally low temperatures and lack of any long dry spell. Moisture is still excessive in this area, and field work during May ran about three weeks behind schedule.

Precipitation in May totaled 1.40 inches, or 1.64 inches below the May average of 3.04. An inch of snow fell on the first of the month, and yielded .16 inch of water. Six more days of rain fell at regular intervals. Farmers with saturated fields would have welcomed a long dry spell, but the most they got were two rainless periods of eight days each. Drying was very slow, with cloudy skies and very low temperatures prevailing during the first half of the month.

Temperatures arrived at a mean of 49.6, or three degrees below the normal May temperature mean of 52.6. Temperatures were downright wintry on some days, particularly during the first week of the month. Only on a few days was there anything that could be considered shirtsleeve weather. Highest temperature recorded during the month was 86 on the 21st; lowest was 21 on the 1st and 2nd. Low nighttime temperatures were the greatest factor in the low average temperature figure for the month.

As is usually the case, the pike fishing season opened May 14 to the tune of cold, windy and wet weather. However, the invigorating northern Minnesota climate redeemed itself with splendid big-water fishing weather on Memorial Day. Wind also figured in the month's weather summary; gusts of up to 40 miles per hour occurred May 22, the second Sunday of the fishing season.

The following is a list of daily weather observations reported by North Central Airlines personnel at the municipal airport.

Junior College Spring Quarter To End Friday

(Continued from Page 1)

athletic, social and public events will be conducted during the 1966-1967 term.

Establishment of an evening school program through a joint effort by the junior college and area vocational-technical school is also being arranged, with courses offered to have credits which will apply toward a degree. Further information on this program will be announced later.

Dean White estimated that 35 to 40 per cent of the students attending junior college next year will require housing, and that a list of rooms and apartments available to students will be supplied by the college during the latter part of August.

"We had a better year than we had anticipated at the junior college during its first three quarters," Dean White said. "It is our feeling that the program ran quite smoothly, and we do not anticipate an difficulty in meeting the needs and wishes of twice as many students beginning with the fall quarter. We would appreciate receiving applications for enrollment as early as possible, since it will assist us in securing our instructional staff for the coming term."

TOURING many areas of the United States this summer will be Rev. S. Ray Collver and the Collver Family singers. The family will leave next week to begin a gospel music concert tour, conducting one-night rallies in churches as far east as Niagara Falls, Canada, and west to the Rocky Mountains in Colorado. Prior to leaving, they will present a program of gospel music Sunday at 7:45 p.m. in the local Assemblies of God tabernacle. Members of the family pictured above include Rev. and Mrs. Collver and, left to right, Beth, 7; Laura Lee, 10; Noel, 12; Anna Marie, 14; Bruce, 15; and Rodney, 17. The Collvers' daughter Lois, who is attending vocational school here, will not accompany the family on the tour.

Odegaard Herd Tops Red Lake DHIA in April

T. W. Odegaard and Sons herd at Crookston topped the Red Lake County Dairy Herd Improvement association for the month of April, according to Delbert Schmitz, county supervisor. The herd averaged 1,631 pounds of milk and 58.4 pounds of butterfat during the month.

In second place was the Donald Walker herd from Red Lake Falls with 1,267 pounds of milk and 44.3 pounds of butterfat. Other herds in the top five were Carl and Bob Swanson, Plummer, 1,167 pounds of milk and 43.8 pounds of butterfat; Harvey Casavan, Red Lake Falls, 1,240 and 39.5; and Gregory Welland, Euclid, 1,037 and 36.7.

Top cows for the month came from the following herds with milk and butterfat production listed respectively: Harvey Casavan, 1,910 and 82 and 2,050 and 78; T. W. Odegaard and Sons, 1,910 and 82, and 2,130 and 81; Gregory Welland, 1,040 and 82; Terpstra Bros., Crookston, 2,310 and 81, 2,120 and 78 and 1,960 and 74; Donald Walker, 1,750 and 77; and Carl and Bob Swanson, 2,030 and 75.

District Legion Convention Will Open on Friday

(Continued from Page 1)

trophy presentations, memorial service and other items will be included on the morning agenda.

Election and installation of officers will be held at the afternoon session. At noon a luncheon honoring Gold Star mothers will be held at St. Bernard's Catholic church.

Joining the bagpipers and the drill team in the parade—said to be one of the largest ever held in Thief River Falls—will be 14 high school bands from the area, the Bridgeman Bridgettes, floats, color guards and drill squads from American Legion posts and auxiliary units throughout the district. A number of units from the National Guard will also be included in the parade with some of the largest in military equipment to be shown.

Parade marshals will be Evonne Olson and Arnold Narverud with LeRoy Nabben and Vern Eckert in charge of general parade arrangements.

The staging area for the parade will be on Fifth and Sixth streets between Main and Horace avenues with the parade route to be as follows: Starting at Fourth street on LaBree avenue, south on LaBree to Third street, west on Third to Main avenue, south on Main to Second street, east on Second street to Atlantic avenue, north on Atlantic to Third street, west on Third to Horace avenue and north on Horace to the dispersal area on Fourth street.

Memorial Service

At 7:30 p.m. Monday a memorial parade and service will be held, with the parade to terminate at Floyd B. Olson park on Third street where the service will be conducted.

The Neillsville post will advance the colors, the Ninth District American Legion band will play the National Anthem and Rev. Gregor Kutz, Fergus Falls, district chaplain, will give the invocation. Music will be presented by the auxiliary chorus of Thief River Falls and Eugene Lindquist, national committeeman for the American Legion, will give the memorial address.

A "memorial to the departed" will be presented by District Commander Mortenson and District President Mrs. Norman. Music by the auxiliary chorus, benediction and taps will precede retirement of the colors to end the service.

Langen Says Bill Would Control Dairy Imports

"The American dairy farmer must be given adequate protection from the price-depressing influx of dairy imports," declared Congressman Odin Langen Thursday as he introduced the Dairy Import Act of 1966 in the House of Representatives.

"My bill would limit the imports of milk and dairy products to the average annual amount which was admitted for consumption between 1961 and 1965. This would head off any repeat performances of the President and the Secretary of Agriculture in raising cheese import quotas by over one million pounds", Langen said. "We must take the legislative action necessary to prevent the administration from obliterating what is left of our family farm system, dairy farms in particular."

Langen noted that while the dairy farmer is one of the lowest paid of all producers, the administration has failed to use the import control features of Section 22 of the Agriculture Adjustment act to restrict foreign dairy imports which further depress dairy prices.

"How much longer can the American dairy farmer be expected to tolerate decisions by the administration that repeatedly open the floodgates to a price-depressing tide of foreign imports, at a time when this domestic industry so desperately needs additional income?" he asked.

"Enactment of my bill will provide the American dairy farmer with assurance that the administration would not arbitrarily and capriciously raise dairy import quotas. The first step toward reversing the anti-dairy farmer orientation of the administration would be the enactment of the Dairy Import act of 1966," said Congressman Langen, "and there is no more appropriate time than June, National Dairy Month, to do so."

Annual Meeting Of PKM Electric Slated Monday

Annual meeting of PKM Electric cooperative will be held Monday at the Warren high school auditorium with Victor M. Edman, Alvarado, presiding at the busines session. Registration will begin at 12:30 p.m., slides on electric heating will be shown at 1 p.m. and the meeting will begin at 1:30 p.m.

Entertainment will be provided by the "Harmony Twins", Conrad Kvamme and Howard Newman from Ada. Reports will be given by the president, office manager and manager. Speaker for the day will be Marvin Gebhardt, chief engineer of Minnkota Power cooperative, speaking on the subject, "Future Power Supply".

Nominated as directors for three-year terms are Glyn Dalen, Oslo, Polk county; Harvey Pederson, Kennedy, Kittson county; and Victor M. Edman, Alvarado, Marshall county. Nominations may be made from the floor at the annual meeting. Results of the election will be announced at 3:45 p.m. and capital credit checks will be distributed at that time.

The cooperative sold 23,243,531 kilowatt hours to patrons during 1965 for an increase of 1,468,031 over the previous year—second highest increase in sales in the cooperative's 26-year history. PKM served 3,512 members on 2,126 miles of line with members averaging use of 6,618 kilowatts during the year.

Robert Graham is manager of the cooperative.

Mrs. Ejnar Jensen Rites Held Today At Spokane, Wash.

Private funeral services for Mrs. Ejnar Jensen, 74, a former resident of Highlanding township, Pennington county, were held today (Wednesday) at 11 a.m. at the Thornhill Funeral home in Spokane Valley, Spokane, Wash. Mrs. Jensen died Saturday.

Mrs. Jensen, the former Mary Sorenson, was born Nov. 11, 1891 at Vallie Denmark. In 1912 she was united in marriage to Ejnar Jensen in Denmark and shortly thereafter came to America. Before coming to the Highlanding area, the Jensens lived first in Kansas and then in southern Minnesota.

The Jensens farmed in the Highlanding area until 1942 when they moved to Spokane, Wash. Since 1957, they have resided at Valleyford, Wash.

She was a member of the Lutheran church near Highlanding and the Rebekah lodge in Thief River Falls.

Survivors include her husband, Ejnar; a daughter, Mrs. Lola Collison of Greenacres, Wash.; three sons, Leo Jensen of Spokane, Wash., Max of Goodridge and Roy of this city; 11 grandchildren and several nieces and nephews.

Bennes To Move To Colorado

Paul Rasmussen Attends Hearing In Washington

Paul A. Rasmussen, chairman of the Minnesota Railroad and Warehouse commission, left Monday morning to attend the hearing in Washington, D. C., in connection with the investigation that is being made by the Federal Communications commission of the operations of the American Telephone and Telegraph company.

Rasmussen is one of three commissioners in the United States selected as a panel to sit with the FCC throughout this proceeding.

Testimony of the AT&T which was to be heard starting Tuesday, will in all probability continue throughout the entire week, and will concern the subjects of operating results and rate of return, Rasmussen said. The hearing will be held in the Interstate Commerce building.

During the week of July 18, parties of record will cross-examine the AT&T's witnesses who testified in the proceeding starting June 7.

Up to the present, one preliminary hearing has been held principally for the purpose of establishing the procedure to follow the order in which the matters will be considered, and to limit to some extent the parties who will cross-examine witnesses.

New Handbook on Occupations Is Available Now

The 1966-67 edition of the vocational guidance counselors most authoritative and comprehensive tool, the U. S. Department of Labor's "Occupational Outlook Handbook," has been released to all state employment service offices, according to Robert J. Brown, commissioner of the Department of Employment security.

The new edition, which reflects the sweeping changes taking place on the American work scene, may be examined at any of these offices, including the Youth Opportunity centers, Brown said.

"This Handbook is essential to keeping abreast of present and future occupational developments," Brown noted. "Almost all of the principal occupational categories in the American economy are described, including the nature of the work, location, training and other qualifications, employment outlook, earnings and working conditions, and sources of additional information."

NORDEN . . .

Changes Made in State Fair Bldg.

Minnesota state fair goers will see a big change in the familiar log building which houses the displays of the Minnesota Conservation department when they visit the fair this summer.

The basic log structure remains the same but a new entrance to the front of the building is being built and a 3,000 square foot addition has been added to the southwest wing.

The addition will provide a new site for the native live animal displays, one of the most popular exhibits on the fair grounds. All of the division's displays inside the building are being renovated and the interior layout of the building or floor plan is being changed completely.

The biggest job involves the removal of the old fish tanks which were mounted in concrete and stone, and the installatuion of 17 new steel tanks to take their place.

On the outside, the entire area surrounding the building is being landscaped and a 53-foot forestry look-out tower is being erected for fair goers to use for observation purposes.

The entire project is costing approximately $60,000. Over one-half of the cost - $35,000—was provided by a legislative appropriation at the 1965 session. An additional $15,000 was granted by the state fair board and another $7,000 was made available in the form of wages paid to NYC youth labor under the federal economic opportunity program.

Work is under the direction of Harold Rusk of the conservation department's engineering bureau.

The interest rate for all GI loans made since March 4, 1966, is 5 per cent.

JAYCEE could well stand for "junk collector" in this instance. This is one of four trucks employed by the Thief River Falls Jaycees Monday night in their annual city-wide trash pick-up project. This project is the main phase of "Clean-up, Paint-up, Fix-up Week." Trucks were donated by the Ranum Construction, Peterson Lumber, Home Lumber and Falls Supply companies. Only a few of the Jaycees who participated are pictured above. From left; they are James Matson, Sander Tureson, James Carlson and Francis Anderson, chairman. Some fair-sized truckloads of trash were accumulated, though the total tonnage was less than that disposed of last year. After the job was done, the crew adjourned to the Jaycee office for refreshments and a songfest.

INTERNATIONAL charter was presented to the new Northland Jaycee chapter at the organization's charter night Saturday evening at the First Lutheran church of Roseau. Fred Hamilton, left, president of the Winnipeg Jaycees, made the presentation to DuWayne Lenius, center, Northland Jaycee president. Also pictured is John Steinbauer, Minnesota state Jaycee president. This charter makes the chapter part of the Junior Chamber International, the world-wide Jaycee organization.

Public Notices

Card of Thanks

We wish to express our sincere thanks to friends, relatives and neighbors for the many acts of kindness shown us during the death of our dear mother and grandmother. A special thanks to Rev. Larson for his words of comfort and to the Green funeral home for their wonderful service. Mrs. Arnold Hammer for her messages in music and songs and to all who gave memorial and flowers and cards and Oak Park Ladies Aid that served lunch. This will long be remembered. God Bless you all. The family of Mrs. Ruby Rodman. 1t46p

In Memoriam

In memory of our mother, Anna Swanson, who passed away one year ago, June 6th,

Gone from our home, Oh, how we miss her;
Loving her deeply, her memory will keep;
Nor till life ends shall we forget her.
Sacred in the place where she is asleep.

Sadly missed by Mr. and Mrs. Lloyd Johnson and family, Mr. and Mrs. Erwin Helgeland and family. 1t46p

Roseau and Bemidji To Clash for Region Title

It will be the defending champion Bemidji Lumberjacks against the Roseau Rams in the finals of the Region Eight baseball tournament at Warren this evening, Wednesday, with game time slated for 7:30 p.m.

The Bemidji squad placed comeback baseball to defeat the Ada Vikings, 7-5, in a semi-finals game played Tuesday afternoon, and the Roseau Rams, holding off the threatening Prowlers in the seventh inning, upset the favored Thief River Falls team, 4-2.

Home runs featured the slugfest between the Bemidji Lumberjacks and the Ada Vikings in the regional opener. Ada, after three innings of play, and with Jim Stadum poling out a three run home run in the third inning, held a 5-2 lead and appeared in control of the game. But Chuck Grillo's Bemidji team, after picking up two runs in the second, and singletons in the fourth, and fifth, trailed by one run moving into the top of the sixth. Fred VanBrunt had lofted a home run over the left-field fence for the 'Jacks in the fifth.

With two out in the sixth, Larry Shadlow was safe on an infield tap to first base. Rich Glas sent a ground single between third and short, scoring Shadlow who had advanced to second on a balk, and the score was deadlocked. But then VanBrunt unloaded his second home run of the game, scoring two runs and giving Bemidji a 7-5 win over Ada.

In the second game of Tuesday's semi-finals, Roseau moved into a 2-0 lead in the first inning, and added single runs in the third and fourth for a 4-0 advantage. In the first, with one out, Lynn Erickson was safe on a bad bounce single to shortstop, and then he stole second. Jim Nelson banged a double to center scoring Erickson. Jack Rosenkrans flied out to left, but Mike Baumgartner drew a walk, and on Jim Lundbohm's looping single to left, Nelson scored.

A single, a force out, a passed ball and an error gave the Rams a run in the third, And in the fourth a walk to Wayne Bradley, a sacrifice by Rocky Ammerman and a single by Bryan Grand platted Roseau's fourth and final tally.

The Prowlers, with the left-handed batters having trouble in solving the southpaw slants of burly Mike Baumgartner, picked up a run in the fifth on Bob Brodin's double and Tom Cummings' single.

And in the last half of the seventh, the locals made a desperate bid to remain in regional contention. Baumgartner walked Brodin and Nickie Drees, Rocky Wilson struck out, and Jon Looker, batting for Dale Erickson, popped out to third base. But Cummings slammed a long ball to left field, and which appeared to clear the left-field barrier. But the base umpire ruled that the ball was a ground-rule double and only Brodin scored on the hit. Wayne Smith drew a walk, and the bases were loaded. Karl Poppenhagen hit a long and high drive to left-center, and Grand made the catch up against the fence to end the game and preserve the Roseau lead and win.

2,088 Campsites Are Available at Minnesota Parks

There are presently 2,088 campsites available for use at Minnesota state parks, the conservation department reported today.

Many of the camping areas were developed during the past two years under the financial stimulus of the Natural Resources act. The act was first passed by the 1963 legislature and re-passed at the 1965 legislative session.

Some of the campsites are to be found in 35 state forest campgrounds, in U. S. Forest service campgrounds on the Superior and Chippewa National forests and on other public and private lands throughout the state.

Be particularly alert when in the vicinity of schools. Children tend to forget safety when mild spring weather arrives. Don't let spring fever lull you into a tragedy.

Golf League To Open Play Today

Play in the Thief River Falls men's golf league will begin tonight (Wednesday) at the Thief River Golf club. Men who have registered by not been assigned to teams are requested to play their rounds and report their scores. A dinner and stag social will follow league play, starting at about 6:30 p.m.

Pheasant Area Farmers Asked To Delay Mowing

United States Department of Agriculture, through its ASCS county offices, has asked Minnesota farmers to delay mowing operations on soil bank land, ditch banks, road ditches, fence lines and other areas from which hay will not be harvested, until pheasants and other ground nesting birds have hatched their young and left their nests. In most cases this will be after July 20.

A notice from the state ASCS office to its fieldmen recommends that farmers use spot spraying or spot clipping at a height of at least six inches to control noxious weeds if such control becomes necessary before July 20.

Previous notices pointed out that cost-sharing is available to farmers under the agricultural conservation program (ACP) and the cropland adjustment program (CAP) for establishing wildlife food and cover and for water impoundments.

Dave Vesall, Minnesota conservation department game supervisor commended the department of agriculture for its action. He said, "This is a fine example of cooperation from a federal agency that has programs which extensively affect wildlife."

The Soil Conservation service has also asked its field men to cooperate by informing SCS district cooperators and others to delay mowing on land from which forage is not to be harvested. The state highway department has agreed to delay roadside mowing in the pheasant range until after birds had left their nests.

Water Skiing Session Awaits Paper Carriers

A fun-filled trip to Minneapolis for a "Ski-O-Rama Holiday" which includes water skiing, speedboat riding, houseboating and swimming, is in store for Minneapolis Tribune and Minneapolis Star carrier salesmen Tom Goddard and Duane Dickman, both of Thief River Falls and John Tunheim of Newfolden. The boys will arrive in Minneapolis Monday.

Ski-O-Rama activities are held under the auspices of the newspapers' circulation supervisors to reward qualified carriers throughout the upper midwest for extra sales effort. The boys will spend several hours at Excelsior amusement park on the shore of Lake Minnetonka and stay in an ultra-modern hotel or motel in downtown Minneapolis.

They will also have a chance to race slot cars, ride on go-carts, play miniature golf and sightsee. Supervisors will operate a houseboat for lake cruises, and three speedboats will provide rides and pull water skiers. Each boy will receive water-safety instructions, including water skiing lessons, from qualified instructors. More than 1,400 of the newspaper carriers from Minnesota, North and South Dakota and western Wisconsin will learn to water ski in this year's Ski-O-Rama program.

COMPLETING the 1966 baseball season by losing to Roseau 4-2 in the opening round of Region 8 play Tuesday evening was the Lincoln high school Prowler team pictured above. The team carried a record of 16 wins and one loss into regional play after winning the District 31 championship. Left to right the squad includes, front row, student manager Emory Wicklander, Rock Wilson, Gary LaValley, Billy Poole, Tommy Tunberg, Nickie Dress, Dale Erickson and student manager Greg Brekke; back row, Coach Ralph Skay, co-captain Wayne Smith, Duane Morben, Karl Poppenhagen, co-captain Tommy Cummings, Billy Dicken, Jon Looker, Larry Peterson, Bob Brodin and assistant coaches Lee Swanson and Earl Rogalla.

Truck Driver for Land O'Lakes Is "Driver of Year"

A veteran of 19 years of accident-free operation as a professional truck driver was named Monday by the American Trucking associations as the 1966 National Driver of the Year.

Donald J. Beaudette, 38 a driver for Land O'Lakes Creameries, Inc., Minneapolis, was picked for the professional driver's most coveted award on the basis of his outstanding safety record and participation in safety programs sponsored by the trucking industry.

Married and the father of two children, he has driven more than 1,500,000 accident-free miles since his debut as a truck driver in 1947. He currently drives a five-axel tractor-trailer combination.

Employed by Land O'Lakes since 1959, he has displayed safe and skillful driving at many national truck rodeos, grueling three day competitions sponsored annually by ATA. Currently the national five-axle champion, he has competed in nine state and national rodeos since 1955 and since 1960 has been national champion in his vehicle class twice and runner-up once.

In 1964, he was awarded the Charles G. Morgan Trophy, given annually to the outstanding Rodeo competitor on the basis of personality, character, performance and safety record.

Second Estimated Tax Payment Is Due by June 15

Minnesota taxpayers who filed declarations of estimated federal taxes must pay the second installment of the tax due by Wednesday, June 15, according to George O. Lethert, district director of internal revenue.

Any taxpayers who met the requirments for filing a declaration of estimated tax after April 1, but before June 1 should file their 1966 return on Form 1040-ES by June 15, and pay at least one-third of the estimated tax by that date, Lethert said.

If an individual's anticipated 1966 income has changed, an amended declaration of estimated tax should be filed. A blank form for amending the estimated tax is printed on the back of the billing notice for the installment due sent to taxpayers by the Internal Revenue service.

Fishing

From all reports the activity of the walleyed pike this past weekend, especially in the Lake of the Woods waters, was of bonanza proportions. The stringers of all anglers were well-filled and heavy.

Much of the angling activity was centered around Springsteel Island and Buffalo Bay. And the Minnesota anglers who had Manitoba non-resident licenses, and there are quite a number in this area, reported fine fishing in Buffalo Bay.

On Sunday, Lloyd Samuelson, Ray Thyren and Albert and Don Harbott, came back from Buffalo Bay with their Manitoba limits of eight walleyes apiece. And then they fished the Minnesota water and picked up six more walleyes each. Their stringers contained fifty-six walleyes, with the largest, and which was caught by Albert Harbott, being a four-pounder.

Bob Mattson, with three Minneapolis fishermen as his guests, fished around the Stoney Point waters of Lake of the Woods. The party set up camp there and spent Saturday night off the point. One of the Minneapolis fishermen had a depth-finder along, and Bob said that the instrument was real accurate in finding the reefs and dropoffs around the Stoney Point area. Bob's a prospect for such an electronic device.

And Del Harbott has been making two or three trips a week up to Springsteel Island, and he's been catching limits whenever he has been out on the lake.

Orvis Olen and Andy Williamson, fishing the Ontario side of Lake of the Woods, had a fine trip on Sunday (that is until the rains came) fishing Obabikan Bay.

Now that the Prowlers have been eliminated in high school baseball, and a heart-breaking loss it was (I'm still a bit puzzled about that ground-rule double decision, and it will be the subject of much conversation), I'll perhaps find time to go up to the lake and razzle-dazzle a couple of walleyes, or saugers or perch or eelpout.

The Strain Is Over

The strain and worry of whether or not the Bridgeman's softball team would go through this, the 1966 season, without a loss was removed on Monday evening on the East Side diamond.

In the first game of the 1966 schedule, the Bridgeman's, behind the pitching of lefty Doc Carlson, were "coasting" to a 3-1 win coming into the sixth inning. But in this inning the "roof caved in", according to manager Bob Carlson, and the Bea's Food Market tallied five runs and went on to post a 6-3 win.

The Bea's have apparently picked up a pretty good hurler in Don Novak, a member of the local school faculty. And while he doesn't have the experience and know-how of Wylie Bogie, the veteran who pitched the Bea's to the top-rung in city softball, Novak gave indication that he will be capable and adequate to keep the Bea's in contention.

And the strain is over for the baseball Prowlers, too. But it was a tough way to go out, losing by a 4-2 score to Roseau. The umpire, on the bases, was much closer to the play (on Tom Cummings' hit to left field), but it was difficult to believe that a ball would bounce over the snow-fence when one considers the water-logged condition of the outfield. The field had been under water in the morning, and many gallons of gasoline had been used to dry out the infield. But a decision is a decision, and if the umpire says it was ground-rule double, instead a game-trying home run, that's it.

Miscellany

Arlan Hjelle, smooth - throwing righthander with the Prowlers several years ago and later with the senior Thieves, has completed his stint in the army and received his discharge. Arlan pitched the Prowlers to a 5-2 win over Blackduck in the Region Eight finals in 1959. He is now employed in Bemidji, and will be playing baseball this summer with the Cass Lake club . . . Howard Ernest, who coached the Warren Ponies to the District 31 basketball title in 1950, and who in recent years has been on the administrative staff of the Alexander Ramsey high school in St. Paul, is reported to have succumbed of a heart attack a week or so ago. In the District 31 finals of 1950, Warren defeated East Grand Forks, 41 to 35. And in Region Eight play, at Thief River Falls, Warren defeated the Fertile Falcons, 51 to 49, in a first-round game. Bemidji sidelined Karlstad, 66 to 43, in a first-round game. In the championship finals, Bemidji bested the Ponies, 57 to 33. . . Linton Lehrer, the baseball coach of the Crookston Central Pirates for the past number of years, will relinquish his coaching duties at Crookston. Lin will remain on the Crookston high school faculty. . . . The Norman-Polk league, of which the local Thieves were a member when senior baseball was active here, began play on its 1966 schedule on Monday evening. The Ada Athletics, behind the pitching of Don Bowyer, defeated Fosston, 8-0, in the opener. This evening, Wednesday, one of the highlight games is on tap, with Ada playing Halstad and lefty Duane Ramstad. Halstad has been installed as an early-season favorite to win the league title. . . John Aune, the former Prowler who has just completed his junior year at Carleton college, was named to the All-Mid-West conference baseball squad, being selected as the squad's catcher.

Sportsmen Club To Work Tonight At Picnic Area

Pennington County Sportsmens Club will hold a working session tonight (Wednesday) at 7 p.m. at the club's recreation area located two miles north of Thief River Falls on the old golf course road. Members are asked to bring lawn mowers, shovels, axes and chain saws if possible.

Federal Income Tax Questions Answered

These questions most frequently asked by taxpayers on federal income tax matters with authoritative answers are provided by the office of the district director of Internal revenue, St. Paul.

Q—I always have large deductions and, as a result, am overwithheld on my income tax. Under the new withholding system I'm going to be more overwithheld than ever. Isn't there some way I can reduce my withholding?

A—The new law on withholding provides for additional withholding allowances for those with substantial itemized deductions, but this provision will not go into effect until next year. Instructions on how to take advantage of this provision will be issued by Internal Revenue service later this year. It should benefit you because it will reduce your withholding for 1967 and future years.

Q—My household employee quit because she didn't want me deducting social security from her wages. Can I pay both the employer's and the employee's share so I can give my maid her full wages?

A—Yes, you may. Your responsibility as an employer is to pay the social security taxes due on Form 942 if you pay $50 or more in cash wages to a household employee in any calendar quarter. It is up to you whether you pay the employee's portion of the taxes or withhold it from her pay.

Q—After a business conference in Paris if I plan to do some sightseeing will this have any effect on the deductibility of my travel expenses to Paris and back?

A—Yes, it might. Depending on the circumstances of your trip, only part of your travel costs associated with the business conference may be deductible. You would have to allocate these travel expenses between business and nonbusiness activity if the following conditions apply: (1) The total trip lasts more than one week, (2) 25 per cent or more of your time away is devoted to business activity, (3) you had substantial control over the arrangements for the trip and a personal vacation was a major consideration in the decision to make the trip.

When these conditions apply, only a portion of the travel costs to Paris and back may be deducted. If one week was spent on business and two weeks sightseeing then only one-third of the travel costs may be deducted.

Note that this business travel rule applies only to travel outside the U. S. If you went on a business trip to some U. S. city and then went sightseeing, the full amount of your business travel costs would be deductible. For detailed rules on traveling get a copy of Publication 463 by writing to our office.

Q—When do I have to report tip income to my employer when the 10th of the month falls on a weekend or holiday?

A—Report your tips on the next succeeding day which is not either a holiday or a weekend.

Q—Is it true that a taxpayer can take his tax case to the Supreme Court?

A—Yes it is, although it is more likely that the case would be settled at a lower level.

There are three IRS levels at which an agreement to the results of an examination may be reached. The first is the audit by an examining officer, the second is a conference with a member of the district conference staff, and the third is the regional appellate division.

If you still do not agree to the proposed increase in your tax, you may appeal to the tax court of the United States, whose decision you may appeal to the United States circuit court of appeals and ultimately to the Supreme Court of the United States. Or, you may pay the tax and file a claim for a refund. The claim would be considered by the district director, whose decision may be appealed to the appellate division. And with no agreement, you may appeal to the United States district court or the court of claims, and thereafter to the Supreme Court.

MORRC Explores Possibility for Park Development

Benefits and feasibility of developing one of Minnesota's state parks as a permanent facility to host national and international encampments, such as Girl Scout roundups, is being explored by the Minnesota Outdoor Recreation Resources commission, according to commission member Representative Richard W. Fitzsimons, Argyle.

"MORRC," according to Fitzsimons "has asked the departments of administration, business development and conservation to determine if there are a sufficient number of national organizations regularly seeking facilities for several thousands of campers to justify a major capital investment to offer such a facility."

The lawmaker explains the study is triggered by interest expressed by the Girl Scouts in bringing their 1968 international roundup to Minnesota.

"The only obstacle to bringing the Girl Scouts here two years from now is providing the needed facilities. Cost estimates have ranged from around a half million to nearly a million dollars.

"Despite the obvious economic benefits of acting as host to some 12,000 Girl Scouts and over 70,000 visitors to their roundup, the advisability of investing such a sum for a one-time use of a facility is questionable. On the other hand, the investment might be a wise one if we are relatively assured repeated use over the years."

Fitzsimons points out Minnesota's location mid-continent, coupled with its resources and adequate facilities, would provide it with a strong argument with which to attract organizations seeking a site for an encampment for several thousands.

"National conventions and sales meetings held in the state document this fact. Experience has shown attendance here, where traveling distance is nearly equal to all points on the continent, is usually considerably higher and representative of all areas of the country compared to conclaves in the east or west.

The lawmaker says MORRC wants the three departments to survey a wide variety of organizations—church, farm, youth, labor, etc.—To determine the demand for the type of facilities needed by the Girl Scouts.

"If such a demand is demonstrated, Minnesota can afford to make an investment which will provide facilities second to none and possibly unique in the country.

"The resulting return in terms of dollars spent by participants and visitors to national encampments could stimulate our state's tourist and recreation economy, returning a hundred-fold any initial investment."

Eisbrener Named Supervisor for Biwabik Schools

John M. Eisbrener, former principal of Washington elementary school in Thief River Falls was elected to the position of elementary supervisor for the Biwabik public schools.

He will assume his new duties August 29. The past three years Eisbrener has been elementary principal in the Plainview community schools.

Eisbrener, a graduate of the University of N. Dakota and Bemidji state college has pursued work toward his doctorate at the University of Minnesota.

Srnsky in Navy Recruit Training At San Diego

David Allen Srnsky, son of Mr. and Mrs. Louis Srnsky of rt. 5, Thief River Falls, is undergoing seven weeks of basic training at the Naval Training Center at San Diego, Calif.

Under the supervision of veteran Navy petty officers, he is receiving instructions in naval history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty. Military drills are emphasized during recruit training and with various inspections and a planned physical fitness program, keep the recruits mentally and physically alert.

Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification test, his own desires and the needs of the Navy.

Servicemen May Take Advantage Of New GI Bill

Servicemen still on military duty may take advantage of the educational and loan guaranty programs of the new GI Bill, John R. Parrish, VA center director said today.

The servicemen must have at least two years service to be eligible. Participation in the GI loan program is available immediately and educational programs started June 1.

Under the GI education program, Parrish said, servicemen with more than two years of military service will be eligible for one month of college, vocational, business, high school or correspondence school courses for each month or fraction of a month they have been on active duty, with 36 months as the maximum period no matter how long their length of service.

Under the VA loan guaranty program they may negotiate for a home loan with a private lendor, or, in areas where direct loans are permitted, they may negotiate directly with the Veterans administration, he said.

Further information can be obtained by contacting the VA center at Fargo, N. D.

The new GI Bill provides for federal employment preference and for job counseling and job placement.

Thorough Leaf Coverage Needed In Pest Control

Don't forget the under surface of plant leaves in trying to control insects or diseases. Spraying or dusting the upper surface isn't enough, according to Neil Miles, extension horticulturist at the University of Minnesota.

Miles points out that aphids and other sucking insects feed on the underside of the leaves, and many plant diseases enter from the underside. It is important to apply the pesticide in such a way that the under surface is protected as well as the top surface.

Soaking the plant with spray material in an attempt to get thorough coverage may actually decrease the effectiveness of control, Miles warns. For best coverage of the plant, quit spraying when the solution begins to drip from the leaves.

Social Security Applicants Must Show Age Proof

A person applying for social security benefits should bring with him the best available proof of his age according to Clifford Kittelson, district manager for social security.

Under regulations established recently, evidence recorded before age five is considered best. A person should check first if the birth is on public records. If not, a baptismal record may be available.

When neither a birth or baptismal record is available, the claimant should bring with him the best evidence that he has.

The social security ordinarily keeps evidence when another copy is available from public records.

Anyone who does not have satisfactory evidence of age on hand should get his record in order before retirement, suggested Kittelson.

Holstein Group Plans Meeting Near Crookston

Sunday evening, June 12, is the date of the annual Red River Valley Holstein Breeders' twilight meeting to be held at the dairy research center at the Northwest experiment station, Crookston.

Highlights of the evening will include a cattle judging contest with Garth Miller, a member of the University of Minnesota dairy department staff and coach of the University of Minnesota dairy judging team, as the official judge. Also appearing on the program will be Dr. George D. Marx, dairy scientist; Martin vonRuden, dairy herdsman; and Dr. B. E. Youngquist, superintendent, all of the Northwest Experiment station, Crookston.

Conrad H. Kvamme, president of the Red River Valley Holstein Breeders association, urges all interested Holstein breeders in the Red River Valley area to attend this meeting. Prizes have been donated by several area businesses for the judging contest winners. The contest is open to men, women and juniors.

Refreshments will be served at the close of the meeting.

Old Time Fiddlers May Enter Contest Until June 15

June 15 has been set as the deadline for contestants to enter the Old Time Fiddler's contest to be held at 8 p.m. June 24 at the Eagles hall in Crookston. Fifteen contestants have entered to date and anyone else who is interested in entering is requested to register with Lloyd Elsert, chairman, before June 15.

Three cash prizes and a traveling trophy will be awarded. A dance will follow the contest, and admittance will be by Pioneer Days button only. Buttons are now on sale in all downtown Crookston stores and also will be on sale at the door of the Eagles hall the night of the contest.

The only qualification for the Old Time Fiddler's contest is that the entrant be an old time amateur fiddler. To enter the contest, write to Lloyd Elsert, Box 196, Crookston.

"I suppose every old scholar has had the experience of reading something in a book which was significant to him, but which he could never find again. Sure he is that he read it there; but no one else ever read it, nor can he find it again, though he buy the book, and ransack every page."

Our Poll Results

Two weeks ago we ran a poll in our editorial columns to test local area popularity of President Johnson. Questions asked were: "If a Presidential election was held today, would you vote for President Lyndon B. Johnson?" and "Did you vote for President Johnson in the 1964 election?"

Results indicate that 35 per cent of those returning poll replies voted for President Johnson in 1964 while 65 per cent did not. Only seven per cent indicated that they would vote for President Johnson if a Presidential election was held today. This would indicate that the President's popularity has taken a decided drop with those responding to the poll.

Of those who said they voted for the President in 1964, only 20 per cent said they would vote for him today. This would indicate an 80 per cent drop in popularity for the President since his election two years ago. Ye suppose that professional pollsters would attach some significance to these results.

If we were to drop our summary of the poll at this point, we could leave quite an unfavorable impression of the present administration in this area. In all fairness, however, we can not consider the poll as very indicative of any particular type of trend.

There were only 14 returns tabulated. Of these returns—dropping the percentages and using actual numbers instead—five voted for the President in 1964 and nine did not. Only one of the 14 said they would vote for him today. It may be significant that four out of five voters have changed their minds after only two years of LBJ's administration, but the total number is too small to establish a trend.

Just remember, however, when you read a public opinion poll, that the percentages quoted may not mean a thing.

We can claim extremes in our poll, however. One respondent wrote, "Yes I voted for Johnson. Yes I would vote for Johnson. What about the Benson era'?" Another underscored the "No" on the first question and added "NEVER" in capital letters. To the second question he (or she) added three extra words—all of which were the word "NO".

Good Old Government

Persons who worry about government getting too big have grounds for their fears in an item reported by Rep. James B. Utt of California.

Rep. Utt tells of a man who owns a six-year-old orange grove in California's San Joaquin valley and who has been getting from the government $35 an acre for NOT growing cotton in his orange grove. Then the government determined that he might grow a crop of corn after the cotton harvest, even though there was no cotton harves. So the government offered the farmer another $35 an acre NOT to grow corn in his orange grove. That amounts to $70 an acre for NOT doing two things, neither of which could be done on the land.

Then Congress passed an agricultural bill which legalized the sale of cotton acreage allotments, and the California man in question sold his for $200 an acre.

Now, what does California and cotton have to do with Minnesotans and money?

Just this—the money which the government spends is provided by the taxes of people throughout the country, including Minnesota, and money can easily be wasted when too large programs become too inclusive too often.

There are groups in the nation today which would like to eliminate townships and township government, claiming that they are no longer needed. Some would like to eliminate counties as separate entities and make them divisions of the state. But there isn't a state agency anywhere that gives as careful consideration to a dollar as county boards of commissioners, and township officers are even more frugal in seeking full value for each dollar spent.

There are economies in consolidation of operations; but government does not have the talent for effecting them. In government, bigness makes waste, inefficiency and top-heavy operation. Unfortunately, the old adage that "the bigger they are, the harder they fall" can well apply to government.

Onyone who has written a letter of protest to Washington knows how much his voice is heard and his pleas are headed by big government. He might as well holler down a rain barrel as talk to Washington. He will only hear himself talk.

Lincoln's Answer

These comments by Norman Nelson Jr. of the Cloquet "Pine Knot" tempt a person to shout a hearty "amen".

"There is an unmistakable family resemblance between the Vietnam peace marchers in the U.S. in 1965-66 and the pro-Southern Copperheads who plagued the Lincoln government during the Civil War. The loudest of the anti-Union protesters was a venomous type named Clement Vallendigham, who noisily proclaimed what was wrong with the Northern Forces in the Civil War.

"Lincoln solved the problem of the noisy complainer by a simple stroke of pure genius. Since Vallandigham found so much to admire in the Southern Confederacy, he was picked up by executive order and shipped South.

"Vallandigham didn't expect this and he didn't like it. He roared with rage to go back North again, which was very humorous considering how badly off Vallandigham claimed the North to be. He started complaining about how the South was running things. The South got tired of his noisy complaints and tossed him onto a blockade runner bound for a British port.

"The exile made his way back to Canada and launched a loud campaign to be let back into the Union North. It turned Vallandigham from a martyr into a clown and he was laughed out of political existence.

"Perhaps there is a lesson here. Let's ship our American Red friends who preach the virtues of Communism to Red China, where they can enjoy all the benefits they proclaim under Communism."

Barrel of Eels

Sen. Norris Cotton (R-N.H.) says that the Senate Appropriations Committee taking up LBJ's budget has a "barrel of eels" in its lap.

Cotton, who is a member of the subcommittee, gives this view of the problem:

"It's like an autopsy when you cut through skin and tissue to see what's wrong with vital organs.

"Here is the body of the great society budget, submitted to us for examination, and it appears that the patient was starved while tax dollars were diverted for lipstick and rouge to brighten the face.

"—45,000 new jobs added to government, but only four to the Bureau of Narcotics fighting to save our youth from the drug habit.

"Renticare increased 250 per cent, but cancer research only two-tenths of 1 per cent.

"—Job Corps jumped 50 per cent, but money for school milk cut 80 per cent.

"—$91 million for highway beautification, but only $56 million for highway safety . . ."

"A great society is a goal to which we can all subscribe, but to move toward it, we must establish priorities. Where does the first dollar go: to proven programs or new departures? To prolong life or promote happiness? To the scientist or to the politician?"

"So," Cotton says, "our committee has in its lap a barrel of eels with a high-sounding label.

"It's like the Irishman forced to testify about the delivery of illegal whisky to one Jake Smith. He denied knowledge.

" 'Wasn't it labeled whisky?' demanded the prosecutor.

" 'It said rye whisky on one end of the barrel and Jake Smith on the other,' was the reply. 'How was I to know which was in the barrel!' "

Thought for Today

The following poem by Walter Duckwall has been quoted in several area papers and contains a thought which is no less true in this age of modern merchandising than it was in the days of the general store. The poem is entitled, "My Store".

If I possessed a shop or store
I'd drive the grouches off my floor
I'd never let some gloomy guy
Offend the folks who come to buy.
I'd never keep a boy or clerk
With mental toothache at his work,
Nor let a man who draws my pay
Drive customers of mine away.
I'd treat the man who takes my time
And spends a nickel or a dime
With courtesy, and make him feel
That I was pleased to close the deal.
'Cause tomorrow, who can tell,
He may want things I have to sell
And in that case, then glad he'll be
To spend his dollars all with me.
The reason people pass one door
To patronize another store,
Is not because a busier place
Has better silks, or gloves, or lace,
Or cheaper prices, but it lies
In pleasant words and smiling eyes;
The only difference, I believe,
Is in the treatment folks receive.

Wichterman Says U.S. Food Programs Work

"Federal food and agriculture programs that began six years ago have worked well. Some of the problems at the beginning of the 1960's were underconsumption of food in some areas of our nation and in many parts of the world, overproduction of some commodities such as wheat and corn that could not be used at home nor abroad, problems of conservation and land use, and the problem of opportunities for farm and rural people."

Ben Wichterman, formerly of Plummer and chairman of the Minnesota ASCS committee, made these comments as he described the progress that has been made in agriculture through federal agricultural programs.

"Consumption of food both domestic and foreign has been expanded. The production of commodities such as corn and wheat that were in serious oversupply have been and will continue to be adjusted. Too much cropland was being used for production of surplus food and feeds," Wichterman said.

"Much of this land is now being used for the growing demands wildlife and simply open spaces in and around our cities. Opportunities for those rural people for whom the land does not provide full employment and on which they cannot earn a decent living has been improved.

"The income gap between farm and non-farm people has narrowed," Wichterman said. "In 1960, people on farms earned on the average only about 5 5per cent as much as non-farm people. This year they will earn about 65 per cent as much. This income gap will be smaller than at any time in more than three decades, except for 1948. While this is progress," he said, "the farmer still is seriously underpaid.

"Farm programs have been vital in easing the huge grain surpluses which were keeping prices depressed at the start of the 1960's. The growth in world markets has been aided by Department of Agriculture export development actions. The effects of a prosperous economy must not be overlooked either.

"The record since 1960 shows that it is possible to achieve consumer abundance and more equitable farm income at the same time. But while abundance is here, full equity in farm income is still a goal of agricultural programs that must be attained."

"More farmers are earning parity of income today than ever before. In 1960 it was difficult to find many farmers in that position. But we still have a long way to go," concluded Withterman.

Out-Migration In State Among Younger People

Statistics newly released by the federal government indicate that the heavy out-migration Minnesota has been experiencing in recent years is taking its biggest bite from the ranks of younger people, according to Harold T. Miller, research director of the Minnesota Taxpayers association.

"Figures released by the Department of Commerce conform earlier estimates that about half of Minnesota's 'natural' increase in population from April 1, 1960 to July 1, 1964 was lost through outmigration," Miller said. "The natural increase was nearly 221,000; out-migration totalled nearly 110,000.

"Age-group comparisons as of those two dates show that while the nation as a whole scored increases in population in every age bracket, Minnesota lost heavily in two—persons 21 to 45 and children under five. In the 21-to-45 age bracket Minnesota registered an actual decline of 28,869 or three per cent, while the increase nationally amounted to 2.1 per cent. The number of children under five increased 1.8 per cent nationally, while in Minnesota there was a decline of more than 8,000 or 1.9 per cent.

"With these official figures now available, it doesn't take much imagination to realize that many of our state's agressive, ambitious young married people are leaving Minnesota — and are taking their children with them.

"The federal report, Department of Commerce Bulletin No. 333 of Series P-25, covers the 51-month period from April 1, 1960 to July 1, 1964. During this period Minnesota's net increase in population was 111,136, with only 2,865 or 2.6 per cent in the 18-to-65 'productive years' bracket. The nation's increase in the same age category was 39.2 per cent.

"Minnesota's increase in the 'under 18' age group was 73.4 per cent compared to the national gain of 50 per cent, and our increase in the number of persons age 65 and over was 24 per cent compared to the national increase of 10.8 per cent.

"These federal government figures give strong support to the findings of several recent economic studies, urging tax reforms to encourage Minnesota's industrial expansion that will provide adequate employment opportunities to our young people," Miller concluded.

Several Area 4-H Members To Join Georgia Exchange

Minnesota will send 35 4-H delegates to Georgia in the second of a six-year 4-H exchange program. Among the delegates are Judy Oaki, Goodridge, member of the Mavie 4-H club; Dennis Hjelle, Argyle; and Cynthia Karlsson, Roseau.

The trip is an educational opportunity for members to share 4-H ideas and experiences, says Leonard Harkness state 4-H club leader at the University of Minnesota. Delegates will also receive citizenship and leadership training.

Georgia has an outstanding 4-H program with the highest state enrollment in the country, according to Harkness.

Participants will leave St. Paul by chartered bus on June 5. Upon arrival in Georgia the Minnesota 4-H members will go directly to the nationally known Rock Eagle 4-H center where they will join selected Georgia 4-H members in a citizenship short course. Following the short course they will spend several days with host families throughout Georgia. They will conclude their Georgia trip with a weekend in Atlanta. Two of the exchange delegates will represent the group at the Minnesota 4-H junior leadership conference June 22-24.

In previous years Minnesota has conducted statewide exchanges with Mississippi, Manitoba and Maryland. Next year Georgia 4-H delegates will spend two weeks in Minnesota on a return visit.

Steiner 4-H

Monthly meeting of the Steiner 4-H club was held May 10. Roll call response was each naming his favorite flower.

Dairy Day is June 14. 4-H records are due July 1. Little Bags were distributed by junior leaders. Dr. Hazard will be checking animals for dairy day on June 1. The County Fair is July 21-24.

Chuck Will, Extension Agent, spoke. Demonstrations were given by Cundy Pasa, vegetable gardening; Don Rondorf, forestry and Terry Lubitz, shop.

Lunch was served by Leonard Yonke and Gordon Kaushagen families.

ALC Gives Summary Of 1965 Operations

American Lutheran church added 34,684 members, 138 clergymen and 40 churches to its membership in 1965, according to the church's annual statistical report issued this week by Dr. William Larsen, secretary.

The growth in baptized membership to 2,621,888 is a percentage increase of 2.34, a slight decline from the 1964 percentage gain of 1.67. There are 5,247 ALC congregations and 5,867 clergymen.

The report reflected a continuation of a recent downward trend in the number of infant baptisms. Total baptisms of children from member families in 1965 was 47,258, compared with 51,011 in 1964.

There were 24,732 marriages recorded in ALC parish records in 1965, an increase of 1,013 over 1964. Funerals for members during the year totaled 18,056 an increase of 153 over the previous year.

Members serving in active military duty at the end of 1965 totaled 25,145, an increase of 2,941 (13.2 per cent) over the year ago figure.

Students enrolled in colleges, seminaries and universities (both Lutheran schools and others) soared in 1965 to 58,899, a gain of 6,828 (more than 13 per cent) over the 1964 figure of 52,071.

Future ministers as indicated by those registered as preparing for the ministry, declined in 1965, to 1,574, compared with 1,611 in the previous year's report.

Sunday church school enrollment reached a total of 834,739 in 1965, a net gain of 5,614 despite losses in nursery, kindergarten and primary grade levels. Largest enrollment gain was in the grade 7 to 9 level. Adult enrollment reached 81,871 during the latest year, a gain of more than three per cent.

Value of local church buildings and other assets reported by the ALC's 5,247 congregations totaled $735,226,283 last December 31, compared with $692,733,173 a year earlier. Indebtedness of the local churches rose to $176,696,081, from the previous year's figure of $160,532,794.

Direct contributions to local congregations, through plate offerings and envelopes, totaled $110,828,471 in 1965, a gain of 5.7 per cent over the previous year's total of $101,806,517.

MiSCCA Given Anonymous Gift To Aid Program

An anonymous gift of $18,500 has been received by the Minnesota Society for Crippled Children and Adults (MISCCA). According to Ed Meierbachtol, Le Sueur, president of MISCCA, the gift has been made for the development of a vocational activity residence for handicapped young adults.

"This project, which has been studied several years by MISCCA's development committee, would provide living and care facilities for severely handicapped and homebound young adults who need specialized services, as well as selective training and employment and a variety of creative activities and recreation" Meierbachtol said.

He also announced appointment of a statewide committee of 18 persons to spearhead this project. The committee has been charged with the responsibility of making plans for the development of this project and coordinating MISCCA's plans with other agencies interested in the severely handicapped and homebound.

Discussions for joint planning have already been held with United Cerebral Palsy of Minneapolis and several other rehabilitation agencies.

According to Meierbachtol, there is a big need in this county for vocational activity residences for the severely handicapped so that they may be able to find the care, the challenges and the companionship that they so badly need. Other countries such as England, Denmark and West Germany are considerably ahead of the United States in the development of similar facilities to serve the severely handicapped and homebound.

900-Page Report Made in State's Traffic Study

A two-year Minnesota traffic safety study has resulted in 101 recommendations for making highways safer and drivers more skillful.

A summary of the 900-page report of study results was presented by the Automotive Safety foundation of Washington, D. C., who conducted the study at the request of the Interim Highway commission of the Minnesota Legislature. Rep. Andrew Skaar of Thief River Falls is a member of the interim commission.

Minnesota Highway Commissioner John R. Jamieson stated that implementation of the recommendations would proceed "as rapidly as money, manpower and legislation permit."

Some of the principal recommendations call for:

Establishment of a computerized information center for constant flow of accurate information on driver licensing, vehicle registration, auto thefts, arrests and warnings, and road characteristics. The center would be linked with the state teletype network connecting police department, sheriffs, and the Minnesota Highway Patrol.

Increasing the 378-man highway patrol by 115 men in each of the years 1968 and 1969 and then increasing it annually by 46 men through 1972.

Placing mileposts on highways to assure greater accuracy in the reporting of accident locations.

Appointment of a supervisor of driver and traffic safety education in the State Department of Education to direct extension and improvement of driver training. The high schools would provide driver education for all students, as well as dropouts, in the prelicensed groups.

Consolidation of all driver licensing activities of the state in a single agency to provide more effective examining procedures and better follow-up driver on records.

Mandatory extension of liability insurance to include protection against losses where uninsured drivers are involved.

The Automotive Safety foundation termed the traffic safety study "the most intensive and thorough investigation of this problem ever conducted on a state-level basis." More than 350 Minnesota citizens served on fact-finding boards for the study.

CHARTER NIGHT for the new Northland Jaycees of Roseau was held Saturday evening in the First Lutheran church of Roseau. A banquet preceded the charter presentation ceremonies. John Steinbauer, left, Minnesota state Jaycee president and main banquet speaker, is shown presenting the national charter to DuWayne Lenius, president of the new Jaycee chapter, while Charles Follett, president of the Thief River Jaycees, looks on. Follett, on behalf of the Thief River Falls chapter, presented Lenius with the Jaycee Creed banner in the background. The Northland Jaycees, whose organization was sponsored by the Thief River Falls Jaycees, will encompass Roseau and the entire surrounding area, including the nearby area north of the border.

2,717 Payments To People Moving Due to Highways

More than 2,717 relocation payments totaling $463,480 have been made by the Minnesota highway department in the first three years of its program to assist financially in the relocation of persons displaced by highways, according to J. E. Deegan, acquisition and property management engineer.

To aid the relocation of persons and businesses from May 8, 1963 to May 1, 1966 the department made 2,448 residential payments totaling $238,212 and 269 commercial payments totaling $225,268.

Both state and federal laws provide for the payment of amounts up to $200 for a residence and $3,000 for a business or farm to move furniture and personal belongings. In cases where displacement is caused by an Interstate highway, the federal government pays 90 per cent of the relocation allowance.

In addition to the monetary aid, the department has a relocation assistance program to help persons displaced by a highway to find new homes.

"The highway department notifies owners and tenants in the proposed right of way, preceding the purchase of their homes or businesses, that a relocation adviser has been appointed in their area to help them relocate," Deegan said. "When the property has been acquired, owners and tenants are again notified and the relocation adviser contacts them to offer his direct assistance." Occupants generally have four months in which to move.

"The relocation section maintains lists of available homes and apartments and keeps in contact with real estate firms. It has a co-operative agreement with the St. Paul Housing and Redevelopment authority to make use of their relocation facilities and hopes to set up a similar agreement with the Minneapolis Housing and Redevelopment authority. Each of the state's nine highway districts has a district relocation adviser to assist in that territory.

"The relocation assistance program is especially useful to older people who may have no means of transportation or who have special requirements," Deegan said. "Older persons often require help in finding suitable accomodations within their budget and frequently prefer to be near downtown or other shopping areas."

First Premiums For Medicare Are Due on July 1st

First premium payments for medical insurance benefits under Medicare are due July 1, according to Clifford Kittelson Grand Forks, N. D., district manager for social security.

Anyone 65 and older who is not receiving monthly social security, railroad retirement or federal civil service benefits will have to mail in his premiums. He should observe the following points:

1. He should not send in the premium until he receives a bill.

2. A check or money order made out to SSA Medical Insurance is the safest way to mail the premium. Cash or stamps should not be sent.

3. He should return the premium and the punch card bill in the self-addressed envelope that came with the bill. Payments should not be sent to the social security office.

The premium is $3 a month. The bill will be for $9 covering the months of July, August and September.

Those who signed up and who get monthly social security, railroad or civil service retirement checks will have the premiums deducted from their checks each month. The first $3 will be deducted from checks due about July 3.

TAKE THE LONG VIEW

Who doesn't dream, sometimes? Who doesn't stand gazing into the future, picturing that new house, that graduation day, that wedding ceremony, that deluxe-model car . . . the thousand and one dreams that man holds in his heart?

We realize that a worthwhile life must contain more than just material satisfactions. Without a confident frame of mind, our future will be nothing but tension and uncertainty. Where can we find this inner feeling of courage that will make things easier for us every hour of every day?

Millions of people find it in the Christian faith. The apostle Paul said that he was strengthened *in everything he did* by faith in Christ . . . and this truth is constantly being rediscovered by men and women urgently in need of something they can trust.

Faith is the key to peace of mind. With faith, you will be able to move mountains of frustration.

Steiner . . .

Mrs. Alfred Solem, Rt. 2, City, 681-2887

The Community picnic previously scheduled for Sunday, June 26, will be held Sunday, June 19, instead, because of conflicting events. Each family is asked to bring buns, wieners, pie, dishes and silverware for its members and one extra food. There will be entertainment planned and a refreshment stand where ice-cream and pop will be sold. Come and enjoy the day with your neighbors.

Mr. and Mrs. W. E. Rux received the news from their daughter Joyce in Minneapolis that they, Mr. and Mrs. Roger E. Anderson, are the parents of a baby girl born Memorial Day, May 30. She weighed eight pounds at birth and has been given the name Pamela. The Andersons also have a little boy three years old.

Mr. and Mrs. Lloyd Larson and Mr. and Mrs. Reuben Benitt entertained a group of relatives and friends at the Steiner hall Sunday, June 5 in honor of Marlo Larson, who was graduated from Newfolden high school June 2 and Karlene Larson and Roger Benitt, who were recently confirmed. In attendance were Mr. Ole Larson of Los Angeles, Calif., Mr. and Mrs. Royal Knutson of Ada, Mr. and Mrs. Clinton Knutson and Rhonda of and Mrs. Milton Reierson, Mr. and Mrs. Harold Buck, Mr. Leonard Johnson, Mr. and Mrs. Gordon Reierson and Millie Jean, Mr. and Mrs. Ronald Moe and Paul, all of Thief River Falls, Mr. and Mrs. Arthur Lanke and Don, Mrs. Alfred Larson and Melvin, Mr. and Mrs. ElRoy Benitt, Mr. John Augustine, Mr. and Mrs. Donald Larson, Danny, Stacy and Stephany, Mr. and Mrs. Orvus Benitt and Valerie, Mr. and Mrs. Marlin Augustine and Eldon, all of Holt, Miss Susan Holmstrom and John Rokke, both of Newfolden and Julie and Ronda Larson. Featured centerpieces were a beautifully decorated cake baked by Mrs. Reuben Benitt and a world globe topped with a graduation cap.

Mr. and Mrs. Vernon Malberg and Mrs. Caster Moe were among those who attended funeral services for Edgar Lundgren at the Redeemer Lutheran church Monday afternoon. The Mary Unit, of which Mrs. Malberg and Mrs. Moe are members, served lunch in the church parlors following the services.

Recent visitors at the Alfred Solem home were Mr. and Mrs. Nels Flom of Thief River Falls.

Mr. and Mrs. Donald Larson, Mrs. Reuben Benitt, Mrs. Arthur Lanke and Don, all of Holt, Pastor Loren Nielson of Newfolden, and Mrs. Lloyd Larson, Julie, Karlene and Ronda were among those who attended the graduation exercises at Newfolden Thursday evening. Marlo Larson was one of the 43 graduates.

Wednesday afternoon and coffee guests at the Alfred Solem home were Mrs. Galen Adkins and daughters, Allison, Robin and Naida of Cambridge, Minn. and Mrs. Alice Adkins of Thief River Falls.

Mrs. Roger Solem, Roger Alan and Cynthia, spent Thursday at the home of her folks, Mr. and Mrs. Nick Koropatnicki in Smiley. In the afternoon they all attended funeral services for Bertel Hammer at the Bethany Lutheran church.

Wednesday evening Mrs. Lloyd Larson and Marlo were among the guests at the home of Mr. and Mrs. Milton Reierson in Thief River Falls who entertained in honor of their son Richard a member of the 1966 Lincoln high school graduation class.

Attending leaders' council Monday evening from the Steiner 4-H club were adult leaders, Mrs. Robert Hillyer, Mrs. Leonard Yonke and Curtis Swanson and Junior leaders, Dawn Swanson and Sharon Jorde. A welcoming picnic will be held at the Centennial Park Wednesday evening, June 15, starting at 7:30 for the eight 4-H members from Stearns County who will be living one week with host families in Pennington County. The eight from our area who will be in Stearns County for a week are Debra Halvorson, Dawn Swanson, Joyce Peterson, Ross Hanson, Renae Ptacek, Judy Johnson, Angela Mickelson and Curtis Lundblom. Exhibit forms and other material will be distributed at the Steiner 4-H meeting Tuesday evening June 14 so all members are urged to be present.

Thursday evening, following graduation exercises at the Newfolden public school, Mrs. Lloyd Larson and girls were among the guests at the Ray Holmstrom home in honor of their daughter Susan, one of the graduates.

Coffee guests Monday afternoon at the Alfred Solem home were Mrs. Robert Kraemer of Smiley and Mrs. Mary Kraemer of Thief River Falls.

Marl Larson enrolled in Business Account at the Area Vocational School in Thief River Falls and started Monday morning.

The Bible School picnic at the Silver Creek church will be held Sunday, June 12. The program will be presented in the forenoon, followed with a noon dinner and various forms of recreation in the afternoon. The public is cordially invited to attend.

Sunday evening callers at the Lloyd Larson home were Roger Benitt, Daryl Augustine and Bruce Benitt, all of Holt.

We are sorry to report that Steve Jaennette is again a patient at the Veterns' hospital in Fargo.

Numedal . . .

Mr. and Mrs. Gene Kowarsch and son (the former Marjory Hible) and Mr. and Mrs. Robert Kowarsch all of St. Paul were luncheon guests Saturday at the Frank Hible home. They were also afternoon visitors at the Winton Knutson home.

Mr. and Mrs. Dwight Kjellberg and Donna of Minneapolis were visitors Saturday evening at the Jack Kjellberg home.

Mr. and Mrs. Clarence Joringdal visited Sunday evening at the Olaf Pederson home.

Free Lutheran Ass'n. Has Convention Here

Annual conference of the Association of Free Lutheran Congregations was held in Thief River Falls last week. Re-elected president of the association was Rev. John P. Strand, Minneapolis, who will be serving his second full three-year term. Rev. Strand was first elected while serving a parish at Tioga, N. D.

Other officers chosen were the Rev. Richard Snipstead, Ferndale, Washington, vice-president, and the Rev. Harry C. Molstre, Dalton, secretary.

Named to the co-ordinating committee, the between - conferences administrative board, were the Rev. J. G. Erickson, Radcliffe, Iowa, and David C. Hanson, Minneapolis.

Generating considerable discussion at the convention was a resolution endorsing the decision of the board of trustees of Free Lutheran seminary in Minneapolis to proceed with plans to open a Bible school at the same location this fall. Some delegates wished to make the resolution tentative, but an amendment to that effect was defeated. The Bible school, which will separate from the seminary, will begin operation on September 12 and will offer a two-year Bible course.

Also provoking lively debate were proposed revisions of the rules for work, consitution of the association, whose congregations are found largely in the Upper Midwest and on the West Coast. Chief interest centered in the length of terms of the consititutional officers. The revision committee suggested that there be no limitation while some delegates were in favor of a three-term limit. Since this was a first reading of the revisions, it is not known yet what the final outcome will be.

In the area of stewardship, the conference established the "Phase" program, a forward phase fund for capital expansion, as a regular part of the association's budget. The goal for this fund for the next fiscal year was set at $30,000. The total budget adopted by the convention was almost $140,000.

Selected to membership on the board of missions by the Missions corporation were Robert Knutson, McVille, N. D. and Melvin Gravgaard, Tioga, N. D. The association maintains a mission in Parana state in Brazil and one at Nogales, Arizona. Director of the latter mission, Rev. L. C. Dynneson, was present at the parley.

The church's periodical is a biweekly magazine called "The Lutheran Ambassador". The editor, Rev. Raynard Huglen, Roslyn, S. D., was nominated for a new term, subject to election by the coordinating committee.

In addition to other business mentioned, the conference considered reports in the areas of youth work, pensions and parish education. The Luther League federation, youth auxiliary of the church, plans a convention in 1967 in Kalispell, Mont.

Over 300 delegates from 10 states registered for the conference.

ANNUAL conference of the Association of Free Lutheran Congregations was held in Thief River Falls Wednesday through Sunday of last week with the men pictured above elected as officers. Left to right are Rev. John P. Strand, Minneapolis, president; Rev. Richard Snipstead, Ferndale, Wash., vice president; and Rev. H. C. Molstre, Dalton, secretary. Rev. Strand was reelected, having been elected for the first time three years ago while serving a parish at Tioga, N.D.

Plummer Plans Celebration for Fourth of July

Plummer is again making plans for its Fourth of July celebration with a parade to open festivities at 11 a.m. Floats, bands, festival queen candidates, cars with dignitaries and horseman entries will be included in the parade.

Other events for the day include street races for boys and girls, men and women, horseshow pitching contests, old-fashioned tug-of-war between the town and country, rolling pin throwing contest for ladies, pie eating contest, all-star softball game and horse show. Fireworks and a dance will be evening activities.

Queen candidates are selling souvenir buttons which will be good for admission at the evening dance. Candidates include Pat Moreau, Lou Cafe; Loretta Granurh, Plummer State bank; Marie Frolland, Plummer elevator; Vickie Hanson, East Side service company; Karen Essed, [illegible] creamery; and Arlene Malwitz, Hesse grocery.

Cub Scouts Visit Winnipeg District

Thirty-four members of Cub Pack 59 of Thief River Falls traveled to Winnipeg, Man., Canada, recently to pay a return visit to the Seven Oaks district. Members of the Canadian scouts had visited this city April 23 for the annual Boy Scout exposition, and hosted the Thief River Falls group at a "Space Day" program on June 4.

Cubs and leaders making the trip gathered at the Laurie Ward home at Winnipeg June 3 for an evening wiener roast, then picked up their billets and spent the night with the Canadian boys.

Saturday's "Space Day" activities at Rivercrest, Man., included a parade at 2:30 p.m., opening ceremony at 3 p.m., "Space Day" events, supper, rocket ship race and campfire sing-song and award presentation. The parade was led by the kildonan bagpipers, followed by color bearers including Steven Sorenson, member of Boy Scout Troop 59 in Thief River Falls.

A number of awards were made at the event. Florian Kritz, district committeeman, presented a trophy cup from the Lake Agassiz council to Charles Arnold, Seven Oaks district president, and also awarded a thank-you badge. Adrian Larson, cubmaster, presented all adult leaders with universal scouting miniatures and Kritz awarded neckerchief slides from the council to the 22 Canadian scouts who attended the exposition here. Mayor Orin Green also sent gifts to Mayor Stephen Juba of Winnipeg and C. N. Kushner of West Kildonan. Local cubs received participation award banners for attendance and costuming. Appreciation plaques were al-

HOSTS to Cub Pack 59 on its visit to the Seven Oaks district in Winnipeg recently were the Canadian scouters pictured above. Sea Scouts in the front row assisted with preparation and serving of food. In the back row are Ernie Adolph, Don Torrance, Miss Ruth Alberts, Mr. and Mrs. Laurie Ward, Vic Savage and Mr. and Mrs. Dick Savage.

Middle River Elevator Under New Management

New manager at the GTA effective June 6 is David Culp, originally from Pencer, who last held a similar post at McCanna, N. D. He is married to the former Julie Brodeson of rural Gatzke.

At a public meeting April 22, the Co-op Elevator association stockholders voted to liquidate their holdings. The elevator will now be operated as GTA line elevator.

Extensive repairs are being made on the buildings by a repair crew under the direction of Paul Rohrer of Grand Forks.

TRADITION of husband and wife teams elected to the top positions of American Legion Post 117 and its auxiliary is growing year by year. Robert Reeve, pictured above, was installed as commander of the post Tuesday night, and Mrs. Reeve was installed as auxiliary president. Mr. and Mrs. Reeve are third commander-president team to be so installed in three consecutive years. Mr. and Mrs. LeRoy Nabben were elected to these positions in 1964 and Mr. and Mrs. James Cuppett were so elected in 1965.

Small Wheat Crop Can Be Offset By Certificates

Wheat growers whose crops this year are not proving up to par because of floods or other nautral causes are fortunate if they signed up this spring to take part in the 1966 voluntary wheat program, according to Winton Knutson, chairman of the Pennington County Agricultural Stabilization and Conservation committee.

He pointed out that the amount of certificates for which such growers are eligible under the program will not be reduced because the crop turned out to be smaller than expected.

For participating in the 1966 wheat program, a farm operator qualifies (1) for marketing certificates on the part of his wheat considered as produced for domestic consumption and (2) for price-support loans on his wheat crop.

Since the certificates are based on the farm's projected rather than the actual yield, a small crop from the allotment acres planted for harvest would not change the amount of certificates for which the grower qualifies. The domestic marketing certificates will be made on as much as 45 per cent of the farm allotment's projected production. They will be valued at the difference between the national average price-support loan rate and parity as of the first day of the 1966 marketing year, July 1, 1966. The national average loan rate for 1966-crop wheat is $1.25 per bushel.

A wheat producer taking part in the wheat program will be eligible for certificates on all planted wheat acreage up to 45 per cent of his wheat allotment.

Vocal Music In Summer School Starts This Week

Summer school vocal instruction begins today (Monday) and continues through July 22, a six week period. Announcement was made by Bryant Ulseth, vocal music instructor.

Students in the junior and senior class will receive individual voice lessons during this time with each student attending a half hour lesson once a week. This individual instruction is open to all junior and senior students interested in concert choir for next year.

Sophomores will receive their instruction in a group situation as class voice, Ulseth said. This instruction is given at 10-10:50 each Tuesday during the period. Those sophomores who have registered for Lincoln Singers or concert choir for the 1966-67 school year should enroll.

Szymanski Given Goodridge Home Economics Award

Christine Szymanski, graduating senior at Goodridge high school, has been awarded a special trophy for outstanding work in home economics. The gold trophy was presented to Christine on award day by the home economics instructor at Goodridge, Mrs. Videlia Peters.

In awarding the trophy, Mrs. Peters congratulated Christine on the excellence she has shown in her work and said that she "felt certain that her achievement in home economics would be an inspiration to other students for many years to come."

Christine, daughter of Mr. and Mrs. Thad Szymanski of Goodridge, was enrolled in home economics four years at Goodridge high school. She plans to continue her studies at Utah state, where she will be a freshman next fall.

Red Lake Falls Voters Approve School Bonds

In a special election held following an earlier defeat of the issue, Red Lake Falls school district voters approved a $595,000 bond issue for school construction and remodeling purposes recently. The vote was 339 in favor and 295 opposed.

Provision was also made for voters to express opinion on a site for a new elementary school and a north side site purchased by the board was approved by the voters.

The proposed construction includes the new elementary school and remodeling of the Lafayette-Washington schools plant to serve grades seven through 12 only.

17th Annual Dairy Day To Be Held on Tuesday

Members of the Northwest Dairy Improvement association are prepared to raise the curtain for the 17th Annual Northwest Dairy day in Thief River Falls on Tuesday. The event will feature approximately 200 dairy cattle exhibited by 4-H and FFA members. More than 30 county princess contest winners competing for the Northwest Dairy Princess title are being judged today with the winner to be announced Tuesday.

Harley Shurson, East Polk county agricultural agent, will serve as livestock show supervisor this year. Cattle will begin arriving early Tuesday morning, with the activities to begin at 10 a.m. with a showmanship demonstration. Mark Bruggeman of Thief River Falls, showmanship champion at the 1965 Dairy Day, will demonstrate showmanship pointers with comments from the judges. Activities will be moved inside the city arena in case of inclement weather.

Judging the dairy show will be Dr. Garth Miller of the University of Minnesota and Carol Blakeslee of Red Wing. First group to be judged will be Class I Holsteins—annually the largest class of the show—with 90 calves entered in the class this year.

Judging the dairy princess contest today are John Dysart, Minneapolis; LeRoy Jarl, St. Paul; and Verna Magnuson, Austin. The princess contest is under the supervision of Rudy Mehlhoff.

At 2:45 p.m. Tuesday the showmanship contest is scheduled with presentation of a purebred dairy calf to be made at 3:15 p.m. Winner of the calf is Debbie Jaenicke, Badger, who showed the grand champion grade animal at 1965 Dairy Day. Andy Erickson, Badger, director of the Northwest Dairy Improvement association, will present the purebred Holstein calf which was purchased from the Paul Visser herd at Ada.

Walter Schoen of Fosston will preside at the awards presentation program beginning at 3:30 p.m. Making the awards will be the following: Judge Carrol Blakeslee, showmanship; Judge Dr. Garth Miller, breed champions; Elmo Skare, Red Lake county agricultural agent, grand champion grade and grand champion purebred; Tom Johnson, seventh year plaques; and Jack Israelson, eight, nine and 10-year trohies.

Mehlhoff will preside at the princess coronation when comments will be made by Cliff Markuson, manager of the Minnesota American Dairy association. Princess Kay of the Milky Way, Mary Ann

FU Oil Company Annual Meeting Held Last Week

Net earnings of 11.94 per cent were noted at the annual meeting of the Farmers Union Oil company held last Saturday at the Thief River Falls city auditorium. Orville Kruschke, district supervisor for the Farmers Union Central exchange, read the annual report.

Jesse Bakke of Thief River Falls and Melvin Melin of Red Lake Falls were reelected to the board of directors. Elected officers were Bakke, president; Bert K. Johnson, Goodridge, vice president; and Melin, secretary-treasurer. Jarvis Torgerson and William Rupprecht, both of Thief River Falls, are directors.

Hyrom (Jack) Sorensen, manager of the Thief River Falls Production Credit association, spoke briefly on how cooperatives can work together to accomplish mutual objective. JoAnn Fallon, Plummer, reported on her trip to the Minnesota Association for Cooperatives youth conference and presented her views on how cooperatives concern young people.

Lunch was served by the Pioneer local of the Farmers Union following adjournment of the business meeting.

Stearns County 4-H Exchange Starts This Week

Nine Pennington county junior leaders will take part in a county to county exchange June 13-20 with Stearns county. In return junior leaders from Stearns county (St. Cloud) will spend the same week with farm families in Pennington county.

Purpose of such an exchange is to help break the barrier between rural and urban communities as well as gaining an insight to 4-H in another county.

Those going from Pennington county are Debra Halverson, Steiner; Angela Mickelson, Kratka; Renae Ptacek, Silverton; Dawn Swenson, Steiner; Debbie Duke, Silverton; Judy Johnson, Black River; Joyce Peterson, Silverton; Curtis Lindblom, Kratka; and Ross Hanson, Silverton.

PRINCESS KAY of the Milky Way, Mary Ann Titrud of Clarissa, will be wearing her original butter carton dress when she appears at Dairy Day in Thief River Falls Tuesday. She will assist in the crowning of the new Northwest Dairy Princess Tuesday afternoon.

Adoption Meeting Series Is Slated

Ronald Mooers, Pennington county welfare director, reports many new adoptive homes have been found as a result of the new policy of public welfare agencies in having the total adoption study completed in the county of residence of the prospective adoptive family. Before this policy was put into effect, couples had to make at least two trips to St. Paul for the group meeting and intake interview. Now the complete adoptive study can be finished in the families' home county.

To help families who think they may be interested in adopting learn more about the children available and how to adopt them, another series of group meeting is being held this month in Thief River Falls. Attendance at these meetings is by invitation only.

Invitations can be obtained by contacting the Pennington County Welfare department.

In the region of which Pennington county is a part, 23 families attended the last group meeting in August of 1964. Some of these families are now ready to have children placed with them and other families already have their children, Mooers said.

However, this is only a start in the number of homes the public welfare departments need if they are to be able to place the growing numbers of children who are available for adoption.

Such as Jimmy, a six month old Indian boy, or a cute little mixed race child, or Mary, a two year old Catholic girl. "All of these children and several hundred like them are awaiting placement in a home where they can find and give their love," Mooers noted.

"A complete reversal has come about in the last years, from when there were 10 families for every child; now there are about three children available for adoption through the public agencies for every family," he said. "This change has come about because of the increase in illegitimate births and more couples being able to have families of their own, because of medical advances. Also, adoption agencies have found that some older children can accept good adoptive homes. Families that want children three and above are being sought."

LHS Band Will March in Parade

Members of the Lincoln high school band are asked by director John Moum to report in uniform to the high school at 3:30 p.m. Tuesday to prepare for marching in the Northwest Dairy Day parade.

Theatre Group

Members of the Thief River Falls Community theatre will meet Wednesday at 8 p.m. in the city auditorium basement. All persons interested in the organization are invited to attend.

211 Boardings on North Central From TRF in May

Passenger and cargo traffic on North Central airlines reached record highs for May, according to Frank N. Buttomer, the company's vice president-traffic and sales. Local boardings at the Thief River Falls municipal airport totaled 211 during the month.

North Central boarded 160,907 passengers to show a 25 per cent increase over May of last year. Passenger miles flown reached 28,783,520, 26 per cent ahead of the same month in 1965.

Cargo ton miles flown were 345,791, a 12 per cent increase compared with last May. Express ton miles rose seven per cent, freight ton miles 12 per cent, and mail ton miles 20 per cent.

May boardings boosted the total for the first five months of 1966 to 737,751 passengers, a 26 per cent increase over the same period last year. Gains of 23 per cent in mail ton miles, 24 per cent in freight and 11 per cent cent increase in total cargo ton miles carried for the first five months of 1966.

During May, North Central completed 99.8 per cent of its scheduled 1,400,142 miles.

Peters, Ptacek Given County 4-H Scholarships

Edythe Peters and Wayne Ptacek have been named 1965 recipients of the Pennington County 4-H Leaders council scholarships. Scholarships are presented each year to a 4-H boy and girl who meet the requirements set up by the leaders council and plan to attend any accredited college.

Edythe Peters is the daughter of Mr. and Mrs. Clarence Peters, Goodridge, and has been in 4-H club work three years. She was a member of the Good Hope 4-H club.

Wayne Ptacek has been in club work eight years and is a member of the Silverton 4-H club. He is the son of Mr. and Mrs. Archie Ptacek, Goodridge.

Any Pennington county 4-H'er who graduated from high school this spring and is interested in applying for the 1966 scholarship can get an application at the county extension office.

Newfolden Youth Elected Senior President at BSC

In an election held recently at Bemidji State college, Dale McCullough, son of Mr. and Mrs. Patrick McCullough of Newfolden, was selected as the senior class president for the 1966-67 academic year, outdistancing his opponents by a two-to-one margin.

As president, McCullough will be chairman of the BSC elections committee; a member of the executive committee and a member of the student senate. He is selecting a five-member committee to assist him in his duties.

At a banquet held recently at the Val Chatel ski resort near Park Rapids, McCullough was awarded a book printed in German, French and English for having been selected as the outstanding German student in his class.

Area Soaked by 1.20 Inches of Rain Saturday

It looked as if residents of Thief River Falls and the surrounding area, together with the visiting Legionnaires, would have to take up swimming Saturday afternoon as the area was drenched by a 1.20-inch cloudburst. It was the heaviest accumulation of precipitation recorded at the airport since 1.40 inches were melted from 11 inches of snow March 4.

Severity of the storm is evidenced by the fact that the American Legion parade, which was to highlight the Ninth district convention here last weekend, was canceled due to inclement weather.

Forecast calls for partly cloudy to occasional couldiness and light showers and drizzle today with locally cooler temperatures. Fair to partly cloudy skies and locally warmer temperatures are expected tomorrow. Winds today will be westerly from 15 to 25 miles per hour, diminishing tonight. High today will be near 60 degrees; lows tonight will range from 44 to 50. Precipitation probabilites are 50 per cent today, 20 per cent tonight and five cent tommorrow.

Temperature and precipitation readings recorded at the airport are as follows: 62 and 41 on Wednesday; 69 and 40 on Thursday; 77 and 40 on Friday; 72, 53 and 1.20 inch on Saturday; 69, 50 and .08 on Sunday; and a low this morning of 51.

KITCHEN KARNIVAL

Features from the Kitchen of

MRS. THEODORE BEISWENGER OF SMILEY TOWNSHIP

Picnic and cook-out time is here. With it one associates a menu consisting of wieners, potato salad and steaming pots of baked beans. Because of the time element, too often the family must substitute canned beans for home-made ones. This is no longer necessary according to Mrs. Ted Beiswenger, who submitted today's recipe for home-made beans. She stated that since she obtained this recipe, she no longer prepares beans any other way.

BAKED BEANS

2 cups dried beans
3 slices bacon or salted pork
2 tablespoons chopped onions
one-eighth teaspoon pepper
4 tablespoons molasses or syrup
3 tablespoons brown sugar
1 teaspoon dry mustard
2 cups hot water
1 teaspoon salt

Method: Soak beans overnight. Brown bacon or salt pork in pressure pan, add onions and simmer for a little while. Add remaining ingredients, cover and set control at 15 pounds of pressure. Pressure for about 30 minutes, letting the pressure return to normal before removing cover.

She stated that she generally doubles the recipe and freezes part of it for future use.

The Ted Beiswengers are engaged in farming in Smiley township. They have two children: Norma, who will be in 10th grade next fall, and Judy, who will be a sixth grader.

When questioned regarding hobbies, Mrs. Beiswenger stated that her family, church and their activities are her main interests. As a Sunday school superintendent at St. John Lutheran church, where the family attends, she often substitutes as teacher. For the next two weeks, she'll be teaching vacation Bible school. She is a member of the Smiley homemakers club and is adult leader of the foods project for the Smiley 4-H club.

Mr. and Mrs. Tensard Flory and Robin of Cleveland, Ohio, returned Wednesday to their home after spending a few days here at the home of Mrs. Flory's parents, Mr. and Mrs. Glenn Lindquist. Mrs. Flory is the former Joan Lindquist. Enroute home they will visit Mrs. Flory's sister, Janet, and family, the Robert McAllisters in Minneapolis.

Mr. and Mrs. Dave Spurbeck, Betty Turner and two children, Judith Ann and Steven Arthur, all of Coeur d'Alene, Idaho and Mrs. Ethel Carter of Spokane, Wash., are here visiting at the home of Mr. and Mrs. Alfred Husby and with other friends and relatives. Mrs. Spurbeck and Mrs. Carter are Mr. Husby's sisters.

PANELS of metal were being erected on the large pole shed which will be used for storage of baled alfalfa hay when this picture was taken Friday at the Northwest Pellet association site north of Thief River Falls. For its trail run Friday, the cooperative purchased its first hay from Rodger Love of Euclid. The first purchase of 17.85 tons (35,710 pounds) was made for $15 per ton and a total of $267.75. Hay from the 1965 alfalfa crop will be used until 1966 crop hay is available according to Art Ramage, plant manager. The plant will be Red Lake Electric Cooperative's largest load customer for electric power.

ALFALFA hay bales are shown on the conveyor as they are fed into the shredder at the Northwest Pellet association's alfalfa pelleting plant located north of Thief River Falls. Equipment was given a trial run Friday, and the normal run of complications resulted as equipment was adjusted to produce the product. The shredder is located at the end of a conveyor which extends the length of a pole shed used for bale storage. Shredded alfalfa is blown through on overhead pipe to the remainder of the operation.

Top Ten Herds In Pennington DHIA Are Listed

Orville Peters, supervisor of the Pennington County Dairy Herd Improvement association lists the following herds as the top ten in the association for the month of April:

	Ave. Lbs. Milk	Ave. Lbs. Fat
Clyde Christensen	1,235	46.2
Wallace Reierson	1,251	45.5
Carl and Kermit Finstad	1,228	44.8
John Burtness	1,175	44.0
Myron and Mylo Carlson	1,050	43.7
Darrow Lindeen	1,084	40.9
Donald Erickson	1,068	38.7
Martin Hanson	1,090	38.2
Don and Mark Bruggeman	1,018	37.6
W. and L. Hamrick	965	36.8

Herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat produced is averaged out over all the cows. This gives the farmer a record of the earning power of the herd for the month.

If too many dry cows are included in the herd, the average for that month may be low even though the cows which are milking produce a lot of milk.

There were 24 herds on test with the total of 731 cows and an average of 30.4 cows per herd during April with the Pennington association; 88 per cent of which were milking. Average amount of milk produced per cow was 996 pounds which tested 3.7 per cent fat. This amounted to 36.9 pounds of butterfat per cow.

Eight cows finished with over 500 pounds butterfat during the testing year, in a 365-day or less lactation. They were from the following herds:

	Lbs. Milk	Lbs. Fat
Mordy Morrison	17,640	569
Art Stenberg	14,400	513
Art Stenberg	14,090	525
John Burtness	15,680	520
Dale Svendsgaard	11,900	531
Myron and Mylo Carlson	13,960	511
Myron and Mylo Carlson	13,100	502

State Bar Ass'n. Sets Program for Annual Meeting

Debates, panels and major addresses will highlight the 82nd annual meeting of the Minnesota State Bar association June 21-23 in Radisson hotel in Minneapolis. Several local attorneys are expected to attend.

Convention registration will open at noon Tuesday, June 21, and will be followed by a debate on television coverage of civil and criminal trials in the courts.

Headlining the Wednesday sessions will be the noon address by Donald F. Turner, Washington, D. C., assistant attorney general of the Department of Justice's anti-trust division. A general assembly will follow the address.

Oscar Knutson, chief justice of the Minnesota Supreme court, will talk to the Minnesota District Judges association. George Lethert, regional director of the Internal Revenue service, will also address the judges Wednesday afternoon.

Thursday's schedule calls for morning sessions as well as a major address to the group at noon by Edward W. Kuhn, president of the American Bar Association.

Friday's schedule will be highlighted by a luncheon address by Miles W. Lord, recently appointed United States District Judge, Duluth. Clarence O. Holten is serving as convention chairman. James E. Montague Jr., Duluth, president of the state association, will preside.

Proper Storage Of Pesticides Is Good Practice

Proper storage of the pesticides and other garden chemicals you've been buying this spring is one assurance that you'll get the most out of them.

Always keep them in a cool, dry place so the powders will not take up moisture and cake, cautions Neil Miles, extension horticulturist at the University of Minnesota. Keep them in the original containers for the sake of safety as well as convenience. Then there will be no problem of identifying the contents and having the directions for use.

Some gardeners make a point of keeping insecticides and fungicides in a storage place away from herbicides or weed killers such as 2,4-D so there is no chance of contamination from a leaking herbicide package. Use of a contaminated herbicide or of a weed killer by mistake for an insecticide or fungicide can kill your garden plants.

Most important precaution of all, says Miles is to store all garden chemicals where young children cannot get into them. Lock them in a cabinet, if possible.

THIEF RIVER FALLS

Area Students Graduate from U of M Saturday

University of Minnesota President O. Meredith Wilson conferred undergraduate and graduate degrees on approximately 3,500 graduates at the June commencement exercises Saturday in Memorial stadium.

Among those awarded degrees were James Weir Ewing, Thief River Falls, bachelor of arts; Edward Philip Lietzow, Thief River Falls, bachelor of mechanical engineering; Ronald Barnett Bergson, Grygla, and Mark Allen Larson, Thief River Falls, bachelor of science in business; George Albert Hankerson, Thief River Falls, bachelor of science in dentistry; and Lewis Enos Struthers, Red Lake Falls, and James Terrian, Thief River Falls, doctor of medicine.

President Wilson gave a brief charge to the graduates and awarded three honorary degrees to distinguished alumni of the university. Hubert Horatio Humphrey, vice president of the United States, received the doctor of laws degrees; James Patrick Shannon, auxiliary bishop of the Archdiocese of St. Paul, was awarded the degree of doctor of humane letters; and Frederick Russell Kappel, chairman of the board of American Telephone and Telegraph company, was awarded the degree of doctor of engineering.

Hallinglaget Convention Set At Concordia

Hallinglaget of America will hold its 59th annual convention at Concordia college, Moorhead, Friday and Saturday. The Friday evening program held in the old main chapel of the college will feature a musical concert in which Shirley Lillehaugen Thompson, violinist, and Barbara Nymark, pianist, both of Minneapolis, will take part.

Convention speakers will include Mayor Ray Stordahl of Moorhead, Halvor Langslet of Detroit Lakes and A. J. Johnson of Fargo, vice consul of Norway for North Dakota. The program will include other talks and selected music.

Saturday evening a smorgasbord banquet featuring Halling goods will be served at the Sweden House across the street from Concordia College. Mrs. M. A. Hoghaug of Grand Forks N. D. will sing Norwegian folk songs and Orion Myking Mehus of New York City will play violin selections. Miss Frieda Nielsen, associate professor emeritus of English at Concordia, will speak.

The local committee on arrangements includes Miss Almeda Sosteng, Fargo, chairman; Mrs. Theresse Lundby, Moorhead; Oscar Aaker, Fargo; and Tollef Lee, Kindred, N. D.

Officers of the Hallinglag are Dr. O. Myking Mehus, Branson, Mo., president; Tollef Lee, Kindred, N. D., vice president; Adolph O. Lee, Devils Lake, N. D., secretary; and Peder Nelson, Northwood, N. D., treasurer and editor of the Hallingen. Secretary Lee is formerly of Newfolden.

Farmers Buy Four Million Bushels Of CCC Grain

Minnesota farmers in 21 counties bought over four million bushels of Commodity Credit corporation (CCC) owned feed grains under the 1965-66 emergency livestock feed program. The program ended on May 31.

According to Ben Wichterman, chairman of the Minnesota Agricultural Stabilization and Conservation (ASC) committee, over 2.2 million bushels of oats and about 1.8 million bushels of corn were bought.

The emergency livestock feed program made available feed grains owned by CCC at reduced prices to farmers in the disaster areas. As authorized by law, the grain was available at not less than 75 per cent of the local feed grain support price. The reduced rate applied only to maintaining foundation herds of cattle.

"Farmers in the 21 counties were eligible because of flooding and excessive moisture that prevented crop maturity. Under the previous year's program, farmers in 45 counties were eligible because of drought conditions.

"Although the emergency livestock feed program was ended, other disaster programs continue. Emergency conservation assistance provides farmers cost-sharing aid to restore or repair land and facilities damaged by natural disasters," Wichterman said.

"Use of acreages diverted from surplus crops for livestock maintenance during disasters has been broadened considerably in the past few years. Originally only grazing was permitted on retired or diverted cropland acreages. Now in emergencies hay can also be harvested in counties declared disaster areas," Wichterman concluded.

DEGREE of bachelor of arts was awarded to Rebecca Ferber, daughter of Mr. and Mrs. Erwin H. Ferber of Thief River Falls, at commencement exercises held at Augsburg college in Minneapolis June 5. A sociology major, she was one of 250 students graduated from the college this year.

Alumni Reunion For NW School Slated June 25

On Saturday, June 25, the annual alumni reunion will be held at the Northwest school of agriculture, Crookston.

The alumni reunion this year is expected to bring back to the Northwest school campus many of the graduates from the class of 1916—they will be celebrating their 50th anniversary. Celebrating its 25th anniversary will be the class of 1941. Other classes making plans for a special get-together are the Class of 1956 for its 10th anniversary and the Class of 1946—Advanced (Senior class of 1945)—for its 20th anniversary.

The classes with years ending in "1" and "6" will be observing their reunions; however, the alumni reunion is for alumni of all graduating classes, former student and faculty. All are invited.

A "smorgasbord" supper will served at 6 p.m. in the gymnasium this year instead of the dining hall, since the dining hall building is undergoing remodeling. The meal will be available to alumni, former students and faculty; however, meal reservations must be made by June 21. Reservations should be mailed to the superintendent's office, Northwest school, Crookston.

The alumni association will have its annual business meeting and program in the gymnasium following the supper meal. According to Leo Ash of Orleans, president of the association, the election of officers will take place this year.

A "get-together" for the class reunion groups will be held following the supper hour, with each reunion class meeting in an assigned building on the school campus. Northwest School alumni who wish to receive more information on plans for the special anniversary reunions may write to E. N. Reiersgord, principal, Northwest School.

Officers of the Northwest School Alumni Association include: Leo Ash Orleans, president; Glen Finkenbinder, Crookston, vice-president; Mrs. Charles Holmquist (nee Bonita Vesledahl), Crookston, secretary; and Mrs. Roger Tollefson (nee Barbara Thureen), Beltrami, treasurer.

Ray Collver officiated and interment was made in the IOOF cemetery at Cando, N. D. Special music at the funeral was provided by Mrs. H. Ray Collver, organist and by a trio composed of Rodney, Anna and Bruce Collver. Green Funeral home was in charge of arrangements.

Mrs. Kennedy, the former Ella Rockstad, was born March 26, 1888 in Thief River Falls to Martin and Caroline Rockstad. She attended school and grew to womanhood here. On July 23, 1910, she was united in marriage to Jesse Kennedy. After their marriage they moved to Cando, N. D., where they made their home. Following the death of her husband in 1942, she returned to this city where she had since resided.

Surviyors include a brother, Fred Rockstad of Brainerd and several nieces and nephews.

In addition to her husband, she was preceded in death by a daughter, four sisters and five brothers.

NEW MANAGER of the Montgomery Ward store in Thief River Falls is Arve Moser, right, shown receiving the keys to the store from Duane Larson, district manager. Moser has returned to employment in Thief River Falls from Merrill, Wis., where he spent a training period with Montgomery Ward. He succeeds James Dale, who has accepted a position as manager of the Williston, N.D., store.

Republican State Convention Set For June 23-25

Mrs. Russell Lund, Edina, national committeewoman and general chairman of the Republican state convention June 23-25 says plans are nearly complete for the convention.

"By 1 p.m. Thursday, June 23, convention activities should be well underway," she said. "That's when the counties will caucus to make provisions for the seating of alternates."

The county caucuses will be preceded earlier in the day by meetings of convention committees and the state central committee, followed by a joint luncheon at which the Care awards will be presented. These activities will be in the Leamington hotels.

First general session will open at 2 p.m. Thursday in the new convention center of the Minneapolis auditorium. Committee reports such as rules, credentials, and hopefully, resolutions will be heard; then the convention will recess for Congressional district dinner-caucuses and a parade of candidates to the caucuses.

The convention will re-convene at 9 a.m. Friday to consider the party platform which it is hoped, will be adopted by Friday afternoon when the nominations are anticipated.

After time out for a reception honoring the Congressmen and state officials and district dinner-caucuses, the process of selecting the candidates will be resumed at about 8:30 p.m. and will continue into Saturday. Adjournment is expected about noon on Saturday.

Mrs. W. L. Weden, Once of TRF, Dies In Calif.

Mrs. W. L. Weden, a former resident of Thief River Falls, died Wednesday at Costa Mesa, Calif., following a lengthy illness. Funeral services for Mrs. Weden were held Thursday in California.

Born at Bathgate, N.D., Mrs. Weden resided at Neche, N.D. and Thief River Falls before moving to California. The Wedens celebrated their 59th wedding anniversary in December 1965.

Survivors include her husband, a retired agent for the Great Northern Railway; two sons, Vernon Weden of Huntington Park, Calif., and Marion Weden, commander in the U. S. Navy Nurse corps, stationed on Guam and one sister, Mrs. W. A. Colvin of Grand Forks, N.D.

Minnesota Luth. Leader Dies at Ohio Convention

Funeral services are being held today at Trinity Lutheran church at Moorhead for Rev. Dr. Arthur E. Hanson, 72, President emeritus of the Northern Minnesota district of the American Lutheran church and a former pastor of the First Lutheran church at Middle River. Dr. Hanson died Wednesday in Columbus, Ohio, where he was attending the Ohio convention of the ALC. He concluded his morning lecture by saying, "I'll develop my remarks further tomorrow—if God be willing." Recently he had suffered from heart trouble, however, the cause of death was not immediately learned.

Dr. Hanson headed the Northern Minnesota ALC from 1961 to 1964 and previously had been president for 10 years of the same synod of the Evangelical Lutheran church prior to its merger into the ALC.

During his 40 years in the Lutheran ministry, Dr. Hanson served pastorates at Middle River, Stephen, Argyle, Bemidji, Duluth and St. Paul. He also served a congregation at Brookings, S. D. Following his recent retirement from the synod post, he had served as assistant pastor of Trinity Lutheran church at Moorhead where his eldest son, Paul, is senior pastor.

He is survived by his wife and four sons, who are all Lutheran ministers, Paul Hanson, Moorhead; James, Glendive, Mont.; John, campus pastor of New York university and Rolf of Spring Grove.

ROGER Gary Fuller, son of Mr. and Mrs. Tom Fuller of Thief River Falls, received a masters degree in civil engineering at commencement exercises June 5 at the University of North Dakota. Fuller and his wife left the following morning for Huntington Beach, Calif., where he has accepted employment with the Douglas Aircraft company.

Rural Physician Shortage Critical In Minnesota

Shortage of rural physicians in Minnesota is critical and is going to get much worse before it starts to show any improvement. Of 716 family physicians outside the Minneapolis - St. Paul - Duluth metropolitan areas, one-fifth are over 60 years of age, according to Dr. Herb L. Huffington, president of the Minnesota Academy of General Practice.

"This means that within five years nearly 200 new general practitioners will be needed outside the metropolitan areas in order to bring medical service up to acceptable standards," Dr. Huffington said. This figure would provide for replacement of family physicians retiring from practice in addition to new graduates to fill the vacancies existing in many of the communities around the state. The University of Minnesota graduates about 20 GP's each year and 10 practice in metropolitan areas.

In his address to the Southern Minnesota Academy of General Practice meeting at Owatonna, he commended Rep. Richard W. Fitzsimons, Argyle, chairman of a Legislative subcommittee to investigate the family doctor shortage, and his committee members for their interest and efforts to help ease the family doctor shortage. He urged all communities without adequate medical service to communicate with Rep. Fitzsimons and the members of his committee as well as with their own state legislators. "Unfortunately, however," he noted, "mere appropriations of monies and expansion of medical school facilities will not produce adequately trained general practitioners for medical service in rural areas. Both the faculty and students must be educated as to what medical training is required for medical practice in a rural area.

"At the University hospital they see only the rare problem cases which are referred there because of their rarity and because of the fact that they are problems. The patients referred to the University hospital constitute far less than one in 1,000," he indicated, "and thus give a distorted view of medical practice to the students and the faculty, most of whom have never practiced in any institution that did not depend upon the referral of rare diseases for its patients."

Surveys of students entering medical school indicate that over 60 per cent intend to enter general practice but they that are so discouraged by the complexity of these unusual cases that less than 20 per cent become general practitioners when they graduate.

School Board Proceedings —

SPECIAL MEETING
May 23, 1966

A special meeting of the School District Board No. 564 was held at 8:00 o'clock P.M. on May 23, 1966 in the Board Room of the Lincoln School Building.

The following members were present: Robert Bredeson, Harry Oen, Dr. George Martin, Rufus Olson, Morris Owen, Douglas Stewart, and Superintendent Hankerson. Absent: Lloyd Howick.

Chairman Rufus Olson presided.

The meeting was held for the purpose of meeting with architects on the proposed building program for the vocational school.

A motion was made by Stewart, seconded by Martin and carried to hire the following teachers.

Billie Blankenfeld, Junior High Science.

Diane Lovly, Junior High English.

Gretchen Strobel, Junior High Music.

A motion was made by M. Owen, seconded by G. Martin and carried to purchase a portable language lab.

A motion was made by M. Owen, seconded by H. Oen and carried that authorization be given to Superintendent Hankerson to process application for Economic Development Administration supplementary funds for the proposed vocational school.

A motion was made by G. Martin, seconded by H. Oen and carried to execute the following certificate of non-relocation:

"Project: Vocational School Building Thief River Falls, Minnesota.

I certify that I am Superintendent, Independent School School District 564 and that the above named Public Works and Development facility project is not undertaken for the purpose of serving an industrial and commercial enterprise which has relocated its operations into the area during the past 24 months or for the purpose of assisting, soliciting or otherwise encouraging the relocation of any industrial or commercial enterprise, and that the applicant is not presently negotiating with an industrial or commercial enterprise which intends to relocate or to curtail its operations in another location with the intention of utilizing the above named facility when it is constructed. In the event that after the date of execution of this Certificate and prior to final disbursement an agreement is reached between the applicant and any industrial or commercial enterprise to use the Development facility, the applicant will notify the EDA Administrator of such agreement and submit the name or names of the enterprise involved."

A motion was made by D. Stewart, seconded by G. Martin and carried to approve the following resolution:

"Independent School District 564 (hereinafter called the "Recipient") hereby warrants, convenants, agrees, assures, and undertakes that as a recipient of Federal financial assistance from the Economic Development Administration, for the project above identified, it will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352), the requirements imposed by or pursuant to Regulations, issued for the Department of Commerce and designated as Part 8 of Subtitle A of title 15 of the Code of Federal Regulations, a copy of which is attached hereto, to the end that no person in the United States shall on the ground of race, color or national origin be excluded from participation in, be denied the benefits, of, or be otherwise subject to discrimination under any program or activity for which the Recipient receives Federal financial assistance from EDA; and hereby further gives assurance that it will immediately take any measures necessary to effectuate this agreement.

In accord with such assurances, and without limiting the above, the Recipient agrees:

1. That it will not engage in the discrimination prohibited in subparagraph (1), (2), or (3) of Section 8.5 (b) of the Department's Regulations as applicable to its program, and in any prohibited act or course of conduct with respect thereto as further described in Section 8.4 of the Department's Regulations.

2. That as to employment practices it will take the actions specified in Section 8.5 (b) (2) of the Department's Regulations.

3. That it recognizes its obligation for compliance with Title VI and the Regulations extends not only to its direct activities but also in accord with Section 8.5(b) (4) of said Regulations to assure that, where applicable, the contractors, subcontractors, suppliers, lessees, and other parties directly participating in the Recipient's project will comply with Title VI and the Regulations with respect to such project. To that end, the Recipient agrees: (a) that it will obtain as part of its contractual arrangements with such parties, as a minimum form of assurance, their agreement in writing that such parties, their assignees and successors, "during and in connection with the associated agreement relating to the Federally assisted program, (i) will comply, to the extent applicable, as contractors, subcontractors, lessees, suppliers, or in any other capacity, with the applicable provisions of the Regulations of the United States Department of Commerce (Part 8 of Subtitle A of Title 15 of the Code of Federal Regulations) issued pursuant to Title VI of the Civil Rights Act of 1964 (P.L. 88-352), and will not thereby discriminate against any person on the ground of race, color, or national origin in their employment practices, in any of their own own contractual arrangements, in all services or accommodations which they offer to the public, and in any of their other business operations, (ii) they will provide the information required by or pursuant to said Regulations to ascertain compliance with the Regulations and these assurances, and (iii) their noncompliance with the nondiscrimination requirements of said Regulations, and these assurances shall constitute a breach of their contractual arrangements with the Recipient whereby said arrangements may be cancelled, terminated or suspended in whole or in part or may be subject to enforcement otherwise by appropriate legal proceedings";

(b) that it will secure the compliance, and assist and cooperate actively with EDA in obtaining and enforcing the compliance, of said contracting parties with the nondiscrimination required by the Act and Regulations and their respective contractual arrangements; and in the event the Recipient becomes involved in litigation with a noncomplying party, it may request EDA to enter into such litigation to protect the interests of the United States in the enforcement of these obligations; and (c) it will obtain and furnish to the EDA Administrator such information as he may require for the supervision or securing of such compliance.

4. That where the Recipient is an institution referred to in Section 8.5(b) (9) of the Department's Regulations, the provision of that Section will be applicable to the Recipient's program.

5. That where EDA's financial assistance to the Recipient is to provide: (a) real property or structures thereon, the Recipient's assurances shall be in effect for the period during which the real property or structures are used for a purpose of which the assistance is extended or for another purpose involving the provision of similar services or benefits; (b) personal property the assurances shall be in effect for so long as the recipient retains ownership or possession of the property, but in any event the time shall not be less than the term of the loan and any extensions thereof, and (c) any other type or form of assistance, the assurances shall be in effect for the duration of the period during which the assistance is extended to the program.

6. That any failure by the Recipient to comply with these assurances shall constitute a breach of the agreement under which the Recipient receives financial assistance from EDA, that in such case of breach the Government may refuse to make further disbursements under said agreement, may accelerate the maturity of the Recipient's financial obligatons to the Department, and may take any other enforcement or remedial action or remedies provided in the Act and the Department's Regulations or otherwise by law, which action shall be severable and cumulative, and that the enforcement by the Government of one or more rights shall not be prejudicial to its right to obtain judicial relief and-or take any other action available under the Act, Regulations, and Recipient's agreements with the Department.

7. That these assurances shall be binding upon the Recipient its grantees, assignees, transferrees, lessees, and successors in interest."

A motion was made by G. Martin, seconded by M. Owen and carried to authorize officers and the Superintendent to sign EDA forms 501 and 503 in behalf of the city of Thief River Falls.

A motion was made by M. Owen, seconded by H. Oen and carried that the president of the board and Superintendent Hankerson request that the City Council of Thief River Falls release their option on the Lundgren property in order that the school district could purchase said property for vocational school purposes.

A motion was made by R. Bredeson, seconded by H. Oen and carried to call for bids on the following remodeling projects: new stage curtains, flying equipment, new stage exit door, painting auditorium and that Jyring and Whiteman of Hibbing should prepare specifications.

A motion was made by M. Owen, seconded by H. Oen and carried to adjourn at 11 p.m.

Signed: Robert A. Bredeson, Clerk
Approved: Rufus S. Olson, Chairman

In Memoriam

In loving memory of our dearly beloved son and brother, David, who was taken from our family circle June 11, 1960.

A ray of sunshine
Has gone from our home,
and a place is vacant today.
And the boy
That we loved so well,
Seems so very far away
But we're trying to live
Just day by day
Trusting the Father for light—
Knowing that some day
He'll be with us again.
In the Home in the City of Lights.

Sadly missed by his parents, brothers and sister, Mr. and Mrs. Lester Nordhagen, Leslie, Bruce, Richard, Steven and Shirley. 1t47p

Almost as many U. S. homes now have telephones as television sets, according to the Bureau of Census. In 1965, 81 per cent of all households in the country—86 per cent in the North Central region—had a telephone available and 92 per cent had a TV.

The Minnesota highway department supervises approximately 75,000 acres of roadside. This makes the department, in a sense, the biggest farmer in the state.

Roseau Defeats Bemidji To Win Baseball Crown

Arlynn Erickson's ground single into center field in the last half of the ninth inning, scoring Mike Pelowski from third base and Bryan Grand from second base, gave the Roseau Rams a 6-5 win over the Bemidji Lumberjacks in the finals of the Region Eight high school baseball tournament that was concluded at Warren on Wednesday evening. The win marked the first time that Roseau has won a Region Eight baseball title, and it was the first time, too, that a District 32 team has won a regional baseball championship.

Roseau will represent Region Eight in the state high school tourney being played this week in St. Paul's Midway stadium, with the Rams meeting the Region Three champions in a first-round game on Thursday.

The championship finals on Wednesday night was a scoreless pitcher's duel between Bemidji's right-handed John Melhus and Roseau's lefty Mike Baumgartner for four innings. Both pitchers had hurled seven innings in their teams respective semi-finals games on Tuesday evening, and according to State High School League rules they were eligible for seven innings of pitching in the championship game.

Roseau broke the scoring drought in the last half of the fifth inning when, with one out, Rockey Ammerman singled to left field, moved to second on a wild pitch, and scored on Erickson's single to left. And in the sixth inning Baumgartner led off the frame by poling a home run over the right-field fence, giving the Rams a 2-0 lead.

But the defending champion 'Jacks came back with a pair of runs in the seventh to send the game into extra innings. Tom Hill opened with a ground single to left, and then Tom Keyes lofted a home run over the fence in left field to knot the score.

With Mark Westhed pitcing for Roseau in the eighth, Bemidji rapped out three singles which, with a sacrifice and an error, gave them two runs and a 4-2 lead.

But Roseau tallied a pair in the last half of the eighth. Jim Nelson opened with a single off Jerry Fruetel, who had replaced Melhus. Baumgartner was safe at first on an error, and the Rams had runners on first and second and none out. Westhed sacrificed, moving runners to third and second. Jim Lundbohm's infield out, second to first, scored Nelson and sent Baumgartner to third. And when Fruetel uncorked a wild pitch, Baumgartner came in with the tying run.

John Boyer led off the Bemidji ninth with a ground-rule double. Melhus popped out, but Jeff Glime singled to scored Boyer and Bemidji again had a lead, 5-4. Bob Johnson struck out, and Larry Shadlow hit into a force play.

In Roseau's ninth, Pelowski opened with a single to left. Grand was given a life at first when his hard-hit ball went through second baseman Melhus. A wild pitch moved the runners to second and third, and then Erickson rapped a ground single just to the left of shortstop Rich Glas, and the Rams had their 6-5 victory.

Schedule, Wednesday, June 15.
Times vs. L. B. Hartz.
Union State Bank vs. Coast-to-Coast.
Wilson Bros., vs. Mostue's Floral.
Ekeren Pharmacy vs. Jensen Mink Farm.

The highlight of the week's competition in the trapshooting league on Wednesday evening was the performance of the all-girl Mostue's Floral squad who turned in a 124 to 104 win over the Coast-to-Coast. The Mostue's Floral had four "25's" in Myrt Wilson's 20-6, Ines Mostue's 15-10, Pat Ball's 15-10, and Joanie Wilson's 19-10, and with Carol Stenseth's 14-10, the Dianas of the league were one bird shy of perfect figures. For the losing Coast-to-Coast, Rube Carlson had an 18-2, Don Omdahl a 19-5, Don Kamrowski a 21-2, Stan Ranum a 16-7, and Jim Huseth a 10-4.

The Jensen Mink Farm, continuing its undefeated pace, handed the defending champion "Times" squad their second successive loss, winning by a 121 to 116 score. For the Jensen's, three shooters had "25's", with Al Jensen having a 24-3, Vern Cyr a 21-8, and Ken Moum a 17-8. Pat Fischer had a 23-1, and Mark Mattson a 17-5. The Times posted a pair of "25's" in Leif Erickson's 22-7 and Lewie Helfner's 20-7. Bob Mattson carded a 22-1, George Mostue shot a 17-4, and Jim Wills had a 19-3.

The Wilson Bros. squad recorded a four-bird win over the Union State Bank, 119 to 115, to keep pace with the Jensens. Stan Wilson chalked up a 23-Y, Si Schantzen had a 23-1, Roy Peterson a 21-2, Dan Rawerts had a 15-8, and Wally Vagle had a 20-7. The bankers came in with three "25's" in Fred Sorenson's 19-7, John Moum's 17-8, and Arnie Johnson's 18-8. Orvis Olen had a 16-4, and Walt Fischer had a 19-1.

The Ekeren Pharmacy handed the L. B. Hartz squad their fourth straight loss, winning by a 120 to 110 score. For the winners, Sandy Wilson had a 23-0, Tony Dorn a 21-1, Ray Thyren a 20-7, Tom Ekeren a 20-6, and George Schlieff a 17-7. For the Hartz team, Don Hogunson posted a 21-4, Don Harbott had a 12-8, Curt Bottem a 16-4, Lowell Johnson had a 14-8, and Carl Carlson had a 15-8.

Swim Program Opens Today at Tindolph Beach

Registration for swimming classes in the Thief River Falls summer recreation program is being held today and will continue Tuesday and Wednesday at 9 a.m. at Tindolph Park beach, according to James Foley, city director of parks and recreation.

Ballet class registration will be held Tuesday at 1 p.m. All other activities in the summer program began today, Foley said. Parents who do not have recreation schedules may obtain them from the parks and recreation office in the basement of the city auditorium.

Keeping Score with "Huck" Olson

On Collision Course

It appears that the Jensen Mink Farm and the Wilson Bros. trapshooting squads will be in a team-for-team and man-for-man match for the league lead on Wednesday, June 22. The two teams currently share the league lead with four wins and no losses, and if they can get past their respective opponents this week, next week's pairings will find the Jensens meeting the Wilsons.

But first the two squads will have to win this week's matches. The Wilson Bros. will meet the Mostue's Floral this Wednesday, and the Jensen Mink Farm will face the upset-minded Ekeren Pharmacy. And it must be remembered that Mostue's Floral ladies team posted a fine 124, just one bird off a perfect 125, and the best team total to date, in defeating the Coast-to-Coast. Wilsons have a number of low handicap shooters on their squad, and this may prove to be a problem against the high handicap Mostue's.

The Jensen Mink Farm of Oklee has proved to be the surprise of the early matches in league competition, and the squad has been showing improvement with each outing. Last week the Jensens defeated the Times, 121 to 116. This week, on Wednesday, the Jensens will meet the Ekeren Pharmacy team, and the druggists could turn in a win. The Pharmacy, with several shooters having handicaps that provide a "cushion", and with Sandy Wilson shooting at scratch and Tony Dorn with handicap of two, could be tough. If Floyd Ball would just wear ear plugs and not listen to the sideline comments; and if Stub Pahlen would use a 12-gauge gun, which he will never do, the Pharmacy could be a title threat. Stub, shooting a twenty, carries an 8-bird handicap, and he's about due to contribute some "25's" to the Pharmacy cause.

A First for Roseau

When coach Ray Kavanagh's Roseau Rams defeated the Bemidji Lumberjacks, 6-5, at Warren on Wednesday night it marked the first time that the Rams had won a Region Eight baseball championship. And the Rams deserved their victory and the boys showed a great deal of competitiveness in their come-from-behind effort against the Bemidji club.

The Roseau club held a 2-0 lead entering the top half of the seventh inning, and with lefty Mike Baumgartner pitching steady ball it seemed that the Rams had the game and tourney. But Bemidji, on a single and a home run, forced the game into extra innings. The Rams could have shown signs of wilting or they could have become jittery, but they hung in there and came up with a pair of rallies. Bemidji scored a pair in the eighth for a 4-2 lead, but Roseau came back to tie the game at 4-all. And when the 'Jacks added a tally in the ninth the Rams came back with two runs in their half of the ninth, and won the regional title.

There are only four seniors on the Roseau squad — Bryan Grand, Jim Lundbohm, Mike Pelowski & Mark Westhed — and it was somewhat of a "bonus" for coach Kavanagh to have the Rams win the Region Eight title. The Rams were looking ahead to 1967.

On Thursday afternoon, in state tournament competition in St. Paul's Midway stadium, Roseau will meet New Ulm of Region Three in a first-round game at 3:30 p.m. And burly Mike Baumgartner, the Rams' capable lefthander, may cause the New Ulm club some anxious moments. Baumgartner mixes up his pitches real well, and he is especially effective against a free-swinging batter. He doesn't overpower the hitters, but that isn't always necessary.

The Prowlers, too, who lost a disputed decision game to the Rams in a regional first-round game, are a young squad. Only three seniors were on this year's District 31 champions, pitchers Billy Poole and Tommy Cummings and catcher Wayne Smith. And it will be impossible to replace this trio of battery men.

Next season's Roseau vs. Thief River Falls games should be a pair of good ones.

Manager of State ADA Calls for Cooperation

Minnesota dairy farmers and dairy processors were urged today to observe June Dairy Month by working toward more intensive promotion for milk and dairy foods through the American Dairy association (ADA).

The call for better participation was issued from the state office which also is state June Dairy Month headquarters by Cliff Markuson, ADA state manager.

"There is virtual agreement among all dairy people that we need more advertising and promotion to meet current competition, but we still have too much 'let-George-do-it' thinking by too many people," Markuson said. "All dairy farmers should share the responsibility of financing the promotion work for their own products and all dairy plant operators should see to it that their patrons have a chance to participate."

Along with the consumer-oriented schedule of advertising and promotion and the various public relations activities of June Dairy Month, Markuson suggested a month long word-of-month campaign to boost ADA participation.

He referred to the two cent per hundredweight ADA promotion "set-aside" which dairy farmers make voluntarily as they sell milk to their respective plants.

When forwarded to the state ADA office by cooperating dairy plant managers, the money is used to finance the dairy industry's national and state programs of non-brand advertising, merchandising, research and public relations programs.

"With ADA's income affected directly by the drop in milk production which has occurred in Minnesota during recent months, it is more vital than ever to achieve a higher degree of participation," Markuson said. "We also need the cooperation of our plant managers and owners as never before.

"Probably the most significant effort any dairy farmer in Minnesota can make during June Dairy Month this year would be to convince a non-participating neighbor that he should be investing in ADA as a matter of business survival," Markuson said.

"By the same token, we urge every dairy plant manager to offer full cooperation in contacting his patrons and making it possible for them to participate in ADA," Markuson added.

He said in the face of current competition from substitute and imitation products, dairy farmers who cut corners at the expense of promoting their products are "inviting eventual disaster for themselves and the dairy industry as we now know it."

Markuson said the "real challenges" to the dairy industry today are on the sales fronts "where we either will win or lose the battle for continued acceptance and purchase of dairy products by consumers."

Say Rapid Hog Gains Will Pay

Push for rapid gains with pigs farrowed in the March-May quarter and market these pigs as soon as possible this fall, advise Paul R. Hasbargen and Kenneth E. Egertson, University of Minnesota agricultural economist. They say careful management for rapid gains will pay.

They expect hog supplies to increase and prices to weaken this fall. Hog producers should be prepared to market spring pigs at light weights this fall, say Hasbargen and Egertson, because last year's fall price strength won't be repeated.

Insecticides Are Toxic for Bees

Insecticides are toxic to bees, and L. K. Cutkomp and J. A. Lofgren, entomologists at the University of Minnesota, advice that drifting sprays or dusts onto bee yards be avoided.

If corn must be treated when it is pollinating, don't use dusts. Rather use sprays, but make applications in the evening when bees are not active.

Aircraft Used To Take Census Of Waterfowl

Using low flying aircraft, automobiles and boats, wildlife survey crews of the Minnesota game and fish division are conducting the annual census to determine the size of the state's spring waterfowl breeding population.

Observations of water conditions and the number of waterfowl in the state for the 1966 nesting season will provide the information needed to make hunting season recommendations.

Flying at altitudes of 100 to 200 feet on transect lines 12 miles apart, aerial census crews cover the entire state from Iowa to Canada, with the exception of heavily forested areas.

At the same time, other crews on the ground are conducting a detailed census by automobile in certain localities.

Selected areas have also been earmarked for more intensive study, and in these places the survey crews census the ducks from boats or on foot.

Bob Jessen, division waterfowl research biologist said, "These birds comprise the resident population that returns each year to Minnesota to nest. The reproduction from these birds provides a significant proportion of the duck hunting for state sportsmen.

"Information on the status of the breeding population is vital for management of waterfowl in Minnesota."

Wild Flowers in State Protected

A growing hobby among Minnesota nature lovers, the identification and admiration of wild flowers, is also causing some headaches to conservation officials.

Apparently many state residents believe that any flower growing in the woods may be picked or dug up and later replanted in home gardens. But the conservation department's bureau of information emphasized today that several kinds of wild flowers enjoy absolute protection in Minnesota and are not to be removed from the place where they are growing.

Protected wild flowers growing on public lands are completely protected and those growing on private lands may only be taken with the written consent of the owner.

Included in the list of protected flowers is the showy lady slipper or moccasin flower (the Minnesota state flower). Other protected species include all members of the orchid family, trilliums lotus lily (Nelumbo lutea) of shallow water, gentians of all kinds, trailing arbutus (found chiefly in northern pine woods) and all species of lilies which contain the specific name of Lilium or Trillium in their identifications.

Those who are unsure of their ability to identify protected wild flowers are advised to leave any doubtful species alone.

Veterans who train under the new GI Bill may enroll in colleges, universities, high schools, correspondence courses, vocational and business schools.

Dairy Month Gets Finest Start in History

DAIRY NIGHT at Metropolitan Stadium put Minnesota's observance of June Dairy Month off to its finest start in 30 years. With 1,605 dairy farmers and processors from throughout the state joined by 15,440 "city folks," the June 1 event marked a new high in participation and enthusiasm according to American Dairy Association of Minnesota officials. A series of pre-game Dairy Night fun stunts included a cow-milking contest between Russ Nixon of the Twins and Don Demeter of Detroit (left). Nixon out-tugged Demeter 2.6 to .6 pounds in the three-minute event timed and judged by Princess Kay of the Milky Way, Mary Ann Titrud. Her new all-Minnesota "butter carton dress" drew its share of "ooohs" and "aaahs." Like cream, coach Billy Martin and shortstop Zoilo Versalles came to the top in an eight-player horseshoe pitching tournament. Commissioner Russ Schwandt of the Minnesota Department of Agriculture tossed out the game-opening "butterball" after officially proclaiming June as Dairy Month for the state. Along with giving Dairy Month its official 1966 send-off, the pre-game hijinx provided quantities of milk, butter and ice cream for welfare institutions in the names of the players who won them. It also softened the disappointment of the 9-4 set-back the Twins suffered at the hands of the Tigers.

Fiscal Reform Report Made by Republicans

Recommendations for fiscal reforms which would expand the state's economy and advance the interests of its taxpayers were announced Friday by the Republican task force on fiscal reform.

Arthur Gillen, South St. Paul, a former state legislator and task force chairman said: "We believe that in this task force report we have outlined the goals for fiscal reform that our state's development requires."

He said the Republican approach has been to seek overall tax reform on a continuing basis and to point out that additional revenue sources must be considered—but considered for tax reform only.

"The DFL approach has been to seek additional revenue—but to seek it for increased spending," Gillen said. "The DFL approach has been to obstruct tax reform by throwing up false strawmen and catchy phrases."

In addition to general tax reform for overall economic development, the report recommends:

A permanent legislative tax study and financing commission which would study fiscal matters continually on a bi-partisan basis.

Federal sharing of income tax receipts with the state and local governments.

All income tax funds be used for educational purposes so that state aids will finance approximately 50 per cent of the elementary and secondary education costs.

Simplification of the taxpayer's chore in filing income tax reports by adopting more of the federal definitions of income and allowable deductions.

Property tax relief for senior citizens.

Truth in taxation ie., each property tax statement should state the estimated market value used by the assessor incomputing the tax so the average taxpayer will know the value used for assessing his property.

Meaningful market valuation on property so that assessments will be equitable on all types of property throughout the state.

Modification of the personal property tax to correct present hardships, particularly those associated with farm and business equipment and inventories.

The report also suggests that the tax commissioner and the permanent legislative committee investigate tax systems in other states to determine how they have solved their tax problems and why Minnesotans continue to bear one of the nation's highest tax burdens.

It suggests study of: 1) value added taxes, 2) gross receipts, 3) gross income, 4) excise and sales taxes, 5) federal sharing when seeking new revenue.

The report states: "The Republican party of Minnesota opposes the type of regressive and inequitable sales tax that is continually discussed and thrown up as a straw man by some members of the DFL party. New taxes should be considered only as part of overall tax reform and elimination or relief from present tax inequities."

The fiscal reform task force report is one of 14 task force reports, covering vital problems, which are being submitted to the 1966 Republican state platform-resolutions committee for consideration.

The platform-resolutions committee will make recommendations to the state convention when it convenes in Minneapolis June 23-25.

Whose Money?

Recently, a major nickel smelting company was ordered by a U. S. District Judge to reimburse the federal government to the tune of $624,000—including more than $87,000 in interest—for past overcharges. Said the Judge, "This is a classic case of unjust enrichment. From the dates of overpayments, the company has had the use of the government's money."

Without questioning the wisdom or propriety of the decision, The Portladn Oregonian observed: "An interesting point might be raised. Consider poor Joe Pungle, the wage earner and taxpayer. Each payday Joe's employer withholds some of his paycheck and hands it over to the government. At tax filing time Joe may find too much of his wages has been withheld, and he may apply for a refund. The government has had use of that overpayment for a considerable time at the best interest rates anyone can get—none. Oregon's Joe Pungles have collected $41,111,954 in refunds in 1966. At a modest return, say six per cent, the interest would have been $2,466,717. How's that for a classic?"

Where Your Tax $ Goes

So you've been wondering how the government uses your tax dollar? If it is an average federal tax dollar, a percentage table for computing how your tax dollars are spent will answer your question.

First, list the total federal income tax you pay. Then (because corporation, excise and other taxes you pay directly or indirectly average 98 per cent of your income tax) add 98 per cent of your federal income tax to the income tax figure. This will give you the total amount of taxes you pay.

Your payment would be divided as follows: National defense, 54 per cent; interest on debt, 11 per cent; health, labor and welfare, nine per cent; veterans benefit and services, five per cent; space research and technology, five per cent; international affairs and finance, four per cent; agriculture and agricultural resources, three per cent; natural resources, three per cent; education, two per cent; commerce and transportation, two per cent; and general government, two per cent.

It should be noted that INTEREST on the national debt alone takes 11 per cent of your tax dollar—more than five times the amount for education. How well would your finances fare if 11 per cent of your gross income went to pay interest alone ?

Long Live Dairying

It's an old saying, but dairying in northwestern Minnesota will be "in the spotlight" again in Thief River Falls this week. Our fair city will play host to the 17th annual Northwest Dairy day when approximately 200 4-H club and FFA members will show their high quality dairy animals and more than 30 lovely daughters of dairy farmers will compete for Northwest Dairy Princess honors.

It should be significant to mention again that the nation's original dairy day was held in Thief River Falls, and that dairy days throughout the state and nation have grown out of the first event here. Our's is a dairy area, and its residents should be proud of its dairy heritage and the part the area has played in dairy promotion over the years.

June Dairy Month provides a time when those of us who are not involved directly in the business of milking cows or processing dairy foods can and should show some definite appreciation for the dairy industry, its products and its people. Attendance at part of the Dairy Day activities Tuesday will be one way of showing this appreciation.

More than 80 per cent of Minnesota's annual milk production—which totaled 10.5 billion pounds last year—is sold outside Minnesota in one form or another. Most of the money which thus flows into Minnesota stays here. At the farm level alone, some 67,000 dairymen received approximately $341 million for the milk and cream they produced last year.

Dairy statistics for Minnesota alone are impressive. In 1965, for instance, the state produced nearly 361 million pounds of butter, almost 65 million pounds of cheese and more than 22 million gallons of ice cream. That was a full year's work for the state's 1,231,000 dairy cattle, but it placed the state first in the nation in dry milk and butter production and third in total milk production.

All the milk and butter and cheese in the state is worthless, however, until it can be sold. Dairy foods are facing stiff competition from synthetics and substitutes which are intensely promoted and advertised by well-financed food concerns on a national scale. Dairy products must remain in demand if they are not to be pushed off the shelves to make room for substitutes. Across the nation the producers of milk and its products have a vital interest in producing sales of their merchandise.

Selling dairy products and projecting the image of health, vitality and wholesome goodness of dairy foods is the task of the American Dairy association. Originated in Minnesota about 25 years ago, the ADA coordinates programs of non-brand advertising, merchandising, research and public relations in behalf of dairy foods.

Work of the ADA is financed by a two cents-per-hundredweight deduction from milk checks of dairy farmers who voluntarily support the program. Dairymen are showing faith in their products and doing something for their own industry in supporting the ADA. When they do not, they put a little tighter stranglehold on their future.

We are sure most people will be encouraged by the youngsters who parade their cattle at Dairy Day on Tuesday, for many of these youngsters will be the dairymen of the area in a few years. The present producers must feel an obligation to make the future as bright as they can for their children. Long live dairying. . .and we'll drink to that. Please pass the milk.

It's No Bargain

Political schemes to put the federal government deeper and deeper into commercial competition with taxpaying investor-owned power companies are being constantly fostered by public officials. In practically every case, they seek special favors exempting such publicly-owned commercial projects from taxation and full interest rates which investor-owned business must pay. And the customers of government businesses escape these costs that taxpaying enterprise must pay to support government and its tax-exempt competition with them.

As an example, take a single California utility, Pacific Gas and Electric company. The taxes it pays tell a story—$180,657,000 for 1965-66. In other words, its customers dug up that much in taxes in their rate payments to support government and tax-exempt government power projects. The unfairness of such competitive methods by a private company would put its perpetrators in jail.

Think how this private company could cut rates if it could deduct $180,657,000 in taxes from its charges. Also, think what the federal government, the state of California and 49 counties in the state would lose in taxes if it was tax-exempt—the $180 million would be shifted to remaining over-burdened taxpayers. Tax-exempt commercial enterprise is no bargain.

Deceptive Packaging

The following was printed in a report by the Lees Associates, Inc., of Lake Bluff, Ill., and was reprinted in "Medicine at Work", a publication of the Pharmaceutical Manufacturer's association:

"There are a large number of product packages in this country which are not in conformity with the new regulations arising from the 1962 Drug Act. Furthermore, the product is highly dangerous to anyone not skilled in its proper use.

"From personal experience (and observation of a number of friends who have remained married for many years) there is evidence that the product is habit forming. In some instances, it is probably addicting to those susceptible to its actions.

"This product can legitimately be regarded as a drug, since there is every evidence that it is capable of affecting male physiology. We note that samples are freely available (even without prescription) and that the product may even fall into the hands of young, unmarried males.

"Methods of manufacture of this product are highly unscientific—no proper "quality control" standards have been applied to its production. The product may be quite 'unsafe'. Different lot numbers 'explode' without any reasonable provocation. It is not even sure that the product is 'effective'. Since there is no approved 'labeling' one —and without knowing precisely what they are, it is difficult to be dogmatic on the subare, it is difficult to b edogmatic on the subject of effectiveness.

"The precise methods of manufacture for each model should be adequately inspected by the Food and Drug administration to assure some uniformity in 'label claims'. Individual manufacturers should submit a new drug application for each model as it becomes available from the assembly line. Whether activation of the model (breathing, crying, eating, etc.) should be allowed during the 180-360 (or whatever number of) day of F.D.A. consideration, would be a point for them to decide.

"However, there seems to be no doubt that all women should be properly labeled —should carry an approved 'package insert' at all times—and should be available on prescription only."

The Library Corner

By Flora Allison

It is with sorrow that we note the untimely death of a former assistant librarian who was with us about two and one-half years, Mrs. Virginia Gjernes, my immediate predecessor, and one who wrote many of these columns, and so well. Mrs. Gjernes was an untiring crusader for the cause of a new library, and, like ourselves, an ardent promoter of the reading habit among people of all ages and all walks of life. Our sympathies go to her bereaved family.

Vacationers, are you aware of the vacationer's privilege of taking library books with you on your travels? It's a fact! By making arrangements at the desk, your book-borrowing time will be extended to cover the period during which you are traveling, and you will not have a return them until you return home. Ask about the plan, if you expect to be gone for a few weeks and don't want to miss out on the fun of reading during the lazy days of your vacation.

Those of you who are visiting here also have the opportunity of keeping up with, or catching up with, your summer reading. By making a small deposit (which will be returned to you when you bring the books back, so it costs you nothing, actually), a registration can be obtained and you may borrow books aplenty, all the books of your choice, all you care to read while you're visiting here in our midst. Or, if your visit is with relatives or friends, you are allowed to borrow books on their cards. Generous? Of course! But we want to keep you well-read.

Now, as to WHAT to read, may we make a few suggestions? If you want a really wholesome novel of family life we might suggest "Rafe," by Weldon Hill. Lived in the colorful backwoods area in the Oklahoma hills, the story is woven around a 12-year-old country boy with the heritage of the hillbilly deep in his veins, and the need to conform with the changing pattern of life which he faces.

Required to attend school, to baby-sit a younger brother who dampens his bed almost nightly in addition to dampening his ardor for the task, he rebels inwardly, but tries to carry out his assignments. The family's close association with Pete, a Cherokee moonshiner, woodsman and student of nature, enriches Rafe's life immeasurably and enables him to endure the taunts of his older brother and his schoolmates, prompted by his obesity, and gives him courage to rise to heroic heights during a flash flood that nearly exterminates the family of children.

He is thus able to vindicate his rather aimless pre-adolescence and draw closer together the family whose solidarity was threatened by the seeming interest of the working mother in one of her associates at the plant which employed her. The Cherokee is involved in a warm manner with a family of squatters, and eventually they bring new meaning to his life. The book is vivid picture of an area quite foreign to our own way of life and will enhance our understanding of a pattern of living different from ours, and yet similar in many ways.

Graham Billing's "Forbush and the Penguins" is a novel with punch and insight, in which Forbush, a youthful New Zealand biologist, volunteers to study in their natural setting a dwindling colony of penguins. He is not psychologically prepared for the isolation he must endure in the white wastelands of Antarctica, and the book is a study in depth of the utter desolateness of spirit he experiences during his five-month exile.

He learns dramatically of the battle between life-and-death-forces, and of the value of life, contrasted with the vast and powerful brutality of nature; of the irresistable urge for survival among all living things, and of the meaning of it all. Pointedly highlighted is the fact that man is not an island unto himself but is dependent upon other men for the very will to live and for his own happiness.

We have the new Occupational Outlook Handbook for '66 and '67, issued by the U. S. Dept. of Labor. Present and future development in all fields of endeavor are covered. Specifically, and basically, the book tells where the work is to be found, what it is, what training is required, other qualifications necessary, employment outlook in the various fields, earnings, working conditions and other pertinent information. Right here on the shelves of the public library, it's available for use at any time. It gives a picture of the workaday world that is impossible to find elsewhere in such completeness. Just one more service of your library.

And service is our watchword. Put us to the test; we aim to give you the best in library service. If you find us lacking in this matter, tell us about it. We hope to see you at the library, especially your youngsters. Reading is such fun! Start your reading habits here.

Drive Is Under Way for Special Marine Unit

The U. S. Marine Corps has announced that a special recruiting drive is under way to enlist the "North Star Series" from the Upper Midwest region. The regional recruiting station in Minneapolis plans to enlist the series, totaling 301 men, from its area, which encompasses all of Minnesota, North Dakota, and parts of South Dakota, Wisconsin and Iowa.

Plans call for the series to depart for recruit training in San Diego, Calif. July 1. Once there, the four platoons will be placed on the same training schedule. Following graduation, the group will report to Camp Pendleton, Calif. for further intensified training.

Following this, and a 20-day leave, the men will be assigned to their respective stations. The 14 recruiting stations working to complete the series by July 1 is offering two, three and four-year enlistments and the special 120-day delay program. This program allows a man to enlist and delay his departure date up to 120 days. He becomes immediately draft exempt, and the time spent at home counts toward his first promotion, his total obligated service and his pay raises.

Family Documents Important for VA Information

Veterans and their dependents should keep family documents such as birth and marriage certificates where they can readily be found, according to John Murphy, manager of the Veterans Administration center, St. Paul.

Murphy said documents of this sort may be needed to support claims for veterans benefits and for other purposes.

These include military discharges or separation papers, death certificates, divorce decrees and guardianship or child custody evidence, he said.

Veterans claims which may require these documents include disability or death compensation or pension and burial benefits.

McCarthy Plan Would Provide Dairy Payments

Sen. Eugene J. McCarthy has introduced in the Senate a bill to provide direct production payments to dairy farmers of up to 50 cents per hundred pounds for milk used for manufacturing purposes. Sen. Walter F. Mondale joined Sen. McCarthy in sponsoring the bill.

Sen. McCarthy said the program would improve dairy income, maintain a better adjustment of supplies to demand and provide greater assurance of adequate supplies of milk and dairy products.

"The dairy industry today is in a period of distress and there is great uncertainty about the future," Sen. McCarthy said. "Since 1953 the market price of manufacturing milk has averaged only slightly above the support price of 75 per cent of parity. Many dairy farmers have become discouraged and discontinued dairying. Shortages of milk for fluid use have developed in some areas."

McCarthy stated milk production this year is down five per cent compared to the same period in 1965 and that the number of cows and heifers two years or older kept for milk is now the lowest number of any year since 1900.

"Dairy farmers cannot be expected to increase production and maintain herds if they know that their response will again result in pushing prices down to the legal minimum," he said.

The McCarthy bill calls for enactment of a voluntary dairy program under which the Secretary of Agriculture could make payments to farmers up to 50 cents per hundred pounds for milk used for manufactured dairy products. Dairy farmers to be eligible for payments would increase, maintain or decrease production in relation to their marketing base depending upon whether supplies were short, balanced or in surplus.

House Committee Kills Bill for Printing Office

"The American taxpayer will save over $48-million, thanks to House Appropriations committee recommendations," said Congressman Odin Langen in commenting on the legislative branch appropriation bill up for House action. "Not only was the total recommendation over $1.6 million below budget estimates for the next fiscal year, but the committee, in its wisdom, saw fit to delete $46.6-million for a proposed new government printing office plant in Washington, D. C."

Langen, who is ranking minority member on the subcommittee that handled the bill, said that there was absolutely no pressing need for a government printing plant. "The committee rightfully deferred granting funds for this new plant during these times of national priority. In fact, the committee inserted language in this bill that would recall some of the $2.5-million fund that was appropriated last year for site selection and general plans in connection with the proposed new plant."

Congressman Langen added that the difficulty in making any further cuts in the budget estimates was due to the need to annualize the general employee pay raise that went into effect last year and to meet other mandatory-type items such as wage board increases. "These are items which, once voted into law, add to the budgets of every department of government. Fortunately, the committee found other areas within the proposed budget where cuts could be and were made, the congressman added.

Too Many Miles, Too Little Time Cause Accidents

Major mistake made by many families on vacation trips is trying to cover too many miles in one day's driving, according to Arthur C. Tomlinson, executive secretary of the Minnesota AAA.

"Fatigue is one of the great enemies of traffic safety," he said. "An indication of this is the large number of single-vehicle accidents when the driver was alone and apparently fell asleep at the wheel and ran off the road.

"The extent to which motorists push themselves beyond normal endurance was revealed in a special study made along Route 66. Their interviews with drivers disclosed the startling fact that more than 30 per cent admitted they had spent 16 continuous hours behind the wheel," Tomlinson added.

Both enjoyment and safety are enhanced by budgeting the daily vacation mileage, Tomlinson emphasized. By getting an early start in the morning and starting to seek overnight accommodations well before evening, the touring family can travel in relaxed fashion and will have a better choice of lodging, he said.

Unemployment Law Is Effective July 1st

State Employment Security Commissioner Robert J. Brown issued a reminder today that revised benefit provisions of Minnesota's unemployment compensation law will become effective July 1, 1966.

Revised taxing provisions of the new law became effective on January 1 this year. Both the taxing and benefit changes resulted from action of the 1965 state legislature, which made the most extensive revisions in the law in several years.

One of the major changes affecting claimants is the establishment of a "weeks of work test" to qualify for benefits. On or after July 1, in order to establish a benefit year, an unemployed worker must have at least 17 weeks (not necessarily consecutive) in one year "base period," in each of which he earned at least $26.

The weekly benefit amount will be one-half of an individual's average weekly wage, with a minimum of $13 and a maximum of $47 per week, up from the present maximum of $38. The average weekly wage is computed by dividing the total wage credits earned by an individual from all covered employers in his base period by the number of weeks in which the earnings were $26 or more.

The law requires that benefit years established before July 1, 1966, but which carry over that date, must continue under the old law at the old benefit rate.

In discussing eligibility and disqualification provisions of the amended law, Brown indicated that, in addition to being able to work and available for work, a claimant must be actively seeking work. Refusal to accept suitable work and failure to actively seek work could result in disqualification of up to seven weeks. Under certain conditions, refusal to accept suitable re-employment offered by one of his base period employers all of the claimant's wage credets earned from that employer must be canceled.

A worker who voluntarily quits his job without good cause attributable to the employer is disqualified from five to eight weeks, and his maximum benefit amount is reduced by two times his weekly benefit amount. A discharge for misconduct can result in five to eight weeks disqualification with a reduction of maximum benefit amount, in the amount equal to the weekly benefit amount times the number of weeks disqualified.

Discharge for gross misconduct will result in a twelve week disqualification, which penalty can not be removed by subsequent employment. The commissioner is also empowered to impose a total disqualification for the remainder of the benefit year and to cancel part or all of the wage credits from the last employer from whom the claimant was so separated.

Another provision authorizes disqualification for quitting a job to assume family obligations, until *qualification for quitting a job to* the claiment has subsequently worked in covered employment for six weeks. (The present law calls for two weeks of such subsequent employment). Brown said other amendments relating to termination pay, re-employment deduction because of OASI primary benefits, and others, are somewhat complex and are covered in publications available to both workers and employers. Under the new law a claimant is liable to repay any unemployment compensation received for the same period he receives OASI primary benefits even though he does not receive the OASI benefits until after he has been paid unemployment compensation.

Brown urged anyone interested to contact any local State Employment Service office, or to write *the Information Section of the Department*, 369 Cedar Street, St. Paul, for copies of informational pamphlets.

HEAD-ON collision 11 miles east of Thief River Falls on Highway 1 at 1:20 p.m. Tuesday resulted in instant death for Mrs. Robert (Lena Louis) Merrill, 50, of rt. 3, Goodridge. Her covered body is shown where it landed after being thrown from her car upon impact. Her son Richard, 13, a passenger in the vehicle, is hospitalized at Northwestern hospital with head injuries and is listed in good condition. The Merrill car was traveling west and in attempting a left turn into the Floyd Fulton driveway collided with a vehicle driven by Orville Duane Kjelgren, 35, of Goodridge, shown at right in the ditch, which was going east. Kjelgren is listed in good condition at Northwestern hospital with a broken left foot, knee injury and small head cuts.

Mrs. Robert Merrill Dies in Crash Tuesday

Violent death came to a middle-aged Pennington county woman Tuesday afternoon as the result of a two-car head-on collision 11 miles east of Thief River Falls on Highway 1. Dead is Mrs. Robert (Lena Louise) Merrill, 50, rt. 3, Goodridge. Her son Richard, 13, and Orville Duane Kjelgren, 35, Goodridge, driver of the other vehicle, are recovering at Northwestern hospital from injuries received in the accident.

According to the state highway patrol, which investigated the mishap, the crash occurred at 1:20 p.m. Tuesday. The Merrill car was traveling west on the highway and, in attempting a left turn into the driveway of the Floyd Fulton farm, collided with the Kjelgren vehicle which was traveling east.

Upon impact, Mrs. Merrill was thrown out of her car on the right side and landed on pavement. Death was believed instantaneous due to head and chest injuries. Richard Merrill received a severe gash on the side of his head and is reported in good condition at Northwestern hospital. Also listed in good condition is Kjelgren, who received a broken left foot, a knee injury and small head lacerations.

Tire marks indicated that the Kjelgren car skidded for 150 feet after braking and before impact, the highway patrol said. The vehicle came to rest after impact in the ditch on the south side of the highway. The Merrill car remained on the highway. Both cars are considered total losses.

Funeral services for Mrs. Merrill are scheduled for Friday at 2 p.m. at St. John Lutheran church in Thief River Falls. Rev. Wayne Lehrer will officiate. Interment will be at Greenwood cemetery. The body will repose in Green's funeral home from 3 p.m. Thursday until Friday noon and at the church one hour prior to services.

The fatal accident Tuesday was the second such mishap to occur in Pennington county to date this year. Killed earlier this year in a one-car crash near St. Hilaire was Robert Manning of Thief River Falls.

Flowers Damaged In Civic Plots

Damage to flower beds planted on the boulevards and highway dividers in Thief River Falls has been noted by the Thief River Falls police department. The flower plots are planted and maintained as a community beautification service by local garden clubs.

Police said the damage has been from motor bikes and other sources. Garden clubs are at a loss to explain why persons would deliberately damage such civic projects and are fully prepared to prosecute any persons who are apprehended for such acts of vandalism.

RLF Man Killed In Auto Crash

Clinton F. Casavan, 37, rural Red Lake Falls laborer, was killed Saturday when his car hit a bridge abutment on a county road near Red Lake Falls, according to Red Lake County Sheriff Gerald Hinze.

Casavan, who was alone in the car, was pinned in the driver's seat and death was due to internal and chest injuries, the sheriff said. The Petterson funeral home of Red Lake Falls is in charge of arrangements.

Mrs. M. R. Leverson

Mrs. Levorson Is Elected District Auxiliary Head

Another honor was accorded to a Thief River Falls resident Saturday when Mrs. M. R. Levorson was elected and installed as president of the Ninth District American Legion auxiliary. Mrs. Harold M. Johnson, Thief River Falls, first vice president of the department of Minnesota, served as installing officer at the ceremony held during the district convention in this city.

Mrs. Levorson is eligible for membership in the auxiliary through her husband's membership in the American Legion. An active Legionnaire, Levorson has been a member of the American Legion since 1919 and is a past commander of Ecklund-Holmstrom Post 117. He is a past Ninth District vice commander and presently serves as service officer for Post 117, where he is a consistently high recruiter of membership.

Mrs. Levorson had a son, Wayne, a full-time National Guardsman who holds the rank of Sergeant-Major and is stationed with the Minnesota National Guard at the downtown airport in St. Paul. An older son, Mark, was a paratrooper in the 17th Airborne Division and was killed in action during the jump across the Rhine in 1945 during World War II.

In the local unit she has served as president for two years and secretary for four years. Among her several chairmanships has been child welfare, during which time the local unit of the Minnesota Association for Retarded Children was organized.

On the district level she has served for two years as a member of the executive board, child welfare and music chairman, second vice president, first vice president and membership chairman. She was secretary for Mrs. George Biddick and Mrs. Harold M Johnson during their terms as district presidents, and has selected Mrs. Biddick for her secretary this year.

No special project is planned by Mrs. Levorson for this year, but she has dedicated her year to the men and women in service of their country and to the veterans in hospitals where the district can be of service.

City Hosts 9th District Legion At Convention

Despite a heavy downpour which washed out the parade Saturday afternoon, the annual Ninth District American Legion convention held here Friday and Saturday was termed a success by the many delegates in attendance.

Annual election of officers to head the Ninth District during 1966-1967 proved to be one of the most closely contested held in recent years. Elected commander was Joe Kloeckner of Dilworth, succeeding Carlton Mortenson of Fergus Falls. District vice-commander-at-large Follard Thurn of Crookston defeated Joe Faust of Moorhead after a colorful pre-election campaign.

By a very narrow margin, Milo Olson of Gary nosed out Ray St. Marie of Red Lake Falls for the position of central area vice-commander. Elected without opposition were James Cuppett, Thief River Falls, as north area vice-commander. Appointive offices saw one change of interest to area residents with the selection of Rev. James Ditzler of this city as district chaplain.

Other convention business included adoption of several resolutions served in the armed services. The first of these dealt with eligibility dates for membership in the American Legion. As resolved by the convention delegates, new eligibility dates would permit almost all veterans who have served since the Korean conflict to be eligible for Legion membership. This should

Summer School Sessions Will Start on Monday

Summer school sessions in the Thief River Falls school district will begin Monday at 8 a. m. with elementary classes meeting at Washington elementary school and junior and senior high school classes meeting at the Franklin junior high school. Enrollment is estimated at 175 in the junior and senior high schools and 150 in the elementary.

All students who will be attending high school classes at Franklin school are asked to report to the Franklin high school gymnasium Monday at 8 a. m., regardless of the scheduled class time. An orientation program will be held at 8 a. m. to make final arrangements for the session.

Elementary classes will also begin at 8 a. m. Monday, with parents to be notified by mailed cards as to the class time scheduled for their children. Also indicated on the cards will be the approximate time at which buses will pick up bus students. Parents, having children who will attend summer school but who have not received a card by Friday are asked to call 681-2124.

One-cent milk will be available to children in elementary classes this year, according to William Desrocher, director of the elementary phase of the summer program. Children who are taking two classed at 8 a. m. and 10 a. m. may bring lunch for the 10 a. m. break.

Five buses will be operated by the district this year to help make summer school more available to rural students. High school students as well as elementary students will be notified by mail as to the approximate time when buses will call for them the first day.

Mrs. James M. Anderson, Sheila and Lynne are leaving Thursday for Orlando, Fla., to attend the wedding of their son and brother, A2c Roger James Anderson and Jeanne Foster.

School Board Accepts Teacher Resignations

Although classes in the Thief River Falls public schools have closed for the summer recess, the board of education had a well-filled agenda at its June meeting Monday evening. Among business items transacted were the acceptance of two teacher resignations and the approval of contracts for four teachers.

Resignations were accepted from Bryant Ulseth, vocal music instructor in the high school, and Miss Bonnie Stebleton, business instructor in the vocational school. Ulseth, who has been in the local school system since the fall of 1956, has accepted a similar position at Moorhead high school.

Contracts were approved as follows: Mrs. Carl Onkka, who has past teaching experience at Fergus Falls and St. Cloud, girls' physical education at Lincoln; Miss Linda Sando, 1966 graduate of the University of North Dakota, business education at Lincoln to succeed Claudia Paulson; Miss Joan Young, 1966 graduate of Concordia college in Moorhead, business education in Miss Stebleton; and Neil Taverna, junior high school principal.

Taverna holds BS and MS degrees from North Dakota State university at Fargo and has served as principal at Mapleton and Casselton, N. D. He will succeed John LaPonte who has returned to the school. Taverna will move to Thief River Falls with his family soon.

Supt. M. R. Hankerson and D. H. Stewart, board member, reported on a meeting held last week in St. Paul with S. K. Wick, director of vocational education; Guy Tollerud, director of school plant planning; and Richard Whiteman, member of the architectural firm working on planning for a new vocational - technical school. It was noted that the state department of education, through Tollerud and Wick, gave approval to the Longren farm site for vocational school building, clearing the way for 50 per cent state reimbursement for land acquisition.

Bid opening was set for 3 p.m. July 11 on stage remodeling and painting in the Lincoln senior high school auditorium. Call for bids on coal, gasoline, fuel oil and other items was deferred to the August meeting since the board would like to give further consideration to proposals for natural gas service.

Supt. Hankerson read a report on inspection of the district's home economics facilities by the state board of education. The senior high school department had been considered sub-standard for several years, but recent remodeling and addition of the new department at Franklin junior high school resulted in an excellent rating of the department by the state and a letter of commendation to the district.

Approval was given by the board to the annual agreement for student teaching with Bemidji state college and an equivalence certificate for James Allen Kjensrud.

Dr. H. R. Achenbach and Harry Oen, new members on the board of education, indicated their intentions to attend a Minnesota School Boards association meeting for new members July 13 in Minneapolis. Discussion was also held on board policies in regard to insurance for the school district.

Kaye Webster Crowned 1966 NW Dairy Princess

REIGNING as Northwest Dairy Princess for the coming year will be Kaye Webster, 18, daughter of Mr. and Mrs. Keith Webster of Beltrami and West Polk county entrant in the Region One contest held Tuesday in Thief River Falls. She is shown in the front row with her attendants, Cheryl Leiser, 23, (left), daughter of Mr. and Mrs. Max Leiser of Fertile, and Mary Jo Skalsky, 17 right, daughter of Mr. and Mrs. Herman Skalsky of Ada. Assisting with the coronation were Janice Swanson, Mentor (back row at left), 1965 Northwest Dairy Princess, and Mary Ann Titrud of Clarissa, Princess Kay of the Milky Way. Miss Webster is a 1966 graduate of Fertile high school and begins summer school today at Moorhead State college where she will major in elementary education. She is five feet, five inches tall, weighs 113 pounds, has light brown hair and blue eyes. Her parents have 20 head of Holstein cattle.

Blessed by sunshine and mild temperatures, the 17th annual edition of Northwest Dairy Day in Thief River Falls was held Tuesday. Nearly 200 dairy animals were entered in the show for 4-H club and Future Farmers of America members and crowds throughout the day and during the parade were considered to be the largest in several years.

Kaye Webster, 18, daughter of Mr. and Mrs. Keith Webster of Beltrami was crowned Northwest Dairy Princess to succeed Janice Swanson of Mentor. Blue-eyed and brown-haired Kaye is five feet, five inches tall and weighs 113 pounds, a 1966 graduate of Fertile high school and will begin summer school at Moorhead state college with the intentions to major in elementary education.

Selected as attendants were Mary Jo Skalsky, 17, daughter of Mr. and Mrs. Herman Skalsky of Ada, and Cheryl Leiser, 23, daughter of Mr. and Mrs. Max Leiser of Fertile. Assisting in the coronation ceremony was Mary Ann Titrud of Clarissa, Princess Kay of the Milky Way.

The new Northwest Dairy Princess is the eldest in a family of five children. She has a brother, Greg, 15, and three sisters, Mary Jo, 12; Elizabeth, 11; and Lynn, 5. The webster family has 20 head of Holstein cattle and sells cream to the Fertile creamery.

LeRoy Luchau of Ada, a 16-year-old who showed his cattle at Dairy Day for the first time this year, capped several top honors. He showed the champion and reserve champion Holsteins, and his breed champion, purebred named "Satellite Gray View Betty", was named grand champion purebred of the show. Luchau, who will receive a trip to the International Dairy Cattle congress at Waterloo, Ia., is the son of Mr. and Mrs. Raymond Luchau.

Grand champion grade animal of the show was a seven-year-old Jersey entered by Laura Wickham, 18 daughter of Mrs. Laura Wickham of Kelliher. The cow was shown by John Wickham since his sister was a candidate in the dairy princess contest. Miss Wickham will receive a purebred calf of her choice at the 1967 Dairy Day. Winner of the calf award last year was Debbie Jaenicke of Badger, who has been awarded a purebred Holstein calf from the Paul Visser herd at Ada.

Showmanship champion at the 1966 show was 13-year-old Allyn Workman, son of Mr. and Mrs. Gary Workman of Borup. Allyn's three-year-old purebred Jersey "Leader Winsome Joy", won the

Bikes Will Be Licensed Thursday

Thief River Falls police will again be licensing bicycles at the north door of the city auditorium Thursday from 1:30 to 5 p.m. All bike owners who have not yet obtained their 1966 licenses are asked to bring their bikes, plus 35 cents to the auditorium during this time. A total of 273 bicycles were licensed Wednesday.

Ballet Classes Start Saturday

Ballet classes in the Thief River Falls summer recreation program will be held at 10 a.m. Saturday rather than Tuesday and Wednesday afternoons as originally scheduled, according to James Foley, director of parks and recreation.

Parents who wish to register their children in the classes may call 681-2519 or bring them to the first class on Saturday morning. Two classes for beginner and advanced students will be arranged for the summer program.

GRADE champion animal at Northwest Dairy Day in Thief River Falls Tuesday was the seven-year-old Jersey cow shown above. John Wickham of Kelliher showed the cow for his sister, Laura, 18, who was a Beltrami county contestant in the Northwest Dairy Princess contest. It was the third championship for Miss Wickman in seven years of Dairy Day participation. The cow, Named "Annie", was also judged reserve champion Jersey of the show.

BIG WINNER in his first year of comeptition at Northwest Dairy Day in Thief River Falls Tuesday was 16-year-old LeRoy Luchau of Ada. The son of Mr. and Mrs. Raymond Luchau, LeRoy showed the grand champion Holstein which was also judged the grand champion purebred of the show and the reserve champion Holstein. Champion was "Satellite Gray View Betty" and reserve champion was "Satellite Milky Way Sky Anne". Luchau is pictured above with his purebred champion cow.

NFO Committee Chairmen Report At County Meet

Reports from committee chairmen were heard at the monthly meeting of the Pennington county chapter of the National Farmers organization held Thursday at the Highlanding hall.

Merle Lundeen, chairman of the milk marketing board, reported on three meetings held earlier this month at Fargo, N. D., and Crookston and which had been attended by the county milk board. George Hornchek, grain board chairman, noted that a grain meeting will be held June 16 at Grand Forks, N. D., and that a grain board election will be held at the July NFO meeting.

It was noted that butcher hogs may be sold by members any day of the week at the Fergus Falls collection point, and that 50 per cent of hogs marketed are now going through NFO channels.

The organization also voted to offer a free door prize to any adult in attendance at the monthly meetings. The July meeting will be held Thursday, July 14.

Legion Auxiliary Holds 9th District Convention Here

Ninth District convention of the American Legion auxiliary was held in Thief River Falls Friday and Saturday with Mrs. William Norman of East Grand Forks presiding. The district has 68 units with a total membership of 5,007 persons.

Mrs. M. R. Leverson of this city was elected and installed president of the district for the coming year. Department Vice President Mrs. Harold M. (Mae) Johnson, member of the local unit and department first vice president, served as installing officer at the Saturday ceremonies.

Other officers installed were Mrs. Lloyd Volen, Fergus Falls, first vice president; Mrs. Olger Olson, Warren, second vice president; and Mrs. Joe Kloeckner, Dilworth, and Mrs. Fullard Thurn, Crookston unit, members of the executive board. Mrs. George Biddick, Thief River Falls, was announced as secretary by Mrs. Leverson. Mr. Leverson was also introduced.

Auxiliary activities opened with an executive board meeting at the LeRoy Nabben home Friday afternoon, with an evening reception honoring Department President Mrs. James Walker held at the Fireside room in Noper's motel. The auxiliary joined the Legion in a Friday evening memorial service. Mrs. Norman joined District Commander Carlton Mortensen in placing a wreath at a cross in a simulated cemetery.

Business of the convention began Saturday in the Lincoln senior high school auditorium with Mrs. Norman presiding and Mrs. Walter Halvorson as general chairman. Mrs. George Baken, district chaplain, conducted the memorial service for 41 members who had died during the past year.

Gold star mothers were honored at a noon luncheon at St. Bernard's Catholic parish hall, with Mrs. Elmer Andersen as chairman and assisted by Mrs. J. Dryden. The local auxiliary sextette sang and Mrs. Charles Boughten, Red Lake Falls, presented a tribute to the honored guests.

President Mrs. Norman reported on the success of her special project as district president, noting that a television set and walker as well as "an unbelievable amount" of toys and clothing had been presented to the Roseau Children's home.

Although there was no competition in the music contest, the Thief River Falls trio, quartette, sextette, and chorus were given top ratings by the judges, James Solsten and Wayne Wegge. Particular comment was made on the exceptional piano accompaniment provided by Mrs. Frank Harger. Mrs. Norman Peterson directs the groups which plan to compete at the department convention at Rochester in July.

The chorus sang at the installation ceremony in the afternoon and Mrs. Norman was presented with a past president's pin by Mrs. Harold M. Johnson. A summary of activities of Mrs. Leverson prior to becoming district president is printed elsewhere in today's Times.

Thomas G. Belland, son of Mr. and Mrs. Ed Bellend of Thief River Falls, has joined the staff of the Jamestown area social service center as a social worker, Arthur E. Lian, supervisor, announced last week.

A native of Thief River Falls and graduate of Lincoln high school, Belland received a bachelor of arts degree in 1962 from the University of North Dakota and a master's degree in social work from the University of Manitoba in May of this year.

Belland was a child welfare worker for the Ward county welfare board in Minot for two years before entering graduate school. He was treasurer of the student council at the University of Manitoba and a member of the Teaching Methods commission there. He is married to the former Marie Meyers of this city and is the father of two children, Mark Anthony and Marie Antoinette.

County Judging Team Sixth at Sheep Days Event

Winner of the 1966 senior sheep shearing contest at Greenbush Sheep Days was Robert Welsh of Marysville, Ohio. Second was James Hunter of Sioux City, Iowa and third was Clinton Kopp of Fargo, N. D.

Top judge in the Sheep Day judging contest for 4-H and F.F.A. was Roman Gonshorowski of Greenbush. He was followed by Debbie Lien, Middle River, and Steve Anderson, Bagley. In the team competition, Middle River 4-H number one took top honors. They were followed by Middle River 4-H number two, and Clearwater 4-H number two. Hemming F.F.A. and Valley Builders 4-H club of Roseau county tied for fourth followed by Pennington county 4-H. Eighteen teams were entered.

The junior division shearing contest was won by Dan Heppner of Warroad. Heppner is eligible to participate in the national shearing contest at the Indiana state fair, representing Minnesota. Others placing in order were Dave Boroski, Halma; LeRoy Sikorski, Lancaster; and Victor Kaml, Greenbush.

SHOWMANSHIP winner Tuesday at Northwest Dairy Day in Thief River Falls was Allyn Workman, 13-year-old son of Mr. and Mrs. Gary Workman of Borup. His three-year-old cow, a purebred named "Leader Winsome Joy", also won the titles of champion Jersey and reserve champion purebred of the show. In four years of showing at Dairy Day, Allyn had won three championships.

MORRC Conducts 3-Day Meeting at Ely Last Weekend

Rep. Richard Fitzsimons of Argyle attended a three-day meeting of the Minnesota Outdoor Recreation Resources commission meeting at Ely last weekend. Main business of the commission was to hear from people in the area in regard to proposals for changes in the Boundary Waters Canoe area and "no-cut" zone.

"These proposed changes by the Department of Agriculture, which administers the Superior National forest program, have provoked much controversy in this northeast Minnesota area," Fitzsimons said. "The last session of the Legislature directed MORRC to study the situation and report back at the next session of the Legislature."

During the three days the commission listened to many local officials from St. Louis, Lake and Cook counties and heard three hours of testimony from local citizens. The commission members were given the opportunity to see at first hand the Boundary Waters Canoe area as part of an all-day tour of the area by boat and the opportunity to fly over the area with the forest service.

"The BWCA is one of the few wilderness areas left in the United States and everyone agrees that it should continue to serve in the capacity it now does," Fitzsimons noted. "The argument is over the proposals to extend the boundaries of the "no-cut" zone, make much more of the area only accessible by canoe, ban snowmobiles from most of the area and make many of the portages available to people who will carry everything without any mechanical assistance at all.

"The third consideration is the possibility of valuable copper-nickel deposits on state-owned land that would come under federal control and would forever ban mining on the land," Fitzsimons said.

"This resource is one of the most valuable Minnesota has, in view of the fact the wilderness is fast disappearing in the world, so MORRC will have to weigh carefully its decision for the next session," the legislator concluded.

Commission members had the opportunity to visit several of the state parks and forest campgrounds in northeast Minnesota, as well as to view at first hand the growth of the taconite industry on the Iron Range.

Albert Fiskevold Rites Held Today At Goodridge

Albert Fiskevold, 72, a resident of the Goodridge area since 1907, died Sunday at the Veterans hospital in Fargo, N. D., where he had been a patient for the past six weeks.

Funeral services for Albert Fiskevold were held today (Wednesday) at 2 p.m. at the Goodridge Lutheran church with Rev. Harold Peterson officiating. Mrs. Gunsten Skreland was organist and hymns were sung by Mrs. Arnold Hammer.

Pallbearers were Oscar Erickson, Roy Anderson, Merle Moore, Gilbert Gunderson, Harold Einarson and Vincent Skibicki. Funeral arrangements were by Sinding's Funeral chapel and interment was in the Poplar Grove cemetery.

Albert Fiskevold was born July 23, 1893 in Norway to Hans Fiskevold and Anna Kortop Fiskevold. He was baptized in Norway, attended elementary school and received his confirmation instruction in Goodridge. With the exception of the time spent in service, he lived and farmed in the Goodridge area since arriving there in 1907. During World War I, he served with the U. S. Army in France. He never married.

He is survived by one sister, Mrs. Asta Hyland of Goodridge, and by a number of nieces and nephews.

He was preceded in death by one sister and six brothers.

Rites Held Today For Millard Rude, 66, At Bemidji

Millard Almer Rude, 66, a former resident of this area and the father of James Rude of Thief River Falls, died unexpectedly Monday morning at his farm home near Bemidji.

Funeral services for Millard Rude were held today (Wednesday) at 1:30 p.m. at the First Lutheran church at Bemidji. Rev. Ray Williams officiated and interment was in the Greenwood cemetery at Bemidji. Olson Funeral home was in charge of arrangements.

Millard Rude was born May 2, 1900 at Gary. As a child he moved with his parents, Mr. and Mrs. Carl Rude, to Gatzke. There he attended school. He lived in Viking from 1917 to 1919 and since that time has resided in Bemidji. There he worked in a box factory, was employed for 18 years by Nash-Finch and for the past 27 years was engaged in farming in Bemidji township, Beltrami county.

In June 1921, he was united in marriage to Ida Eichstadt at Bemidji. She survives as do two sons, James Rude of Thief River Falls and Robert of Columbia Falls, Mont.; a daughter, Mrs. Don (Lorraine) O'Neil, California; a brother, Oscar Rude of rural Bemidji (Guthrie); six grandchildren and one great-grandchild.

Services Thursday For Emil Larson, Once of Smiley

Emil Lewis Larson, 82, who at one time farmed in Smiley township, Pennington county, died Wednesday, June 8, at a Montevideo hospital.

Funeral services for Emil Larson will be held Thursday at 2 p.m. at the Calvary Lutheran church at St. Hilaire. Rev. Harold Peterson will officiate at the services. Musical selections will be provided by Wendy Sweet, organist and Mrs. Harry Sjulson, soloist in charge of arrangements and interment will be in the Lanstad cemetery.

Pallbearers will be Richard Swanson, Robert Swanson, Axel Lind, Vern Lindquist, Ed Stark and Lawrence Anderson.

Emil Larson was born Dec. 6, 1883 in Polk county to Ole Larson and Mary Nelson Larson. He farmed in Smiley township until 1959, living with his sister, Mrs. Rudolph Landmann, on the home farm. Since that time, he had lived in Minneapolis and Boyd. He never married.

Survivors include two sisters, Mrs. Rudolph (Laura) Landmann of Thief River Falls and Mrs. R. S. (Selma) Rosette of Boyd; two nieces, Mrs. Harold (Olive Mae) Larson, Dallas, Ore., and Mrs. Eugene (Marlys) Lath of Rice Lake, Wis., and one nephew, Roy Landmann of Thief River Falls; ten great nieces and nephews and one great-great niece.

He was preceded in death by one sister.

Funeral Services Held Today for Clinton Casavan

Requiem high mass for Clinton Casavan, 37, who was killed Saturday evening near Red Lake Falls when his car hit the Red Lake River bridge abutment, was held today (Wednesday) at 9 a.m. at the St. Dorothy Catholic church at Dorothy. The Rev. Gerald Foley officiated and interment was in the Euclid community cemetery. Petterson Funeral home, Red Lake Falls, was in charge of arrangements.

Clifton Casavan was born April 22, 1929 to Arthur Casavan and Martha Rode Casavan at Dorothy. With the exception of the time he served in the United States Navy during the Korean War from 1948 to 1952, he had lived his lifetime in the Red Lake Falls area.

Survivors include his parents, Mr. and Mrs. Arthur B. Casavan, Coos Bay, Ore.; seven brothers, Elmer Casavan in the Army paratroopers stationed in Hawaii; Robert and Daniel of Miles City, Mont.; Gilbert on the Great Lakes Shipping; Bernard, Wessington, S. D.; Douglas, San Jose, Calif.; and Dallas of Coos Bay, Ore.;

Also four sisters, Mrs. Ed (Stella) Burris, Myrtle Point, Ore., Mrs. Bud (Janet) Scheeler, Missoula, Mont.; Mrs. Jerry (Theresa) Hamilton in Arkansas, and Loretta Casavan of Coos Bay and two half brothers Jesse and Zeno Casavan of Red Lake Falls.

Eight from County to Attend 4H Conference

"Design for Decision" is the theme of the 46th state 4-H Junior Leadership conference June 21-24 on the state fair grounds and the University of Minnesota's St. Paul campus.

Pennington county will be represented by eight junior leaders. They are LaDawn Rude, Smiley; Julie Oen, Happy Acres; Paulette Philipp, Mavie; Laura Lea Yonke, St. Hilaire; Curtis Lindblom, Kratka; Gayle Steinhauer, Mavie; Charles Larson, St. Hilaire; and alternate, Les Nordhagen, Happy Acres.

Voting delegates will arrive at the conference on Monday, June 20. They will participate in an annual business meeting and nominate candidates for state federation offices. From Tuesday until Friday they will join other junior leaders in the conference.

One of the main objectives of the conference is to help 4-H junior leaders learn how decisions are made, says Earl Bergerud, assistant 4-H club leader at the University of Minnesota.

Some 150 junior leaders will participate in a special activity, "Life Career Game." Developed by the department of social relations at game gives youth an understanding of the labor and education markets and some advance experience in planning for their own future. 4-H'ers learn such things as the way in which decisions affect one's success and satisfactions in his education, job, marriage and free time

Luther J. Pickrel, director of the cultural extension service, will greet the 4-H'ers during the opening assembly on Tuesday afternoon, June 21. Keynote speaker Paul Cashman, assistant vice-president of the University of Minnesota, will talk on "Decisions Facing Youth" at the assembly.

4-H'ers will also hear talks from the continuation committee, national 4-H delegates, the state 4-H extension staff and state 4-H federation officers.

Robert Herbst, deputy commissioner of the Minnesota department of conservation, will speak Wednesday afternoon, June 22, on "Keeping Minnesota Clean and Scenic."

Freetime activities during the conference include a platter party, chicken barbecue, Cinerama, song fest and tours of the Minneapolis-St. Paul university of Minnesota campuses.

The Minneapolis Area Chamber of Commerce will host a banquet for the delegates at the Hotel Pick Nicollet. The conference will conclude Friday morning with election of the 1966 continuation committee and installation of new 4-H state federation officers.

DOCTOR Rolland Larter of Lancaster recently completed a month's preceptorship at Falls-Starekow and Thief River clinics and Northwestern hospital in Thief Falls, and received his degree in medicine Saturday at Cook County hospital in Chicago, Ill. Purpose of the preceptorship is to give the medical student an idea of a rural general practice of medicine and to stimulate interest in these areas. Dr. Larter plans to practice medicine in the rural area.

The Baseball Draft

The *American* and *National* leagues conducted a two-day player draft session in New York last week. Member teams of the two leagues drafted a total of 937 players. Of this group, 833 players were selected in the regular or open draft, and 104 players were selected in the special draft. This special draft category was for players who had been drafted in last year's first open draft, but had not been signed to contracts by the teams that had selected these players.

Of interest to area baseball fans is the report that the Cincinnati Reds selected John Dow, the former Bemidji Lumberjack all-round athlete, as a special draft choice. Dow, who is listed as 19 years old, 6-1 in height and 220 pounds in weight, has been playing industrial league ball in Arizona. He has been attending Arizona State university, but after starting the early season as a member of the freshman team, John had scholastic difficulties.

And it is of interest, too, to find that the Pittsburgh Pirates drafted Franklin Lee (Frank) Brosseau, 21, of Drayton, N. Dak. Brosseau, who was a star with the Drayton American Legion Junior team, and later with the Minnesota Gophers, finishing his college career this season, is listed as being 6-2 in height and 180 pounds in weight. Brosseau and Dow are both rated as outfielders.

In looking over the roster of the boys who were drafted in the "open" section I noted the name of Charles Dupuis, 17, of Evergreen, Washington. He is an outfielder and was selected by the Pittsburgh Pirates for their Gastonia farm club. It could be only a coincidence, but the thought arose that this youngster could be the son of Lefty Ken Dupuis, the nifty and stylish pitcher with the Crookston Pirates in the early 1950's. Ken did move out west to Washington state. Dupuis pitched several years for the Pirates in the Northern Minny league, and he was the possessor of one of the finest near-balk motions around here. There are several former Thieves who developed a permanent crick in their backs by being nipped off of first base by Ken's motion.

There was one of the Thieves who did solve Dupuis' motion, though, and that was Grover (Blackie) Stephens. Blackie was picked off first base one time, being just a couple yards from the bag, but from then on he had the "sign" on Dupuis and was able to take a comfortable lead and steal a base or two. Incidentally, Blackie, now an army captain, is in Viet Nam.

On to Assiniboia Downs

Saturday, June 18, has been designated as Thief River Falls Day at Winnipeg's Assiniboia Downs, and it is expected that a large number of horse race fans will make the trip up there.

Now that Al Holznecht has returned to town from a winter spent in Sun City, Arizona, racing fans can get some first - rate tips on placing a wager or two. Al is a "sitting duck" as far as baseball is concerned, and he had a miserable season last year when the Twins won the pennant, but he can be classed as an expert on horse racing. And he has the pictures to prove his horses have won races.

Tickets for Saturday's program can be obtained free from the local Chamber of Commerce office.

The Team to Beat

It appears that the Vets team will be the club to beat for the championship in the city softball league. And according to Pat Poole, who is the Eddie Stanky of the city softball league, a defeat is what the Vets won't be getting. Pat, who is the general manager, coach and business agent for the Vets, adds that the club has an added incentive for winning the league championship this season.

The Vets will win the title for Frank Harger, according to Pat. Harger, who has been a member of the Vets team for a number of years, is convalescing from a heart attack that he suffered a couple of weeks ago. Frank's softball career is ended, but the Vets are going to dedicate this season's play to the popular Frank.

This evening, Wednesday, the Vets and Bridgeman's meet in what could be a top-notch game. The Bridgeman's were surprised by the Ben's Food Market in their season - opening tilt last week, perhaps a bit over-confident. But manager Bob Carlson states that he will send all of his cannons against the Vets this evening.

A Boost for the Merchants

The Thief River Falls Merchants senior baseball team, a member of the Pen-ro-Shall league, received quite a boost in its pitching staff this past week when righthander Tommy Cummings who concluded his high school career with the Prowlers, joined the club. In his first start for the Merchants, hurling against the Grygla team in a game that was transferred to the fairgrounds diamond on Sunday, struck out 17 batsmen to lead the locals to a 17-1 win. Tom added to the locals' cause by poling out a home run.

And speaking of pitching performances, that must have been quite an effort by Halstad's lefty Duane Ramstad in pitching his club to a 2 to 1 win over Fertile in a Norman-Polk league game on Sunday. Ramstad gave up but three hits and struck out 24 batsmen.

Decline Noted In Upland Game Bird Total Kill

Calculated kill of all Minnesota upland game bird species except ruffed grouse showed a marked decline in 1965 from the preceeding year, the conservation department reported today.

Figures were based on a preliminary tabulation of 230,250 resident and 1,023 nonresident small game hunters. This is 23 per cent fewer hunters than pruchased licences the previous year.

Greatest reduction in the small game harvest was in pheasants where hunters reported taking only about 220,000 birds compared with more than 750,000 the preceeding year.

Prior to the 1965 season, game officials had indicated that the pheasant population had dropped 19 per-cent from 1964. This figure was borne out with the calculated seasonal success per hunter dropping about 40 per cent.

Primary factors in the reduced take of pheasants were the decline in the number of hunters and the reduction in the rate of harvest for available cocks. The decline in the number of hunters was due to the relatively low pheasant population. Only about 45 per cent of the available clocks were shot by hunters in 1965 compared to about 65 per cent in 1964.

This reduced rate of harvest was indicated by a ratio of 45 cocks per 100 hens following the 1965 season compared to 30 cocks per 100 hens after the 1964 season.

Regardless of what the season length may be, hunters typically bag a smaller percentage of the available birds in years of low populations due to the "law of diminishing returns".

Hunter interest declines when birds are difficult to locate so it is virtually impossible to take too high a proportion of the roosters by hunting, said game officials.

The harvest of sharp - tailed grouse, Hungarian partridge, woodcock and jacksnipe also fell below the 1964 levels. The only gain was registered in the take of ruffed grouse which increased about 20 per cent.

Game censuses had previously indicated that ruffed grouse numbers were up over the preceeding year so that the increase in hunter success over 1964 was about as anticipated.

About 1,600 trip awards to the national 4-H club congress in Chicago will be awarded this year to top boys and girls in the 50 states completing the best 4-H projects.

Standings Listed After 1st Round In Golf League

The City golf league began play on its 1966 schedule on Wednesday evening, and the Standard Oil and Froseth's Market squads shared opening round honors, with the two teams posting net stroke totals of 144.

The Standard Oil foursome saw Dave Wegge carding a gross 39 and net 36; Ken Moum had a 46 and a net 35; Gary Flynn with a 43 and net 37; and Ron Olson with a 37 and net 36.

The Froseth's Market squad had the following cards: Erling Olson a gross 41 and net 34; Al Adams with a gross 41 and net 33; Frank Womack with a gross 42 and net 37; and Jon Larson with a gross 41 and net 40.

Bill Penning earned the evening's low net honors, carding a 32; and shared in the low gross score, having a 37 to tie the score posted by Standard Oil's Ron Olson.

Roseau To Enter State Baseball Tourney Today

The 20th annual Minnesota state high school baseball tournament will open this afternoon, Wednesday, at St. Paul's Midway stadium. First - round pairings will find Bloomington Kennedy, with a record of 18 wins and three losses, meeting Melrose of Region Six at 1 p.m. At 2:30 p.m. the Roseau Rams of Region Eight, with 15 wins and 7 losses, will play New Ulm of Region Three. New Ulm has a mark of 17 wins and three losses.

Wednesday evening's play will find Hastings of Region Four, with a record of 18 wins and 2 losses, playing International Falls of Region Seven. The Falls have a mark of 14 wins and three losses. This game is slated for 7 p.m. And at 8:30 p.m. the Albert Lea Tigers of Region One, with 13 wins and five losses, will play Wells of Region Two. Wells is the lone undefeated team in the tourney, having 15 wins and no losses.

The semi-finals are scheduled for Thursday evening, with the championship finals billed for Friday evening.

Golf Tournament At Local Course On Father's Day

The local golf club will be host to a Father's Day Shortstop golf tournament on Sunday, June 19.

Neil McEwen is chairman of the tournament, and he announced that tee-off time for the tourney will be at 9 a.m. on Sunday. Registration for participation in the tourney may be made by phone or letter. The club house phone number is 681-2955.

The championship flight competition will be on a 27-hole medal play basis. The remainder of the field will be arranged into flights, with eight golfers to a flight, and the competition will be on a nine-hole match play basis.

Merchandise prizes will be awarded in the various flights, to the winners, runners-up and consolation winners.

Sportsmen Club To Meet Tonight

Pennington County Sportsmen's club will hold its regular monthly meeting tonight (Wednesday) at the club recreation area. A working session will follow the meeting. Members are asked to bring axes and shovels, and lawn mowers are particularly needed. Lunch will be served.

Saddle Club Ride Slated Sunday

Thief River Falls Saddle club will hold a trail ride Sunday at the Lester Halvorson farm. Members from the city are asked to meet at the fairgrounds at 1:30 p.m. Riders from out of town may contact one another and ride to the fairgrounds together. Lunch will be served during the ride. Anyone interested is invited to take part in the ride and may contact Dan Keefe for further information.

Highway Patrol Rescinds Changes

Minnesota highway patrol said today that transfers of three patrol captains — announced March 28 — have been rescinded.

Cancellation of the transfers was confirmed by Assistant Chief Horace Henry. He said the new orders were issued by the newly-appointed Patrol Chief John Harbinson.

The earlier orders had moved Capt. Stanley S. Rotegard from St. Paul to Brainerd, Capt. Ralph Potvin from Brainerd to Thief River Falls and Capt. Harlan Fredeen from Thief River Falls to St. Paul.

All three will return to their original stations.

Harbinson was not available for comment. Henry said there was no particular comment from the patrol on the moves.

It was reported that some — perhaps all — of the captains had been unhappy with the proposed transfers.

The new assignments became effective Tuesday, the Patrol said.

First Billing Is Made to Elderly In Medicare Plan

First medicare premium notices are in the mail, to more than two million of the elderly people who signed up for the voluntary doctor bill insurance to supplement their basic hospital insurance under medicare, according to Robert M. Ball, commissioner of social security.

Another 15 million older people enrolled for the doctor bill insurance will not receive premium notices, Ball said. Their $3 premiums will be deducted from their monthly social security, railroad retirement or civil service benefit checks, beginning with the checks due early in July.

The premium notices now being delivered, Ball said, call for quarterly payments of $9, payment for the doctor bill insurance protection for the months of July, August and September.

With the punch card premium notice is a return envelope preaddressed to one of six social security payment centers. Payment should be made by check or money or money order payable to "Social Securit Medical Insurance" Ball said.

Older persons who cannot manage to make the quarterly premium payment of $9 may send in a payment of $6 for two months coverage, or $3 for one month, Ball said. Or if they have any questions about the premium payments, they may get in touch with their social security district offices.

The Veterans administration estimates more than 500,000 post Korean conflict veterans will train under the new GI Bill during the first year, beginning June 1, 1966.

Face Flies Tough To Control on Farm Livestock

Face flies are tough to control. They are unaffected by barnyard sanitation, space sprays or fogs. Unknown in Minnesota until 1960, this pest has become general throughout the state.

John Lofgren, extension entomologist at the University of Minnesota, advises livestock farmers to apply to face bait or face spray to control the face fly.

Lofgren says that other measures are ineffective because the face fly breeds in fresh manure in pastures but does not necessarily remain in the pasture when it is not feeding.

When preparing a bait or spray, Lofgren says to use Ciodrin or dichlorvos (DDVP). The mixture should contain about one-half per cent dichlorvos or about one per cent Ciodrin or Ciodrin - dichlorvos mixture. Apply with a hand sprayer to the entire face of the animal.

To make a baited spray add two cups of sugar per gallon of water. Then add three-fourths cup (six fluid ounces) of 18¼ per cent dichlorvos emulsifiable concentrate per gallon and agitate thoroughly.

Because of the short life of these mixtures, a new batch of spray must be made daily. The spray should be applied daily except on cold, dark or rainy days. These sprays can also be used on horses.

For dairy heifers and beef cattle, cable type back rubber or face treating devices with toxaphene or Ciodrin will give some degree of control. Deep shade will also provide these animals some relief.

Additional information can be found in the University of Minnesota Agricultural Extension Service Fact Sheet Entomology number 25.

Duck Production Outlook Bright, Report States

Ducks Unlimited surveys in the Canadian prairie region show a strong upward trend in the waterfowl breeding population. Number of breeding ducks is still below the peak years of the mid-1950's, but good 1966 production appears to be in sight. There is reason to be optimistic that the ducks are beginning to recover from the reverses from the recent drought years.

The foregoing statements are excerpts from the June issue of the Ducks Unlimited "Duckological," prepared by General Manager Angus Gavin.

The report points up as particularly encouraging "increases in the number of breeding mallard and pintail in each of the prairie provinces." Redheads show a good increase throughout the prairies. Canvasbacks are slightly down in Manitoba and Alberta, but show good increase in Saskatchewan. Blue-winged teal numbers are up in Manitoba and Saskatchewan but are slightly reduced in Alberta.

Gaven stipulates that water conditions are "generlly good", but cites some areas, particularly east-central Alberta, as needing good rainfall to get the whole duck crop on the wing. Much of the 1966 production in this area will be accomplished with water carried over from last year. The 140 D. U. projects in the area are in excellent condition.

Alberta surveys showed less water than in 1965, with an 18 per cent decrease in the number of ponds recorded. Greatest reduction is in the eastern section of the province. However, roadside transects in the foothills area showed a general increase in waterfowl breeding population.

Both Saskatchewan and Manitoba report definite improvement in water conditions and also in waterfowl breeding populations. Breeding population in the Saskatchewan River Delta region is also moderately increased.

AMERICAN Legion Ninth district officers, elected Saturday at the district convention in Thief River Falls, are pictured above. Left to right, they are James Cuppett, Thief River Falls, North Area vice commander; Milo Olson, Gary, Central Area vice commander; Lloyd Volen, Dalton, Southern Area vice commander; Folland Thurn, Crookston, vice commander at large; and Joe Kloeckner, Dilworth, commander.

QUESTIONS Answered for VETERANS

Q—If a veteran accepts a nonservice-connected disability pension while trying to prove that this disability was service-connected, will the VA deduct the monies that he has received from the nonservice-connected pension?

A—The fact that a veteran accepts a nonservice - connected disability pension while trying to prove that the disability is service-connected will in no way interfere with the proceedings of his claim. If the veteran should be granted service-connection, the VA will make the adjustment to make sure the veteran receives the greater benefits.

Q—I have a relative in a Veterans Administration hospital When I visit him, am I permitted to bring him food?

A—If you do, be certain to stop by the nursing station and let her check to see if it violates the patient's diet orders.

Q—If Dependency Indemnity Compensation death benefit payments for a minor child have been stopped by reason of that child's marriage, may payments be resumed if the child is divorced prior to reaching the age of 18?

A—No. Once married, a person is no longer considered a child under the legal definition for the purpose of VA benefits.

Q—My husband, who is a World War I veteran, has been receiving a nonservice-connected pension of $78.75 a month. We own our own home. Our friends now tell us that the Veterans Administration affairs committee in Washington will take our home pension because we own our own home. Is this correct?

A—The government will not take your home because your husband is receiving a nonservice-connected pension. You are being poorly advised by your friends.

Q—I never filed for compensation with the VA although I suffered an injury during World War I. Am I too late?

A—No. You may file a claim for service-connected disability at any time. However, you will probably be required to submit medical evidence showing the present existence of the disability.

Q—May a veteran who has no service connected illness enter a Veterans Administration Hospital and pay for his care?

A—No. VA hospital benefits are free to veterans with service-connected disabilities and to veterans with nonservice-connected disabilities who cannot afford hospital care. All other veterans are expected to use non-VA hospitals.

Q. Are compensation or pension payments for a veteran's child discontinued at age 18?

A Payments for the benefit of a child may be continued to age 23 if the child is unmarried and is attending an approved school.

"A load of cares lies like a weight of guilt upon the mind; so that a man of business often has all the air, the distraction and restlessness and hurry of feeling of a criminal." —William Hazlitt

Are Men Equal

Right now, the United States is busily engaged in the creation of the most gigantic structure of public welfare that the world has ever seen. The resources which we have at hand to turn over to government for distrubution to groups of citizens entitled to benefits under ever-broadening welfare legislation are immense. Of course, all this wealth was created under a different philosophy which put a premium on individual initiative and provided the incentive of rewarding the productive people and enterprises.

The history of this country should have demonstrated one fact: That all men simply are not equal, never were and never will be. An editorial in the Colorado Trumpet and the Public Ledger points out that: "The Declaration of Independence asserts that all men are created equal, but it says nothing about the duty of a government to maintain citizens at an equal level thereafter."

A good example of welfare state "equality" is provided by the following: "Two families living side-by-side are a dramatic example of government favoritism. The one with an income of $3,100 a year is entitled to special tutors and medical checkups for their four-to-six-year-old children, summer jobs or free summer seminars on college campuses for their high school kids, and Youth Corps benefits for the school dropouts. They reap numerous other special privileges as well, but the family next door with an income of $3,300 a year gets nothing."

As taxes go up and dollars go down in value, it becomes more and more apparent that the superwelfare state may bankrupt us, but it cannot ever make us equal—except perhaps in the sharing of universal national poverty.

Conventions Are Coming

Banners will be flying, placards will be waved, names will be called and mud will be thrown at political conventions of the state's major political parties this month. Results of both conventions will be interesting, because both parties have been hedging at precinct, county and district levels in preparation for the big show—the state convention.

Members of the DFL party will gather this weekend and the Republicans will meet the following week. Delegates of both groups are soon going to have to make their decisions and vote their convictions (or instructions), which in at least several cases is going to be no less than difficult.

In the DFL session, attention is primarily focused on the candidacy for governor of incumbent Karl Rolvaag and his ambitious lieutenant governor, A. M. Keith. The party is split wide open from this rift in the armor at the top level of state government.

Some party members — and not only a few — believe that Rolvaag's record as governor after a re-count victory is not good enough to get him reelected this fall. Others feel that Keith's implication with men of questionable repute in the insurance game will be a political millstone too heavy for him to carry in the gubernatorial swim.

No too many people would be surprised if the party rejects both men in favor of a third candidate who is less known, less involved and less vulnerable to political attack. It would seem at present, however, that a primary election run-off is in the wind and that the air will remain troubled until then.

While the Democrats parade, praise and ponder this weekend, the Republicans will watch with eager anticipation . . . not entirely unlike a vulture circling above an animal slowly dying of thirst in the desert. They may find, however, that claiming the prize they await is considerably more difficult than they anticipate.

At present, the GOP does not lack for gubernatorial candidates. It can select from among several political unknowns who are ready and waiting for the call. Which of these men will be selected is a point to ponder. Harold LeVander, John Pillsbury and William Randall have more than a passing interest in serving as governor, with LeVander likely having a slight edge at the present time.

Personally, we are disappointed that Wheelock Whitney did not toss his hat in the ring for governor. Although he lost in his senatorial bid on his first entry into the state political arena, he conducted one of the most ambitious and thorough personal campaigns this state has ever known. He visited every part of the state and gained a number of friends and supporters. We liked his sincerity and his desire to find out the opinions of others, rather than trying to rationalize his own convictions.

There are a number of other offices to be considered at both conventions, but they are obscured by the big push for the governorship. Both of the state events will be watched with considerable interest.

Money at the Top

Money in the nation's anti-poverty program is at the top level, with so many being paid so much to help the poor that the poor find themselves without any money left for them. The following is the view of the editor of the Luverne "Star-Herald":

Chaos and corruption that outstrip anything in the history of America. That is the nicest thing you can say about the "war on poverty." The most brazen waste of taxpayers' money this nation has ever seen.

That is the story of the "war on poverty" . . . the war that demands more and more billions from American taxpayers as while we go deeper and deeper into debt.

Ozie Bulock, an unemployed auto worker in Detroit, used to get in his best week a $104 salary. Ozie is now unemployed and he is getting a total of $160.23 from two federal and anti-poverty programs.

Recipients of aid are driving Thunderbirds to their college classes.

A politician in Charleston, W. Va., had a hotel which was valued at $250,000. We are going to pay him $94,800 every 12 months as rent . . . and . . . in addition we are going to spend up to $850,000 renovating the flea bag hotel, for a job corps headquarters.

We don't blame the honest poor for getting red headed mad when they see how the anti poverty money is wasted after it finally trickles down from on top.

"On top" is where you want to be in this war on poverty.

The U. S. Office of Education has an appropriation of $3.6 billions compared to the $1.5 billions for the war on poverty. The education office needs only 2,861 employees but the poverty war programmers have 7,233 employees to administer a program half as big.

Five of those war on poverty executives get more salary than the U. S. Commissioner of Education.

Everywhere you go . . . everywhere you look you can see the rotten mess of waste and corruption. At the job center at Camp Gary, Tex., there is a paid staff of 864. Of this number, 208 draw salaries over $9,000 a year.

If the war on poverty continues we're going to be short of teachers for the nation's schools. Why should an instructor stay with a school when he can double his salary by joining the war on poverty?

Of that staff at Camp Gary, 208 of the top paid employees are making twice as much as they did in their previous jobs. Typical was the citizenship teacher that used to get $4,800 from a school. From the government the teacher now gets $10,080.

Everybody's jumping the fence to join in on the loot. One of Chicago's public officials who made $14,000 a year jumped the traces to join up with the war on poverty for a $22,000 salary. One out of every seven employees in Washington's local poverty agency is getting over $10,000 a year.

The stench from corruption and waste is becoming unbearable—it is strange it doesn't offend the sensibilities of the man who made a fooforaw for publicity reasons out of turning out the lights in the White House.

A New Law Needed?

The following editorial from the Rock County Star Herald was recently reprinted in the Murray County Herald:

It used to be that Orville Freeman in his election campaigns always chose the Department of Agriculture as his favorite "whipping boy."

Freeman attacked the department and its then secretary, Ezra Benson, as perpetuating a monstrous bureaucracy on the backs of the farmer and the taxpayers.

Well — some people are now poking fun at Freeman and what has happened in the department since he has been the king of the castle.

They have even hinted that someday there might be more Department of Agriculture employees than there will be farmers.

As a sort of left handed joke there was introduced a bill in the last Congress which would forbid having more department employees than there are farmers.

Introduced as a sort of a joke the measure came very nearly being passed.

Congressman Arends of Illinois formulated a "Freeman's Law."

According to Arends the law would be:

in direct ratio to
the decline in the
farm population."

Ridiculous Maybe.

Maybe not so funny.

Arends shows that in the five years of Freeman the number of Department of Agriculture employes has gone from 98,694 to 117,481.

This is an INCREASE of 20 per cent.

In the same period our farm population has gone from 15,635,000 to 12,500,000.

This is a 20 per cent DECREASE

At this rate in a hundred years, says Congressman Arends, will have 144,115 persons on the nation's farms and 4,508,912 employed in the Department of Agricutlure.

Looking Backward

1896—SEVENTY YEARS AGO

Continuous rains throughout the Valley have raised all the streams to overflowing, and have prevented plowing and seeding over the entire area. — The alleged great rush for Red Lake reservation lands has materialized only to a small extent. A huge majority of the "sooners" have left the country sadder and wiser men.

1906—SIXTY YEARS AGO

The Red Lake county board, with Thief River Falls represented by Commissioners Ekstrom, Johnson and Shaw, called for an election on the county seat issue. Red Lake Falls attorneys, however, secured a temporary injunction delaying the election for a time not to exceed two months. A special Soo train may be dispatched to Overly, N. D. to accomodate visitors to this city during the county fair.—Andrew Linderoth of Warren was found dead in his shop June 12, apparently the victim of an unknown gunman.

1916—FIFTY YEARS AGO

A committee composed of W. W. Prichard, T. P. Hamre, H. S. Dahlen, T. L. Melgaard and R. McGinn advised against city purchase of the Kretschmar dam, but urged the present owners to repair the dam. — A big Hudson touring car driven by T. L. Melgaard and filled with passengers turned turtle on a slippery road, but the only damage sustained was a broken windshield.—Charles Lieberman is planning to open a new men's clothing store in this city.

1926—FORTY YEARS AGO

Norwegians from around the nation are cavorting at the two-day convention of the "Satedals-Laget" opening today.—Samuel S. Branvold, who is opposing incumbent O. L. Ihle is a county sheriff election, answered a letter regarding his stand on prohibition by stating that he was not only "dry", but could enforce the prohibition law hinglehanded if elected.

1936—THIRTY YEARS AGO

Alf M. Landon and Frank Knox were unanimously nominated for the posts of president and vice president, respectively, at the GOP national convention in Cleveland.—Thief River Falls was chosen as the site for the 1937 Ninth District American Legion convention. —The Rindahl Lutheran church, six miles west of TRF, will observe its 50th anniversary Sunday. Victoria Edberg and Stanton R. Dahlen were married June 12 at Rush Lake Lutheran church.

1946—TWENTY YEARS AGO

Federal price control agencies authorized an 11-cent increase in the retail price of butter, making it 64 cents per pound in TRF.—A. J. Rau represented the local Rotary club at the International Rotary convention in Atlantic City. – Rev. John O'Toole, for four years assistant pastor at St. Bernard's church here, was transferred to Crookston.—The city council appointed Paul Perrault as street commissioner.—Mrs. Della B. Zeh, for 49 years a resident of this city, died at the age of 77 following a lengthy illness.—Officers of the Civic and Commerce assn. joined in a tour to Winnipeg via the Piney route.

1956—TEN YEARS AGO

Varlene Peterson, 19, of Badger was crowned 1956 Northwest Dairy Dairy Day Tuesday. She was crowned by Barbara Droppo of St. Hilaire, 1955 Princess. Her attendants were Ardis Anderson of Pennington county and Beverly Olson of Roseau county. — Riders, ropers and bulldoggers from seven states will take part in the fourth annual Thief River Falls rodeo this weekend at the Melvin Joppru farm.—After an unusually cold spring, a sudden heat wave drove the mercury up to 95 degrees Sunday.—President Eisenhower is recovering from an emergency operation, and is uncertain about running for a second term.

How to succeed in business by really trying
Ford sales are at an all-time high.
During May Ford outsold all other car makes!
The word is spreading—fast—that Ford Division is building the best cars it has ever built. And it's true. Never have Ford cars been so good—never have Ford sales been so high.
People discovered our 1966 Ford was the strongest Ford ever built. A strong car, well-engineered, is a quiet car—and the '66 Ford has a ride that is quieter even than some of Europe's most expensive handbuilt luxury cars.
Over a million people have already bought Mustangs. This rare blend of sports-car excitement and solid value is the most popular new car in history . . . and right now it's the world's best-selling hardtop and convertible.
Wagon buyers are excited about our Magic Doorgate—the greatest step forward in wagon convenience in years. It opens out like a door for people and swings down like a tailgate for cargo. It's standard equipment on all Ford and Fairlane wagons.
Car shoppers discovered a whole new range of comforts and conveniences: The '66 Ford offers power front disc brakes, a Stereo-Sonic Tape System, America's largest V-8 to perform on regular fuel, Silent-Flo Ventilation that keeps air fresh with all windows closed, and a new Safety/Convenience Control Panel that lets you lock all doors with one switch, has lights to warn if fuel's low or a door's ajar, reminds you to fasten seat belts.
A whole new group of sports-minded car buyers has come over to Fairlane. We've redesigned it completely with 30 new models, including GT's, sports-luxury XL's, convertibles, Squire wagons, and an exciting new Sport Shift Cruise-O-Matic Drive (on GT/A models) that gives you the ease of an automatic—or lets you shift manually for the fun of it.
People everywhere are finding out just how much extra value we've built into today's Ford cars—extra value that's the reason why Ford sales have soared to an all-time high.
And that's why Ford Dealers . . . leading from strength . . . are now offering you the best deals ever. There are specially equipped, specially priced Fords, Fairlanes and Mustangs, and special values on all our cars—across the whole line. See them soon.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Should the U. S. "take the shackles off" its food production capacity, *with an eye toward meeting world food deficits?*

For an answer, you need to look to the economic, political and social repercussions, according to economonist Marguerite Burk at the University of Minnesota.

She points to these factors relating to U. S. decisions on food aid in recipient nations. A study in Pakistan showed that bulk-supply food aid to that country reduced its farm income. Extensive reliance of Colombia on P. L. 480 supplies of wheat in 1955-60 repressed the domestic wheat price level relative to other farm prices, and wheat output failed to change. Meanwhile, crops with price incentives showed spectacular increases.

2. Effects on farmer incentive. In India, a study concludes that foreign food aid reduced economic stimuli for small farmers to use fertilizer and better seeds and to improve their land. Also, use of food aid in India to create employment on public works contributed to inflationing prices of nonfood commodities bought by farm families. Thus, the study concluded, farm families fell back in purchases and probably in productive efficiency.

3. Effects of imports on local output. A University of Minnesota study shows that imports of 2.9 million metric tons of cereals into India in 1962 probably depressed wholesale prices of cereals about four per cent. This study estimates that over a six year period, Indian cereal consumption went up by a half pound for every pound of cereal imported per capita. Half of the import seems to be offset by a resultant cut in domestic output.

4. U. S. price levels. U. S. Prices of some food are higher than in certain less developed nations that export food. With rice, it would be cheaper for the U. S. to buy rice in Thailand and Burma to ship to India. But to step up output in those nations would mean large amounts of fertilizer and better rice varieties.

5. Potentials of less developed countries to meet own needs. In a recent USDA study of 26 developing nations between 1948 and 1963, 12 had increase rate in crop output higher than those of the U. S. and many other developed nations. Apparently, these nations can do wonders in agricultural progress, if they have national determination and policies and programs to make the most of their resources.

With adequate national goals, Professor Burk says, researchers from devloped countries could help by adapting technology to local conditions. Meanwhile, short run expansion of U. S. food output could help poorly fed nations over the intervening years.

A world food shortage worse than we've ever seen? This grim possibility is rarely denied, but official forecasts of this kind merit some second looks.

No matter how U. S. farmers react to food problems in underdeveloped nations, they need a clear understanding of what these problems are as best they can be determined.

For one thing, we should probably retain some healthy skepticism about estimates of the "world food gap" that we read and hear about. Marguerite C. Burk, professor of agricultural and home economics at the University of Minnesota, has some concerns over estimates of the gap between food that developing nations can produce and how much they require.

But a sharp change would call for strong government leadership, vigorous educational programs in family planning and rapid, widespread distribution of supplies in the developing countries like India and China. Failing these accomplishments, growing famine is likely by the year 2000.

How can one make sense of agricultural data from less developed countries? Available figures deal largely with commercial crops. We have mostly informed guesses about foods produced or gathered for home use by rural people and that food makes up a large proportion of their supplies.

Furthermore, Miss Burk says food output projections are often underestimated because of a usual pattern of not expecting too much through technological change. The fact is that tremendous yield increases in underdeveloped nations are possible—although strong agricultural leadership is needed to attain them.

Although U. S. Department of Agriculture and United Nations officials acknowledge problems in estimating, the fact remains, Professor Burk says, that the estimates are prepared in order to dramatize world food problems.

USDA estimates show a need, by 1970, for 54 million metric tons of grain in addition to supplies now expected.

The world food deficit for 1970, the USDA estimates, is valued at $6.8 billion. Of this, $2.5 billion is for the non-Communist nations. Put another way, about 62 per cent of the deficit is from Communist Asia, for which Professor Burk says the basic data is most questionable.

Food grain requirements of the less developed countries in 1980 are estimated to run 300 million metric tons, or 70 per cent above their total annual availability in 1958-61. This is about three times the size of the increase in food grain supplies from 1959-61 to 1970 projected by USDA.

A recent summary of U. S. farm production potential for 1980 indicated that expected increases in farm output on 90 per cent of our cropland could supply increased total domestic demand plus a 75 per cent increase from the 1959-61 average in crop exports by 1980.

If the U. S. also used all 60 million acres now diverted from crop production, total output of crops might run 60 per cent above the 1959-61 average by 1980. If all this increase were exported, exports would reach 250 per cent of the 1959-61 average.

Canada and Western Europe also have yield increases outrunning population growth.

In sum, experts believe the U.S. and other developed countries might be able to fill the food gap of the next 10 to 15 years. But problems of logistics, economics and political costs, and long-run repercussions on production in the developing countries merit careful consideration.

Even though estimated land values in Minnesota are on the rise, the average prices received in actual sales show little change from a year earlier.

Agricultural economists John C. English and Philip M. Raup studied estimates of land values from individuals connected with the land market. They also gathered factual data on farms sold throughout the state in the first half of 1965.

Average estimated values for the state were $171 per acre in 1965, compared with $166 the year earlier. The average figure on reported farm land sales, meanwhile, was $178 for 1965, identical with *the previus year.*

The only marked price advance in sales occurred in the east central district, where prices rose to $96 per acre, $10 above 1964.

Prices in the northeast district remained the state's lowest. During 1965, they fell $8, to $40 per acre. Reported sales there in 1965 were at the same price level as 10 years ago.

Elsewhere, there was little change in prices received in reported farm land sales. Average price received per acre was $233 in the southwest and $106 in the northwest. Southeast prices dropped five per cent to $203 per acre.

When farm land is bought or sold, the buyer may or may not be interested in whether it is "improved"; that is, whether it has buildings and other facilities. If land is bought as a complete farm unit, the buyer of course wants buildings.

If the sale is for expansion of a neighboring or nearby farm, those buildings may be of little or no importance to the buyer.

For the state as a whole, unimproved land in 1965 sold for 89 per cent of the level brought by improved land prices. But again, there is variation by districts. In the northwest, most land is bought for farm enlargement and prices on unimproved land were almost 60 per cent above the price of land that included buildings.

Farm expansion buying is less important in the east central district (including the Twin Cities area) and part-time farming and rural residential uses are more significant. The condition of buildings is especially important in this area. There, the relative value of unimproved land was only 56 per cent of the price of improved land.

In remaining districts, unimproved land prices averaged slightly below those for improved property: West central, 83 per cent; northeast, 92 per cent; southeast, 91 per cent; and southwest, 97 per cent.

The highest prices usually are paid by farm expansion buyers, and investment buyers, as compared with operating farmers and the difference is greatest in the northwest district.

Given these two approaches to studying farm land values—*estimates and actual sales—which is better for studying trends?* The economists say the estimates are more reliable for year-to-year comparisons for these reasons.

Qualities of land and buildings sold often vary widely, and so do the number of sales in any given year and locality. A reported change in average sales prices may reflect primarily a variaton in quality of land or buildings due to one or two unusual sales. A given county may have only 25 to 50 voluntary sales in a year and a few abnormal sales can noticeably affect the level of sales prices.

Minnesota land values, in a slow but steady climb since 1962, have gone up by another three per cent, according to a 1965 study, conducted recently at the University of Minnesota.

Average estimated values for the state as a whole were $171 per acre last year. Prices for earlier years as 1964, $166; 1963, $161; and 1962 $159. Before 1962, prices had remained virtually constant since 1959.

The study, reported by agricultural economists John C. English and Philip M. Raup, showed some variation in changes around the state. Increases of $13 per acre over 1964 occurred in the southeast and $9 per acre in the southwest districts.

Values were virtually unchanged in the east and west central districts, and values declined by $2 per acre in the northwest and by $8 in the northeast.

Highest average value reported was $261 per acre in the southwest. This compares with $252 in 1964 and $255 in 1959—the previous record year in land values for that corner of the state.

Values for other districts for 1965 were: Southeast, 219; west central, $146; east central, $112; northwest, $113; northeast, $51.

The highest percentage increases since 1959 are in the east central and southeast districts, where land values have increased by 25.8 per cent and 14.7 per cent, respectively. These are areas of greatest urbanization in the state.

Increases in counties adjacent to the Twin Cities area were around 10 per cent or more from 1963 to 1964, but showed little additional increase from 1964 to 1965. *Demand for farm land for non-farm or* urban-oriented uses as strongest in this area of the state.

The increase in 1965 in the southwest district—the first since the 1959 peak—may have been caused by the increase in buying for farm expansion, the economists suggest. This reason was mentioned by many respondents in the survey.

The kind of land showing price increases has also varied. In the west central and southwest districts, the greatest increases since 1959 have been for lower grade land, perhaps reflecting drainage projects or other factors that tend to improve the production potential of medium and lower grades of land.

In the northwest district, increases since 1959 were concentrated on higher quality areas. The poorer land in that area is largely east of the Red River Valley and has characteristics similar to the Northeast land market, where prices have also fallen.

Judy Oski Tells Of Georgia 4-H Exchange Trip

June 9, 1966

Hi Y'all,

This is Judy Oski, the Minnesota - Georgia State Exchange delegate from Pennington county.

The 37 members of the Minnesota delegation got to Atlanta, Ga. Monday, June 5, after a trip lasting two days and one night. Tuesday morning we all went to the Rock Eagle 4-H center near Eatonton, Ga.

Their 4-H camp is really fabulous. The camp is 1,400 acres of park area and its capacity is over 1,000 persons. The 4-H members stay in small cottages and there are two outdoor swimming pools which are used tremendously on these hot days. The 4-H camp has many things to see and so many places to get lost.

On Wednesday, June 8, we met with our host families. I am living with Mr. and Mrs. Otis Z. Miller and family in Worth county, the well-known "peanut county contains 371,200 acres and a population of 16,682.

The Millers have five children; Rita, 19; Otis, 17; the twins, Dan and Doris, 15; and Peggy, 10.

The Miller family lives on a 31-acre farm and raises cattle, geese, chickens, goats, dogs, cats and a champion hog. Most of their acreage is in pasture but a few acres are used for corn and rye. Cotton, peaches, tobacco and peanuts are also grown in Worth county.

Worth county is located in the southwestern district of the state. The county seat is Sylvester with a population of 3,500. Sylvester is about 70 miles from the Georgia-Florida state line. The Millers live about two miles out of town.

The weather is very hot and humid here. Right now we are getting the side effects of hurricane Alma. It is really raining but the wind isn't very high. Alma hit a town about 50 miles from here, but I guess they aren't too worried here as all they ever get are the side effects.

Another Minnesota delegate, Jim Arvidson from Ottertail county, also stays in Worth county. We have been kept very busy with radio and television interviews, and doing and seeing many things. One of our first nights here the Millers had a party for us and we met the county agents and their families, the minister and his family, the mayor and his wife, the town news reporter and many other friends and relatives.

It is so nice to be in Georgia as this "southern hospitality" is really great; everyone is so friendly. Their southern accent is very easy to catch on to, so don't be surprised if I come back talking like a southerner.

The food here is quite different, including hominy grits and, always, iced tea. The food is all quite good but it takes awhile to get used to it!

Another thing that is different in Georgia is the soil. It's the reddest soil Ive ever seen and it's hard to call it dirt because it isn't black!

Well, I guess this is all for now and I will write another article when I get back to Minnesota.

Bye Y'all,
Judy

Judy Oski Tells Of Georgia 4-H Exchange Trip

June 9, 1966

Hi Y'all,

This is Judy Oski, the Minnesota - Georgia State Exchange delegate from Pennington county.

The 37 members of the Minnesota delegation got to Atlanta, Ga. Monday, June 6 after a trip lasting two days and one night. Tuesday morning we all went to the Rock Eagle 4-H center near Eatonton, Ga.

Their 4-H camp is really fabulous. The camp is 1,400 acres of park area and its capacity is over 1,000 persons. The 4-H members stay in small cottages and there are two outdoor swimming pools which are used tremendously on these hot days. The 4-H camp has many things to see and so many places to get lost.

On Wednesday, June 8, we met with our host families. I am living with Mr. and Mrs. Otis Z. Miller and family in Worth county, the well-known "peanut county contains 371,200 acres and a population of 16,682.

The Millers have five children: Rita, 19; Otis, 17; the twins, Dan and Doris, 15; and Peggy, 10.

The Miller family lives on a 31-acre farm and raises cattle, geese, chickens, goats, dogs, cats and a champion hog. Most of their acreage is in pasture but a few acres are used for corn and rye. Cotton, peaches, tobacco and peanuts are also grown in Worth county.

Worth county is located in the southwestern district of the state. The county seat is Sylvester with a population of 3,500. Sylvester is about 70 miles from the Georgia-Florida state line. The Millers live about two miles out of town.

The weather is very hot and humid here. Right now we are getting the side effects of hurricane Alma. It is really raining but the wind isn't very high. Alma hit a town about 50 miles from here, but I guess they aren't too worried here as all they ever get are the side effects.

Another Minnesota delegate, Jim Arvidson from Ottertail county, also stays in Worth county. We have been kept very busy with radio and television interviews, and doing and seeing many things. One of our first nights here the Millers had a party for us and we met the county agents and their families, the minister and his family, the mayor and his wife, the town news reporter and many other friends and relatives.

It is so nice to be in Georgia as this "southern hospitality" is really great; everyone is so friendly. Their southern accent is very easy to catch on to, so don't be surprised if I come back talking like a southerner.

The food here is quite different, including hominy grits and, always, iced tea. The food is all quite good but it takes awhile to get used to it!

Another thing that is different in Georgia is the soil. It's the reddest soil Ive ever seen and it's hard to call it dirt because it isn't black!

Well, I guess this is all for now and I will write another article when I get back to Minnesota.

Bye Y'all,
Judy

I'm missing from this picture. I belong right between the subjects. For the old gentleman on the right is my father . . . and the young gentleman on the left is my son. But someone had to snap the picture.

It was taken on a Sunday afternoon. Earlier the three of us had walked to church. And Grandpa — (you know how you come to call your own father "grandpa" after you have a son) — well, Grandpa put his hand on Jimmy's shoulder.

"You know, Jimmy," he said, "I've been walking to church down this street ever since it was a cowpath. And I used to think real proud-like, when I walked your father to church, that the Lord never gave me a bigger job to do than raise my son a Christian. But I feel just as proud walkin' by you — *like all my important work isn't done yet!*"

Understand why I wanted this picture? And why I call it "Unfinished Business?"

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GUERNSEY breed champion was this two-year old grade named "Lassie" shown by Vicky Erickson, 13, daughter of Mr. and Mrs. Earl Erickson of Viking. It was the second championship for Vicky in four years of showing at Dairy Day. Reserve champion Guernsey was a calf shown by 10-year-old Steve Filipi, son of Mr. and Mrs. Huntley Filipi of Angus. It was Steve's first year of showing at Dairy Day.

SHORTHORN honors went to the Francis LaVoi family of Fosston at Dairy Day this year—not exactly a unique situation. Danny LaVoi, 14, who has been showing for six years, showed the grand champion Milking Shorthorn with a two-year-old purebred named "Prairie Lane Bonnie". Scott LaVoi, 8, gained his first championship with his first calf, a purebred named "Prairie Lane Barbara". Since Scott was attending Bible camp this week, the calf was shown by his brother Jerry.

BROWN SWISS honors were cornered this year by daughters of Mrs. Betty Rantanen of Middle River who showed the grand and reserve champion animals. June Rantanen, 15, who has been showing for eight years at the annual event, showed the grand champion Brown Swiss for her first championship with a purebred three-year-old named "Tollefson Merry Mae". Jane Rantanen, 14, showed a two-year-old purebred named "Tollefson Sweet Jackie" for reserve champion honors—her first championship in six years of showing.

AYRSHIRE champion at Northwest Dairy Day in Thief River Falls was shown by 13-year-old Gerald Katzenmeier, son of Mr. and Mrs. Alvin Katzenmeier of Bagley. It was the first year of showing for Gerald and his champion animal was a purebred named "Itasca Ayr Oracle's Tweet". Gerald's sister Marilyn, 10, showing for the third year, showed the reserve champion Ayrshire with a twin sister to the champion and named "Itasca Ayr Oracle's Twila".

FEATURED among many callers and instructors at the Minnesota state square dance convention to be held in held in Thief River Falls Friday, Saturday and Sunday will be the Perraults from Excelsior. This group has been instructing in the folk dance and international field for a number of years and currently have several large classes in the metropolitan area. They will make several appearances during the three days of the convention.

State Square Dance Convention Set Here

Square dancers from throughout Minnesota will invite blisters and aching muscles with three days swinging partners at the Minnesota state square dance convention Friday, Saturday and Sunday. Falls Squares of Thief River Falls are hosts to the convention which is expected to draw in excess of 1,000 people to the city for at least part of the three - day affair.

Dancers will be joined in their annual fun festival by a number of enthusiasts from Canada and likely from several other states. Some of the top name callers in Minnesota, as well as area callers and guests from out of the state will lead the dancers through their paces. Colorful costuming is expected to be prevalent throughout the three-day convention.

While registration begins at 2:30 p.m. Friday and the last dance ends at 4 p.m. Sunday, not a great deal of convention time is devoted to business. Although there will be instruction, demonstrations, workshops, clinics and other events of an informative and educational nature, only one hour—from 12:30 to 1:30 p.m. on Saturday — has been reserved in the schedule for the state federation business meeting.

Lincoln high school gymnasium and the main floor of the city auditorium are main sites for dancing, but the city arena, streets, parking lots and other areas are almost certain to be used at some time during the course of the convention.

Among the callers to be on hand names as Bruce Johnson, Edna and Gene Arnfield, Joe and Rose Mae Perrault, Lee Newton and Les Gerard. The latter will call for dances at the teen dance center in the basement of the city auditorium Friday and Saturday evenings and Saturday and Sunday afternoon.

There will be no lack of opportunity for dancing during the three-day festival. Impromptu dancing with state callers is scheduled to begin at 2:30 p.m. Friday — the exact time when registration opens for the convention. Following an official welcome and introduction of leaders at 8 p.m., square dancers will congregate in the high school gymnasium and rounds will be held in the city auditorium. These dances are scheduled to end at 11:30 p.m., but "after parties" —organized dances for the die-hard dancers—will run from midnight to 2:30 a.m. Friday and Saturday.

A more complete program will be published in the Wednesday edition of the Times, together with pictures of several callers and further information on the convention. Dances will be open to spectators with an admission fee of 50 cents per person to be charged throughout the convention.

Sig Quam

Sig Quam Dies This Morning in Warroad Hospital

Word has been received here today of the death of Sig Quam, 51, resident of Thief River Falls since 1945, who died this morning in a Warroad hospital. Funeral arrangements are pending at the Sinding Funeral home in this city.

Quam was born in McIntosh, worked for a number of years in Bemidji and came to Thief River Falls in 1945 where he founded Thief River Jobbing company. He and his wife also operated D and Q Cabins on the west edge of the city. Quam is a past president of the Lions club and the Chamber of Commerce and had been active in other organizations.

A more complete obituary will be published in the Wednesday edition of the Times.

New Practices Added to ACP In Marshall Co.

Marcel Dahl, chairman of the Marshall County Agricultural Stabilization and Conservation service announced that the Marshall county ACP program for 1966 has had two new practices added to it.

Anyone interested in establishing a vegetative cover for wildlife habitat and safety on road corners and field corners or to establish or improve a stand of trees and shrubs that creates a farmstead shelterbelt, should contact the Marshall county ASCS office in Warren.

LaFave Sentenced Thurs.; 10 Cases Tried Monday

In municipal court Thursday, Donald LaFave of Thief River Falls was sentenced by Judge Stanley N. Mortenson to 60 days in jail on a charge of assault and 30 days in jail on a charge of destruction of property. Both charges were turned in by the city police department. Both jail sentences were stayed until July 21 on conditions.

Ten cases were handled in Monday's regular court session. Charged by the highway patrol were Edwin Bakken, Goodridge, defective brakes $15 fine with $5 suspended; Mark Hanna, Minneapolis, speed, $15 bond forfeited; and Roger Clausen, St. Paul, speed, $15 bond forfeited.

City police cases included Francis Montry, Newfolden, driving while under the influence of liquor, $100 fine; also driving with no license, $30 fine; and finally open bottle in motor vehicle, pleaded not guilty, trial set for today (Monday); Evan Ose, city, failure to heed stop sign, $15 bond forfeited; Vernon Hendrickson Jr., city, careless driving, $30 bond forfeited; Ole James Johnson, city, failure to heed stop sign, $15 fine; and Raymond Levin, Isle, failure to heed flashing red light, $15 fine.

Bond Reelected As President of Cemetery Board

Frank Bond was reelected president of the Greenwood Cemetery commission at the annual meeting held last week at the office of Robert J. Lund, secretary - treasurer of the comission. Erling A. Torgerson was elected vice president and Lund was renamed secretary-treasurer. William E. Fahey and W. W. Prichard also serve on the board.

Following review of the financial statement for 1965, the commission considered the establishment of a "Baby Land" burial plot. Such a plot would be reserved for burial of babies and young children of families who so desire and do not have family plots.

Plans were also discussed in regard to the use of artificial flowers on graves, limiting the time that this type of flower can be used on graves after Memorial Day.

"Members of the commission hope to gain public favor for such a ruling which will add considerably to the beautification of the cemetery grounds," secretary Lund stated. Further information on the plans will be announced in future issues.

Reading Program To Start July 5 At Goodridge HS

Supplementary reading program for the Goodridge schools will start July 5 at 9 a.m. to continue for four weeks. Classes will operate until 12 noon each day with a half-hour lunch break and recess. Two sections will be taught; one by Mrs. Eloda Knutson and the other by Mrs. Janice Peterson.

Parents in the Goodridge high school area who are interested in enrolling their children in the program should contact the school by Friday, June 24. This program is made possible through Title I of PL. 89-10 of the federal government.

Employees, directors and manager of the Farmers Union Oil Company in Thief River Falls were honored guests of the Farmers Union Central Exchange at a "Sparkle Award" dinner held Wednesday evening at the Rex cafe.

Farmers Union Oil company is one of 41 cooperatives which won a "Sparkle Award" for excellence in customer relations, merchandising and salemanship.

In the competition were nearly 450 cooperatives served by the Central exchange, a regional wholesale supply cooperative based in South St. Paul. Winners are located in the area stretching from the Great Lakes to the Pacific.

The dinner held here was in recognition of the combined efforts of all employees and members of management of the cooperative.

Those honored were the board of directors, Jesse Bakke, board chairman; Bert Johnson, vice chairman; Melvin Melin, secretary - treasurer; Jarvis Torgerson and William Rupprecht, directors, and their wives; Clarence Carlson, manager, and Mrs. Carlson, bookkeeper; and other employees, Robert Hamilton, Erwin Reitmoltz, Harold Langaas, Gary Iverson, station attendants; Roy Roodorf and Michael Whalen, tank truck salesmen and their wives.

Guests at the dinner were Rev. and Mrs. Harold Peterson; Mr. and Mrs. Orville Kruschke, Central exchange marketing supervisor; Mr. and Mrs. Ronald Johnson, Central exchange petroleum and TBA representative; Mr. and Mrs. Merle Erickson, Central exchange plant food and chemical representative; Pennington county commissioners, Glen Tasa, Odin Hanson, Carl R. Anderson and Merle A. Lindberg, and their wives; Mr. and Mrs. C. R. Appelman, secretary-treasurer, Pennington County Farmers Union; Mr. and Mrs. Merle Kruschke, instructor in Thief River Falls junior college; Mr. and Mrs. Hyrom Sorenson, manager of Production Credit Ass'n.; Mr. and Mrs. Duane Walton, manager of Soil service center; and Mr. and Mrs. Cyril Stensrud, Soil Service center superintendent.

Bank Debits in May Up 10 Per Cent from 1965

Bank debits in Thief River Falls during May showed an increase of 10 per cent from the same period a year ago, according to statistics released by the Federal Reserve Bank of Minneapolis. In dollars, the city's bank debits volume during May was $9,526,000. In the same month of 1965, the total figure was $8,683,000. During the first five months of 1966 bank debits amounted to $17,430,000, an increase of 6 per cent from 1965.

For Minnesota the May volume of bank debits for reporting cities increased 25 per cent from May of last year. Debits for the first five months of 1966 increased 19 per cent from the same period in 1965.

The volume of bank debits reported by the total sample of Ninth Federal Reserve district cities for May increased 22 per cent from a year ago. The cumulative total for the first five months of 1966 indicated a 17 per cent increase from the comparable 1965 period.

Bank debits are mostly checks against depositors' accounts and thus represent payments for goods, services, debts, etc. They also include transfers of funds which of themselves have no business significance. Bank debits mainly include all debits against checking accounts of individuals, partnerships and corporations, and of states and political subdivisions. They do not include debits to the accounts of other banks, the United States government and checking accounts.

Theatre Group To Audition for Next Production

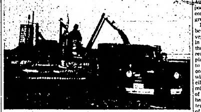
Auditions for "Romanoff and Juliet", the second production of the Thief River Falls community theatre, will be held Thursday and Friday at 8 p.m. in the local city auditorium. Mrs. Pat Johnson will direct the production which will replace the play originally scheduled for June 22-23 on the local summer recreation schedule.

Any persons interested are encouraged to audition for a part in the play with the cast requiring nine men and four women. It is expected that the play will be staged during the weed of the Jaycee Aquacade, July 25-31.

Plot of the production centers around the attempts by the United States and Russia to woo the friendship of a minute mythical country which lies between the East and the West. The Russian ambassador—Romanoff—has a son who accompanies him, and the U. S. sends a business diplomat with a daughter named Juliet to plead its cause.

As might be expected, the younger Romanoff and Juliet become romantically involved, national rivalry is forgotten in personal involvement and the wedding scene is described as "remarkable for its lunacy".

Council Recommends Urban Renewal Plans



LATE HARVEST was conducted June 1 on the Bert Coan farm 25 miles southeast of Goodridge. A field of 1965-crop oats, which had been in the swath all winter, was combined by Bert and his son Kenneth (shown on combine). The oats weighed 32 pounds per bushel and was sold for 54 cents per bushel in Thief River Falls, yielding about 15 bushels per acre. The picture was taken by Linda Swanson, daughter of Mr. and Mrs. Ernest Swanson of Goodridge.

Meeting in special session Thursday, the Thief River Falls city council recommended that the U. S. Housing and Redevelopment Authority proceed with the proposed urban renewal and regional community recreational area program for the city.

First step in the program will be application for a federal survey and planning grant to be used in determining which structures in the urban renewal area are to be removed. Upon completion of the planning phase, which is expected to take approximately a year to complete, the housing authority will report its findings to the council, and request the council's permission to proceed with removal of undesirable structures. The urban renewal project will be centered in the northeastern portion of the city.

Hearing on the extension of the Chief's coulee from Seventh street to Red Lake boulevard was held Tuesday evening and was acted up on at the special meeting Thursday. City Engineer D. H. Stewart was directed to prepare plans and specifications for the extension project. Estimated cost of the project is $15,000.

A request by Ralph Jorstad that the 3.2 beer license now held by Isabelle Latta be transferred to Jorstad was granted. Jorstad has purchased Issy's Tavern and plans to operate the business as Ralph's Bar.

Five building permits having a total valuation of $19,200 were granted. They include Robertson Lumber company, dwelling, $16,000; Ray Wagner, addition to dwelling, $1,000; Ole Dahle, addition to dwelling, $1,000; Kenneth Pederson, domestic garage, $400; and Lester Gustafson, domestic garage, $800.

Upon recommendation by Police Chief Elton Cummings, the council granted a progression raise of $5 per month to Harold Blazek, police patrolman.

It was resolved to pay the following bills: Gene Holmes, library electrical contractor, $5,081.40; Dean Witcher, Inc., general library contractor, $27,292.70; Hodne Associates, progress on recreation study, $500; and Elmer Martini, refund on special assessment, $42.50.

Gideons Reelect Officers During Annual Meeting

Annual campfire meeting of the Thief River Falls camp of Gideons International was held recently at Fertile. Rodney Brodin of Thief River Falls, vice president, conducted the meeting in the absence of the president.

Officers elected include John Vielguth, TRF, president; Rodney Brodin TRF, vice president; Axel Taflin, Fosston, secretary; A. V. Brodin, TRF, vice secretary; Nels Holmberg, TRF, treasurer; C. Einar Johnson, Warren, chaplain; David Drotts, TRF, church assignment secretary; Melvin Bergeson, Fertile, Bible secretary; Ernie Askelson, Gary, youth Testament secretary; Anton Hall, TRF, camp reporter; and C. T. Solie, Fertile, membership secretary.

Guest speaker was Ellsworth Anderson, president of the International Falls camp and zone leader for the seven - county district in northwestern Minnesota. He expressed appreciation to the pastors attending as guests for permitting Gideons to speak in their churches and receive a scripture fund offering.

Weekend guests at the Mrs. Harry Ness home were Mrs. Thora Hetland of San Francisco, Calif.; Mrs. Edward Foran and Mrs. Collie Olmstead of Minneapolis and Mr. and Mrs. Loren Ness and Mr. and Mrs. Curtis Ness, Mary Ellen and Alan Richard of Eveleth.

Terrance Courneya

New County Agent Assumes Duties Here Wednesday

Terrance T. Courneya, former associate agricultural agent in Washington county, who has been appointed agricultural agent for Pennington county, assumed his duties at Thief River Falls on Wednesday.

He had been associate agricultural agent in Washington county since March 22. Before coming to Minnesota he was in charge of a swine experimental farm at Souther Illinois university, Carbondale, Ill.

Originally from Frazee Courneya has studied at North Dakota State university, Fargo, and at the University of Florida, Gainesville, where he received his B.S. degree in agriculture in 1961. He was a member of the livestock judging team at the University of Florida.

He grew up in Minnesota's Ottertail county and operated a 250-acre farm there in partnership with his father from 1950-1953. He has more than eight years of experience in 4-H activities and was active in the Future Farmers of America in high school serving as a chapter secretary and president. He received a State Farmer degree.

Courneya served in the U. S. Navy from 1943-1947. He is married and has four children.

As county agricultural agent Courneya will work with assistant agricultural agent Chuck Will and home agent Beverly Tveito on the total extension program for the county. Will plans to continue as assistant agricultural agent until he is called up for basic training with the army reserve.

NFO Meeting Slated Friday In Detroit Lakes

A special NFO meeting at the Detroit Lakes high school auditorium has been scheduled for 8:30 p.m. Friday. Speakers who will talk on agriculture and its problems will be Orin Lee Staley, NFO president, and Albin Rust, head of the dairy commodity department. They will discuss all phases of NFO programs with special emphasis on milk.

Hospital Joins Dentists in New Dental Service

Arrangements have been made by Northwestern hospital in Thief River Falls and local dentists to provide a rotation call for emergency or after hour dental service and weekend coverage, according to Norman Peterson, Northwestern hospital administrator.

The rotation call services will be an expansion of hospital dental service, Peterson said. In addition to having parts of the hospital utilized for major dental work on a medical admittance basis, the hospital has a special dental clinic room.

Dentists will operate on a rotation basis whereby one dentist will be on hospital call from 5 p.m. on Monday until 8 a.m. the following Monday — answering calls for emergency dental service when dental offices are closed. A different dentist will assume the responsibility for calls each succeeding week until the call rotation has been completed.

During the call hours, the dentist on call will accept notification from the hospital to see any patient requiring dental service, and the patient will be expected to return to his or her own dentist during the next regular office hour schedule.

Any person or patient who contacts the hospital relative to dental services after office hours and has selected a dentist who is not on the call schedule could request the nursing service supervisor to call the dentist desired.

Any person or patient coming to the hospital for dental services after office hours and who has selected a dentist who is on the call schedule will be advised of the call or rotation plan and have the matter explained before the dentist on call is notified, Peterson said.

Arrangements for emergency dental care after office hours or on holidays or weekends may be made by calling Northwestern hospital.

School Nurse Is Concerned Over Poor Dental Returns

Concern over the low percentage return of dental health cards has been expressed by Mrs. Margaret Race, school nurse for the Thief River Falls school system. "Recent statistics indicate that the dental program in Thief River Falls needs a shot in the arm," she said.

"Each year, the division of dental health of the Minnesota health department requests a report on the dental care situation in the state's schools. This report is arrived at by means of the blue and pink dental cards, known to all who have school-aged children. On June 1 the dental card return in the four public elementary schools in Thief River Falls was 58 per cent," she noted.

"Patrick Klemisch's sixth grade had the highest percentage of dental cards returned with 89 per cent. Of this class only three students failed to return their cards by June 3, but all of these have dental appointments in the near future."

Mrs. Race listed the highest percentage return of cards for each of the public elementary schools as follows: Knox — Patrick Klemisch's sixth grade, 89 per cent; Mark Twain — Mrs. Grace Hartje's fourth grade, 88 per cent; Northrop — Mrs. Dorothy Hanson's morning kindergarten, 71 per cent; and Washington — Mrs. Christine Johnson's fifth grade, 68 per cent.

Mark Twin had the highest percentage of dental cards returned with 67 per cent. Knox followed with 61 per cent while Northrop had 56 per cent and Washington had 51 per cent.

"No one will deny that dental health is an important part of the total health picture in our community," the school nurse said. "At the present time, there is no conceivable 'do-it-yourself' project in dental care. We are 100 per cent dependent on our dental profession, and yet 42 per cent of our grade school students had no dental O.K. this past year.

"Because of neglect, many children will be missing permanent teeth before they leave grade school and a few will be wearing dentures before they leave high school," Mrs. Race predicted.

"Parents are urged each year to have their children's teeth checked. It will save money, time and pain. Children who have not seen their dentists in the past six months are encouraged to do so this summer . . . And remember those pink dental cards!"

The following is a listing of the dental report, with the grade teacher, class enrollment, number of cards returned and percentage listed respectively:

Northrop: Morning kindergarten, Mrs. Hanson, 31, 22 and 71 per cent; afternoon kindergarten, Mrs. Hanson, 35, 24 and 68 per cent; grade 1: Mrs. Spungrud, 26, 14 and 54 per cent; grade 1: Mrs. Habedank, 29, 16 and 55 per cent; grade 2: Mrs. Steinhauer, 30, 14 and 47 per cent; grade 2: Mrs. Olson, 27, 14 and 52 per cent; grade 3: Mrs. Vraa, 33, 19 and 58 per cent; grade 3: Mrs. Halverson, 29, 15 and 52 per cent; grade 4: Mrs. Hanson 22, 6 and 27 per cent; grade 4: Mrs. Walton, 27, 20 and 60 per cent; grade 5: Mrs. Robarge, 23, 12 and 52 per cent; grade 5: Mr. Bradach, 28, 17 and 61 per cent; grade 6: Mrs. Smith, 32, 20 and 63 per cent; grade 6: Mr. Novak, 28, 11 and 39 per cent. Average 54 per cent.

Mark Twain: morning kindergarten, Miss Luxemburg, 27, 21 and 78 per cent; afternoon kindergarten, Miss Luxuemburg, 24, 13 and 54 per cent; grade 1, Mrs. LaBonte, 29, 18 and 62 per cent; grade 2, Mrs. Etter, 24 21 and 87½ per cent; grade 3, Mrs. Han-

Raymond Sorensons Grygla, Honored on 25th Anniversray

Mr. and Mrs. Raymond Sorenson of Grygla were honored Sunday afternoon, May 29, at the Grace Lutheran church in Grygla on the occasion of their 25th wedding anniversary. With them were their attendants of 25 years ago, Wilfred Soren of Minneapolis and Mrs. Harley Bucholz of Grand Forks, N.D.

For the event, Mrs. Sorenson wore a shoulder corsage of white carnations and red rosebuds, as did the mothers, Mrs. Annie Bjerken and Mrs. Melvin Sorenson. Mrs. Bucholz wore a corsage of pink carnations and red rosebuds. All the flowers were gifts from Gary and Lee Sorenson, sons of the couple, who are in Seattle, Wash., and were unable to attend.

Harley Bucholz was master of ceremonies of the program that preceded the social hour. Rev. S. J. Sigurgeirson led in devotions. A song, "Jesus Savior Dear to Me" was sung by the group of children; Kevin Sorenson, a son of the honored couple, played a piano solo and a duet, "How Great Thou Art" was sung by Mrs. Norman Newton and Mrs. Arnold Larson. Mrs. Roy Norby sang "The King and I" and also gave a reading. A prayer by Cathy Newton concluded the program.

Members of the Sarah circle catered the refreshment. They were assisted by Mrs. Elmer Blaine, Mrs. Arnold Larson, Mrs. Norman Newton and Mrs. Robert Mosher. Waitresses were Paulette and Pamela Bucholz and Nancy Blaine. The ushers were Lyle Newton and Roger Blaine.

For the reception the guest table was decorated with a silver floral centerpiece, flanked by silver candles. Seated at the table were the honored couple and their son, Kevin; Mrs. Annie Bjerken, Mr. and Mrs. Melvin Sorenson, Wilfred Sorenson, Mr. and Mrs. Harley Bucholz and the Rev. Sigurgeirson. All other guests were served buffet style.

Mrs. Elmer Blaine and Mrs. Norman Newton cut and served the four-tiered and pillared, all-white anniversary cake. Topped with two silver bells, the cake was baked and decorated by Mrs. Melvin Wallberg. Mrs. Wilfred Sorenson poured.

Mrs. Robert Mosher registered the guests who attended from Grygla, Minneapolis, Grand Forks, N. D. Thief River Falls and surrounding area.

The honored guests were presented with monetary gifts, a money tree and numerous other gifts.

Bradley Duane Laidley Baptized At Viking

Bradley Duane Laidley, son of Mr. and Mrs. Duane Laidley, was baptized Sunday, June 12 at 2 p.m. at the Zion Lutheran church at Viking. Rev. T. J. Weltzin officiated. Sponsors were the aunt and uncle of the child, Floyd and Bonnie Carlson of Badger.

Following the baptismal ceremony an outdoor luncheon was served for friends and relatives.

Jesme and Conkey Vows Exchanged at Thief Lake

Marian Jesme and Howard Conkey, both of Milwaukee, Wis., exchanged marriage vows Saturday, June 4, at 2 p.m. at Our Savior's Lutheran church at Thief Lake. The bride is a daughter of Mr. and Mrs. William Jesme Sr., of Middle River and the groom is the son of Lynn Conkey of Hicksville, Ohio.

Rev. Duane Thompson officiated at the double ring ceremony. Mercedes Melby presided at the organ and also accompanied Mrs. Duane Thompson as she sang, "O Lord Most Holy" and "O Ye Who Taste That Love Is Sweet". Forming the chancel background for the afternoon ceremony were pink and white bells together with baskets of white mums, accented with pink roses.

Given in marriage by her father, the bride wore a floor-length gown of chantilly lace over satin. The fitted bodice featured a square scalloped neckline and long sleeves that tapered to a point over the wrists. Tulle flowers adorned with sequins enhanced the full skirt that flowed back into a sweeping full length train. A crown of crystals and rhinestones held the viel of silk illusion and she carried a cascade bouquet of pink roses and white feathered mums, entwined with trailing ivy.

Attending the bride as maid of honor was her niece, Doris Cwikla of Middle River. She wore an empire fashioned gown styled with delicate pink organza over taffeta bodice and a floor-length skirt of white crepe. Streamers from a pink bow at the back waistline flowed down forming a paneled pink and white train.

Mrs. Duane Lambert of Milwaukee, Wis., a sister of the bride, was bridesmatron. Bridesmaid was Kathy Paquin, also of Milwaukee. Their dresses, styled similar to the maid of honor were of candy pink. They wore matching headpieces with halo veils and each carried a cascade bouquet of pink roses and white feathered mums. Their sterling silver crosses on slender chains, were gifts from the bride.

Lorri Cwikla, a niece of the bride, served as miniature bride. Her attire, similar to that worn by the bride was made by her mother, Mrs. Paul Cwikla. Joni Jesme, daughter of Mr. and Mrs. Harold Jesme of Milwaukee, Wis., was flower girl. She wore a floor-length empire fashioned gown of pale pink organza over taffeta. Ringbearer was a nephew of the bride, Myron Jesme, son of Mr. and Mrs. Floyd Jesme.

Attending the groom as best man was his brother, Raymond Conkey of Hicksville, Ohio. Groomsmen were Floyd and Duane Jesme, brothers of the bride. Serving as ushers were William Jesme Jr., another brother of the bride, and Lowell Scramstad. All the men of the wedding party wore white tuxedos with pink carnation boutonnieres. Their gifts from the groom were travel alarm clocks.

The mother of the bride was attired in a beige dress designed with a lace bodice. To complement her attire, she wore white accessories and a corsage of red roses and white mums.

Honor guests attending the wedding were the groom's grandparents, Mr. and Mrs. Claud Conkey. The bride's personal attendants were her sisters Mrs. Paul Cwikla and Mrs. Vernon Skoglund.

A reception in the parish hall followed the ceremony. Approximately 200 guests were in attendance. Centering the serving table was a pillared, four-tiered wedding cake, trimmed with pink roses and miniature white bells. Wedding bells graced the top of the cake cut and served by Mrs. Floyd Jesme and Mrs. John Rakowaski. Mrs. E. M. Skoglund and Mrs. Raymond Conkey poured. Kenneth Cwikla and Kathy Knutson served the punch while Janis Scramstad, Jeanette Lunsetter and Connie Severts were in charge of waiting tables. Mrs. Ida Thygeson was reception hostess. Opening and arranging the gifts were Mrs. William Jesme Jr., Carol Lambert and a sister of the groom.

Presiding at the guest book was Mrs. Paul Cwikla, who registered guests from California, Milwaukee, Wis., Canby, Minneapolis, Thief River Falls, Grygla, Gatzke, Wannaska, Roseau, Oslo, Argyle, Newfolden and surrounding area.

For traveling on the wedding trip through Minnesota, Michigan and Wisconsin, the bride wore an off-shoulder empire fashioned sheath dress of nylon crepe with a pearl and diamond necklace.

The bride is a 1964 graduate of Middle River high school and is employed by Patrick Cudahy of Cudahy, Wis. The groom, employed by Alan Bradly during the summer months, attends law school and is an instructor at a night school.

KITCHEN KARNIVAL

Features from the Kitchen of

MRS. HARRY E. SWENSON

The variety of recipes using raspberries are almost as plentiful as the ones utilizing rhubarb. Today's recipe, which uses either frozen or fresh raspberries, is for a dessert that keeps well under refrigeration or may be made and frozen for future use.

RASPBERRY DELIGHT

- 3 cups crushed vanilla wafer crumbs
- 1 cup butter
- 3 cups powdered sugar
- 4 eggs
- 2 packages frozen raspberries or
- 4 cups fresh berries, slightly sweetened
- 1 cup chopped walnuts
- ½ teaspoon vanilla

Method: Cream butter and sugar; add eggs, one at a time and beat well after each addition. Cover the bottom of a 9x13-inch pan with half of the crushed vanilla wafer crumbs. Spread the batter over the crumbs. Whip cream until stiff, fold in berries, nuts and vanilla. Spread over mixture, top with remaining crumbs and refrigerate overnight. May be garnished with whipped cream and fresh berries. Makes about 15 to 20 servings.

The Harry E. Swensons reside on a farm 14 miles west of Thief River Falls. When contacted for a recipe, it wasn't until questioned regarding hobbies that I realized that I wasn't speaking to Mrs. Swenson but to her sister-in-law, Mrs. Cora Lackmann of Breckenridge, a guest at the Swenson home. Due to a sore throat, Mrs. Swenson was unable to answer the phone.

Mrs. Lackmann stated that Mrs. Swenson was an excellent cook and that cooking and baking were her chief hobbies. In her spare time, she also enjoys reading.

The Swensons have two children, Beverly and Larry. Beverly is married to Lt. Commander Allan Cabot, who is on a nuclear submarine, "The Daniel Boone" with headquarters in Hawaii. She is presently living in Hawaii with their two sons. Larry is at home assisting his father in grain and dairy farming.

Scramstad and Peterson Vows Spoken At Gatzke

Miss Janis Scramstad became the bride of Dwight Peterson at a candlelight ceremony at the United Lutheran church at Gatzke on Saturday, June 11, at 6 p.m. The bride, a foster daughter of Mr. and Mrs. George Severts of Gatzke, is the daughter of the late Mr. and Mrs. Henry Scramstad who resided in Middle River. The groom's parents are Mr. and Mrs. Gene Peterson of Gatzke.

Rev. Duane Thompson of Gary officiated at the double ring ceremony attended by 350 relatives and friends. Miss Linda Larson presided at the organ. She played a program of nuptial music as the guests were ushered to their seats and also accompanied Diane Ruud, cousin of the bride, as she sang, "The Wedding Prayer" and "The Lord's Prayer".

Baskets of white gladioli, accented with pink carnations, graced the chancel while white bows and lighted candelabra marked the pews.

The bride was escorted to the altar and given in marriage by her foster father, George Severts. For her wedding, she selected a white nylon gown in empire style fashioned with short lace sleeves. Matching lace enhanced the front of the gown and a large bow in back secured the full length train. A crown of pearls held her fingertip veil and she carried white roses on a white Bible.

The bride chose her foster sister, Connie Severts of Gatzke, as her maid of honor. Bridesmaids were Maureen Peterson, sister of the groom and Jean Scramstad, sister of the bride. They wore apricot peau de sole empire styled gowns featuring watteau trains. To complete their attire they wore matching veiled pillbox hats, apricot colored shoes and each carried an arrangement of pink and white carnations. Their white gloves and pearl pendants were gifts from the bride.

Dawn Scramstad of Middle River, niece of the bride, was flower girl. She wore a dress similar to that worn by the bride. Rex Drown of East Grand Forks, cousin of the groom, was ring bearer.

The groom was attended by his brother, Gary Peterson of East Grand Forks. Groomsmen were Lowell Scramstad of Middle River and Darell Severts of Gatzke, brother and foster brother, respectively, of the bride. Serving as ushers were a brother of the bride, Harry Scramstad of Middle River, a cousin of the groom, Lloyd Wagner, also of Middle River and cousins of the bride, Jerome Lund and Gerry Ruud, both of Gatzke.

The men of the wedding party wore black tuxedos with pink carnation boutonnieres.

For her foster daughter's wedding, Mrs. Severts wore a blue lace dress accented with black accessories. The mother of the groom, also in a blue lace dress, chose white accessories to complement her attire. Both wore identical corsages of pink roses and white carnations.

Honor guests at the wedding were Mrs. Constance Ruud of Gatzke and Mr. and Mrs. Arvid Peterson of Badger. Mrs. Harry Scramstad served as her sister-in-law's personal attendant.

Following the ceremony, a reception was given in the church parlors by Mr. and Mrs. George Severts with approximately 350 guests in attendance. Hostesses were Mrs. Clifford Engelstad and Mrs. John Loven.

Centering the serving table was a four-tiered wedding cake, topped by a miniature bride and groom. Baked and decorated by the bride's foster mother and aunt, Mrs. Edwin Lund, the cake was cut and served by Mrs. Axel Gormsen and Mrs. Anton Wagner. Mrs. Edwin Lund and Mrs. Emmett Wagner poured while Mrs. Gary Peterson of East Grand Forks registered the guests. Linda Aase and Diane Severts served the punch and Joni Peterson and Denise Ruud passed the groom's cake. The gifts were arranged by Mrs. Rick Larson and Mrs. Leon Johnson of Thief River Falls and the waitresses were Janet Aune, Marvel Wagner, Jeannette Lunsetter and Julie Drown.

Out-of-town guests attending were from Colorado, East Grand Forks, Oklee, Badger, Roseau, Red Lake Falls, Minneapolis, Gary, Fisher, Owatonna, Stephen, Climax and Newfolden.

For travel on the wedding trip to Duluth, the bride was attired in a beige two-piece suit.

The bride is a 1965 graduate of the Middle River high school and attended the Thief River Falls area vocational - technical school. The groom graduated from the Middle River high school in 1963, attended Anker's Business college at Grand Forks, N. D., and is employed by International Harvester at Grand Forks, N. D.

The couple will make their home at Monty's Trailer court at Grand Forks.

Community Council Has Annual Meeting in Oklee

Second annual meeting of the Inter - County Community council was held June 9 in Oklee to elect council members, board members and officers, and to review accomplishments of the past year and plans for the future. Guest speaker at the meeting was George Holland, St. Paul, representing the Office of Economic Opportunity.

Elected by the board of directors to serve as council officers for the coming year were Phillip C. Stoltenberg, Bagley, chairman; Merle A. Lindberg, Thief River Falls, vice chairman; Dr. H. R. Fink, Fosston, secretary; and Sidney E. Kirk, Red Lake Falls, treasurer.

Eleven members were elected from each of the four counties served by the council. Board members elected are listed below with the number of years elected to serve on the board of directors shown in parentheses:

Pennington — Earl Arnold, Dr. David Brown; W. A. Corbet (2), Carl Elg, James Gaven (2), Orin J. Green, M. R. Hankerson (1), Merle A. Lindberg (1), Ronald D. Mooers, Kenneth Onken (2) and Mrs. Ray Wells.

Red Lake — Adrian Brule, Edwin Flatgard (2), Sidney Kirk (2), Alvin Larson, Ferdinand Mandt (2), Henry Moonen, Andrew Nistler (1), Mrs. Celest Proulx, Elmo Skare, Mrs. Bergit Swenson and Vaughn Thorfinnson (1).

East Polk — Paul Beaudoin, William Borchert, Mrs. Arnold Brovold (1), Orville Calhoon (2), Olaf Enerson, Dr. H. R. Fink (2), Levi Hagen, Clifton Olson (2), Arvid Solberg, R. W. Taylor (1) and Carl Torgerson.

Clearwater — Mrs. Frank Ballek, Elmer J. Erickson (2), Mrs. George Fox (2), Mrs. Susan Headbird, George Kirkeby, Morris Linde, Phillip C. Stoltenberg (2), Maurice Tangjerd (1), Mrs. Theodore Thompson (1), Elmer Walde and Milo Wilde.

In reviewing the past year, Chairman Stoltenberg noted that the Council was one of the top rural councils in the state for programs funded, in spite of initial delays and frustrations.

Guest speaker Holland discussed state and national programs in the "war on poverty", and future prospects for continuing this effort to help the disadvantaged to help themselves.

"Minnesota ranks among the top five states in the nation in anti-poverty programs enacted," Holland said. "These include large programs in the urban areas where poverty is congested and easily pinpointed, and includes programs in rural Minnesota where poverty is widely dispersed and not so readily recognizable. Because of the excellent participation and efforts of local councils, Minnesota stands high in the nation for programs in rural areas," he stated.

"The Inter - County Community council can be proud of 'Project Pretty - Up' (for employment of low income elderly and the chronically unemployed and under-employed in community beautification and improvement) and your therapeutic activity program (for nursing and rest homes in the area). 'Project Pretty - Up' has received widespread recognition as a program under the Nelson amendment to the Economic Opportunity Act of 1964," Holland reported, "and other councils are patterning similar programs from it. Your therapeutic activity program is recognized as one of the finest programs of service funded for this area by the Office of Economic Opportunity."

In conclusion, Holland stated, stated, "Now that your programs have been approved your responsibilities to yourselves and to OEO are to evaluate such on-going programs to see that they are providing the benefits intended and that you receive the most value for each dollar spent."

Other approved programs for the four-county council area include psychological services and a three-school head start program. The council also is the sponsoring council for a six-council, 16-county Neighborhood Youth corps project for northwestern Minnesota.

Offices of the council are in the clinic building in Oklee. The public is invited to visit at any time, and staff members are available to explain the community action programs which have been developed, whether they have been approved or not, and those which the council might be considering for the future.

Increase in Debt Limit Scored by Rep. Odin Lagen

"It's an admission that the administration and the Congress cannot and will not exercise fiscal restraint," said Congressman Odin Langen as the House of Representatives recently acted on the bill to raise the "temporary" national debt ceiling to a record $330-billion.

Rep. Langen noted that much "fiscal gimmickry" has come before the Congress this year. "First there was the new 'vigorous withholding system' that will borrow money from the American citizenry without interest to make the budget look better for at least one year," he said.

"Then there was the deluxe exercise in fiscal gimmickry to permit the Federal National Mortgage association to sell participations in a pool of government held financial assets, an obvious effort to hide $4.2 - billion of deficits from the public view next year.

"You'd think that after all of this fiscal manipulation it would be unnecessary to come before Congress to ask for a higher ceiling on the national debt," Langen said. "But, unfortunately, the roof seems to have been blown off by unrestrained spending, and no amount of gimmickry or bookkeeping sleight-of-hand can keep the national debt within resonable limits.

"The financial affairs of this Nation have been handled in such a manner that we have increased the debt limit by $43-billion since 1960. During those same six years the interest on the national debt totaled around $77 billion.

"Somewhere, at some time, we are going to have to set a realistic limit and then lock the door. Just one unanimous 'no' from this body would restore the theory of Congressional restraint, and we might just be surprised how easily the boys downtown would learn to trim their sails," he added.

Several in Area Selected in New Federal Program

Dr. William Forseth, director of the Bemidji state college "Upward Bound" project, announced selection of 102 area students for the seven-week program which will be held on the campus July 5 through August 20.

These tenth graders, 47 boys and 55 girls, were selected from 272 applicants from 16 northwestern Minnesota counties and four Indian reservations. It is financed by a $106,610 grant from the Office of Economic Opportunity.

Students from six communities were selected from the Inter-County Community Council area. These are Linda Halvorson and Maudry Miller, Bagley; Violet Gulp and Martin Moen, Clearbrook; Susie Hilligoss and JoAnn Wirnk, Mentor; Lloyd Erickson and Reinette Novak, Plummer; Steve Anderson, Randall Dampsey; Craig Folkedahl and Elton Solseng, Thief River Falls; and Milo Hagen, Linda Walberg and Vickie Wiseth, Goodridge.

Purpose of Upward Bound, according to Dr. Forseth, is to offer participants a program of educational enrichment that will encourage them to continue in high school with subsequent enrollment in a regular college or post high school education program.

The 102 students will live in college dormitories and have use of all college facilities. The academic program will include enrichment courses in art, social studies, math, composition, literature and several types of workshops. The group will also take a weekend educational field trip to Minneapolis-St. Paul and some of them will participate in a five day nature study trip into the Northern Quetico-Superior Boundary Waters canoe country.

The Library Corner

"Over the Hill and Down the Creek" by Walter Youngquist is the fascinating account of activities of the geologists who search the world for the gold and other treasures it holds. Their sphere of operations ranges from the blistering Sahara to the frigid Arctic, the steaming jungles to the mountain heights.

The geologist is pictured as a man of many facets, performing his numerous functions with ease and matter-of-factness, at once the representative of his country in an unofficial capacity, adept in first aid and at public speaking; a scholar, knowledgeable in at least one language besides his own and at the specialized work in which he engages. The book is a collection of experiences of real geologists living the life the stories depict.

Heretofore unpublished, the stories might be considered a cross-section glimpse at the manly breed known as the geologist, and are replete with humor, thrills, suspense adventure. Male or female, you should pick up this book for light reading and for the insight it provides into a somewhat little-known field. You will find in it a fascination which stirs the imagination.

It's been a long winter and an uncertain spring but surely there will be days when the lure of the water will prove overpowering. For marine - minded do - it - yourself males, the second edition of Harvey Smith's "Boat Carpentry" will be helpful. Listing skills, materials and tools needed for constructing and maintaining boats of wood or Fiberglas, it covers not only construction, but also alterations and repairing, and is well-illustrated and factual.

The terms are everyday ones, and instructions tell the kind of wood to buy for your boat, marine adhesives found most desirable, glues, wood preservations, steam bending, shaping, caulking, jointing and other "blueprints" on how to do it, and do it right. It even included helps in decorating the craft, telling in detail how to add the gold-leaf lettering that will do a job like that done by the pros.

A new paper-bound book "Practice For the Armed Forces Tests", is here now, for the use of all the fellas and gals who are considering entering the Armed Forces and advancing faster and farther than without the preparation it provides.

Also in the non-fiction section are several medically-oriented books we want to call to your attention. The first is "The Hormone Quest", the story of the century's most exciting advance in health and human welfare, according to the publicity. It's by Albert Maisel and is the story of the world-wide search for the raw materials used by science in the synthesizing of hormones. Natural and synthetic hormones have resulted in the creation of "the pill", and therapies against arthritis, mental illness and heart disease. The book explores the fascinating possibility that the human family may through hormone use one day master famine, plague, poverty and eventually war.

Hormones still in the dream-stage are those to control growth, prevent or stall heart disease and cancer, stave off the aging process and solve the mysteries of mental illness. Already there is advancement in this field, to the extent of prevention of birth defects in babies which might be due to a diabetic condition of the mother . . . These and other advances and desired advances in the field of the hormone are all explored in this scientific but readable book.

All phases and aspects of alcoholism are examined in "Alcoholism" by the noted Dr. Marvin Block, chairman of the Committee on Alchoholism, American Medical Ass'n., from 1954 to 1964. Alcoholism and the Law, Understanding the Alcoholic, Treating the Alcoholic, are samples of the chapter headings. The role of government in this social blight, the role of the spouse, alcoholism in other countries, symptoms of approaching alcoholism, the alcoholic pattern, reasons for turning to alcohol and the approach of the teacher to the problem, are other topics which the study entails. The book is a recent addition to our files and is another service to our patrons.

"Little World Apart", S. Omar Barker's novel of the great Southwest, is a poignant story of two brothers growing toward manhood and away from each other and from the little ranch-world which they shared. Humor abounds in the telling of the story also, and the region's slang expressions lend a homey flavor.

A sense of duty prompts one of the brothers to volunteer for war duty, and it means goodbye to the simple life, the ranch cradled in the rugged mountains of New Mexico and to the close ties of home. This is a well-told story that will tug at your emotions at times, but mostly leave you feeling good.

There has been a bit of confusion searching for the books recommended for the summer reading of the lower grades, and to keep this to a minimum, the books on the lists sent home with the little students have been placed by themselves on a special section of the shelf. There is a rapid turnover of these popular books, but there are always close to a dozen available on any given day. They're only suggestions, however, and the library is crammed with other worthwhile and entertaining stories.

And aren't the photos and illustrations something to intrigue the youngsters and in many cases, even the parents? Well, the world belongs to the young, so let them enjoy it. And pictures are a part of that rich and colorful and altogether entrancing heritage. Your library abounds with treasures. Come in and haul them away by the armful.

Freeman Comments on Food and Farm Prices

Secretary of Agriculture Orville L. Freeman, speaking before a group recently commented on feed and farm prices about which, he said, "there has been some misunderstanding."

He pointed out that farm prices for a few products earlier this year rose to unrealistic levels because of exaggerated cyclical reductions in production and because of adverse growing conditions, primarily weather.

These conditions no longer exist, he declared, and retail food prices should begin to decline if food processors react responsibly to the stabilizing of farm prices. Unfortunately, that temporary abnormality of certain farm prices gave some people a distorted picture of farmers' farm programs and farm income. The record shows, however, that the American farmer actually subsidizes the cost of living, rather than inflates it.

Secretary Freeman pointed out that Americans still spend a smaller percentage of their income for food than any other people; that an hour's pay today buys more food than it did in 1960 . . . and double what it bought 30 years ago; that, while consumer food prices are up 12 per cent over what they were in 1952, farm prices in 1965 were 14 per cent below what they were 13 years ago.

"Farm prices that lag so far behind other prices in our economy can hardly be called inflationary," he said. "Nevertheless, although farm prices lag, the farm economy today, because of new programs developed the last five years, is healthier than anyone could have anticipated six years ago. Farm income this year will climb to the highest level in history except for the postwar years of 1947 and 1948.

"Net realized income per farm will reach $4,600 this year, an increase of about 55 per cent in the past six years. Surpluses have been eliminated, and we spend over 200 million dollars less for storage than we did five years ago," Freeman said.

"The Department of Agriculture is pleased and takes some degree of pride, in this truly remarkable record of progress. But is is far from satisfied.

"Although the income gap between farm and nonfarm people is narrowing, people on the farm this year will still earn only 65 per cent of what nonfarm people earn. The farmer has not yet attained that parity of income, that full, fair share of our national prosperity, which is rightfully his. I am pledged and determined to do what I can to see that he gets that full, fair share as quickly a spossible."

Over 800 Attend Norse Convention June 10-11 in Oklee

With a near record attendance, the annual "Setesdalslaget" two-day convention was concluded in Oklee Saturday night, June 11. More than 800 registration badges were sold to visitors from Minnesota, North Dakota and several other states.

Oklee has been the chief meeting town of the Laget since its founding in Grand Forks in 1909. The Laget is composed of descendants of an area in Norway known as Setesdalen.

President Laget officers are Andy Nomland, Knute Sorenson and Gullick Fryak of Grand Forks; Osmund Haugen, Parshall, N. D.; Herman Sunsdahl, East Grand Forks; and Thore Skomedal and Mrs. Erick Johnson, Trail.

State To Decide On Disability of SS Applicants

Representatives of the Minnesota state board of education and the Social Security administration have signed an agreement at the state capitol in St. Paul, which provides for the state division of vocational rehabilitation to make decisions concerning the qualifications of Minnesotans who apply for disability benefits under social security.

Duane J. Mattheis, commissioner of education, and Victor Christgau, executive officer of the social security administration, signed the agreement.

The agreement was necessary because of 1965 amendments to the social security act concerning disability insurance. Under the old law a person might qualify if he had a severe condition expected to last a long and indefinite time. Now benefits may be paid to an individual whose disability has lasted or is expected to last for as little as a year. The requirements for the severely blind were also liberalized.

Another amendment provides social security funds to the state division of vocational rehabilitation for services to help beneficiaries return to work.

"The amendments will increase the number of disabled persons who can receive aid by about 25 per cent," Christgau said. At the end of 1965 there were 20,322 disabled Minnesotans receiving benefits totaling $1,435,850 monthly from social security.

"There is a great advantage to having the state agency, instead of the federal government, make the decision on the disability of handicapped persons," Christgau said. "If the state agency knows about the individual situation, the person can be immediately considered for rehabilitation services with the goal of returning him to work."

During 1965 fiscal year, 1,842 handicapped Minnesotans recieved services or other assistance through the rehabilitation division that enabled them to return to work; almost 24 per cent of these had been receiving welfare payments or were in institutions.

Information about disability insurance benefits may be obtained from any social security office.

Many Guard Units At Camp Ripley In June and July

Numerous Minnesota and out of state National Guard units will be moving into the Camp Ripley area during the months of June and July, reports the Minnesota highway department.

The movement began June 4 with 8,100 men arriving from Nebraska and Missouri via THs 65 and 169 north to TH 10 and Camp Ripley. Contingents of the Minnesota Guard also began arriving June 18 from all points of the state at the same time the Nebraska and Missouri units were leaving. The traffic coordination of the troop convoys will be conducted by the Minnesota highway patrol and is expected to run smoothly, as it has in past years.

Motorists are asked to be watchful for these convoys which travel with lights on and maintain approximate 500 foot intervals unless being escorted through cities by local police.

The guardsmen each spend two weeks at the camp, and simultaneous arrivals and departures of different units will be the pattern through both June and July with a total of 35,000 men occupying the camp until the early part of August.

SBA Specialist Visits Bemidji

Harry A. Sieben, regional director of the Small Business administration, has announced that John R. Cronholm, loan specialist, will be in Bemidji on Wednesday, July 13.

Scouts Take Part In Events During Past Week Here

Cub Scout Pack 59 participated last week in the Flag Day ceremony conducted by the local Elks lodge. Speaker for the event was Chief Petty Officer Bruce Petty USN, zone supervisor of the Fargo division.

"Freedom has to be maintained by everyone everywhere, not just the servicemen carrying our colors in Viet Nam," Officer Petty said. We must first strive for freedom in Thief River Falls," he said. "Freedom is a prvivilege and each of us accepts this privilege too readily as an expected right."

To be free and to maintain our freedom we must unite and work for it, he said. Our flag should serve as a daily reminder to continue working for the privilege of freedom.

Boy Scouts carrying the flag for the ceremony were Craig Knutson and Bruce Johnson of Troop 60 and Brian Scholin and Tilman Peterson Jr., of Troop 59.

Adults attending from the Troop and Pack were Mrs. Harry Sjulson, Mrs. Donald Olson, Mrs. Donald Olson, Mrs. Lowell Swenson, Mrs. Donald Olson, Mrs. Lowell Swenson, Mr. and Mrs. Bryent Ulseth, Ralph Foster, Peter Probasco, Joe Forberg, Mrs. Florian Kritz, Mrs. Neil McEwen, Mrs. Erling Olson, Mrs. Everett Kompelein, Clayton Restad, Mr. and Mrs. Ed Sisler and Mrs. John Brennan.

Scouts participating in the Dairy Day parade Tuesday were Gregg Kauppila, Explorer; Robert Olson, Troop 60; Glenn Ihle, Pack 60; Brian Scholin, Troop 59; Greg Sorenson, Pack 59; and Bruce Anderson, Troop 57.

Scheduled to march in the Ameri- cancelled, due to rain were John Matts, Explorer; and the boys listed as Dairy Day parade participants.

Junior Legion Win Skein Snapped After Three Games

Coach Lee Swanson's local American Legion junior baseball squad had its three-game winning streak snapped on Friday evening when coach Marv Skaar's Grand Forks junior swept a doubleheader played on the fairgrounds diamond, winning by 5-0 and 6-5 scores. The locals had opened their 1966 season by shutting out Newfolden, 10-0; defeating Red Lake Falls, 7-2, at Red Lake Falls; and trouncing Warren, 16-1 at Warren.

This week's schedule will find the local squad meeting the Crookston juniors here on Tuesday evening, with game time at 7:30 p.m. On Thursday, June 23, the local juniors will travel to Karlstad for a conference game. And on Monday, June 27, the locals will play the Bemidji juniors at Bemidji.

In the three victories earlier in the week, lefty Tommy Tunberg hurled the 10-0 win over Newfolden; righthander Billy Poole was the winner in the 7-2 win over Red Lake Falls; and righthander Bob Brodin pitched the locals' to their 16-1 win over Warren.

Grand Forks picked up a run on a single, a wild pitch and a double by Jon Schneider to score a run in the third inning of Friday evening's opener. And in the fourth inning, an error, two walks, a sacrifice and a fielder's choice, gave the visitors three runs. And another run was tallied in the seventh.

Righthander Jim Stjern limited the locals to three hits, and a pair of double plays snuffed out a pair of scoring threats.

In the nightcap, Grand Forks erupted for six runs in the fifth inning to break up a duel between lefty Bill Jackson and the locals' Billy Poole. Coach Skaar's club utilized five hits plus an error and a walk to tally their six-run cluster. Mark Morben's triple with the bases loaded being the inning's "power" blow.

For the locals, Billy Dicken connected for two-run triple in the third, giving the local nine a short-lived lead. In the seventh inning, after the locals had scored a pair in the fifth, Cummings poled a home run over the right-field fence, paring the Grand Forks lead to one run. Karl Poppenhagen flied out to left to end the game.

Times vs. Union State Bank.
Ekeren Pharmacy vs. Mostue's Floral.
Coast-to-Coast vs. L. B. Hartz.

The league lead in the local trapshooting competition will be "up for grabs" on Wednesday evening when the Jensen Mink Farm and the Wilson Bros., squads meet in a gun-for-gun match. The two teams currently share the league lead with five wins apiece.

In last week's shooting, the Jensen Mink Farm, with a fine 124 and with Pat Fischer shooting a 25 straight, defeated the Ekeren Pharmacy, 124 to 123. For the winner, Fischer had a 25-2, Al Jensen a 23-2, Steve Johnson a 21-4, Goodwin Olson a 20-7, and Ken Moum a 16-8. For the druggists, who had four "25's", Tony Dorn had a 22-3; Ray Thyren a 20-7, Floyd Balt a 22-6, George Schlieff a 17-8, and Sandy Wilson a 23-0.

The Wilson Bros., kept pace with the Jensen by scoring a 119 to 115 win over Mostue's. Stan Wilson scored a 22-2, Al Tonder a 21-3, Roy Peterson a 24-2, Wally Vagle an 18-6, and Merv Skadsem a 17-5. Mostue's Floral had a pair of "25's" in Myrt Wilson's 21-7 and Joanie Wilson's 19-10. Other scorers for Mostue's were Carol Stenseth with a 12-10, Yvonne Hedlund with a 12-9, and Pat Ball with a 12-10.

The Times edged out the L. B. Hartz by one bird, winning by a 119 to 118 margin. For the winners, Marv Lundin had a "25" with an 18-8. Leif Erickson scored a 17-7, Lewie Helfner had 17-6, Jim Wills scored a 19-4, and Jif Amundgaard had a 16-8. For the Hartz squad, a pair of "25's" were marked up with Carl Carlson having a 23-8 and Don Hoganson shooting a 24-4. Curt Bottem scored a 19-4, John Feragen had an 18-6, and Rich Jorde had a 13-8.

The Union State Bank, four points off the pace, defeated the Coast-to-Coast, 123 to 117. Three "25's" were credited with Fred Sorenson having a 19-7, Arnie Johnson [illegible] 18-8, and Orvis Ojen a 21-5. John Moum had a 16-8, and Arnold Narverud scored a 16-8. The Coast-to-Coast had two "25's" in Rube Carlson's 23-3 and Howard Hagen's 21-4. Don Omdahl had an 18-5, Don Kamrowski had a 21-3, and Stan Ranum a 13-7.

State Park Rules Listed by State Parks Director

Minnesota Conservation department reminds persons who plan to visit Minnesota state parks this summer of some of the rules and regulations in effect at these areas.

State parks director U. W. Hella said the rules and regulations are intended to provide for maximum enjoyment of the parks by all visitors and to protect the scenic and other natural values inherent to these areas.

Consumption of intoxicating liquors is prohibited and fires are allowed only in fireplaces or at authorized picnic and campsites.

In campgrounds, use of trees as guy posts and digging into the campsite is prohibited. All campers must register and children under 19 must be accompanied by an adult who is responsible for them.

Rafts, floats, pontoon type watercraft and inboard driven boats are not allowed. Outboard motors are restricted to 25 horsepower and boats may not be driven at speeds in excess of 10 m.p.h.

Aquaplaning and aircraft landings are not permitted. Swimming is restricted to established beaches. Motor vehicle travel is limited to improved roads and horseback riding is confined to designated trails designed for this use.

Domestic pets are prohibited from all park areas except when on a leash not more than six feet in length, and may not be taken into buildings.

All firearms, explosives, air guns, slingshots, traps, seines, nets, bows and arrows and other weapons must be registered with the park manager who may retain them while the owner is in the park.

Teaching new farming and canning methods to small groups of farm boys and girls back around 1906 was the forerunner of the 4-H club program supervised by the cooperative extension service.

CATFISH do inhabit the Red Lake river, as is attested to by this eight-pound specimen caught by Larry Forsberg, 312 Tindolph av. N. Forsberg had been fishing for about 15 minutes when he hooked the "cat" about 4:30 p.m. Wednesday. Using a spinning reel and light line, he played the fish for some time before landing it. The catch was made while Forsberg was fishing the river in the "Horseshoe", opposite Riverside park.

The Standard Oil foursome of Dave Wegge, Greg Larson, Ken Moum, and Gary Flynn moved into first place in the city gold league standings on Wednesday evening by posting a four-man score of 141. This total bettered by four strokes the score of the Froseth's Market squad, the team that had shared first place with the oilmen following the first round of play. Froseth's are in second place and hold a six-stroke lead over the third place Bridgeman's.

In Wednesday evening's play, Wegge had a gross 36 (which shared the evening's low gross honors with Ron Kvikstad who also carded a 36) and net 33; Larson had a gross 40 and net 36; Moum had a gross 44 and net 35; and Flynn had a gross 46 and net 37.

The evening's low net honors were won by Ed Broughton, who carded a 32.

7.8 Per Cent of Ducks Released by FFA Recovered

To date, 233 of the Future Farmers of America mallard ducklings banded and released in 1965 have been reported to conservation agencies, the federal bureau of sport fisheries and wildlife and the Minnesota department of conservation said today. This represents about 7.8 per cent of the three thousand FFA ducklings banded last summer by state and federal wildlife workers.

Most of the recoveries came from Minnesota, however, others came from nine additional states. Distribution of recoveries has been: Minnesota, 174; Iowa, 27; Illinois, 10; North Dakota, South Dakota, Wisconsin, Arkansas and Louisiana, 4 each; and Michigan and Mississippi, 1 each Nearly all of the birds had been shot during the hunting season.

The long distance record of 1,044 miles is now held by a female released June 27, 1965 by the Glencoe FFA chapter and recovered near Jennings, La. Dec. 14, 1965. Second place is held by another female released by the Crosley FFA chapter. It was recovered about 1,036 miles to the South near Vadalia La.

Probably few additional recoveries can be expected until the 1966 waterfowl season commences. Future recoveries will be used to measure survival and possible homing of the ducks to release locations.

Boys and girls between nine and 19 years of age can become 4-H club members. Contact the County Extension office.

SWIMMERS flocked to the Tindolph park swimming beach in droves Friday afternoon as clear skies, an 82-degree maximum temperature and light winds made for perfect swimming weather. The murkiness of the Red Lake River did not discourage youthful enthusiasts from pursuing their water sports. Swimmers, skiiers, canoers, joy riders and fishermen all used the river and the fine weather to good advantage. It was the first day of genuine summer weather since the opening of the pool this season.

Keeping Score with "Huck" Olson

The State Champions

Bloomington Kennedy, a johnny-come-lately in state high school sports, being a newly-built and newly-organized high school, won the 1966 state high school baseball title by scoring a 2 to 0 win over Hastings in the finals of the tourney that was concluded in St. Paul's Midway stadium on Friday night. It was somewhat of an oddity for the Kennedy team to score the win, as Hasting's Dave Carey pitched a no-hit game.

Bloomington scored a run in the third inning on a walk, a stolen base, an infield out and an error. And the winners picked up another run in the fourth on a walk, a throwing error, a passed ball and a fumbled ground ball.

Bob Mielke on the mound for Kennedy nearly matched the performance of Hastings' Carey, limiting Hastings to but two base hits, both singles.

The Roseau Rams of Region Eight dropped both of their games in the state tournament, but coach Ray Kavanagh's club turned in a creditable effort. In their first-round game, aginst New Ulm, the Rams dropped a 6 to 3 decision to New Ulm's classy Roger Zahn. And in a consolation round game on Thursday afternoon, Roseau was sidelined by Melrose of Region Six, losing a 2-1 game in 11 innings. Melrose went on to win the consolation title.

In the championship bracket, Bloomington Kennedy defeated Melrose 5-1, in a first-round game, and then defeated New Ulm, 7-0, in the semi-finals. Hastings defeated International Falls, 3-1 in a first-round game, and bested Albert Lea, 6-1, in the semi-finals.

And don't be surprised if coach Kavanagh and his Roseau Rams make a successful defense of their Region Eight title next season and earn another trip to the state tourney. There were only four seniors—centerfielder Bryan Grand, second baseman Mike Pelowski, first baseman Jim Lundbohm, and rightfielder Mark Westhed — on this year's roster. The Rams will have lefty Mike Baumgartner back for next year's campaign.

It's pretty much of a fact, though, that the teams from southern Minnesota, with the advantage of two or three extra weeks of outdoor play, have better all-round balance. For example in the New Ulm game Roseau's first - round game, Baumgartner was able to strike out but two batsmen. Pitching against batsmen up here, in Region Eight tourney play, Baumgartner whiffed nine Prowlers, and then followed by striking out ten Bemidji Lumberjacks. The souther teams evidently see more and better pitching.

Pretty Lop-sided

If last week's play in the city softball league is any indication, it appears that the 1966 softball season will be featured by lop-sided scores and easy wins. Last week found the Schmidt's Beer, behind the steady pitching of Kerm Malberg perhaps the best pitcher in the league at present) scoring a 15 to 0 win over the Ben's Food Market. On Tuesday evening Lowell Halvorson's Hartz Stores team rolled up a 20 to 2 win over the Hamm's Beer.

And on Wednesday evening in what was billed as the feature game of the week, the Vets, with Harlie Drees on the mound and Wally Grovum hitting the long ball, defeated the Bridgeman's, 10 to 1. It's a fact that Bobby Carlson isn't helping the Bridgeman's by sitting on the bench. He should insert himself in the lineup some place, not necessarily as pitcher, but perhaps at first base or in the outfield. The Bridgeman's need his bat at the plate.

Let's hope that this week's play, particularly the Hartz Stores vs. Schmidt's Beer game on Wednesday evening, will provide some competitive softball.

Farming in America employs some seven million people—more than the combined employment in transportation, public utilities, steel and automobile industries.

Monday, June 20, Hamm's Beer vs. Bridgeman's.
Tuesday, June 21, Ben's Food Market, vs. V.F.W.
Wednesday, June 21, Hartz Stores vs. Schmidt's Beer.

Three one-sided games were recorded in last week's softball play Schmidt's Beer continued its undefeated pace by scoring a 15 to 0 win over the Ben's Food Market on Monday evening.

The Hartz Stores, who will attempt to stop the Schmidt's, this week, rolled up a 20 to 2 win over the Hamm's Beer squad.

On Wednesday evening, the V. F. W., behind the steady pitching of righthander Harlie Drees, defeated Bridgeman's, 10 to 1. Wally Grovum contributed a two - run home run for the winners. The lone run tallied by the Bridgeman's was a center - field home run by Bill Herzog.

Robinson Wins Fathers Day Golf Tourney Sunday

Crookston's Jack Robinson, shooting one-under-par gold over the 27 holes of the modal play championship flight, won the Father's Day shorstop golf tournament played over the local course on Sunday. Robinson, had rounds of 35-35-37 to gain a four-stroke margin over the local club's Ron Kvikstad, who carded a 111 to gain runner-up honors. Kvikstad had a two-under-par 34 on his first round, but then scored a 38 and a 39 for his 111.

Fosston's Jim Haugstul, a participant in numerous tournaments here, shot a 113 to win the third place award. Haugstul had scores of 36-38-39 for his 113.

Temp Reaches 87 Sunday; Sets New 1966 High Mark

Sultry summer heat has arrived in northwestern Minnesota, though not in extreme measure. Sunday's high of 87 degrees set a new high mark for the year to date. Some showers and thunderstorms accompanied the warm weather, following a brief period of sunny and mild conditions.

Continued warm temperatures are forecast, along with partly cloudy skies today and thundershowers tomorrow. Highs today will range from 80 to 88; lows tonight from 56 to 65. Precipitation probabilities are 10 per cent today, 20 per cent tonight and 30 per cent tomorrow.

Temperature and precipitation readings recorded by North Central Airlines at the municipal airport during the past week are as follows: 65, 60 and .06 inch on Monday; 69, 47 and a trace on Tuesday; 72 and 57 on Wednesday; 77 and 49 on Thursday; 82 and 47 on Friday; 82 and 50 on Saturday; 87, 63 and .18 inch on Sunday; and a low this morning of 55.

BASKETBALL backboards, with hoops and nets, were constructed recently by members of Elks Lodge 1308 and sold to Thief River Falls school athletes for a nominal fee. This one, purchased by Larry Peterson, is located in the backyard at 1018 Main av. N. A total of 12 backboards were constructed. Larry Golden, Lee Swanson and Winfield "Whitey" Olson were in charge of construction.

Auditions Slated This Week for Fair Talent Show

Auditions for the Venita Rich talent contest will be held at Franklin high school on Thursday starting at 3 p.m. Talent of all types and all ages are invited to audition, including groups as well as solo numbers.

Twenty acts will be selected at the audition to appear in the show to be featured at the Pennington county fair on Saturday night, July 23. The winning number of the show on July 23 will have transportation paid to and from New York for an audition for the Ted Mack Orginal Amateur show.

Winners of the show held at the Pennington county fair last July, Sandy and Curtis Gruhl, are now in New York and will audition for the Original Amateur Hour show on Wednesday. They are traveling with a party of fifty winners of this contest and their relatives and friends and are sight-seeing in New York as well as taking part in the audition. They will attend the show on Friday night to watch it taped and televised.

"This same opportunity awaits the winning number of the Venita Rich talent revue contest at the Pennington county fair on July 23," states Morris Goddard, county fair secretary.

Milk Producers Win in Dispute With Cooperative

Officials of the Red River Valley ment this week regarding action taken in district court in Grand Forks against Land O' Lakes Creameries, Inc.

"Every farmer, and especially dairy farmers, throughout all America should be grateful to the 17 farmers in the Grand Forks area who stuck to their guns in the Land O'Lakes Creameries, Inc., cases," a news release from the milk producers states.

The 17 producers in question, who had contracts with Land O' Lakes diverted their milk production to other processors under what they believed was an irregularity in their contracts. Land O' Lakes brought suit against the producers and the case has continued for many months.

An attorney for the producers presented Land O'Lakes with a list of 77 questions which the dairymen, as members of the cooperative, believed they were entitles to ask. Judge Ronald Davies ordered the cooperative to answer the questions, the milk producers release states, but questions 43 through 50 were not answered.

Memorandum and order issued by the court May 17 was quoted by the milk producers pool as follows:

"On April 6, 1966, pursuant to motion of plaintiff herein, that it not be required to answer certain interrogatories propounded to it by the defendants, oral arguments thereon were made to the court.

"Thereafter on April 7, 1966, this court made and entered its order requiring the plaintiff to serve upon the defendants' counsel and file with the clerk of this court its answer to interrogatories numbered 43 through 50, both numbers inclusive, within 20 days therefrom.

"Because of plaintiff's failure to answer the interrogatories as ordered,

"It is ordered, adjuged and decreed that plaintiff's complaint and cause of action be, and the same are declared dismissed with prejudice.

"Because of plaintiff's failure to answer the interrogatories which, in this court's view, was without substantial justification,

"It is further ordered, adjudged and decreed that defendants have judgment against the plaintiff herein as and for expenses and reasonable fees the sum of one thousand dollars ($1,000)

"The foregoing disposition precludes the necessity for any consideration of plaintiff's motion filed May 9, 1966, which motion is declared moot."

Dairy Foods Add To Family Meals

June Dairy Month — celebrating its 30th birthday this year — calls the attention of homemakers to the cool, refreshing dairy foods available in Minnesota to add zest and healthful nutrients to family meals.

Miss Beverly Tvelto, Pennington county home agent, points out that with a little imagination — and the help of a cookbook — almost any of the dairy foods can give a company air to an otherwise simple meal. Milk coolers, butter sauces for vegetables, butter barbecue sauces, sour cream toppings whether on potatoes or strawberry desserts, ice cream desserts, butter-baked chicken or cheese casseroles are only a few of the possibilities for using dairy foods.

Dairy food can make summer cooking easier on the homemaker and easy on the budget as well. Furthermore, they add important food values to the diet.

Look for specials on many of the dairy foods during June, Miss Tvelto suggests.

Other good buys during June will be the foods featured on the U. S Department of Agriculture's plentiful foods list. These include raisins, in especially abundant supply, split peas and lentils, canned red salmon and seasonal fresh vegetables.

Seek Survivors Of Pearl Harbor Attack in Minn.

Military survivors of the Japanese attack on Pearl Harbor on Dec. 7, 1941 are in the process of locating as many Minnesota survivors as possible in order to band together and form chapters in Minnesota as the "Pearl Harbor Survivors' Association. "Organizers have located over 125 servicemen and women of all the uniformed military services who were there, and believe that some 750 more may be alive today and would join the organization.

Anyone who is or knows of a military survivor who was stationed on the island of Oahu, or served aboard ship within three miles of the island, on the date of the attack is asked to write for full information to Ralph E. Krafnick, State Chairman, Minnesota Survivors Association, Rt. 4, St. Cloud, Minn. or to the area co-chairman who is Gerald Sheridan, 1113 Eighth St., Duluth, Minn.

Reminds Farmers On Provisions of Conserving Acres

Farmers who have signed up to take part in one or more of the 1966 diversion programs — feed grains, or wheat — were cautioned today not to forget about the conserving - acreage provisions of those programs.

Winton Knutson, chairman of the Pennington County Agricultural Stabilization and Conservation committee, explains that a farmer participating in the diversion programs agrees to devote an amount of acreage to conserving uses which is equal to the farm's normal base acreage to conserving uses which is equal to the farm's normal base acreage in such uses in addition to the acreage signed up for diversion under each 1966 program.

For instance, if the farmer signed up in both the feed grain and the wheat programs, he would need to devote to conserving uses all of the land diverted under both programs in addition to his conserving base. Even though he is producing his full allotment and is not earning a diversion payment, any farmer participating in the wheat program sets aside diverted acreage at least equal to 15 per cent of his 1966 farm allotment. (This reflects the farm's proportionate share of the difference between the 1966 national allotment and 55 million acres.)

Feed grain producers who have bases of more than 25 acres divert 20 percent of the farm base without payment under program agreements.

Failure to meet the conserving use or any other provision of the program could mean loss of all or a substantial part of the program payments for that crop — price-support loans and payments, wheat marketing certificates and diversion payments.

Weed Control in Water Requires Special Permit

A warning was issued this week by the Minnesota conservation department that persons wishing to control or destroy aquatic weeds by chemical treatment must have a permit from the state.

The regulation states that "no person shall add or apply chemicals of any kind to public waters for the purpose of destruction or control of aquatic plants, algae, snails, leeches or other kinds of invertebrate aquatic life, or shall otherwise destroy the same...without first obtaining a permit."

An exception is that a permit is not needed to cut weeds along one-half of a cabin owner's frontage or up to 100 feet along shore whichever distance is the least. The total area cut, however, cannot exceed 5,000 square feet.

No permit will be issued for control of an aquatic nuisance in any area deemed necessary for fish spawning or other wildlife purpose. Certain chemicals can be applied only by a state approved sprayer.

Before destroying aquatic vegetation or other nuisance, a copy of the state regulations should be obtained from the Director of Game and Fish, Minnesota Conservation Department Centennial Office Bldg., St. Paul. Applications for a permit should also be made to the game and fish director.

For Natural Gas Is Coming to Serve You.
Gas Lines Are Not New
Early gas pipelines did not extend far from gas producing fields. As people learned of the advantages of gas as a fuel, however, the demand for gas grew. This meant that a means for transporting it farther had to be found.
The first gas line was laid in 1872, five miles in length. At present there are over 390,000 miles of natural gas pipelines in the United States. More homes, for example, in Minnesota are heated by Natural Gas than all other fuels combined.
Gas company crews are shown (at left) laying gas main in Thief River Falls as Natural Gas progress continues. Gas service is scheduled to be turned on by Aug. 1st, 1966.
The great success of natural gas as a fuel is caused by several factors:
1. It is clean and convenient
2. It is adequate supply
3. It is inexpensive
4. It is safe
5. It is a most efficient fuel — Field tests show that other fuels cannot be burned nearly as efficiently.

No Free Thought

The following editorial was published a short time ago in the Waseca Herald:

The future of the nation is somewhat at stake and freedom of thought and expression is being denied by the radical, extremist left which has control of the Democratic party.

Woe to the political figure who dares to speak out against these extremists. They are ruthless as an Ivan the Terrible yet they go around shouting about individual rights. The truth is not in them.

Rep. John Williams, Mississippi Democrat, has felt the ruthlessness of these liberal extremists. He has experienced the shallowness of their vocal expressions. He knows how much (or should we say how little) freedom of thought and expression is permitted by the liberal extremists.

Congressman Williams had 20 years of seniority but he lost it in the Democratic caucus of 1965. Why? Only because he had supported Senator Barry Goldwater for president.

Williams was singled out because the "establishment" in the Democratic party will countenance no other thinking except their own. Others had done what Williams did but they were not made the victims of the liberal extremists' wrath. There was Rep. Adam Clayton Powell, the Harlem Democrat who supported General Eisenhower. He wasn't punished because Eisenhower, being somewhat liberal, could serve the ends of the liberal extremists.

"I committed the unforgivable sin, along with 87 per cent of my constituency, of voting my honest convictions," Williams said on the floor of the House. "It is unforgiveable, that is, in Mississippi. In New York state, such offenses are overlooked or excused by the Democratic majority here.

Bye, Bye Bryant

It was a disappointment to many to learn last week of the resignation of Bryant Ulseth as vocal music instructor at Lincoln senior high school. Bryant has accepted a position of similar nature in the Moorhead public schools. Last year he also conducted the vocal music program in the new junior college here.

While we join with those who are sorry to see the Ulseth family leave our community, we feel that we would have mixed emotions. Our regret in losing an exceptional music instructor and his talented wife should be tempered with appreciation. Bryant has devoted 10 years of his career to building the vocal music program at Thief River Falls, and students who have benefited from his instruction and guidance can be numbered in the hundreds.

Ulseth's service to the community has not been unrecognized, but it has perhaps been underestimated. Several years ago he received an award, together with band director John Moum and orchestra conductor James Solsten, from the Chamber of Commerce in recognition and appreciation of his efforts. A year ago he was named as the Jaycees' "Outstanding Young Man" of the community — one of the few non-Jaycee members to win this coveted local award.

An incident concerning this Jaycee award can now be told, and perhaps indicates to a small extent how and why his presence in the community will be missed.

Names of winners of the award are kept secret until presentation is made at the Boss-Employee banquet. The trick was to be sure Bryant would attend the banquet without arousing his suspicion. This was accomplished through a straightfaced lie and an appeal to Ulseth's constant willingness to help. He was told on the telephone that scheduled entertainment had canceled its appearance and that, in spite of his directing choir practice at Trinity Lutheran church the same night, the Jaycees would like to have him lead a community singing session after the banquet.

At the appointed hour — after choir practice had been completed — Bryant arrived at the Elks club rooms to lead the banquet songfest. His advance preparation for the community singing was for naught, because there was none. One of the Jaycees' top recognition awards was made instead.

This is to illustrate that Bryant and Gerdes will be missed here for more than their formal contributions through a salaried task. They have given most freely of their time and talent to help and entertain at innumerable public and church events. They do not have a long list of organizations to which they belong, but they have concentrated on giving of themselves through their greatest talents.

The time will surely come—perhaps even in the next year—when the vocal music department at the school will be directed by an instructor of equivalent talent. It may be some time, however, before the community has another couple which it can so thoroughly take as its own. Bye, bye Bryant and Gerdes; thanks for 10 years of your lives in Thief River Falls.

Good Old "Square"

The following editorial by Charles H. Brower appeared in the Becker County Record at Detroit Lakes:

Another of the good old words has gone the way of love, and modesty, and patriotism. Something to be snickered over, or outright laughed at. Why, it used to be that there was no higher compliment you could pay a man than to call him a "Square Shooter." The ad man's promise of a "Square Deal" once was as binding as an oath on the Bible. But today a Square is a guy who volunteers when he doesn't have to. He's a good guy who gets his kicks from trying to do a job better than anyone else. He's a boob who gets so lost in his work, he has to be reminded to go home. He hasn't learned to cut corners and goof off. This nut we call a Square gets all choked up when he hears children singing "My Country 'Tis of Thee." He even believes in God, and says so in public. Some of the old Squares were Nathan Hale, Patrick Henry, George Washington, Ben Franklin. Some the new Squares are Glenn, Grissom, Sheperd, Carpenter, Cooper, Schirra and Young. John Glen says he gets a funny feeling down inside when he sees the flag go by—says he's proud he belong to the Boy Scouts, and the YMCA. How *square can you get?*

A Square is a guy who lives within his means, whether the Joneses do or not, and thinks his Uncle Sam should too. He doesn't want to "Fly now and pay later." A Square is likely to have some of his own money for a rainy day, rather than count on using yours. A Square gets his books out of the library instead of the drug store. He tells his son it's more important to play fair than to win. Imagine?

A Square is a guy who reads the scripture when nobody's listening. He wants to see America first in everything. He believes in honoring Mother and Father, and do unto others. He thinks he knows more than his teenager knows about car freedom and curfew.

So will all of you who answer this description, please stand up—you misfits—in this brave new age, you dismally disorganized, improperly apologetic ghosts of the past—stand up. Stand up and be counted. You Squares who turn the wheels and dig the fields and move mountains and put rivets in our dreams. You Squares who dignify the human race. You Squares who hold the thankless world in place.

The Whole Truth?

Each week the propaganda mills of the federal government crank out a number of news releases which are distributed to the nation's press. Indicative of these releases—which are not news; in many cases—is the weekly newspaper service of the U. S. Department of Labor.

The current issue of this highly-slanted publication asks several of its own questions so that it can supply its own answers.

"Has U. S. farm income dropped since termination of Public Law 78—the so-called 'bracero' program—in 1964'?' This is one of the questions asked.

The answer: "In his 1966 economic report to the U. S. Congress, President Johnson reported that average farm income last year (1965) rose 23 per cent, breaking all records! The 'agriculture' department predicts that farm income this year is expected to top 1965's $14.1 billion by at least $1 billion—the highest since 1947-48."

We ask: Did average farm income rise because of higher prices or because there were fewer farmers to share the total income. Example: If four men share $100, they average $25 per man. If three men share the same $100, the average would be $33.33. That's an increase in the average, but the fourth man finds himself out of the picture.

The next question asked of itself by the labor department was: "How did termination of the 'bracero' program affect employment and wages of the farm worker during the past year?"

The answer: "Tens of thousands of more jobs for American wokers, with domestic employment in mid-August up about 86,200 over the same time in 1964; significant improvements in the terms and conditions of employment, with hourly farm wages up from $1.08 to $1.14 for the biggest recorded one-year increase since the Korean War period."

We ask: Will the farmers who employ these workers pay the increased wages out of the decrease in returns for their produce or out of the increase they must pay in increased retail food prices? Farm prices today are 13 per cent lower than they were at the height of the Korean war, while retail food prices are 18 per cent higher.

Obviously, the labor department is trying to build some sort of a case against the kicking it took when the braceros—foreign migrant workers—were banned and many acres of crops rotted for lack of workers in the western states.

The labor department is not the only government agency that grinds out self-inflating propaganda to news media. It is becoming more and more common, and the newest agencies are often the most adept at the procedure. The sad part of the situation is that these agencies can completely control the information they want released—glorifying what good may come out of them and suppressing the shadow area.

It would be interesting to see a news story listing the failings of some of these agencies, and the monumental fiascos which they certainly commit. News of some of them leaks out, but the whole truth would make interesting reading. A condensed book of government "flubups" would take the government printing office years to print.

PURCHASED by the city of Thief River Falls last winter, this lightweight, floating river dredge has been operating in the swampy Nelson Point area of the Red Lake River for several weeks. The machine is deepening the river at this point by removing several feet of silt, deposited over a period of many years, from the bottom. Future plans are to clean the area upstream from the Tindolph park swimming beach and near the Eight street bridge.

Several New Events Added for Aquacade

Several new events, along with those which have proved popular over the years, are planned for the 12th annual Jaycee Aquacade which will get under way Sunday, July 24. Richard F. Contos of Northwestern hospital is the general Aquacade chairman.

Chief among the new events is a Gay '90's community picnic scheduled for Sunday, July 31, at Tindolph Park. A free dinner of barbecued beef and beans will be served in the evening. Swimming races, foot races and games with prizes awarded will be held for the youngsters, and contest prizes will be awarded to adults.

Refreshments will be available starting at 1 p.m. A concert will be played by the Municipal-Legion band after dinner. Climaxing the evening will be a mammoth aerial fireworks display chaired by Al Giere of Falls Jewelry. Chairman of the picnic is Don Grabanski of the Model Barber shop.

Also on the agenda is a parade at 11 a.m. Saturday, July 30, coupled with a new "kiddies" parade at which prizes will be awarded for the best costumes. Contos is chairman of this event.

The balance of the tentative schedule was released today by chairman Contos. On July 24 the Aquacade will be kicked off by a golf tournament at the Thief River Golf club. The following Monday, Tuesday and Wednesday evenings the play "Romanoff and Juliet" will be presented by the Community Theatre group.

Thursday, July 28, will be "Crazy Day" in Thief River Falls, and the annual water fight will be held that night at 9 p.m. with Richard Bjorkman of Bjorkman's Clothing as chairman.

Scheduled Friday, July 29, at 8:30 p.m. in the city auditorium is the Aquacade teenage dance. Live music will be featured. James Wills of the Times is chairman of the dance.

The annual Miss America preliminary pageant will be held Saturday, July 30, at 8 p.m. in the Lincoln high school gymnasium. Tickets will be sold at a cost of $1.50 Marvin Lundin of the Times and Kenneth Swenson, principal of Knox and Mark Twain schools, are in charge of recruiting contestants.

The Mrs. Jaycees are in charge of arrangements and chaperones

CONTROLS of the dredge currently cleaning the Red Lake River near Nelson Point are manned by Dave Swenson, left, and Roy Jensen. They also operate a motorboat for transportation to and from the dredge.

Special Concerts Planned by City Band This Summer

Concerts of the Thief River Falls municipal - legion band will follow a varied schedule for the remainder of the summer, according to Osmond Johnson, president of the band. First special performance will be Friday evening when the band concert will precede an outdoor program presented as a part of the square dance convention. The concert will commence at 7:15 p.m. in the Floyd Olson park located downtown in Thief River Falls.

Another special performance is planned for July 3 when the band will appear at the VFW international flag dedicating ceremony in Riverside park Sunday afternoon. These special performances will replace the regular Friday evening programs usually held.

Three Traffic Mishaps Noted By City Police

Three traffic accidents, including one involving minor injury to a passenger, were investigated this week by the Thief River Falls police department. Damage totaled an estimated $600 to the vehicles involved.

On Monday at approximately 12:20 p.m., Herman Sandberg of St. Hilaire reportedly suffered a dizzy spell while driving near the entrance to Aaseby garage on Horace avenue and backed his car into a display rack and door jamb in front of the Firestone store. Damage was estimated at $125 to the car and $10 to the display.

At 6:15 p.m. the same day a car driven by James Jorgenson, Ross, was traveling east on First street and at the intersection with LaBree avenue collided with a car driven by Caster Moe, rt. 2, TRF, which was traveling north on LaBree. Damage was estimated at $150 to each vehicle. Patty Nuorala of Babbitt, a passenger in the Jorgenson car, received minor injuries.

Tuesday at 8 p.m. a car driven by Paula Bauck, Moorhead, was traveling north on LaBree avenue, stopped at First street and proceeded into the intersection where her vehicle was struck by a car driven west on First street by George Hankerson, city. Damage was estimated at $150 to the Bauck car and $15 to the Hankerson vehicle.

Plummer To Host Kiddies Parade

One of the features of the Plummer Fourth of July celebration this year will be a kiddies and doll buggy parade. Persons who wish to enter their children in the event are asked to contact Mrs. Russell Houtari or Mrs. Lowell Stark, parade chairwomen.

Traffic Survey To Be Conducted Here This Summer

Thief River Falls will be one of the locations for a statewide traffic origin - destination survey this summer. The Minnesota highway department reports that crews will conduct the survey on trunk highways radiating from the city on a few selected days between June 15 and September 1.

A certain percentage of motorists will be interviewed to determine where they are coming from, where they plan to stay, why they are traveling and where they are headed. Each interview should take only about 30 seconds and will be conducted only on weekdays.

Information gained in the survey will be used to help plan the location and types of rural trunk highways needed in the future.

Barn Burned on Anderson Farm Near Goodridge

Fire of undetermined origin early Sunday morning destroyed a 30 x 50 ft. barn, well-house and shed on the Harold Anderson farm at Goodridge. The Goodridge fire department was unable to extinguish the blaze but kept the fire from spreading to nearby buildings.

Mrs. Anderson told the Times that there was no livestock in the barn but that a truckload of lumber and other articles stored in the barn were lost in the fire. No estimate of damage was availabel.

Mrs. Anderson said they noticed the fire shortly after returning home from a visit, and that the fire apparently started in the well-house.

Pinkie Kraft, University of North Dakota baseball coach, called at the Mrs. Lilliam Smith home on Monday for conference with her son, Wayne.

Commercial Code Is Discussed by Area Bankers

Discussion of the Uniform Commercial code which becomes effective July 1 took place at the annual meeting of the Northwest Division Minnesota Bankers association meeting held Tuesday evening at the American Legion club in Thief River Falls. Speakers were Dave Shearn and Richard Swanberg, vice-presidents of the First National bank of St. Paul.

Adopted by the Minnesota legislature at the last session, the code simplifies the taking of chattel mortgages. Beginning July 1, Minnesota banks will no longer issue chattel mortgages but will use forms called financing statements and security agreements. The code has been in use in 44 states and will be put into practice in Minnesota, North Dakota and Iowa on July 1.

Gene Belto, president of Northern State bank in this city, presided at the session. Curtis Cornelius of the State Bank of Warren was elected president to succeed Belto. John Heneman of Warroad was elected vice president and Kenneth Onken of Union State bank in Thief River Falls was elected secretary-treasurer. Directors named were Barney Folland, Karlstad, and George Fricker, Middle River.

Reep Named New GN Agent Here

Clarence Reep, Great Northern agent at Red Lake Falls, will become station agent at Thief River Falls July 1 as the result of his bidding for the position this week. Reep, formerly Red Lake Falls agent for four years, has been agent for the dualized Angus-Euclid stations for the past two years.

Frank Sweet of St. Hilaire recently took over as agent of the dualized Red Lake Falls - St. Hilaire stations after serving at Thief River Falls temporarily.

1956 Class Plans Reunion July 23

Ten- year reunion of the Lincoln high school graduating class of 1956 will be held Saturday, July 23, at the Elks club rooms in Thief River Falls. Class members who have been contacted are requested by the reunion committee to return their information sheets and requests for reservations immediately.

Minnesota Square Dance Convention Opens Friday

ROUND dance specialists for the state square dance convention Friday, Saturday and Sunday in Thief River Falls will be Edna and Gene Arnfield. Gene is an art director for an advertising agency and his wife is a native of Perham. Their record of "Dancing Shadows" is reported to have sold more records than any other modern round dance.

More Than 1,000 Expected; Early Dances Arranged

"We don't think anybody is going to get any sleep," commented Mr. and Mrs. Randall Noper, general chairmen of the Minnesota State Square Dance convention to be held Friday, Saturday and Sunday in Thief River Falls, in speaking of their pet project. The 15th annual event has approximately 575 advance registrations with double that number expected at one time or another during the three-day convention.

Many scheduled dances are included on the program, but enthusiasm is so great and the spirit of fun so high that a "dance all night" theme is considered a virtual certainty. There will be spontaneous dancing in the street, parking lots, at motels and anywhere dancers congregate and music can be arranged. Full cooperation of the local police department has been assured, with dancers to be provided with street areas from intersections to alleys for their dancing activities.

Mrs. Noper told the Times Tuesday evening that several couples had already arrived and were ready to dance. They had been in attendance at the national convention in Indianapolis, Ind., where an expected 20,000 dancers had grown to 30,000 before the convention ended. State president Clare (Doc) Hamilton told the Nopers by phone Tuesday that square dancers in St. Paul were so enthused about the convention that a number of them were leaving St. Paul on Wednesday.

All hotels and motels are filled and 65 campers have registered with twice that number expected. Rooms are available in private homes for late registrants, and local people who have spare bedrooms available are invited to contact Mrs. Ed DeLap, housing chairman, at 681-3627.

Registration has been received from Canadian communities of Winnipeg, Pinawa, Ranier, Fort Francis and others, as well as Mesa, Ariz.; Somerset, Spooner and Little Fork, Wis.; Devils Lake, Fargo and Grand Forks, N. D.; and New Haven, Conn. Minnesota communities which have registered attendance include the following:

St. Paul, Minneapolis, Albert Lea, Owatonna, Detroit Lakes, Grand Rapids, Fairmont, Brainerd, Deer Creek, Fergus Falls, Arlington, Wells, Sauk Centre, Virginia, Hibbing, Fertile, Crookston, Warren, St. Cloud, Little Falls, Glencoe, Alexandria, Hastings, Coleraine, Austin, Lakeville, Willmar, Roseau, International Falls, Bird Island, Rochester, Goodridge, Morris, Cloquet, Circle Pines, Red Lake Falls, Stephen, White Bear Lake, Duluth and many others.

The chairmen invite the public to attend any of the dances for which there will be a 50-cent admission charge for spectators. Of particular interest will be the stage and style show scheduled for 7 p.m. in the Lincoln high school auditorium. Square dance styles will be shown with Mrs. Sylvia Olson as narrator. Special entertainment will be provided by Joe and Mae Rose Perrault of Excelsior, folk dancers who have appeared in 12 states, two Canadian provinces and on national television.

With advanced interest shown in the convention, dances are being scheduled tonight from 8:30 to 9:30 p.m. and Thursday night from 8 to 10 p.m. on in downtown locations. Local and area dancers are invited to participate in addition to the out-of-town dancers who arrive in advance of the convention dates. Ed DeLap will call, assisted by area callers who would care to assist.

Featured caller for the convention will be Bruce Johnson, a native of Santa Barbara, Calif. He has had 13 years of training to be a concert pianist, and many years of dance training. He and his wife Shirley travel about three months of the year and conduct continuous classes and clubs six nights a week at home in addition to classes in social dancing. Since 1951 he has recorded for Windsor Records, and was presented a gold record in 1956.

(Continued on page 3)

FEATURED caller for the Minnesota Square Dance convention to be held Friday, Saturday and Sunday in Thief River Falls will be Bruce Johnson of Santa Barbara, Calif. Johnson has been teaching square, round and ballroom dancing for a number of years, and his records are among the top selling in the field.

TEEN dances will be called in the city auditorium by Les Gerard, a young caller who has already gained considerable experience. He has had guest spots in Minnesota and Wisconsin and called at conventions in Wisconsin, Iowa and Illinois.

Supper guests Saturday evening at the David Sheridan home were Mr. and Mrs. Marvin Tripp of South Dakota.

Rites Thursday For Sig Quam, 51, TRF Businessman

Sigward I. Quam, 51, a resident of Thief River Falls since 1945 and a prominent businessman here, died unexpectedly Monday at his Lake of the Woods cabin at Warroad.

Funeral services for Sig Quam will be held Thursday at 2 p.m. at Trinity Lutheran church in Thief River Falls, Rev. Reuben A. Wangberg will officiate and Mrs. Harold Peterson will serve as organist. Vocal selections will be provided by Bryant Ulseth and Mrs. Donald L. Olson. Sinding's Funeral chapel is in charge of arrangements and interment will be in the Greenwood cemetery.

Active pallbearers will be Larry Efteland, Charles Shirley, Roger Nyland, Kermit Kemnitz, Gordon Anderson and Gaylord Grandstrand.

Serving as honorary pallbearers will be John Borgen, M. R. Johnson, R. L. Edvartsen, Bernard Erickson, Henry Wahlberg, A. H. Wolf, Elmer Bratsch, Bob Pearson, Albert Rotta, Lyle Caughey, Jim Caughey and Luverne Rolland.

Sigward I. Quam was born June 28, 1914, at McIntosh to Iver and Annie Qualle Quam. There he attended elementary school and graduated from the McIntosh high school. On April 11, 1942, he married Carmen Anderson at Bemidji.

He was employed for a number of years in Bemidji by retail and wholesale firms, the Knutson Popcorn company, Seaks Clothing and Nash Finch.

In 1945 he came to this city and established the Thief River Jobbing company and had since served as its executive manager.

Active in numerous organizations and community affairs, Mr. Quam was named as Thief River "Boss of the Year" in 1965-66. He was past president of the Thief River Falls Chamber of Commerce and the Lions club and was presently a director of Minnesota Tobacco and Candy Wholesalers association. A member of the Trinity Lutheran church, he was a past member of its church choir and board of trustees. In fraternal organizations, he was a member of the Eagles, Elks, Masonic Order and Kem Temple.

He is survived by his wife, Carmen; four daughters, Mrs. John (Caryl) Duke, San Diego, Calif.; Diane Quam, Birmingham, Ala.; Nancy and Tammy at home; and one grandson, Brett Allan Duke;

Also one sister, Mrs. Henry (Alma) Eggers, McIntosh; and six brothers Gerhard, Vernon and Edwin, all of Thief River Falls; Peder and Roy of McIntosh; and Clifford of Frazer, Mont.

He was preceded in death by his parents, one son and a brother.

Handicapped Day Camp Will Start Here on July 25

A day camp for local handicapped children will run from July 25 to August 5 at Camp MOE southeast of Thief River Falls, according to Mrs. Barry Fellman, director of the camp.

Sponsored by the Minnesota Society for Crippled Children and Adults (MISCA), the day camping program aims to provide outdoor experiences that are both educational and recreational.

Any child between the ages of 6 and 14 who is physically handicapped is eligible for the program. Parents may call the director at 681-4056 for more information.

Day camping and camping at Camp Courage are just two of the programs offered by MISCCA through Minnesota's support of the United Fund or Crippled Children's Appeal.

Social Security Man Here Tuesday

A claims representative of the Social Security district office in Grand Forks, N. D., will be in Thief River Falls at the city auditorium on Tuesday from 9 a.m. to 2 p.m.

Several Special Events Noted in Summer Program

Several activities in the Thief River Falls summer recreation program have been called to the attention of the public by James Foley, director of parks and recreation for the city.

A fishing contest for children 15 years of age and younger will be held Friday from 2 to 4 p.m. at the boat ramp in the Boy Scout park at the end of the Third street bridge. Children are advised to bring their own rods, reels and bait for still-fishing; no casting will be allowed. Prizes will be awarded to winners of various contests.

Women's softball will be held for the second week with two games slated Thursday. At 6:30 p. m. on the fairgrounds diamond the Steelers will play the Newcomers and at 8 p. m. the TRF Sports will meet the Mudhens. Last week the defending champion Sports toppled the Newcomers 27-12 and the Steelers shaded the Mudhens 10-6.

Foley also announced that ballet instruction at 10 a. m. Saturday will be held in the city arena rather than the auditorium due to the Minnesota Square Dance convention. Registration for the classes is still being accepted.

Scores in the Little National League baseball program for boys 8, 9 and 10 years of age Tuesday included the Giants 9 and Cubs 8, Dodgers 6 and Mets 2, Pirates 16 and Reds 6 and Cardinals 9 and Astros 6. Little American League scores in the 11, 12 and 13-year-old group included the Indians 9 and Yanks 5 and the Twins 4 and White Sox 4 in a game called because of darkness.

Auditions Set by Theatre Group

Persons interested in participating in the Thief River Falls Community theatre production of "Romanoff and Juliet" are reminded of auditions to be held Thursday and Friday at 8 p.m. in the city auditorium, according to Merle Kruschke, president of the theatre group.

The cast requires nine men and four women with the play to be staged early in the week of the Jaycee Aquacade July 25-31. All persons interested in parts in the production are urged to attend the auditions. Mrs. Pat Johnson will direct the play.

Vernon E. Nelsons Honored On Their 25th Anniversary

Mr. and Mrs. Vernon E. Nelson observed their 25th wedding anniversary at the Trinity Lutheran church parlors on Sunday when their five children were hosts to an open house.

All of their children were present. They included Bruce of Minneapolis, who recently returned from Viet Nam after four years and four months of duty with the U. S. Navy; Mr. and Mrs. Ron (Bonne) Solheim and son Blaine, of Ely, Nev.; Terry, who is home on furlough from the U. S. Army and will be leaving for Georgia to attend school; and John and Evie, both at home.

A brief program preceded the reception. It included a reading by Miss Norma Nelson, a sister of Mr. Nelson, depicting incidents and highlights during the past 25 years.

At the reception Mrs. Lyle Nelson and Mrs. Kelly Stumpf cut and served the anniversary cake while Miss Nelson and Mrs. Clemont Nelson poured. Mrs. Erwin Ferber presided at the punch table, John Nelson at the gift table and Evelyn Nelson the signing of the guest book. Waitresses were Debra and Renee Nelson.

Out-of-town guests attending were Mr. and Mrs. F. W. Larson, parents of Mrs. Nelson; Mr. and Mrs. Grover Berry, step-father and mother of Mr. Nelson; Mr. and Mrs. Clarence Hines, Miss Norma Nelson and Mrs. Lyle Nelson, Renee and Rhonda, all of Randall;

Also Mr. and Mrs. Leonard Nelson and Mrs. Elmer Anderson of St. James, who came up in their private plane; Mr. and Mrs. Marlen Gaalswyk, Mr. and Mrs. Howard Hagen, Mr. and Mrs. Sanford Anderson and Mr. and Mrs. Verlin Harms, also of St. James; Mr. and Mrs. Art Weitzenkamp of Winthrop; Mr. and Mrs. Lloyd Olson and Judy of Wayzata, Clemont Nelson and family of Hibbing; Mr. and Mrs. Art Rivetts, Mr. and Mrs. Kelly Stumpf and Raymond and Mrs. John E. Olson of Little Falls; Mr. and Mrs. Chet Oman of Bemidji and Mr. and Mrs. W. C. Albright of Crookston.

F. A. Browns, Grygla, To Mark Anniversary

Mr. and Mrs. F. A. Brown will be honored at an open house celebration at the Grace Lutheran church in Grygla on Sunday beginning at 2 p.m. This is in observance of their 50th wedding anniversary. No cards are being sent. Everyone is welcome.

Gloria Olsen Becomes Bride Of Larry Haug

Redeemer Lutheran church of this city was the scene of the wedding of Miss Gloria Ann Olsen and Larry Ronald Haug on Saturday, June 11, at 8 p.m. The bride is the daughter of Mrs. Lydia Olsen of this city and the late Allen Olsen and the groom is the son of Mr. and Mrs. Orville Haug of Fisher.

The Rev. Dennis Rodin officiated at the double ring ceremony before an altar flanked by baskets of white gladioli and pink chrysanthemums. White bows with spoon ferns marked the pews.

Soloist was Miss Charlotte Myers, friend of the bride, she sang "O Perfect Love" and "Oh Happy Home". Mrs. William Halbasch presided at the organ for the wedding march. She also played a program of nuptial music as the guests were ushered to their seats by Laverne Filpula of Thief River Falls, a brother of the bride, and Richard Morgan of Fisher, a cousin of the groom.

The bride, escorted to the altar and given in marriage by her brother, Duane Olsen, was attired in a floor length gown of white satin. Styled in regal simplicity, the gown featured a fitted bodice with rounded neckline and long tapering sleeves. The slim skirt was fashioned with a modified chapel length train. A swedish corwn of pearls and rhinestones held her elbow length veil of silk illusion and she carried a cascade bouquet of cream colored roses, stephanotis and foliage.

Mrs. Leland Nelson of Thief River Falls attended her sister as matron of honor. Mrs. Lee Zitzer of Crookston, sister of the groom, was bridesmatron and Evonne Nelson of St. Hilaire was bridesmaid. They were attired in rose and pink floor length gowns in empire fashion. To complete their attire, they wore rose bow headpieces with matching viels and rose colored shoes. Their [illegible] were mint green carnatio[illegible] Susan Kaye Olson of Thief River Falls, neice of [illegible] bride, was flower girl. Her [illegible] was styled similar to the bride's and her headpiece was a white [illegible] bow. All wore golden cross pendants, thier gifts from the bride. The ring bearer was Dale Nelson of Thief River Falls, a nephew of the bride.

The groom chose his friend, Gordon Hipsher of East Grand Forks as best man. Groomsmen were Lee Zitzer of Crookston and Ronnie Swanson of Grand Forks, N. D., brother-in-law and cousin of the groom respectively. The men of the wedding party wore black tuxedos with mint green carnation boutonnieres. The groom's boutonniere was a cream colored rose.

The mother of the bride was attired in a rose colored suit. To complement her attire, she wore beige accessories and a corsage of yellow roses. The groom's mother wore a two piece dress in a beige and avocado brocade fabric with harmonizing avocado accessories. Her corsage was composed of tangerine roses. Attending the wedding as honor guest was Mrs. Alma Haug of Fisher, grandmother of groom.

For the reception that followed the ceremony, the church parlors were decorated with pink and white streamers. In keeping with the bride's chosen colors, the fourtiered wedding cake, topped with a Christogram was iced in white and trimmed with pink.

Cutting and serving the cake were Mrs. Alex Yeschick of Nisswa, aunt of the bride and Mrs. Ed Haug of Fisher, aunt of the groom. Pouring were Mrs. Ada Ortloff of St. Hilaire and Irene Morgan of Crookston, aunts of the bride and groom, respectively. Mrs. Nada Lane, an aunt of the bride, served as hostess while Mrs. Lloyd Olson, a sister of the bride, registered the guests and Mrs. Neil Bugge and Mrs. Craig Torkelson served the punch. Waitresses were JoAnn Wald, Vicki Lane, LaVerne Kees and Linda Poppenhagen. Those in charge of arranging the gifts were Mrs. Gordon Hipsher, Mrs. Leslie Swanson, Mrs. Dennis Moen and Mrs. Laverne Filpula.

Approximately 200 guests attended the wedding. They came from Oklahoma; Valley City and Grand Forks, N. D.; East Grand Forks, Crookston, Minneapolis, Duluth, Brainerd, Holt, Fisher, Climax, Warren, Shelly, Twin Valley, St. Hilaire and Thief River Falls.

For travel on their wedding trip, the bride wore a turquoise two-piece suit trimmed in mint green and accented with black patent accessories.

The bride attended high school in Thief River Falls and the groom is a graduate of the Fisher high school. They will make their home at Fisher where the groom is engaged in farming.

25th Anniversary Of Lloyd Nelsons Is Celebrated

Approximately 100 relatives and friends gathered at the Silver Creek Lutheran church, rural Thief River Falls, on Saturday evening, June 11, to honor Mr. and Mrs. Lloyd E. Nelson on their 25th wedding anniversary.

Upon arrival, Mrs. Nelson was presented with a corsage of red roses and white carnations. Mr. Nelson received a white hyacinth boutonniere. Also presented with a corsage of red and white carnations was Mrs. Harvey Odegaard who was bridesmaid at their wedding June 11, 1941 at the Holt parsonage.

Planning the program for the evening were their children, Mrs. David Schwartz of Goodridge, Leslie, Emily and Sandra, at home. They also wore corsages and boutonnieres as did the organist, Connie Hillyer, and those who appeared on the program.

As "The Wedding March" was played by the organist, the honored couple entered the church, followed by their attendant and their children. A program was presented with Mrs. David Schwartz in charge. The group participated by singing the hymn "Now Thank We All our God" and the devotional message was given by Rev. Kenneth Kramer. Readings were given by Emily Nelson and Mrs. Edwin Anderson. Musical selections included a duet, "It Took a Miracle" by Sandra Nelson and Margaret Hanway and a solo, "Bless This House" by Percy Hagen, accompanied by Mrs. David Schwartz. Words of thanks and appreciation were given by the honored couple.

The reception which followed was served by the ladies of the ALCW. Centering the serving table was a three-tiered anniversary cake with blue roses and topped with a 25th anniversary emblem trimmed with silver. The cake was baked and decorated by the women of the ALCW.

Mrs. Seymore Nelson and Mrs. Herman Witt, sister-in-law and sister, respectively, of Mr. Nelson, poured while another sister, Mrs. Ray Knutson, registered the guests. Mrs. Reymond Nelson and Margaret Hanway were in charge of the gifts.

Relatives and friends attending were from Phoenix, Ariz., Marshall, Newfolden, Goodridge and Thief River Falls.

Reminds Farmers Of Provisions in Conserving-Use

Farmers who have signed up to take part in one or more of the 1966 diversion programs — feed grains, or wheat — were cautioned today not to forget about the conserving - acreage provisions of those programs.

Marcel Dahl, chairman of the Marshall County Agricultural Stabilization and Conservation committee, explains that a farmer participating in the diversion programs agrees to devote an amount of acreage to conserving uses which is equal to the farm's normal base acreage in such uses in addition to the acreage signed up for diversion under each 1966 program.

For instance, if the farmer signed up in both the feed grain and the wheat programs, he would need to devote to conserving uses all of the land diverted under both programs in addition to his conserving base.

Even though he is producing his full allotment and is not earning a diversion payment, any farmer participating in the wheat program sets aside diverted acreage at least equal to 15 per cent of his 1966 farm allotment. (This reflects the farm's proportionate share of the difference between the 1966 national allotment and 55 million acres.)

Feed grain producers who have bases of more than 25 acres divert 20 per cent of the farm base without payment under program agreements.

Failure to meet the conserving-use or any other provision of the program could mean loss of all or a substantial part of the program payments for that crop — price-support loans and payments, wheat marketing certificates and diversion payments.

Summer Makes Hot and Humid Entrance Tuesday

Summer started on a warm and humid note Tuesday as the mercury rose to 85 degrees. The high Monday of 88 was a new high mark for 1966. The high humidity brought about a brief but heavy shower in Thief River Falls this morning.

Tuesday was the summer solstice, when the earth's inclination caused the direct rays of the sun to reach their northernmost point, the Tropic of Cancer. From now until December 21, the winter solstice, the sun's rays will become less and less direct, but due to a "temperature lag", hotter weather can be expected in July and August.

Immediate forecast calls for partly cloudy to occasionally cloudy skies today through Thursday, with continued warm and humid conditions. Scattered areas of showers and thunderstorms will be most numerous in northern portions during the period. Highs today will be in the 80's; lows tonight from 55 to 68.

Temperature and precipitation readings recorded at the airport are as follows: 88 and 55 on Monday; 85, 60 and a trace on Tuesday; and a low this morning of 65.

Bridgettes Win Trophy at VFW Parade in Mankato

The Bridgeman Bridgettes, directed by Mrs. Richard Berglund, returned Sunday night from a two-day trip to Mankato, where the drum and bugle team participated in the state VFW parade. The group won the third-place trophy in competition with 144 units.

On the return trip, the Bridgettes shopped in St. Paul and spent some time at Como Park. Mothers who accompanied the girls as chaperones included Mrs. Calvin Ripley, Mrs. Bernard Wold and Mrs. Ruby Mortenson.

The Bridgettes will participate in a parade in Crookston Saturday. On July 26 and 27, they will be in Winnipeg to march in the Red River Exposition parade.

Trees Planted in 1966 by County SCS Set Record

Pennington County Soil Conservation district recently completed the biggest tree-planting year in history, according to Robert Knoabee, work unit conservationist. A total of 49 farmers ordered trees through the district. Twenty-three farmers had their trees planted with the new tree planter purchased this year.

Nine farmers planted field shelterbelts to protect their lands from wind erosion and to add beauty. Twenty-nine farmers planted farmstead windbreaks to protect their farmyards from wind and snow. Nine farmers made replacements on trees planted last year to assure themselves of a wind tight belt of trees.

A total of 21,000 trees were planted. Most popular varieties were dogerore elm and honeysuckle. Many also planted the pink flowering crab tree. Most of the trees planted with the tree planter were also sprayed with simazine to control the weeds in the row.

Biggest farmstead windbreaks were planted for the Swanson brothers of Sanders township and Oscar Mosbeck of Polk Centre. Longest field windbreaks were planted for Clarence Swanson of Bray and Arnold Skjerven of Numedal. Robert Wick and Roy Mogen were the district employees who planted the trees.

Knoabee said it is now time to be preparing for 1967 tree planting by fallowing the ground to destroy the weeds and grasses. Anyone wanting trees for 1967 should contact the local soil conservation district office in the courthouse.

Attend National Jaycee Conclave

Mr. and Mrs. Richard Contos, state director and state delegate respectively of the Thief River Falls Jaycees and Mrs. Jaycees, leave today for Detroit, Mich., to attend the national convention of the United States Jaycees.

Ninth District Economy Ahead Of 1965 Figures

Both the agricultural and non-agricultural economy of the Ninth Federal Reserve district pushed ahead of 1965 figures during the first months of 1966, the Federal Reserve Bank of Minneapolis reported today in its monthly economic review.

The Ninth Federal Reserve district comprises Minnesota, Montana, North Dakota, South Dakota, Upper Michigan, and northwestern Wisconsin.

District prices of farm products continued favorable. During the first four months of 1966 total district employment expanded at a nearly 3 per cent rate while unemployment decreased substantially below year-earlier levels.

Industrial production as measured by the use of electric power expanded at better than a 12 per cent annual rate during the first four months of 1966. Manhours worked in production also increased.

Bank debits (the dollar value of checks written) during April showed a 13 per cent increase over gain indicated during the first four months of this year compared with the same four months last year. Also, both the number and valuations of district building, as indicated by the Bank's building permit series, were up significantly from year-earlier comparisons.

The banking picture in the Ninth district during the first part of the year continued to indicate both modest deposit growth (particularly for demand deposits) and heavy loan demand. The result: loan-to-deposit ratios at the larger banks (those reporting weekly to the Federal Reserve Bank of Minneapolis) continued into 1966 the sharp rises registered during 1965. At the end of May the average ratio was 66.2.

Loan-to-deposit ratios at other district banks also rose, but at a somewhat slower pace (to 57 at the end of May). Banks have made greater use of federal funds in recent months and have increased borrowing at the Federal Reserve Bank of Minneapolis. During the first four months of 1966 the use of federal funds was up 57 per cent and "Fed" borrowing was 47 per cent compared with the same period in 1965.

DISCHARGE of silt and water sucked from the bottom of the Red Lake River by the city's river dredge is released into a reservoir behind the dike built along the shoreline. The only dike built to date is located on Nelson Point, west of the Tindolph swimming beach. The water and silt mixture consists of about 20 per cent silt, which settles to the bottom, and the clean water flows back into the river through an outlet in the dike. As the photo shows, a sizeable silt deposit has already been accumulated in the discharge area.

Dist. 17 PTA Fall Workshop Planned by Board

"Educating for a Changing Society" is the theme for the District 17 PTA fall workshop to be held at Fosston September 24. The workshop will include a speaker from the state PTA office who will speak on "Don't Be a Parent Drop Out".

The afternoon session will include a film entitled "Dance Little Children", followed by a panel discussion by a doctor, clergyman, parent and a member of the state board of health.

District 17 PTA executive board met Friday evening at the Howard Conneran home at Fisher with Mrs. Conneran district president, presiding. A nominating committee was chosen by the president as follows: Rodney Brodin, Thief River Falls; Mrs. Earl Swenson, Oklee; and Warren Bowe, Crookston.

Board members present were Mrs. Roman Radniecki, Oklee; Arvid Clemmetson, Fosston; and Mrs. Lynn Hanson, Goodridge.

Burns to Address Potato Growers

Doyle Burns, executive director of the National Potato council, with headquarters in Washington, D. C., will be the featured speaker at the annual meeting of the Red River Valley Potato Growers association on June 30. Burns will address the group at its evening banquet. The convention will start at 1:15 p.m. Central Standard Time in the Grand Forks armory auditorium. Tickets can be obtained locally from Arnold Engelstad, Thief River Falls.

LOCAL NEWS

Mrs. Bob Peterson of Fresno, Calif., (the former Gladys Halvorson) and her sister, Mrs. Elmer (Hermina) Koop of Minneapolis, visited Tuesday morning with Mrs. G. Quam and Mrs. Oscar Ellingson who are their cousins. Mrs. Peterson and Mrs. Koop were former residents of this area.

Mr. and Mrs. Norman Lundeen returned Saturday morning to their home at Romeo, Mich., after spending a few days here at the Rev. and Mrs. Knut Gjesfjeld home. They came here to see Mrs. Gjesfjeld, mother of Mr. Lundeen, who had recently returned from Grand Forks, N. D., following eye surgery.

Mr. and Mrs. Gerald Nielson of Prior Lake and Mrs. Pete Mellem visited last Monday at the Benhart Ranum and Mrs. Henry Carlson homes.

Mr. and Mrs. Clarence Gulseth and Larry of Blackduck were Sunday guests at the home of Mrs. Gulseth's parents, Mr. and Mrs. C. J. Olson. While here, Larry participated in the local golf tournament.

Guests at the Lydia Olsen home, following the rehearsal for the Olsen-Haug wedding were Mr. and Mrs. Lee Zitzer of Crookston, Mr. and Mrs. Richard Morgan and Mr. and Mrs. Orville Haug, Larry and Curtis of Fisher; Ronnie Swanson of Grand Forks, N. D.; Mr. and Mrs. Duane Olsen, Susan and Jeffrey and Laverne Filpula of rural Thief River Falls; Mr. and Mrs. Leland Nelson, Gary and Dale and Miss Evonne Nelson of St. Hilaire; Vern Cleven of Grygla and Rev. Dennis Rodin and Gloria Olsen of this city.

Mr. and Mrs. Gerald Nielson and family of Prior Lake spent the past week visiting at the Pete Mellem home. Wednesday evening they were callers at the Clayton Rux home.

Mr. and Mrs. A. N. Moeller of Chisholm and Mr. and Mrs. Mel Sherva of Wahpeton, N. D., visited with Mrs. Frank Brenemen on Saturday. They drove over from Wahpeton where the Moellers were guests at the Sherva home. Mrs. Moeller and Mr. Sherva are sister and brother of Mrs. Brenemen. While here, Mr. and Mrs. Sherva also called on Mr. and Mrs. Robert Erickson. Mr. Sherva is editor of the Globe-Gazette Printing company at Wahpeton and was a former editor of the Fertile Journal.

Mrs. Joe Young of Nevada City, Calif., spent a week here recently at the home of her brother and family, the Obert Morbens. A former resident of this city, this was her first trip back since she left 45 years ago. The Morbens took her to Minneapolis where she boarded a plane for home. The following week, a brother and his wife, Mr. and Mrs. Edison Norben of Modesto, Calif., were weekend guests at the Morben home. This was also his first trip to Thief River Falls since he left 17 years ago. They left Monday for Tacoma Wash., to visit his brother, William, and his family.

Ladies Golf Club Gives Recognition To Pete Mellem

Several local women were special guests last Tuesday, June 14, when the Thief River Falls Ladies golf club sponsored its in-town guest day. Hostesses at the luncheon served at 1 p.m. were Joyce Fox, Marie Biddick, Ruth Legvold and Avis Goddard. President Ella Anderson welcomed the guests and in their honor cancelled the regular business meeting. She also requested that the members introduce their guests.

Special recognition was given to Pete Mellem, who after many years of being in charge of the pro shop, is leaving. He was presented with a gift from the group.

Members were reminded to register at the club house bulletin board if they plan to enter any of the tournaments in the area. An invitation was also read from the Moorhead country club inviting the ladies of the Thief River Club to luncheon and golf any Wednesday that they are in the Moorhead vicinity.

Following the luncheon, bridge and golf were in play. Dorothy Holzknecht was the first place winner at bridge, Alma Elofson won second place and Mary Thompson received a prize for taking a trick with a deuce.

At golf, the event was a putting contest on the green by the club house. Winning the prize for the least puts was Ella Anderson. Mary Scheuneman was second place winner.

New Tax Stamp Deadline July 1

Certain manufacturers or businesses who are currently registered must reregister and pay for federal occupational stamps on or before Friday, July 1, according to George O. Lethert, district director of Internal revenue.

Occupational tax stamps are required by persons before dealing in any of the following: Gaming devices, use Form 11-B; wagering, use Form 11-C; Narcotics or marijuana, use Form 678; distilled spirits, wines, beers and stills, use Form 11.

The new stamps apply for the fiscal year beginning July 1, 1966, and ending June 30, 1967.

Lethert emphasized that persons engaging in business for the first time must register and pay for occupational tax stamps before dealing in these businesses.

Nonfarm Employment In State Hits Record

Nonagricultural employment in Minnesota climbed 23,400 between April and May, and 48,000 over a year ago, to a new all-time state record of 1,118,000 workers, according to Robert J. Brown, Minnesota commissioner of employment security.

Brown said that not a single one of the approximately 40 categories classified in the analysis showed a durable employment decrease from April to May.

At the same time, he reported that unemployment in Minnesota in May dropped over 12 per cent from April, to three per cent (3.3 per cent, seasonally adjusted) of the labor force, a 13-year low for the month of May. Weekly earnings of manufacturing production workers in May averaged $116.08, according to Brown, compared to $111.56 in May of 1965.

Brown said that the 48,000 (4.5 per cent) may gain in employment over May of 1965 marks the fifty-fifth consecutive month in which employment has eclipsed that of the same month in the previous year.

The largest industrial job gain between April and May this year occurred in the construction industry, which climbed 7,200. Of this gain, 5,500 was in the highway and heavy construction fields. Employment in retail establishments gained 3,000 over the month, and was concentrated primarily in eating and drinking places. Employment increases in production of durable goods was responsible for 2,400 of the manufacturing gain, and was quite well spread among all durable goods producing firms.

Employment in nonmanufacturing industries increased 20,400 between April and May. Metal mining gained 1,000 during the period to reach a May total of 13,800.

Because the favorable weather earlier this spring allowed a relatively earlier start on outdoor activities, the April to May increase was somewhat less than in recent years. Another factor operating to temper increases, Brown said, is the increasing tightness of the labor market, with it's relatively smaller supply of available workers.

The employment decline in building construction since last year is attributed to a few scattered labor disputes in the labor industry. Otherwise, employment in this sector in May would have been at least 500 above the year ago levels, he said.

Regarding the unemployment level, Brown said that, since September, 1953, only April of this year showed a seasonably adjusted rate lower than the 3.3 per cent in May. (The "adjusted" rate of employment is applied in order to measure "real" unemployment trends, which are not truly reflected in Minnesota's rather marked seasonal employment fluctuations.)

Manufacturing production workers were employed an average of 41 hours per week in May, at an average hourly rate of $2.80, resulting in an average weekly wage of $116.08. In April the averages were 41.5 hours per week; $2.81 per hour; and weekly earnings were $116.61. Comparable data for a year ago was 41.1, $2.71 and $111.56, respectively.

Adoptive Homes Sought for Many Welfare Children

"Do you have room in your home and heart for an adopted child?" asks Ronald Mooers, director of the Pennington county welfare department. "Would you like to know more about 'how' to adopt?"

"If you answered these two questions 'yes' contact Mooers for an invitation to one of the meetings of prospective families to be held in Thief River Falls on June 30 and July 1.

"On April 1, 1966, there were 235 children awaiting adoption through the county welfare department and the department of public welfare, ranging from 0-12 years of age," Mooers said. "These children are as different as children can be, some are small, some tall, some thin, some chubby, all are of normal intelligence and can make your family more complete."

Invitations to the meeting are required so each person can have his questions answered. Interested persons may call Mooers at 681-2880.

New Otter Tail Film Available To Area Groups

Rich and varied natural, agricultural, industrial, educational and human resources of the Minnesota-Dakotas area served electrically by Otter Tail Power company were described in full sound and color in Fergus Falls Tuesday at a premiere showing of a new motion picture, "The Other End of the Line."

Originated by the utility company to point up the many advantages of the tri-state area, the film features color scenes of local farming activities, food processing and industrial plants, tourist attractions, recreational facilities, community activities, schools and colleges, as well as electrical facilities needed by the company to provide good electric service to the area.

The motion picture, which has been in production for more than a year, is now available for showing to local clubs and groups throughout the Otter Tail Power company service area.

The Week's Top Event

With the possible exception of the square dance convention being concluded here on Sunday, the week's top event, and with the most action, will be the annual softball tournament slated for Sunday.

The tournament will open at 9 a.m., and four diamonds will be utilized. Three of the playing fields will be at the fairgrounds, and the other field in use will be the East Side diamond. The championship finals will be played on the softball field at the fairgrounds.

Teams from Detroit Lakes, Fargo, Grand Forks and Crookston have already signified their intentions of participating in Sunday's tourney.

A new champion is a certainty as the East Side Merchants, who have been the winners the past couple of years, have disbanded and aren't competing this season. That means, of course, that big Jack Herlihy will not be doing any pitching here.

And that was a creditable performance that the Vets turned in on Sunday in the tournament played at Grand Forks. Pat Poole's club reached the tournament finals, losing to the Wahpeton team, 6-2, in the title contest. The Vet's two runs were tallied on Harlie Drees' home run with a mate on base.

The Vets won their first-round game by defeating the Great Northern team of Grand Forks, 7-5. In the quarter-finals the Vets bested Jamestown, 10-4; and in the semifinals the locals defeated Hickson, 4-3.

A Better Brand of Ball

It is a fact that high school baseball in this area, and throughout the state, has made vast strides during the past few years. The boys play excellent baseball, and they are showing much of their improvement in their defensive ability. The hitting is still a problem to be solved.

But it is also a fact that American Legion junior baseball is a notch or two above the high school level. Most of the boys who participated in high school baseball are also eligible for junior baseball. But in addition the junior baseball teams can benefit by having boys on their squads who reside in communities that do not have American Legion baseball.

For example, the Karlstad junior team, and the Rabbits had a strong baseball team this past high school season, have Bob and Tom Price, a fine batter from Stephen, on the roster. Bob is a southpaw pitcher with an abundance of poise, and he will make the Karlstad club a contender for sub-district and district honors.

And another advantage that American Legion junior baseball has is that it is a mid-summer activity, with plenty of playing dates. Coach Marv Skaar, who was here with his Grand Forks juniors on Friday evening for a doubleheader, stated that the Grand Forks juniors would play a 45 game schedule, with numerous doubleheaders. And that's how a youngster becomes a ball player, by playing the game.

We have to admit, though, that Tuesday evening's game, played here between Crookston and Thief River Falls, wasn't one of the season's better ball games. Mark Higgins for Crookston and Tommy Cummings for the locals are both capable of better pitching than they exhibited on Tuesday evening. Higgins doled out 12 walks, hit one batsman, and his teammates committed five errors.

Golf Activity

The local golf course will hold a mixed 2-ball foursome tournament on Sunday, June 25. Bob Flynn and Rick Conlos are co-chairmen of the event.

In addition to golf competition, a social will be conducted along with the tournament and the chairmen hope that a large turn-out of club members will participate in the matches.

Release Schedule For Swim Classes At Tindolph Park

Swimming instruction schedule at Tindolph park was released today by the Thief River Falls park and recreation department.

The morning schedule applies to Monday, Tuesday and Thursday. Swimmers and intermediate students will receive instruction from 9 to 10 a.m.; beginners (11 years and over) and advanced beginners from 10 to 10:30 a.m.; beginners aged 7, 8 and 9 from 10:30 to 11 a.m.; beginners aged 6, 7 and 8 from 11 to 11:30 a.m.; and beginners aged 4, 5 and 8 from 11:30 a.m. to 12 noon.

Evening classes will be given Tuesday and Thursday and are as follows: diving for beginners from 6:30 to 7 p.m.; diving for beginners and advanced beinners from 7 to 7:30 p.m.; intermediates and swimmers from 7:30 to 8 p.m.; and advanced beginners and lifesaving from 8 to 8:30 p.m. Adult classes will be held at 6:30 p.m. Wednesday.

Legion Juniors Whip Crookston 12 to 4 Tuesday

Coach Lee Swanson's local junior baseball team defeated the Crookston juniors, 12-4, in a Northwest American Legion junior league baseball game played here Tuesday evening.

The locals will travel to Karlstad on Thursday evening for a 6:30 p.m. game against a well-rated Karlstad club. On Monday coach Swanson will take his squad to Bemidji for a 6:30 p.m. game; and on Tuesday, June 28, the locals will play Middle River at Middle River in a league game.

Tuesday evening's game against the Crookston juniors was a ball game for about four innings, with the locals holding a 4-2 lead entering the last half of the fourth. Crookston's hurler, Mark Higgins, was plagued by wildness throughout the game, and in the Fourth he gave up four walks and hit a batsman. And a pair of singles, by Nickie Drees and Billy Poole, combined to give the locals a four-run cluster and an 8-2 lead.

Crookston picked up a pair of runs in the fifth on a single by Myron Hendrickson, an infield out, a triple by Norm Newell and an error.

The local juniors added four runs in the sixth on five walks, a fielder's choice and a sacrifice fly.

Tommy Cummings, going the route for the locals, gave up five hits, walked five and struck out nine.

Wildlife Holes Will Be Blasted At Forsberg Farm

Blasting of artificial potholes, a successful duck production venture in other areas of the state, will be demonstrated for the first time in the local area June 29, according to Robert Kloubec, work unit conservationist for the Minnesota Soil Conservation service. Blasting contractors will use nitrogen fertilizer to blow out low areas to improve them for wildlife.

The Richard Bros. firm of Minneapolis will begin the demonstration promptly at 1:30 p.m. at the Art Forsberg farm, located on the Smiley bridge road 1¾ miles east of Highway 59, or two miles west of the Smiley bridge.

Nitrogen fertilizer is an inexpensive method of blasting out wildlife holes, Kloubec said. For further information, stop in or call the Soil Conservation services in the courthouse.

NW Association To Meet Tonight, New Department

Regular summer meeting of the Northwest Association of Conservation Clubs will be held tonight (Wednesday) at 8 p.m. at the community hall in Red Lake Falls. Anyone who needs a ride or wishes to drive to the meeting is asked to be in front of the courthouse between 7 and 7:30 p.m.

To Make Survey This Summer of Wildlife Areas

This summer the Minnesota Department of Conservation will have 16 two-man crews surveying lakes, streams and game areas to gather background information for use in fish and game management, says John B. Moyle, supervisor of research and planning.

These crews will be sounding and mapping lakes, determining present fish and wildlife use and gathering information of the water chemistry and potential productivity of them. This program is a continuation of that of previous years under which about 3,000 lakes have been mapped and biological surveys made on about 2,000 lakes.

Most of the survey work is organized on a watershed basis and crews this summer will be working in the Kawishiwi watershed near Ely, the Long Prairie River watershed near Glenwood, the Pine River watershed near Brainerd, the Pelican River watershed near Detroit Lakes, the watersheds of the Cloquet, St. Louis and Whiteface rivers near Duluth and on the St. Croix and Minnesota rivers.

Information is gathered on a watershed basis, Moyle says, because this allows coordinated fish and game management planning for connected waters and incorporation of plans for game and fish management into those for other types of land use, such as forestry, agriculture and general recreation.

Boaters and fishermen are urged not to disturb trapnets and gillnets that are often set in lakes by survey crews to determine kinds and numbers of fish present. The fish population is not damaged appreciably, Moyle says, because only a small sample of fish are taken. All such fishing equipment is marked with orange-colored buoys that are labelled "Fish Lake Survey, Minnesota Game and Fish".

Maps made by sounding with an electronic fathometer or echosounder will eventually be available to fishermen and boaters.

Call for Changes In State Homes At ARC Meeting

Several new approaches to residential care of Minnesota's mentally retarded were called for by Gerald F. Walsh, executive director of the Minnesota Association for Retarded children (ARC). Representing the Pennington-Red Lake ARC at the convention were Mr. and Mrs. Oscar Johnson of Thief River Falls.

In a convention banquet address at the College of St. Scholastica, small living units rather than large dormitories should be constructed for the retarded in order to "provide dignity and comfort for many patients who are now living miserable and degrading lives."

He urged the construction of living units for 16 to 20 patients, each unit containing bedrooms, living areas and a dining room. He stated that "Large buildings and grouping of large numbers of retarded can at least double the problems of institution residents."

Walsh also said that the entire system of charges for care in state institutions needs to be carefully studied and re-evaluated. Under the system established by state law, he noted, the mentally retarded child, and the adult who may be working as many as 52 hours a week in the institutions, are liable for the full cost of care.

"Several questions arise here," Walsh explained. "For one thing, perhaps we need to consider changing the law so a patient is not liable for the cost of care until he is 21 years of age. There's also the question of paying patients for their work."

Walsh also called for state support of community supervised living units for 12 to 18 retarded persons, development of the state in-centers and establishment of work occupation centers at the institutions.

Boy Scout Camp Will Open Sunday For 20th Season

Boy Scout Camp Wabaunaquat will open its 20th summer camping season Sunday as Scouts from seven area troops converge on the 440-acre wilderness area on White Earth Lake. Among the troops attending the first week of camp will be Troop 57 of St. Bernard's church in Thief River Falls.

Camp Wabaunaquat, named after an Indian chief who reigned in the area in which the camp is located, will have had some 800 Scouts camping on its grounds before the 1966 season concludes August 6. The camp, located 10 miles east of Ogema in Becker county, is owned and operated by the Lake Agassiz Boy Scout council, and is designed to serve the Scout troops located in the 15-county area of northwestern Minnesota and northeastern North Dakota.

Scouts attending Camp Wabaunaquat will live there for six days under canvas. They will take part in a number of Scoutcraft activities including pioneering projects, nature lore, cooking, conservation, axemanship and hiking. The Scouts will also have opportunities to participate in archery and markesmanship as well as moskeeto, a smaller version of trapshooting.

Included in the program highlights of the camping week will be a full aquatic program. Swimming instruction and advancement as well as lifesaving instruction and boating and canoeing will be featured on the waterfront. Serving his sixth season as waterfront director will be Quentin Jones of Thief River Falls, who will be assisted by Douglas Knutson and Stephen Nabben, also of this city.

IRS Answers Federal Income Tax Questions

These questions most frequently asked by taxpayers on federal income tax matters with autoritative answers are provided by the office of the district director of Internal revenue, St. Paul.

Q — If I sell my personal residence, am I required to pay the tax on any gain realized this year?

A — In the sale or excahnge of a residence at a gain, the gain is taxable. However, if within a two-year period commencing one year before and ending one year after the sale, you buy and occupy another residence, and the cost of the new residence equals or exceeds the adjusted sales price of your old residence, the gain is not taxed at the time of the sale. Taxpayers who construct a new residence must occupy it not later than 18 months after the date of sale of their old residence. If you are 65 years of age or older, you may elect to exclude the entire gain if the adjusted selling price of the residence is $20,000 or less. Part of the gain realized may be excluded when the adjusted sales price exceeds 20,000.

Q — The second installment notice for my estimated tax is incorrect. It does not give me credit for the payment I made in April. What shall I do?

A — You should amend your estimated tax by using the form printed on the reverse side of the billing notice. In claiming credit for the previous payment made for 1966, give information from your cancelled check such as the amount, the date and the deposit date stamped on the back of your check. Submit the correct remittance with your installment payment for June.

Q — I'm still anxious about my federal tax refund. The return was filed in March, and I haven't received my refund check as yet.

A — Most Minnesota taxpayers entitled to refunds have received their checks. Approximately 25,000 have been notified their checks will be delayed until their returns have been examined relative to certain items of credit or some deductions claimed have been verified. If you have not received such a notice, direct an inquiry to our office including all the filing facts such as date submitted, type of return (Form 1040A or 1040), your correct name and address and social security number to be traced through our records.

Q — Do I have to pay social security taxes for a summer handyman?

A — If you pay him $50 or more cash wages during a calendar quarter you are required to report the wages on Form 942 and pay social security taxes on them. Circular H, Household Employer's Social Security Tax Guide, explains these requirements, and a copy of this free booklet and Form 942 may be obtained at the local revenue service office.

Q — I need a copy of my 1964 return. Where can I get it?

A — Copies of returns may be obtained by writing or visiting our district office in St. Paul. A charge of $1 a page is made to cover costs. You will be billed when the copies are sent to you.

Q — My refund check was made out to both my wife and myself. Do we both have to sign it?

A — Yes.

Q — My company promoted me last month and now I'm earning more money. Should I increase my withholding to avoid a large year-end tax bill?

A — Your witholding will automatically be increased by your employer under the new graduated withholding system. You will not have to do anything yourself unless the new withholding is substantially below your full liability. To determine your withholding situation, obtain IRS Document 5642 which explains the new system. It is available from the revenue service or your employer.

Corrine Christianson of Trail is among 28 full-time students in the College of Nursing at the University of North Dakota who have attained positions on the dean's list for the second semester of 1965-66, announced Margaret F. Heyse, dean of the college. She is a junior.

To be named to the College of Nursing dean's list a student must have earned at least a 3.4 average on the 4.0 system during the second semester.

Lions Club Hears Current Stituation On School Plans

Thief River Falls Lions club met for its regular noon luncheon meeting at the Elks clubrooms Wednesday. Roger Tunberg, vice president presided at the meeting.

Introduction of guests was held and several members from the Goodridge Lions club were on hand to advertise their dance which was held in Goodridge this past Saturday evening.

Marshall Hankerson, superintendent of schools, was called upon to talk to the club. He told some of his past history in the teaching field and spoke to the group on the recent trip to St. Paul to discuss the site and proposed new vocational school building. Supt. Hankerson mentioned that application has been made for federal funds to cover certain aspects of this building and connected problems.

Installation of new members will be held next week and all recently accepted members are asked to be in attendance as well as the sponsors of new members.

Private Liquor Licences To Be Issued in Warren

A liquor control ordinance which provides for the issuance of club licenses and two private licenses, should qualified applications be received, was approved by the Warren city council in regular session Tuesday night. The ordinance will become effective following legal publication.

Council members discussed at considerable length the advisability of operating a municipal sale establishment, but after meeting with George Anderson of the state liquor control staff on Monday night, voted to approve the private sale method. Anderson had reported that numerous towns in the state are shifting their operations from municipal sales to private sales.

A club license was issued to the Warren American Legion club for "on sale" which will become effective immediately following publication of the ordinance.

Highway Survey Intended to Aid Future Planning

Minnesota highway department will conduct a state-wide traffic origin - destination survey from June 15 through September 1. The survey is intended to aid the department in planning the most economical and efficient rural trunk highway network for the needs of the state over the next 20 years.

Selected motorists will be interviewed at checkpoints near 38 municipalities throughout the state as well as at stations on the Wisconsin, Iowa and North and South Dakota state lines. Motorists will be asked where they are coming from, where they plan to stay, why they are traveling, and where they are headed. The highway department has requested the cooperation of motorists in supplying information needed to help determine the location and types of roads needed in the future.

Advance signs will warn motorists of the stop ahead, followed by a flashing beacon in the center of the highway, and then a flagman will make the stop. A certain percentage of motorists will be requested to pull over for the brief interview. Interviews should take only 30 seconds and will be conducted only on weekdays.

The trip interviews will be supplemented by manual counting and classification of vehicles and by automatic recording of traffic volumes at each survey location. Data gained in the survey will be tabulated by computer and incorporated with information from 14 recently completed traffic studies of Minnesota cities. Results will be available to municipalities.

The U. S. Bureau of Public Roads in furnishing approximately 75 per cent of the funds for the study.

"Inflation can be generated only by government. Business firms, labor unions or consumers with excessive market power can do many objectionable things that are contrary to the public interest. But one objectionable thing that they cannot do is to cause inflation—or for that matter, prevent it."

—Dr. W. Allen Wallis

Reduced Spending

Last year debate rang through the nation on the problems of the aged. Led by the administration, a compassionate Congress voted medicare and raised social security benefits, and taxes as well.

This year not even the echoes of that debate linger. The same administration has reduced the gains for the aged and may wipe them out entirely.

The government is overspending itself. In addition, it has put so much new money and credit at the disposal of consumers they are spending more than they otherwise would.

The result is a spurt in prices. Food costs are seven per cent more this year than last, according to the Associated Press. For persons on fixed pensions or fixed social security allowances, continual price increases of this nature could be a disaster. There are close to 40 million such persons in this country, most of them aged.

Social Security Commissioner Ball is so concerned that he already is calling for higher medicare benefits to offset the price increases, and medicare has not started yet.

The federal government can reduce the inflationary pressures by reducing spending. The Chamber of Commerce of the United States has pointed out places where $3.3 billion could be cut from the budget without hurting the war effort or essential services. The suggestions are worthy of consideration.

Widening the Gap

No matter what the politicians will tell us in the next several months, endorsement of A. M. Keith for governor by the Minnesota DFL last weekend is certain to widen the rift in the party. Those delegates who tenaciously voted for Gov. Karl Rolvaag on ballot after ballot after ballot will not be readily inclined to throw hearty support behind the politically ambitious Keith.

While we have only rarely agreed with Governor Rolvaag and his general lack of leadership in Minnesota, we can sympathize with him in this instance. The party which he served so long—and whose directions he apparently tried to follow so faithfully—has branded him a loser and walked out on him. He has taken the blows from the public when carrying out party dictates, and has thereby been absorbing the abuse which, perhaps, should more accurately be directed at the party leaders.

As it is, Lt. Gov. A. M. Keith has been declared the standard bearer for the DFL in the gubernatorial election this fall. He is not invulnerable and the DFL will have quite a selling job to do if they can hope to have their fair-haired boy gain a victory this fall.

Keith has already become entangled in a substantial insurance scandal for which he has offered no satisfactory explanation. Once the Republicans concentrate their opposition and level all their guns at one man, we are sure that quite a bit more will come to light concerning Keith's extra-curricular activities.

Republicans don't have all their problems solved, either, and will tackle them this weekend. They have several active contestants for the office of governor, but none can be considered a clear-cut favorite. No matter who they nominate, a big selling job is going to be required by the GOP in its attempt to recapture the governorship. Prime contenders for the nomination are virtual political unknowns, with the only well-known possibility—former Gov. Elmer L. Andersen—not actively seeking the nomination but not exactly opposed to receiving it.

Rolvaag beat Andersen in a re-count four years ago, after a vigorous campaign, timely and suggestive news release hinting at scandal in the highway program which could not be factually refuted until after the election, and perhaps a case of over-confidence by the GOP upper echelon.

It is interesting to note that Vice President Hubert H. Humphrey has suggested that Gov. Rolvaag not enter the primary election. It is apparent that he feels the DFL will have enough problems in winning the governorship if it can put the pieces back together now, but that a political disaster could develop if a primary campaign—with attendant charges and counter charges—is held closer to the November election.

Needless to say, the Vice President fears having some holes worn in his own political hide. His presidential aspirations—threatened by the presence of one Senator Robert Kennedy—would be dampened by political defeat in his home state. His leadership would be thereby open to serious question.

Republicans would like to see a primary contest. If they can unite behind a single candidate, it would give opportunity for cross-over voting on the DFL ballot in sufficient quantity, perhaps, to make Rolvaag the candidate against the Republican nominee.

A person does wonder about the apparent lack of candidates for political office, however, when the DFL endorses Keith and his questionable background in the insurance field. Rolvaag said he was "taken to the woodshed" at the convention. Perhaps he meant that he was forced all the way to the chopping block.

It now remains to be seen whether or not Vice President Humphrey can offer Rolvaag sufficient inducement to stay out the primary election. We recall that former Gov. Orville Freeman was ousted by the people of Minnesota only to be appointed U. S. Secretary of Agriculture. It should not be difficult for the Vice President to find an appropriate niche in the federal government for another former governor—at a modest increase in salary and contingencies.

Why Not?

The following editorial appeared in the Bemidji Daily Pioneer:

The constant drive to have the federal government take over more and more of the affairs of individuals and businesses is frightening. One of the most disturbing manifestations of this disposition to control is the growing agitation for laws to "protect" the consumer from the ravages of merchants and manufacturers. If legislation is ever passed straitjacketing the marketplace and and merchandising methods, two results are certain: Consumers will no longer be able to control by their purchases the kind of goods they want, and the federal agency setting out to administer the legislation will be the biggest one in the government.

Commenting on this new inroad on personal affairs, James M. Patterson, director of public relations of a major oil company, says government officals are underestimating the intelligence of American women when they seek to advise homemakers on how to shop for bargains. He emphasized that, "If our state and federal governments were as good at holding down the cost of government as our women are at holding down the controllable items in the family budget, we'd have very little to worry about." It can be added that the retailers themselves are the housewives' greatest allies in seeking out bargains—that's an essential part of running a successful store. Increased effort is being directed to encouraging bargain buying.

Mr. Patterson points out that while the cost of living index has increased only 6.5 per cent in the last 5 years, the cost of the federal government is up 31 per cent and that of local and state government is up 48 per cent. The price of government is increasing the cost of living more than the items in the cost of living index.

"American women should demand that the cost of government be included in the cost of living index, where it can be subjected to . . . the same demands for economy and efficiency, that private individuals and corporations are subjected to." Why not?

Facing Two Ways

The following commentary by Margery Burns in the Becker County Record should make interesting reading for farmers in this area. The quoted conversation is fictitious, of course, but it does serve to aptly illustrate a point:

Ahhhhh! The power of your vote! Do you sway governments. By the wiggle of your pencil, you can turn important men right about face.

Let me show you what actually happened when a few voters upset things in this Administration several weeks ago. To see this demonstration, you are going to take another quick trip to Washington to talk to Secretary of Agriculture Freeman who suddenly acquired the remarkable ability of being able to face two ways at once. And that isn't easy no matter what you call it.

You run into Secretary Freeman somewhere, going or coming. You say pleasantly, "May I speak to you a minute?"

He says, "Yes, of course." So you say, "I've been wondering about the high price of food . . ."

He laughs heartily. "You don't have to wonder again. Take my word for it, and the word of the President, and everyone else in this Administration. The price of food is going down. We are working on all kinds of angles . . . hides, cheese, grain and cheap cuts of meat. Don't worry about a thing. We know what we're doing."

"Yes, I know."

"And I want you consumers to remember that we are working for you all the time."

"Thank you, sir. But I am a farmer . . ."

"Well, well. Isn't this a coincidence. I have been thinking about you the last couple of weeks."

"You have?"

"I have some good news for you. Last year your income went up."

"It did?"

"And confidentially, we didn't really mean what we said about low food prices. You misunderstood us. We were just kidding. I want you to know that we are going to cut those bad old quotes on hides, and we're putting pork back into the Army. Remember, anything you'll vote for, we'll do."

"You will?"

"I want you farmers to remember that we are working for you all the time."

"Thank you, sir."

So now you know. And if you had more than one vote, just think what you might end up with. But be thankful for your one vote. It can move mountains of words.

A sign of these inflationary times is found out in San Francisco, where plumbers have had their pay boosted to $8.23 an hour.

—o—

Goody! Congress won't spend any money during the first ten days of July. It will be in recess at that time.

Top Entries in Slogan Contest For Dairy Month

Austin, Jackson and Stillwater took top honors in the 1966 June Dairy Month slogan contest for Minnesota Fture Farmers of America.

The three top slogans, which were used on a helicopter - powered "flying electronic billboard" at the June Dairy Month kickoff program held at Metropolitan stadium June 1, were:

No. 1 — From Sheldon Sayles of the Austin FFA chapter: "For planning menus with appeal, dairy products are ideal."

No. 2 — From Jim Konrads of the Jackson FFA chapter: "Butter makes better batters. For better batters -- buy butter."

No. 3 — From the Stillwater FFA, submitted as a chapter entry: "Inexpensive and nutritious, dairy products are delicious."

A total of 720 slogans were submitted by 438 FFA members from 44 chapters around the state. ADA of Minnesota opened the contest "to rap the grass roots creative thinking of the young men most vitally interested in the dairy industry and its future."

Individual chapter champions were named in the competition. Each winner received a "Master Minter of Milky Metaphor" certificate from ADA, the statewide non-brand dairy promotion organization.

Field Day Slated At Northwest Station July 12

Research on corn, soybeans, small grains, sorghum and sunflowers and many others will be featured at field days conducted by the University of Minnesota's agricultural extension service during June and July.

The field days, part of the extension service's continuing education program, will give Minnesota farmers a chance to learn about the university's current research on field crop production.

The dates and a general outline of field day programs at the branch experiment stations throughout the state includes:

July 12 — Northwest experiment station, Crookston. Major emphasis will be on small grain production practices, such as fertilization, varieties, planting rates and dates. The program includes weed control on small grains and other important Red River Valley crops. Projects on specialty crops, such as sunflowers, mustard and rape will be shown. Extraction of sunflower oil will be demonstrated.

Warning Issued Against Plastic Bottles for Gas

Minnesota highway department warns against carrying gasoline in molded plastic bottles made to contain household chemicals, toiletries, cosmetics, beverages and the like.

Many of these plastic bottles, now a common feature of daily life, have been found to be reusable. The gallon size seems especially popular as a suitable container for gasoline to be used in outboard motors, power lawnmowers or as an emergency fuel supply for an automobile.

The highway department advises strict caution. Most of these containers were meant to carry water solutions — never anything as volatile as gasoline. On a hot day, with the bottle in a car trunk or in the covered bow of a boat, gasoline can easily get through the polyethylene container, especially where the walls are very thin. The user could end up with a trunk or boat full of gasoline — an invitation to serious trouble.

The highway department notes also that some plastic container manufacturers have patterned cans after the well-known Jerry can of World War II that was intended to hold spare gasoline. Because a plastic can may look like the original, many persons assume it is for the same purpose.

However, the department says, in many instances these plastic cans are dangerous because of inadequate over-all rigidity and wall thickness. This makes them unacceptable as containers of highly flammable liquids.

Unless a plastic container is definitely certified by the manufacturer as suitable for holding flammable liquids, the highway department cautions against putting gasoline in it.

SILVERTON . . .

Mr. and Mrs. Harold Dupree and Ruth were Tuesday evening visitors at the Orville Dahl home in Thief River Falls. Ruth left that evening for St. Paul to visit for a week at the home of her uncle and aunt, the Harold Johnsons.

Wichterman Explains CCC Grain Policies

"Significant grain sales have a downward pressure on prices, whether made by farmers or Commodity Credit corporation. It must also be true that buying results in upward pressure on prices. CCC is as big a buyer as it is a seller."

Ben Wichterman, chairman of the Minnesota ASC committee made the above statement to county ASC committees recently.

"CCC buys or acquires grain on non-recourse price-support loans. This lifts prices above what producers would otherwse get when markets are weak. That would be when harvest time gluts or overabundant crops build up short or long-term surpluses," he said.

"Grain, unless it is destroyed-which wouldn't make sense-can not be continuously bought and stored; it must come out of CCC's or any other buyer's stock sometime. CCC must be a seller in order to be a buyer, otherwise it cannot continue to help producers as a buyer when their markets are weak. Just as it buys when markets are weak, CCC sells when they are strong and best able to absorb orderly release. The eveer-normal-granary concept is for the benefit of both producers and consumers.

"At the end of February of 1966, government investments in feed grains and wheat were 2.1 billion bushels less than in February of 1961. Almost half of the 1961 government holdings and grain under price support had been cleared out by orderly disposal and production adjustments. Producers had a clean slate again," the state chairman said.

"Even while surplus was bing reduced, farmers prices and income improved. From October of 1965 to mid-May of 1966, CC sold over 411 million bushels of corn, mostly in early 1966. But the May 1966 national average farm price for corn, excluding government diversion program payments, was $1.09 and the 1960 average of 99 cents.

"Corn, grain sorghum and barley farm prices have averaged from two cents to 22 cents per bushel higher during the last five years than in 1960 when surplus build-up was in full swing.

"Wheat prices to farmers have averaged three cents to eight cents per bushel above the price support loan, in contrast to a price range of three cents to seventeen cents below it during the eight-year period to 1961. Wheat producers income will be still higher in 1966 than in 1965. As wheat surplus reduction opens the way to increased production, wheat income should rise again in 1967," Wichterman predicted.

"Feed grain income has been higher. The value of feed grain crops has consistently been above the 1960 level during the last five years. The five-year cumulative total of yearly values plus feed grain program benefits adds up to $6.8 billion more than the 1960 values.

"Livestock, poultry and dairy sectors have also benefited from the stabilized grain supply. Total farm cash receipts from these products have been higher each year than in 1960. In 1965 they were 15 per cent above the 1960 level," he added.

"It is significant that a higher proportion of CCC's investment covers grain only temporarily under price-support loans. With improving prices in recent years, a much higher proportion of grain that is under loan at harvest time is later redeemed by farmers and sold into market channels. This results in less long-time tie-up of government funds, lower storage and carrying charges," Wichterman explained.

Fiscal 1965 Sets Record For Nurse Recruits

At the end of April, a record 872 nurses from throughout the nation had accepted commissions in the U. S. Air Force Nurse Corps. The previous record for a 12-month period was registered in fiscal 1962 when 830 Air Force nurses were commissioned.

In addition to the record for the year, a one-month mark was set in April, according to initial reports from the seven Recruiting Service groups, when 162 nurses were commissioned in the Air Force. The previous record was set in March, when 160 nurses were commissioned.

To meet the continuing need for more Air Force nurses, applications are being accepted at all U. S. Air Force recruiting offices throughout the nation. To become an Air Force nurse, an applicant must be a graduate of a school of nursing which is acceptable to the U. S. Air Force Surgeon Gen.; state or territory of the U. S.; meet physical requirements; possess high moral and personal qualifications; be between the ages of 20 and 35; have no dependents under 18 years of age (not applicable to male nurses); and be a citizen of the United States.

Girl Grads May Apply for WAF Commissions

Sergeant Sellers of the U. S. Air Force recruiting office in Grand Forks announced this week that young women college seniors may now apply for a commission in the Women of the Air Force (WAF) prior to their graduation.

The college graduates enter the three-month coeducational Officer Training school at Lackland AFB, San Antonio, Tex., and upon successful completion are commissioned second lieutenants in the Air Force.

Officer Training school is unique, Sellers said, in that it takes a degree to get in—not to get out. OTS graduates, with the fold bars of a second lieutenant, attend advanced training courses or fill executive positions in the Air Force. Women officers serve side by side with male officers and are assigned to Air Force jobs including administration, public relations, supply, transportation and many others.

Sergeant Sellers encourages young women to make an appointment with their nearest Air Force representative to discuss complete qualifications for obtaining a commission as an officer in the WAF.

It requires nearly 11 quarts of milk to make one pound of butter; five quarts to make one pound of cheese; and six quarts to make one gallon of ice cream.

NOTICE TO DOG OWNERS

Due to a number of complaints received and resulting stricter enforcement of dog ordinances, the Thief River Falls Police Department hereby calls attention to the following ordinances in the Thief River Falls Municipal Code. Persons who do not heed these ordinances are in violation of the law and may expect to be prosecuted in accordance with provisions of the Code.

Section 25.1—Dogs

25.101. Running at Large It shall hereafter be unlawful for the owner or keeper of any dog to allow such dog to run at large within the corporate limits of the City of Thief River Falls, Minnesota. Every owner or keeper of any dog shall keep such dog upon the premises of such owner or keeper in compliance with the terms of this section, except when such owner or keeper or other competent person shall have such dog secured by a leash.

25.102. Licenses. Licenses for dogs kept within the City of Thief River Falls shall be obtained by the owner or keeper promptly upon the acquisition thereof, shall run to the first Monday of April next following the issuance thereof, and shall be procured and renewed on or before the first day of April of each year thereafter.

25.1022. License Displayed. It shall thereupon become the duty of the owner or keeper of the dog so licensed to have a collar placed on the same with the license number distinctly marked thereon.

25.107. Inoculations. No dog, cat or other animal capable of contracting the disease of rabies shall be kept within the City without the same first being inoculated against the disease of rabies by a duly qualified veterinarian or person acting under his direct supervision. The inoculation shall be repeated in the same manner at intervals of not less than one year thereafter and all animals must bear proof at all times of such inoculations. If any animal be found within the City, whether running at large or not, not bearing such proof the same may be impounded and kept in accordance with the provisions of 25.103 and 25.104 hereof and the penalties provided in 25.109 shall be applicable.

ADVERTISED IN LIFE

NEW Perspective

She went up and up. "Again, Daddy, again," until from her great height she looked down on a strangely distorted scene. Daddy was different from the top. Mommy was little and far away. Even the familiar old tree had hidden its friendly trunk and she caught her breath with a thrill of the unknown. I saw her expression change and suddenly there was a cry tinged with fear, "Don't, Daddy!"

I dropped back while the swing slowed down. She tumbled out of the swing into my arms and I realized that there was a vast and unfamiliar world ahead for my child, with many distorted themes. I looked across the house tops to a church spire and thanked God for a foundation of faith . . . to guide her through the uncertainties ahead.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

OFFICERS of the Minnesota Square Dance federation, elected at the business meeting Saturday afternoon, are pictured above, with their spouses. Left to right in the front row are Thelma Griep, Zimmerman, recording secretary; Mable Pierce, Fergus Falls, historian; Sylvia Newton, Fergus Falls, wife of treasurer; Grace Taft, Minneapolis, publicity director; Florence Porter, Cedar, wife of vice president; and Lila Hamilton, West St. Paul, first lady (wife of president). Back row: Bob Freeley, Albert Lea, corresponding secretary; Ole Griep, Zimmerman, husband of recording secretary; Lee Newton, Fergus Falls, treasurer; Chuck Porter, Cedar, vice president; and Clare Hamilton, West St. Paul, president.

Square Dance Convention Heralded As Successful

Approximately 1,200 people registered for the 15th annual Minnesota Square Dance federation convention in Thief River Falls Friday through Sunday danced to the calls of several noted callers at various places in the city. Saturday night's crowd — which found approximately 700 dancers forming squares at one time — filled the gymnasium, cafeteria and three hallways at Lincoln senior high school.

"All we can say is that the convention was a terrific success," stated Mrs. Randall Noper, who served with her husband as general chairman for the event. "We received nothing but wonderful remarks from the dancers. They said the convention was the best ever, praised our city's camping area and all seemed to have a real good time."

Clare "Doc" Hamilton of West St. Paul was reelected president of the state federation at the business meeting Saturday noon. Other officers elected were Chuck Porter, Cedar, vice president; Bob Freeley, Albert Lea, corresponding secretary; Mrs. Thelma Griep, Zimmerman, recording secretary; Lee Newton, Fergus Falls, treasurer; Mable Pierce, Fergus Falls, historian; and Grace Taft, Minneapolis, publicity director. The 1967 convention will be at Circle Pines.

Saturday evening's square dance style show held in the high school auditorium was presented to a "standing room only" crowd. Saturday evening's banquet was also well attended. "After parties" — staged for dancers who were not exhausted after the regular round of evening dances—were held Friday and Saturday evenings in the city auditorium and city arena. These dances lasted until 2:30 a.m.

In addition to the dances, style show, banquet, business meeting and "after parties", the convention featured workshop sessions for callers and dancers, exhibits of clothing and accessories, badges, records and photographs, a wig show and folk dancing.

A first aid station was also arranged for the convention, with treatment generally confined to

Bond Sales in County Total $4,719 in May

J. M. Roche, Pennington county savings bond chairman, reports that E and H bond sales in May amounted to $4,719 making the total this year to date $59,634 or 39.0 per cent of the county's goal of $153,000.

Savings bond sales during May in Minnesota amounted to $5,955,691 to bring the total for the five-month period to $28,733,743. E bond sales nationally were the highest for any May since 1945.

Rollin O. Bishop, state volunteer chairman, reported that most major firms in Minnesota had payroll savings campaigns in May and June. As a result of the thousands of new savings bond buyers, sales are expected to show a continued rise. Bishop urged all employers, large and small, to continue to stimulate payroll savings in their firms.

Land O'Lakes Is "Disappointed" In Delayed Hearing

Officials of Land O'Lakes Creameries, Inc., have expressed disappointment in the recent announcement by the department of agriculture that the hearing on the proposed federal milk marketing order for the Red River Valley area has been postponed.

Land O'Lakes Creameries presented to the secretary of agriculture on September 12, 1965, its proposal for a federal milk marketing order for the Red River Valley area, including certain counties in western Minnesota and eastern North Dakota.

A suggested hearing date had been set by officials of U.S.D.A. for June 20-24. Arrangements were made by Land O'Lakes with North Dakota State university for facilities for the hearing at that time. The notice of the postponement includes the new date of Aug. 15, at Fargo, N. D., as the tentative date and place of the hearing.

Officials of Land O'Lakes stated that they had hoped that the hearing would have been completed at an earlier date and that a federal milk marketing order could now be in operation. They feel that the postponement is detrimental to the dairymen in the area. However, apparently other interested parties have petitioned for the later hearing, a news release from the cooperative stated.

Daryl Augustine Named Treasurer of 4-H Federation

Daryl Augustine, 16, son of Mr. and Mrs. Marlan Augustine of Thief River Falls, was elected treasurer of the Minnesota State 4-H federation at closing activities for the annual 4-H leadership conference held on the University of Minnesota's St. Paul campus and in the 4-H building at the state fairgrounds last week.

Augustine is a senior at Newfolden high school, where he is active in speech, dramatics and music. A member of the Holt 4-H club for eight years, he is currently its president as well as treasurer of the Marshall County 4-H federation. He has won a grand championship at the Marshall county fair on his shop exhibit and reserve championship on his dairy animal. He has also received a county award for leadership.

Steen, Borchert To Attend Adult Education Clinic

Improved and expanded education programs for adults will be the focal point of attention for nearly 2,000 pastors of the American Lutheran Church (ALC) when they attend 23 workshops across the country this summer.

Theme for the two-day workshops to be sponsored by the ALC division of parish education will be "The Pastoral Ministry and Adult Christian Education." Attending a workshop Monday through Wednesday at Douglas Lodge in Itasca State Park will be Rev. Leland Steen, pastor of Zion Lutheran church, and Jay Borchert, youth and education director of Trinity Lutheran church, both of Thief River Falls.

Each pastor will be introduced to a new "Program of Adult Christian Education", (PACE) during the workshops. The program is spelled out in a 185 - page manual which will serve as the basic textbook for workshop activity and future parish planning.

PACE offers a core curriculum of eight courses dealing with Scripture, Christian doctrine and history and Christian life to be used in every parish every year. The program also suggests potential curriculum for the unique situation and environment of each parish.

Social Security Man Here Tuesday

A claims representative of the Social Security district office in Grand Forks, N. D. will be in Thief River Falls at the city auditorium on July 5 from 9 a.m. to 2 p.m.

SWINGING their partners vigorously, the several hundred square dancers who jammed the Lincoln high school gymnasium Saturday evening created a colorful display of activity. Several "overflow" rooms, including the cafeteria, along with the city arena and auditorium, were scenes of similar activity. In the course of the four-day convention, city streets and parking lots were also used as dance floors. During the grand march Saturday evening in the gym, the caller announced that attendance stood at 1,050. Next year's convention will be held at Circle Pines.

Methodists Hold Conference; Rev. Harris Appointed

Minnesota annual conference of the Methodist church in session at Hamline University, St. Paul, adopted a budget of $1,524,536 for the calendar year 1967. This will be apportioned out to the 394 Methodist churches in the state under a new apportionment plan which was adopted at the session June 16. This new plan is based on two factors: the local church membership and the local church operating budget.

Friday morning, June 17, appointments of ministers of the conference for fiscal 1966-67, beginning July 1, were read by Bishop T. Otto Nall, resident bishop of the Minnesota conference. Rev. Merrill M. Harris of Thief River Falls was among those reappointed in the Northwest district.

Bells Will Ring For Freedom on Fourth of July

Robert Reeve, Commander of Ecklund - Holmstrom Post 117 of the American Legion, has announced that plans are being made to "Ring the Bells for Freedom" in Thief River Falls on July 4, at 1 p.m.

"This is part of a national observance originated by the late President Kennedy and will result in bells of all sizes and shapes, headed by the Liberty Bell in Philadelphia, being rung throughout the land." Reeve said. "This is to serve as a reminder to everyone throughout the world that we have not forgotten the day of our charter of freedom and that the freedoms proclaimed on July 4, 1776, are still dear and subject to protection by every American."

Bells will be rung in Thief River Falls at Trinity Lutheran church and at St. Bernard's Roman Catholic church. Also participating will be radio station KTRF which will broadcast the sound of ringing bells.

Mayor Orin J. Green, by official proclamation, has called upon every citizen to participate in this salute to our heritage of freedom and has designated the American Legion to spread the campaign throughout the state.

KITCHEN KARNIVAL

Features from the Kitchen of

MRS. JUEL AUNE
of Gatzke

If you are longing for doughnuts and are one of those who is unable to eat anything deep-fried, this may be just the recipe for you. These doughnuts, which are baked in the oven, are especially good when served slightly warm. They freeze well, but should be served shortly after being removed from the freezer.

Baked Bread Doughnuts

¼ cup warm water
1 cake yeast, either fresh or dry
½ cup sugar
¾ cup shortening (melted)
1 teaspoon salt
1 cup scalded milk (cooled)
½ cup well-mashed potatoes
1 teaspoon vanilla
2 eggs, slightly beaten
5 cups flour

Method: While yeast is dissolving in warm water, combine sugar, shortening, salt, milk and potatoes in a large bowl. Stir until sugar is dissolved. Add yeast mixture, vanilla and eggs and mix well; add three cups flour and mix until smooth. Then add about two more cups of flour or until dough is of the right consistency for kneading. Before kneading, cover dough and let rest 10 minutes on a floured board. Place kneaded dough in a greased bowl, brush top with oil, cover and let raise until double in size. (Occasionally Mrs. Aune kneads the dough a second time.) When raised, roll out dough until ½ inch thick, cut with floured doughnut cutter and place on a greased cookie sheet. Cover and let raise until double in size, about one hour. Bake in 425 degree oven for 12 to 15 minutes or until golden brown. Cool and frost with icing made by mixing 6 tablespoons melted butter, 1½ cups powdered sugar, 1 teaspoon vanilla and 4 teaspoons hot water. This recipe makes about 3½ dozen doughnuts.

The Aunes live in a new modern home on a farm between Gatzke and Grygla. They have four daughters, one in high school and three attending elementary school. In addition to sewing most of her daughters dresses, Mrs. Aune also makes most of her own clothing.

The Aunes are members of the United Lutheran church at Gatzke. Active in the organizations of the church, Mrs. Aune is a member of the ladies aid and circle and served as instructor of a release time class.

Arsonists Burn Old RLF School

Razed by arsonists early Saturday morning, June 18, was the 73 - year - old "Little Red School House" at Huot, eight miles west of Red Lake Falls and scene of a Memorial Day picnic which attracted some 200 former students and teachers.

According to John Mead, Red Lake Falls fire chief, who investigated the fire together with Patrick J. Barry of Thief River Falls, state deputy fire marshal, the fire was reported by phone from the Florian Pokrzywinski farm 100 yards from the school.

Dennis Pokrzywinski, Florian's son, was awakened by his barking dog at approximately 4 a.m. and arose to investigate. He saw a car and several youths around the school. The car left shortly and traveled west after leaving a burning bale of hay at the entrance. Several other bales had been shoved inside the building. The witness reported that the car was a 1960 or 1961 light green Chevrolet.

A truck from the Red Lake Falls fire department sped to the scene, but was unable to save the ancient wooden structure. The truck had to detour to the north since the Huot bridge was washed out some weeks ago.

The 73-year-old school was recently closed for school purposes and had become the Louisville town hall. The building had recently been reconditioned for the Memorial Day picnic. The school was considered a significant landmark of the Red Lake Falls area.

The Library Corner

Summer doldrums haven't hit the library patrons, we're happy to note. Kids of all ages are faithfully checking out books, much to our delight. And library memberships, new ones, are keeping up a lively pace. There is room for more expansion, however; we can accommodate any number of new readers, so why not come in and make use of the privileges that are available to all?

One good book that you're able to borrow instead of just hearing about it, or reading about it in book reviews, will more than repay the effort you make in getting that little card. Magazines, too, are stocked in great variety, from "Aviation Weekly", "Electonics World", and many other technical periodicals, to "Reader's Digest," "The Critic," "New Yorker," "The Writer," and many others in widely differing categories. Scanning's good at the library; the racks are full.

A science fiction book for teens, "Space Winners" by Gordon Dickson, is a wayout fantasy in which a trio of teenagers becomes the first to explore in the outer galaxy. Marooned on a galaxial planet, they are challenged to heights of daring and of understanding which makes for a well-rounded education and fits them psychologically for still further adventures. The author is not new in the science fiction field, and his books sound plausible enough to at least start the process of speculation in fertile minds. And who can deny the fertility of the teenagers' imaginations!

The wheeling, dealing and double-dealing minitions magnate, Basil Zaharoff, in "Peddler of Death" by Donald McCormick, is the true-life subject of this revealing and shocking book. A sinister little character who trades on human misery and wholesale slaughter to amass his fortune, Zaharoff is the power behind the throne, the greedy finger on the trigger which set off World War I.

Born to high and corrupt living, Zaharoff was gourmet, seducer of the "right" women, titan of vast industrial empires, a thoroughly unsavory character; his is not a purty story, but it bears reading. An understanding of the power play that can direct international politics to fantastic depths is the right of every citizen of the world to inform himself about; a powerful indictment of war as a policy, especially when it goes to feather the nest of a redoubtable little "bird" like the subject of this story. It is not a new book, really, but one you might want to delve into. It is in the national interest, and your own and that of your children, who are the future citizens of the world we leave them . . .

"Canada, the Uneasy Neighbor", with whom we share the unfortified border to the north, is Gerald Clark's subject in a new book which we recommend as vital and timely reading. Many of the citizens of our neighbor country, he says, fear absorption by the United States, being sucked into our orbit and losing their their Canadian identity. Thier misgivings are told simply and a little disconcertingly in the book which we have recently added to our shelves.

Some of their problems may surprise us, some may be totally alien to us. But the unproductive sections of that nation, and this comprises a vast area in the north, are a definite drag in her progress. This makes her dependent on us, in the thinking of many Canadians. Others are just as vehement in their denial of this theory, firm in the belief that Canada is a power unto herself, and herein lies the conflict of ideologies.

After reading the book, you may be able to form some sort of opinion of your own. Or, like the Canadians it may still seem to loom as one vast, complex, unsolved problem. It's a provocative book, and thinking people may well want to learn for themselves what is the pulse of Canadian feeling and now much of a further threat to hemispheric solidarity it poses, if any.

Junior readers will enjoy "Wildwing", by Phoebe Erickson. A warm story of an Arapahoe Indian lad and his love for a wild pony, the foal of a giant buckskin whom he holds in awe. Carried home in the boy's arms after the white men in their planes stampede the herd of wild horses of which Wildwing is then a small and feeble part, Wildwing sleeps beside the boy's bed and learns how to drink milk, and they develop a deep affinity.

But the wild colt, hungering also for the untrommeled, free existence which is his heritage, soon beomes listless and ill, and the boy must take him back to the hills. There, a wild mare whose foal became a victim of the stampede, mothers him. Will the foal forget what the boy cannot? This far, and you'll be compelled to follow the story to its conclusion. It will tug at your heart, kids, whether you're of the male or female variety.

"Small Fry", a story of springtime, when all the world of nature renews itself, has dozens of drawings of the mothers and their babies who make up the animal world, and the correct names for the young of each kind. "The world is alive, the world is new, in forest, ocean, field and zoo, where all the young are growing, just like you", is the tender theme of this lovely book for the young of our own species. The book is by Eve Merriam.

"Baseball Hall of Fame, Stories of Champions", by Sam and Beryl Epstein, tells of the first five men to win that honor, and how they won it. The sandlot clubhouse gang could well enjoy this one. It might inspire them to greater things in the world of the bat and the umpire, and stir in dad or grandpa a hazy memory, and a few lively ones too, perhaps, for it includes the story of the immortal Sultan of Swat, Babe Ruth. Naturally!

"Stock Car Racer," by Butterworth, is for the guys just old enough to have a beginning interest in this summertime madness. This is for the fellas from nine to 12 years of age; another new book we have for your summer fun, here at the library.

The dedicated and concerted efforts of many enthusiastic citizens paid off last weekend with the state square dance convention's being hosted by our town. A lively time with lots of summer atmosphere was guaranteed for all, what with the carefully - formulated program, so long in the planning stage and so well executed. This kind of publicity can do our town no harm. We'll take all the state conventions we can get. We hope they like us as well as we like to have them with us. This one was a swinger!

Adventists Elect North American Head in Detroit

Fiftieth World conference of the Seventh-day Adventist church elected Neal C. Wilson of Washington, D.C., as president of Seventh-day Adventists throughout North America last week in Detroit, Mich.

Wilson, 45, was elected leader of the 380,855 Seventh - day Adventists in the U. S. and Canada on the fifth day of the quadrennial world session of the denomination.

As new North American Adventist president, Wilson will also oversee the activities of some 24,000 paid church workers, 3,300 churches, 1,134 parochial schools and 38 church operated hospitals.

Annual Meeting Of Winter Shows Board Is Held

Annual business meeting of the Red River Valley Winter shows board of managers was held recently at the Northwest experiment station, Crookston. Most of the 18 directors were present to hear a full day of reports on last year's business and on current projects.

Marvin Campbell of Crookston, chairman of the finance committee, reported that all but the final details on the refinancing were completed, and that checks would be in the mail very shortly to clear all of the items included in the refinancing project.

William Strickler of Euclid, chairman of the grounds committee, reported plans for a major volunteer work project in which the entire south parking lot for the winter shows arena would be covered with cinders in the near future. This would provide parking space even during very wet weather.

Chairman of the sustaining fund committee, Harold Thomforde of Crookston, reported nearly $2,000 in this fund. He indicated that the work really had not gotten under way as yet and that sharply increased effort would be made as soon as timing was appropriate.

Arnold Miller of rural Moorhead was elected by the board to replace Charles U. Brantner who resigned as representative of the Red River Valley Horse Breeder's association.

The board of managers, by resolution, directed the finance committee to follow up on the old building pledges, to establish a program for seeking new pledges and to develop ways and means to provide a sustaining membership fund so that the fiscal commitments on the new re-financing arrangements can be met on an annual basis.

Officers elected for the coming year were: B. E. Youngquist, Crookston, president; William Strickler, Euclid, vice president; and Olaf C. Solne, Crookston, secretary-treasurer.

Re-elected directors for three-year terms were David G. Johnson, Ada representing the Red River Valley Livestock association; Marlan J. Augustine, Thief River Falls, representing the Red River Valley Dairymen's association; Carl G. Ash, Crookston, representing the Minnesota Vo-Ag Instructors association; and Leonard Yutrzenka, Argyle, representing the Association of Soil and Water Conservation districts.

Other members of the Board and the organizations they represent are: B. E. Youngquist, Northwest School and Agricultural Experiment station; William Strickler, Red River Valley Livestock association; Olaf C. Solne, Red River Valley Crops and Soils association; Marvin R. Campbell, agricultural committee, Crookston Chamber of Commerce; Lloyd A. Hughes, Crookston, Farmers Union; Edgar Olson, Fosston, Red River Valley Livestock association; Gerhard Ross, Fisher, Red River Valley Sugarbeet Growers association; Herman Skyberg Jr., Fisher, Farm Bureau; Paul Visser, Ada, Red River Valley Livestock association; Walter Ross, Fisher, Red River Valley Development association; and Harold Thomforde, Crookston, Northern Minnesota Poultry association.

Traffic Safety Week Proclaimed June 25—July 2

In a proclamation issued Saturday, Gov. Karl F. Rolvaag officially designated the period from June 25 to July 2 as Traffic Safety Week in Minnesota. The proclamation ushered in the second phase of the governor's "Crusade for Safety" which will have for its theme, "The Driver Is the Key."

This phase, dealing with summer and freeway driving, will extend through the Labor Day weekend in September.

"I am pleased to note," Governor Rolvaag said, "that the churches of our state are cooperating with this campaign by preaching traffic safety from the pulpits today and tomorrow.

"It is very important that our religion leaders point out the moral aspects of reckless and irresponsible driving. Statistics show that the greatest percentage of deaths on our highways is caused by improper operation of the vehicle."

The summer campaign will not concentrate on just one phase, but will highlight various aspects of regular and freeway driving throughout the summer months.

In addition to the coverage of special topics, 100,000 special pamphlets ofering driving tips will be handed to motorists by the highway patrol and other enforcement agencies.

Area Farmers and Creamery Heads Attend "Fly-In"

A total of 101 rural Minnesotans were in Washington, D. C., last week on a Farmers Union "Legislative Fly-In." More than half of the group consisted of dairy farmers and creamery operators, a factor which reflects the concern of Minnesotans with the deterioration of the dairy industry, according to Edwin Christianson, vice president of the National Farmers Union who headed the three-day tour.

Attending from Thief River Falls were Martin Wedul, farmer; Klem Gigstad, creamery manager; and Ronald Stordahl, student. Others from the local area who attended were Lyndon Magnuson, Grygla, farmer; Vernon Stardig, Middle River, creamery manager; Amos Thompson, Grygla, creamery manager; Jaroslav Kruta, Warren, attorney; Carl Swanson, Plummer, farmer; Dean Vatthauer, Red Lake Falls, farmer; and Frank Cyr, Oklee, livestock trucker.

"The outflow of farmers from dairying is continuing at such a rate that the nation is on the verge of a milk shortage," Christianson said. "Those quitting dairying are doing so principally for economic reasons. Some of these men are older farmers who are retiring or dairymen with very small herds, but there is an alarming number of dairymen with operations of substantial size who are checking out because they cannot continue at existing income levels."

He noted that Minnesota dairy farms have declined by 3,793 in number in the past year and that Wisconsin has lost 7,200 dairy farms in the past 16 months. Dairy cow numbers and replacement animals are also down sharply.

The group of rural Minnesotans sought improvement in the recently announced wheat program for 1967, adoption of the McGovern resolution to require recognition by all federal agencies of the goal of parity for agriculture, approval of the Food-for-Freedom program, a permanent special milk act and Truth-in-Lending and Truth-in-Packaging legislation.

Schwarz Returns From Adventist Confab in Detroit

Rev. Gary Schwarz, pastor of the Thief River Falls Seventh-day Adventist church, returned last week from the first part of the two-week World Conference of Seventh-day Adventists.

The 50th quadrennial conference was held in Cobo Hall, Detroit, Mich. Purpose of the session is to elect world church leaders and receive reports from the various divisions of the world field.

Robert H. Pierson of Salesbury, Ia., former head of missions work in Africa, was elected president of the 1.6 - million - member church.

Delegates at the convention represented countries throughout the world, and sermons were delivered in all accents. A number of reports of new projects in various countries were given. Colorful pageants are presented each Saturday afternoon of the conference with hundreds of missionaries in native costumes participating. On Saturday, the closing day of the session, an "Adventure for God" with settings in the United States and overseas will be presented against a back - lighted backdrop and a verse-speaking choir.

National Guard Commissions 47 New Lieutenants

One Friday, 47 Minnesota Army National guardsmen were commissioned Second Lieutenants in the guard, in public ceremonies at Camp Ripley. The men underwent annual field training with the rest of the "Viking" division at Camp Ripley.

Graduation marks the end of 54 weeks of intensive training for these young men who decided to further their career in the National Guard last year by applying and enrolling in the Minnesota Military academy. The academy, known as "West Point on the Mississippi", was first started by the Minnesota National Guard in 1956, and has graduated 408 officers to serve in the Minnesota guard.

The academy, using a course of study and training devised by the Army Infantry school at Ft. Benning, Geo., is comanded by Captain Robert Blevins, Minneapolis, and is the prime source of new officers for the Minnesota guard.

The ceremonies held in the Camp Ripley army, were the first time graduates have been commissioned directly. The new officers must attend a nine-week basic officers course at their respective branch schools within the next three years in order to become branch qualified and eligible for promotion.

COUNTY BOARD PROCEEDINGS

June 7, 1966

Pursuant to adjournment the County Commissioners met in the Commissioners' Room in the Court House at 10:00 A.M., June 7, 1966.

Members present: Hanson, Olson, Anderson, Lindberg and Tasa. All present.

The minutes of the meetings of May 3rd, 6th and 31st were read and approved as read.

Kendall Gustafson, Civil Defense Director for many years presented his resignation because of his leaving the City. Moved by Olson seconded by Lindberg that the resignation be accepted with best wishes in his new endeavor. Motion carried. No appointment to fill the vacancy as yet. Appointment to be considered and made at a later date.

Moved by Hanson seconded by Anderson that the Auditor be instructed and authorized to advertise for bids for fuel for the Courthouse. Bids to be opened at 10:30 A.M., July 11, 1966. Carried.

Moved by Olson seconded by Lindberg that application for renewal of a bottle club license from the State of Minnesota by the Thief River Golf Club be approved pursuant to MSA 340.14 and the fee of $30.00 as stipulated for Private Clubs operating a part year was approved for the period starting July 1, 1966 and the Chairman was directed to affix his signature of approval of the application. Motion carried.

Pursuant to the provisions of Minnesota Statutes 1957, Section 375.43, the All - Item Consumers Index was read to the Board as submitted by the Director of Civil Service. The index for April 1966 was 138.3 as compared to 134.7 on the same date in 1965 and as compared to 133.7 on April 1964 an increase of 3.6 points since April, 1965.

Commissioner Olson then introduced the following resolution and moved its adoption:

RESOLVED, That a cost of living increase of $100.00 per annum be allowed County Officials according to Section 375.43, Minnesota Statutes, as amended, with effective date July 1, 1966. The foregoing resolution was duly seconded by Commissioner Hanson and declared carried.

A delegation of property owners living in Marshall County along the Thief River with spokesman Julian Rodahl, appeared and discussed the flooding problem along the Thief River.

Commissioner Hanson introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the Pennington County Board of Commissioners, That the Red Lake Drainage and Conservancy Board be petitioned to request the Corps of Engineers to again take up and continue a study of the flood problem existing along the Thief River to the North of the City of Thief River Falls in the Counties of Pennington and Marshall, and

BE IT FURTHER RESOLVED, That the Red Lake Drainage and Conservancy District bend every effort to work with and to coordinate the activity of the various Governmental Agencies within the area to the final satisfactory solution of the flooding problems.

The foregoing resolution was duly seconded by Commissioner Olson and declared carried.

Moved by Hanson seconded by Anderson that the Engineer and Auditor be instructed and authorized to advertise for bids for County wide graveling of roads with bids to be opened July 11, 1966 at 11:00 A.M.

Moved by Anderson seconded by Lindberg that the County Engineer be authorized to proceed on an emergency basis to repair and replace the Highway bridge on County Road 53 at its intersection with Sa-DR Ditch No. 1 along the south line of Sec. 1 in Black River Township. Bridge to be replaced by use of multi-plates and the Auditor be instructed to petition for disaster funds to assist in said replacement. Motion carried.

The Engineer was questioned as to the progress of the road project plans. Easements on County State Aid Highways 20 and 22, the two roads being planned for improvement this summer, were reviewed. A few individuals have not signed easements and the Board instructed the Engineer to delay proceeding with the projects until all easements were in hand. The long term plan for highway improvement could be continued by proceeding on other roads if these improvements were not wanted.

Moved by Olson seconded by Lindberg that the Road Committee and the Bridges and Culvert Committee inspect roads and bridges and culverts at 1:00 P.M., June 21, 1966. Motion carried.

Moved by Anderson seconded by Hanson that the rate of pay for man and tractor hired for mowing roadsides be adjusted to $3.00 per hour from the previous $2.75 per hour. Motion carried.

Application approved for abatement of valuation on Real Estate for John Peterson on tract in Town of North. Small building that had been on the tract had been removed and the valuation was still being applied.

The Auditor announced that the final payment had been made on the Courthouse Bonds two years ahead of schedule but as planned by the Board. The Commissioners authorized a symbolic Mortgage burning ceremony and open house on June 30th to commemorate the milestone in County progress.

ATTEST: C. W. Rodakuhr, County Auditor & Ex-officio, Clerk of the Board
GLENN TASA, chairman
Pennington County Board

Activity Center For Retarded Is Object of Benefit

Operation of the day activity center for retarded children in Pennington and Red Lake counties has been turned over to a board of local directors by the Pennington - Red Lake Association for Retarded children. The board will form policies and operate the center at the request of the ARC.

R. F. Contos is chairman of the board with Mrs. James Carlson as vice chairman; Phil Kays, treasurer; Nell McEwen, S. E. Sinding and Dr. Arnold Berg, directors; and Mrs. Richard Mosbeck and Oscar Johnson, ex-officio board members.

The day activity center is operated with volunteer funds received through interested community citizens. Each year the Mrs. Jaycees have donated the proceeds of their Charity Ball to the center, and other contributions have been received.

For the second time this year, the Red Lake County Softball league will play two benefit softball games with proceeds to go to the center. League all-stars will play league - leading St. Hilaire at 2 p.m. on July 4 at Plummer and 2 p.m. on Sunday, July 10, at St. Hilaire. Advance tickets are being sold and may be used for admission at either game. League teams in addition to St. Hilaire include Plummer, Oklee and Red Lake Falls.

Boy Scouts and girl scouts in the two counties are assisting in the ticket sale. Other youngsters in Thief River Falls who are in fourth grade or older and who would like to help in the ticket sales are asked to call Mrs. James Carlson at 681-3668.

KRATKA . . .

Mr. and Mrs. Knute Knutson and Mr. and Mrs. Henry Wanle were Sunday visitors at the Milan Austin home in Thief River Falls.

burns, blisters, slivers and headaches.

"Weather was perfect for the convention," Mrs. Noper said, noting that Friday night's rain failed to dampen the enthusiasm of dancers—even the nearly 100 campers located at the tourist park. "We promised the dancers cool weather for the convention, and weather was generally just what we wanted it to be," the co-chairman said.

Grand Forks Team Is Tournament Champion

Woodward's of Grand Forks, behind the two-hit shutout pitching of righthander Ray Gordon, won the fourth annual Far North softball tournament concluded here on Sunday evening defeating the local V. F. W. team, 3-0; in the finals. In the consolation finals, which went into extra innings, the Crookston Eagles defeated the Kershner Construction of Detroit Lakes, 7-4.

In the championship finals, Woodward's picked up a run in the last half of the first inning on a walk to Bill Ratzloff, a sacrifice by Wayne Staab, an infield out by Mike Sullivan and a passed ball.

That 1-0 score carried through until the sixth inning when Staab Led off with a double to the fence in left field, and scored on Sullivan's single to center, with Sullivan advancing to second on the throw. An infield out moved Sullivan to third, and on Gordon's fly to center, Sullivan tallied.

The local Vets squad, held hitless for six innings, nicked Gordon's tosses for a pair of infield hits in the seventh. Rick Jensen beat out a hit to shortstop. Nickie Drees stuck out and Vern Solheim lofted a fly ball to center. Wally Grovum beat out an infield hit, but Dale Erickson was retired, second to first, to end the game.

Sixteen teams participated in the tournament which got under way at 9 a.m. In the championship bracket, Evans of Detroit Lakes defeated First National Bank of Crookston, 10-3; McIntosh defeated the Polk County State Bank of Crookston, 11-3; Bridgeman's defeated Kershner of Detroit Lakes, 9-1; the Vets defeated the Ben's Food Market, 9-2; South Forks Merchants defeated St. Hilaire, 6-1; Ben's Auto Supply of Fargo defeated Hartz Stores, 16-4; Woodward's defeated the Crookston Eagles, 2-1; and the Schmidt's Beer defeated the Red Owl of Fargo, 9-1.

In second round play, McIntosh edged Evans, 3-2; the Vets defeated Bridgeman's, 5-3; Ben's Auto Supply defeated South Forks, 2-0; and Woodward's defeated Schmidt's Beer, 5-0.

In the semi-finals, the Vets sidelined McIntosh; 6-2; and Woodward's defeated Ben's Auto Supply, 6-3.

Karlstad Edges Legion Juniors 6 to 5 Thursday

Coach Lee Swanson's local junior Legion baseball squad dropped a 6-5 decision to the Karlstad juniors in a Northwest conference game played at Strandquist on Thursday evening.

The locals will play the Bemidji juniors at Bemidji on Monday evening, with game time at 6:30 p.m. On Tuesday, June 28, the local squad will travel to Middle River for a league game against Middle River And on Thursday, June 30, the squad will play the Warroad juniors at Warroad in a league contest, with game time at 6:30 p.m.

Coach Leon Olstad's Karlstad juniors moved into first place in the league standings by their 6-5 win on Thursday evening. The Karlstad team erupted for six runs in the second inning, and then behind Brian Sjodin's relief hurling, held off the threatening locals.

The locals, in the first inning, loaded the bases with one out, but were able to push but one run across the plate.

In the last half of the 2nd, Karlstad, on five hits, a walk and two errors, chased six runs over the plate. Bob Brodin, the locals' starter, was rapped for four hits in the uprising, and Tommy Cummings was called in to halt the rally. Cummings pitched two innings plus of scoreless ball, and then Jon Looker finished up with a two-inning scoreless stint.

The locals came back into the ball game with four runs in the third inning, with a pair of walks, three errors and Tommy Tunberg's single (the lone hit by the locals in the game) accounting for three runs. Tim Nordin, the Karlstad starter, was lifted, and Brian Sjodin was called in from shortstop to take up the hurling duties. Sjodin pitched shutout ball and collected eight strikeouts.

Ekeren Pharmacy vs. Coast-to-Coast.
L. B. Hartz vs. Mostue's Floral.

In what was perhaps the most "crucial" match of the first round of competition in the trapshoot league, the Jensen Mink Farm took over sole possession of first place in the league standings by scoring a 125 to 123 win over the Wilson Bros. on Wednesday evening. Prior to Wednesday evening's encounter the two teams had shared first place.

For the Jensens, Vern Cyr had a 19-6 for a "25", Bud Bakken scored an 18-7 for "25", Elmer Hanson had a 21-8 for "25", Mark Mattson notched a 21-5 for "25", and Ken Moum had a 19-8 for a "25". The losing Wilsons had four "25's" with Stan Wilson having a 24-1, Si Schantzen a 22-3, Orv Feragen an 18-7, and Merv Skudsem a 21-5. Wally Vagle scored a 17-6 for a 23.

The Times and the Union State Bank squad both scored "perfect" figures, with each team posting a 125 to gain a point in the standings. For the Times Bob Mattson had a 24-2, Leif Erickson scored a 19-6, Marvin Lundin had a 17-8, Lewie Helfner had a 21-6, and Jim Wills a 21-4. For the bankers, Fred Sorenson had a 22-6, John Moum marked up a 17-8, Orvis Olen had a 22-4, Walt Fischer had a 23-2, and Arnold Navverud a 20-8.

The fourth 125 - bird team total of the evening was chalked up by the Ekeren Pharmacy as they defeated the Mostue's Floral, 125 to 97. Sandy Wilson had a 25 straight, Ted LaCoursiere scored a 19-8, Red Thyren had a 20-6, Floyd Ball had a 24-5, and Stub Pahlen scored a 24-8. For the losing Mostue's, Myrt Wilson totaled a 19-5, Joanie Wilson had a 14-8, Yvonne Hedlund and a 9-10, Pat Ball a 7-10, and Inez Mostue a 5-10.

The Coast-to-Coast defeated a short - handed L. B. Hartz squad, winning by a 113 to 110 score. For the winners, Howard Hagen had a 22-4, Reuben Carlson had a 21-3, Don Omdahl scored a 15-5, Don Kamrowski carded a 19-3, and Jim Huveth had a 14-8. For the losing Hartz, Geno Votava had a 15-8, Curt Bottem had a 16-5, Carl Carlson a 14-6, and Rich Jorde a 13-8.

VFW, Schmidt's Undefeated in Softball League

City Softball League

	Won	Lost	Pct.
V. F. W.	3	0	1.000
Schmidt's Beer	3	0	1.000
Ben's Food Market	1	2	.333
Bridgeman's	1	2	.333
Hartz Stores	1	2	.333
Hamm's Beer	0	3	.000

Results of last week's games:
Bridgeman's, 10, vs. Hamm's Beer, 1.
V. F. W., 5, vs. Ben's Food Market, 0.
Schmidt's Beer, 7, vs. Hartz Stores, 1.
Schedule this week:
Monday, June 27, Bridgeman's vs. Schmidt's Beer.
Tuesday, June 28, Ben's Food Market vs. Hartz Stores.
Wednesday, June 29, Hamm's Beer vs. V. F. W.

The city softball league continues to be a two-team contest for the league lead with the Vets and Schmidt's Beer sharing the top rung. Each team has recorded three wins without a loss, and if the two squads are winners in their respective games this week (Schmidt's will play Bridgeman's on Monday evening, and the Vets will face the Hamm's on Wednesday evening), the game on Monday evening, July 4, should determine the league leader for the first-round. On that date the Schmidt's will meet the Vets.

In last week's play the Bridgeman's moved into the win column behind the pitching of Bob Carlson, scoring a 10-1 win over the Hamm's Beer.

On Tuesday evening righthander Harlie Drees hurled a shutout as Pat Poole's Vets defeated the Ben's Food Market, 5-0.

In one of the better games of the season, played on Wednesday evening, the Schmidt's Beer defeated the Hartz Stores, 7-1. The game was a 2-1 tilt for six innings when the Schmidt's erupted for five runs to "insure" the decision. It was righthander Kerm Malberg of the Schmidt's against righthander Dwight Tangquist of the Hartz Stores.

Bridgeman's Creameries foursome of Rudy Mehlhoff, L. L. Tygeson, Bob Bredeson and Neil McEwen carded a fine 138-stroke total on Wednesday evening to move into first place in the TRF Men's golf league standings. Mehlhoff had a gross 39 and a net 36; Tygeson scored a gross 45 and a net 37, Bredeson had a gross 41 and a net 32, and McEwen had a gross 39 and a net 33. The 138-net scored by the Bridgeman's was the low net team total for Wednesday's competition.

The previous week's leaders, the Standard Oil squad, ballooned to a 157 net to drop down to third place in the standings. And the Froseth's Food Market, in second place last week, came in with a 156 and dropped to fourth place in the standings.

Bob Bredeson of the Bridgeman's, with his net 32, gained the evening's low net honors. John Moum and Ron Kvikstad, each with 38's, shared the low gross honors in Wednesday's play.

Automobile riding for sightseeing and relaxation is the number one outdoor Recreation activity of Americans, says the Minnesota AAA. A survey by the Outdoor Recreation Resources Review commission showed that 47 per cent of the families said they went often on pleasure rides; other favorite outdoor pastimes were found to be picnicking, swimming, fishing and boating in that order.

A Fine Impression

Mike Reid, a recent graduate of the University of Minnesota, and more recently an appointee to coach Murray Warmath's football *coaching staff at Minnesota, was* in town last week and spoke at the Rotary luncheon on Monday.

Reid was a former fullback for the Gophers and an extra-point specialist. He received his appointment to the Minnesota coaching staff when Joe Salem assumed the head coaching duties at the University of South Dakota this spring.

Reid was a two-year regular at fullback and defensive linebacker. He set a Minnesota record in 1964 for the highest percentage of points after touchdowns kicked during a single season when he made good on all 15 of his placements. He also scored three touchdowns and two field goals to pace the Gophers in scoring that year with 39 points.

In his talk here on Monday, Reid gave a summary on the prospects for the 1966 season. While the losses through graduation were considerable, and particularly at the end positions where such boys as Aaron Brown, Bob Bruggers, Ken Kramer and John Rajala concluded their college careers, the prospects for 1966 will rest heavily on the upcoming sophomores. Reid stated that the coaching staff was "high" on the potential of Ray Stephens, a younger brother of All-American Sandy Stephens.

Apparently the only players who are "set" in their positions on the varsity squad are ends Ken Last and Chet Anderson, Captain Charles Killian at center and Dick Peterson at left half. At the conclusion of spring practice Glen Wirtanen, Larry Carlson, Curt Wilson and Stephens were all very much in the contest for the starting assignment at quarterback when the Gophers open against the University of Missouri at Columbia on September 17.

Reid concluded his appearance here by showing a film depicting the activities of the physical education department at Minnesota, and the stress that is given to the so-called minor sports. Student participation is the aim of athletic director Marsh Ryman and his assistants.

Softball Batting Averages

Looking over the batting averages as compiled by Lowell Halvorson, the statistician of the city softball league, I was surprised to see that Wally Grovum of the Vets is boasting a fine .600 average. He's the league's answer to the Minnesota Twins' Tony Oliva.

Jim Haglund of the Hamm's Beer is batting at an even .500; Jeff Vacura of the Hartz Stores is hitting at .455; Dennis Bakke, also of the Hartz, is hitting at .444, as is Ron Ueland of the Schmidt's Beer.

Ike Ellingson of the Schmidt's is hitting at .416; Bill Herzog of the Bridgeman's is batting at .375, and so is Roger Shern of the Schmidt's. Lowell Halvorson of the Hartz is batting at .364; and Lloyd Noreen of the Schmidt's closes out the top ten with a .300 average.

But what is surprising is that this list, the top ten, does not include such high-average batters as Roy Pederson, Harlie Drees and Dean Homs. What are they waiting for? For the crowds to get larger perhaps.

Miscellany

A fine hockey player will be visiting in town in a couple of weeks. We are referring to Keith (Huffer) Christianson, captain - elect of 1967 Bulldog hockey squad of the Duluth Branch of Minnesota. Christianson will be working for several weeks in the Grand Forks area and he intends to come over here and visit one weekend with Elroy Frolland, a teamate on the Bulldogs varsity hockey squad . . . And according to the grapevine, the possibilities are strong that Tim Sheehy, the highly - regarded International - Falls hockey prospect, will enroll at the Duluth Branch. Sheehy has made several trips to the Duluth campus, and the fact that four or five members of last season's Falls' state championship squad are committed to Duluth will be a factor in Sheehy's decision. And it is reported that the Bulldogs will be getting a couple of players from Port Arthur who are nearly as talented in hockey as Sheehy . . . The East Side Merchants, champions of the local softball association's "Far North" tournament the past couple of years, weren't on hand to make a defense of their title this year. But one member of that squad, Mike Sullivan, was here and he played at shortstop for the championship Woodwards. Sullivan, when playing with the Merchants, was a third baseman . . . And playing at first base for the championship Woodward's, and batting in the cleanup role, was Tony Wald, the former St. Hilaire resident and a former Prowler baseball player.

Sportsmen Club Work Session Set Wednesday

Pennington County Sportsmen's club has scheduled another working bee Wednesday evening at the club's recreation area. Members are asked to bring any available cutting and digging tools, with lawn mowers particularly desired.

Work at the site has been progressing satisfactorily, with three outhouses set up and much grass and brush cut and burned; but much work remains to be done, according to Ron Alby, club president.

Senator Mondale Hails Truth in Packaging Bill

Senator Walter F. Mondale said that Senate approval of the "truth-in-packaging" legislation "reflects the growing importance of the consumer in our national life."

"This is the culmination of years of effort by consumers; consumer organizations and thier allies," Mondale said, "and it represents a tremendous breakthrough in consumer protection."

A former member of the President's consumer advisory council and one of the leading advocates of truth-in-packaging in the U. S. Senate, Mondale said the legislation would be "a great help to the American housewife and other consumers in determining which of the thousands of items on supermarket shelves are in fact the best buy."

"It will enable to consumer to compare the unit costs of similar items without using a slide rule, it will prohibit use of misleading labels on packages, and it will permit standardization of the scores of confusing sizes and weights in which many items are packaged today."

"Senate passage of this important measure is a recognition that government has an obligation to see that the consumer is given the necessary information on which to make a rational choice in the market place," Mondale said. "And it serves a common interest of both the consumer and the ethical businessman—that of a free competitive market."

Air Force Reopens Officers Training School Program

The United States Air Force announced today the reopening of its Officer Training School Scientific and Engineering program. This offers the young man holding or about to receive a bachelor of science degree the opportunity to enter the Air Force's Officers Candidate school at Lackland Air Force Base, San Antonio, Tex.

After the three-month course he will receive a commission as a second lieutenant in the Air Force and be assigned to a job in the career area of his degree. Further details are available from Sergeant Sellers at the U. S. Air Force Recruiting Office, 112 Federal Office Building, Grand Forks, N. D. 58201.

Exchange Made For State Land In Becker County

At a meeting held June 9, 1966, the State Land Exchange commission approved two land exchanges of importance to the management of the Tamarac National Wildlife refuge in Becker county. One exchange involved land under jurisdiction of the State Department of Conservation and the U. S. Fish and Wildlife service and the other exchange involved land under the jurisdiction of Becker county and the U. S. Fish and Wildlife service.

These exchanges will consolidate federal land within the boundaries of the refuge by transferring 682.50 acres of state and county land to the U. S. Fish and Wildlife service.

In return, the state will receive 300.25 acres of federal land outside the refuge that will consolidate state land for game management purposes and provide the two state lakeshore tracts on Round lake and Many Point lake

Becker county will also receive 80 acres outside the refuge that will consolidate tax forfeited land.

State appraisers established the values of the lands involved in the that the state and county land values are equal to the federal land value

Completion of these exchanges culminates many years of effort by state and U. S. Fish and Wildlife service personnel to consolidate ownership in this area for improved management.

Employees Urged To Keep Records Of Wages Earned

Workers who get their paychecks from more than one employer should keep track of their earnings, Commissioner Robert J. Brown of the state department of employment security suggested today, *especially if they anticipate periods of un*employment.

His suggestion came as a preface to the revised benefit provisions of Minnesota's employment security law which goes into effect July 1.

The new law requires that in order to draw unemployment benefits a worker must establish that he earned not less than $26 in each of 17 calendar weeks during a "base period" year. For example, Brown said, unemployment compensation claims filed in the three-month period beginning July 1 this year will be based on the year beginning April 1, 1965.

Although the department relies on employer reports to determine eligibility for unemployment compensation, Brown pointed out that additional information may be needed when an employee has worked for several firms. The worker may be able to speed up his benefit payments, Brown said, if he is able to bring with him to the state employment service office an accurate record of who he worked for, the exact dates and how much he earned weekly.

Prichard Receives BA Degree from Eastern School

Peter S. Prichard, son of Mr. and Mrs. Jarvis Prichard of Thief River Falls, was among some 700 seniors to participate in commencement exercises at Dartmouth college, Hanover, N. H., June 12. He received a bachelor of arts degree from John Sloan Dickery, college president. John Williams Macy Jr., chairman of the U. S. Civil Service commission, delivered the commencement address.

At Dartmouth, Prichard was a member of Phoenix fraternity. He is a 1962 graduate of Lincoln high school.

Tornado Safety Tips Offered by Civil Defense

Most of the 400 Minnesotans injured by tornadoes in 1965 could have protected themselves with certain precautions, according to Clifton Halsey, state rural civil defense agent at the University of Minnesota, who offers the following safety tips.

Know tornado weather characteristics—high temperature and humidity combined with southerly winds and threatening clouds. Turn on a radio for weather bureau tornado watch announcement.

Build a special shelter or have a tornado protection area in the southwest corner of your basement.

To Observe Safe Boating Week in State July 3-9

July 3 to 9 has been designated "National Safe Boating Week" by proclamation of President Lyndon B. Johnson, according to the Minnesota conservation department.

In Minnesota, Governor Karl F. Rolvaag issued a similar proclamation expressing the support of the state for the observance and asking for the cooperation of all Minnesota residents in furthering the cause of water safety.

In his proclamation, the President noted that the family boating trip has now become almost as common in American life as the family picnic. It is testimony to the strength of our American system and the scope of our prosperity that the recreation of boating, once the pastime of a privileged few, is now enjoyed by millions of families from all walks of life.

"The increasing traffic on national waterways however, makes it imperative that no efforts be spared to keep boating a safe recreational pastime," he said.

He asked every American to reexamine his boating habits during Safe Boating Week and decide what he can do individually and together with his countrymen to reduce accidents and prevent the needless waste of lives on the water.

Disability Change Made in Social Security Program

A recent change permits a severely disabled worker to receive disability benefits under social security if he will be unable to work for at least 12 months, according to Clifford Kittelson, district manager for social security.

A person who meets this test must also have worked under social security in at least five out of the last ten years.

Disability benefits are payable after six full months of disability. An applicant may apply as soon as he knows that the disability will will be long-lasting.

To qualify for disability benefits, a person must be so disabled that he is unable to do any work of consequence. There is no change in this part of the law.

Summer School At BSC Records Top Enrollment

Summer school enrollment at Bemidji State college reached a record high as 1,308 students are registered for classes during the first session which began June 14 and ends July 18.

Of this total 150 are enrolled in workshops and institutes, 850 in regular undergraduate study and 282 in graduate study. Last summer 1,134 were enrolled in the regular session with 82 students enrolled in workshops and institutes.

In addition to this 52 teachers are enrolled in an Operation Headstart institute and they will conduct eight week summer sessions of Headstart in Wisconsin and year around programs on Indian reservations in Minnesota.

The second summer session starts July 20 and ends August 23.

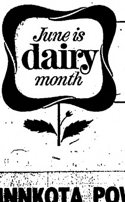
Helping Neighbors . . .
. . an important purpose of America's Rural Electric Cooperatives

Helping neighbors is the underlying purpose of America's Rural electric cooperatives. That's why Minnkota Power Cooperative was formed in 1940 to provide wholesale power for the rural electric cooperatives in Northwestern Minnesota and Eastern North Dakota. The growth of rural electrification has been phenomenal. Today, thanks to consumer-owned electric systems, 98 percent of America's rural homes are electrified.

The normal growth of this area is constantly creating a need for more and more electric power. It is our duty and privilege to generate this electric power, with a constant goal of providing the best possible service at the lowest cost.



The dairy farmers of this area play an important role in our everyday living, and we salute them during June as National Dairy Month. We're proud that rural electric light and power plays an important part of their everyday living.

$1 Million an Hour

Another holiday weekend will be upon us soon when the Fourth of July weekend will lure millions of drivers onto the nation's streets and highways. Accidents don't always happen to the "other guy" and defensive driving and thinking ahead are still the best deterrents to accident involvement. We hope that the drivers in this area will heed the following words from Alfred C. Finch, manager of the motor transportation department, in his monthly letter to postal drivers:

"Even if we could afford it - $1,000,000.00 an hour is a steep price to pay for our mistakes as drivers. Yet this is the average cost of motor vehicle accidents every hour, every day in the U.S.A. Recent figures released in Canada reveal much the same story in that country, too.

"The April 18, 1966 issue of Newsweek indicated that the war in Vietnam claimed 100 lives per week and was costing tax payers $33,000,000 a day. The accident toll which runs $9,000,000 a day less than the war, claims 10 times the weekly number of lives — approximately 1,000.

"We have become a nation of impatient drivers. Frankly, I believe we are skilled drivers. Freeway, tollway and expressway driving at high speeds proves that we can handle vehicles of every size, shape and style. We merge, change lanes and follow at frightfully close quarters in a fashion that would have been the envy of every race track driver a decade or so ago.

"Perhaps because of our skill and the ease of handling and response of vehicles at our comand, we have reached a mdegree of complacency that says it must be the "other guy" who's having accidents since I'm so good at driving.

"Don't be so sure! No matter how good we are we live in a traffic environment that could explode any minute. Every driver we meet must bear the label 'a possible source of accident.' Unless we watch out for the other guy he could be just the one to get us in trouble.

"Although I've seen evidence of good driving, I've also been amazed at some of the bird-brain stunts some drivers pull because they are not concerned about the rights or whereabouts of other drivers. Unless we give more thought to the other driver, we may lose our personal battle to survive on the highways."

Press Suppression

Throughout the United States there are a number of legal cases concerning the rights of newspapers to publish trial news, take pictures in courtrooms or courthouses, view public records, attend and report on meetings of public bodies and, in general, tell the public about the things it has neither the knowledge nor the time to find out for itself. There are a number of people who would rather that the public didn't know.

At the same time that some groups are attempting to discredit the news profession, they are in effect proclaiming its effectiveness. Just as law enforcement officers have been given the blame when they appear to quell disturbance of the peace, news media is being blamed for unfair trials, racial disorder, stirring up controversy and other charges.

Almost everyone in public office or the public eye has an opinion on the rights of the press, and almost every opinion is different. The legal profession—or at least a number of its individual members—has been keeping the kettle boiling in its attacks on "Pre-trial publicity". In most cases, contentions of judges and attorneys that an accused person can not be given a fair trial because of pre-trial publicity are personal opinions not based on fact.

Judge W. Orvyl Schalick of New Jersey Superior court ruled recently that the fact that the public was informed about a case ". . . cannot be construed to mean that they cannot make a fair and impartial determination of the guilt or innocense of anyone accused of a crime". This is a logical ruling, and one with which both the press and the bar should agree.

The "FoI Digest", published by the Freedom of Information center of the School of Journalism at Columbia, Mo., carried the following article last week:

"A controversy has developed (1-66) in Hanover county, Va., as a result of a motion by a county school board member that all books not on Virginia's State Board of Education approved list be removed from school libraries.

"The controversy began when W. C. Boscher, a father, told of reading a portion of 'To Kill A Mockingbird' after his son brought the book home from high school. Boscher protested, and a member of the county board of education made the motion.

"The state's 20,000 title list includes all books which may be purchased with state funds. (It does not, incidentally, include 'To Kill A Mockingbird.')

"As a state investigation of the book list got underway, Boscher, the man who started the whole thing, took another look at the book he was protesting and found that he had the wrong one. He had not meant 'To Kill A Mockingbird', he said. He really had meant 'Catcher in the Rye.'

"The Hanover county board of education, meanwhile, heard one of its members blame the press for the resultant controversy. The member moved that 'irresponsible reporting' be curbed by having reporters submit their notes before leaving meetings."

We have been fortunate here in having good press relations with public bodies and the legal profession. We believe that relationship is based on mutual respect. While we may not agree with various public decisions and actions, our news columns are open to present — factually, fairly and accurately — these decisions and actions. Our opinions are reserved for these editorial columns. If things continue on the present level of open meetings and open discussion, such a controversy will never develop. We hope it never will.

The Times is dedicated to providing the public with current news of local interest, including activities of public bodies. We believe the public has the right to know what these public officials are doing in the transaction of public business. Ethical public officials have no desire to suppress freedom of the press. Those who seek to destroy such freedom may be considered as poor risks to handle public administration.

Crime Rate Soars

Those of us who live in rural communities need not be complacent when talk is heard of the rise in crime rates in the United States. Too often we point to the "big cities" and their crimes and tend to overlook the situation which exists on our own doorsteps.

Together with a statistical crime index issued by the United States Department of Justice, J. Edgar Hoover of the Federal Bureau of Investigation issued the following statement:

"Crime in the United States as measured by the crime index rose six per cent during the first three months of 1966 over the same period in 1965. Nationally, forcible rape was up 14 per cent, aggravated assault nine per cent and murder four per cent. Robbery increased four per cent while the voluminous crimes against property continued the upward trend, led by larceny $50 and over up 11 per cent, auto theft five per cent and burglary, four per cent.

"The large core cities with over 100,000 population had an average total crime rise of four per cent, suburban police agencies reported a nine per cent increase and the rural area eight per cent. All cities when grouped by population size had total increases ranging from two to 10 per cent. The offenses of forcible rape, aggravated assault and larceny $50 and over were up in all areas—city, suburban and rural—as well as each geographic region."

With rural areas having twice the percentage increase in crime as the cities, there is no grounds for complacency here. In the rural area, murder increased 31 per cent, forcible rape increased nine per cent, aggravated assault climbed nine per cent, burglary rose five per cent, larceny $50 and over grew by 14 per cent and auto theft increased nine per cent.

The report adds: "It is important to remember that crime is a social problem and, therefore, a concern of the entire community. The efforts of law enforcement are limited to factors within its control."

Already Starting

Public reaction against DFL endorsement of A. M. Keith for governor has already started, as the supporters of incumbent Gov. Karl F. Rolvaag do not appear willing to sew up the rip in the party's garments. Such reaction is contained in a form letter received by our office and signed by Mrs. Walter Butler of St. Paul.

"Suddenly some of our so-called political leaders would have us believe that the primary election is en-American and undemocratic," she writes. ". . . The primary election for selecting candidates came into use during a period in our political history when the major political parties were dominated by the bosses of corrupt political machines. The political bosses ignored the wishes of the rank and file voters and nominated their henchmen in rigged conventions."

Then she adds, "Apparently, the officers of the Minnesota Democratic Farmer Labor party have forgotten their history lessons. After committing an act of endorsement that is contrary to the will of the majority of DFL voters, they now suggest that a primary contest for selecting a candidate for governor would be disastrous to the party.

"Actually, our party will be strengthened by a primary race because it will offer an opportunity for the voters to reverse the unfortunate decision made in our recent DFL convention. The LFL party has a conscience. That conscience cries out for a repudiation of political bossism by giving the rank and file voters a chance to express their will in a primary election."

At this writing, we have not heard an indication as to whether or not Gov. Rolvaag will enter the primary. His decision will likely be withheld for some time to place him in a better bargaining position with the party powers who are extremely fearful of a primary. The governor could easily exchange his decision not to enter the primary for a lucrative appointive position somewhere on the federal scene.

It is apparent, however, that friction from the state DFL convention still causes smoke to curl above party members. Even Hubert Humphrey can not blow it away.

Interesting Opinions . . .

"If the Prince of Wei were to ask you to take over the government, what would you put first on your agenda?" "The one thing needed," replied the Master, "is the definition of terms. If terms are ill-defined, statements disagree with facts; when statements disagree with facts, business is mismanaged; when business is mis-managed, order and harmony do not flourish; when order and harmony do not flourish, then justice becomes arbitrary; and when justice becomes arbitrary, the people do not know how to move hand or foot." —Confucius

Riverside Animal Park To Open This Weekend

by Marvin Lundin
Times Editor

After several years in the planning stage and two years of physical construction, Riverside Animal park will open Sunday noon. The 13-acre site along the River on the Ray Oen farm one and one-fourth miles south of the city limits, will have a number of attractions of interest to adults and children alike.

Oen said the park and picnic area will be opened Sunday to permit visitors during the Fourth of July holiday, although a considerable amount of work remains to be done before even the initial project is completed. Oen has future plans for the park if the traffic of visitors proves sufficient. Admission of 50 cents for adults and 25 cents for children will include use of the picnic area as well as the opportunity to watch the animals.

Entrance to the park is gained through the Oen farm driveway and yard, with a graveled trail through the park to the picnic area available for restricted auto travel. Main parking area for persons who will not picnic in the park will be located a short distance inside the entrance gate. The park is filled with large shade trees.

Al Osborn of Viking, who has been dealing in animals since he received a construction injury a number of years ago, has supplied the park with a large variety of animals, making a visit there interesting and educational as well as entertaining.

Animals on Display

Among the birds and animals on display will be an African lion, black bear, Siberian Wolf, prairie and brush wolves, Bay lynx, whitetail deer, ponies, goats, American bison, porcupine, owls, peacocks, wild turkeys, fancy pigeons, pheasants and a number of other birds and animals.

Of special interest will be a trout pond, stocked with 100 trout. Water is pumped into the pond from a nearby well, and flows through the pond to form a stream leading to an outlet into the river. A special floating pellet trout food will be available through a coin-operated vending machine, and park visitors can throw the food to the fish, watching them "boil" the surface of the water as they rise to snatch the pellets.

Deer and Goats

Several other areas are also of particular interest, especially to youngsters. A large enclousure contains four whitetail does, and a smaller adjoining enclosure will contain the four fawns of the does. On a limited basis, children will be permitted to bottle-feed the fawns while the park is open.

Goats are given a special emphasis at the park, since the large, fenced-in area for them contains two climbing towers connected by a foot-bridge across the overflow stream from the trout pond. Headed by an aromatic nanny appropriately names "Gardenia", the goat herd includes animals of several sizes and colors.

Since Osborn is constantly dealing in animals, the park is assured of changes in the number and types

WIDE-EYED with wonder over the outside world is this young whitetail fawn at Riverside Animal park located south of Thief River Falls on the Ray Oen farm. Holding the deer, which is one of four fawns which children may bottle feed at the park, is eight-year-old Scott Oen. The Oen family plans to open the park to visitors this weekend, starting at noon Sunday. There is a large variety of animals to be seen at the park. The Oen farm is located one and one-fourth miles south of the city limits on the Airport road.

Plummer To Host Fourth of July Celebration Mon.

Plummer will again host its annual Fourth of July celebration this year with events for the day to be opened by a parade at 11 a.m. Monday. The parade will include National Guard units, bands, antique cars, floats, queen candidates, costumed youngsters and other units.

"There will be something going on all the time," promise members of the sponsoring Plummer Commercial club. Events will include a large fireworks display Monday night.

Other events listed on the program are bicycle races, baseball throw, foot races, horseshoe tournaments, pie eating contests, men's tug of war between the town and country, women's rolling pin throwing contest, queen coronation and dance.

A softball game between St. Hilaire and the Red Lake County Softball league all-stars will be played at 2 p.m. as a benefit for the Pennington-Red Lake day activity center for retarded children.

Deadline Set For Camp M.O.E. Registration

Plans for this year's day camp session at Camp M.O.E. will be completed this week when the camp committee meets Thursday morning, according to Mrs. Stan Ranum, neighborhood chairman. Dates for the camp are August 8-12.

Brownie, Junior and Cadette Girl Scouts are reminded that this is the last week registrations for the session will be accepted. Mrs. Patricia Johnson will again direct the Camp and many events for fun and learning are planned. Registrations may be mailed or brought to Mrs. Gunder Legvold at 325 Tindolph av. N.

Wichterman Rites Set Thursday in Brooks Church

Solemn Requiem High Mass for Ben M. Wichterman will be offered at 10 a.m. Thursday at St. Joseph's Catholic church at Brooks. The Rev. Henry Carriere will be the celebrant and interment will be in the St. Vincent de Paul Catholic cemetery at Plummer.

Wichterman, 42, of the Plummer community, a well-known agricultural official, former state legislator and political figure, died Sunday night in Trinity hospital, Baudette, several hours after suffering a heart attack. He was fishing with several members of his family when stricken.

Friends and relatives may call this afternoon and evening (Wednesday) at the Petterson Funeral home, Red Lake Falls, where the body is reposing. Recitation of the Rosary will be held every hour on the hour and Biblical Prayers from the Office for the Dead will be recited at 8 p.m. tonight.

Ben Wichterman was born July 31, 1923 at Plummer to Arthur M. and Elizabeth Schmitz Wichterman. He was a lifetime resident of Red Lake county. He operated a farm near Plummer, was a licensed commercial pilot and formerly conducted an aerial spray service in this area.

Active in the political field, Wichterman served the 65th district as a representative in the Minnesota Legislature for eight years, beginning in 1955. He was the Democratic - Farmer - Labor candidate opposing Rep. Odin S. Langen, Republican, in the Seventh District congressional race two years ago.

At the time of his death, he was state chairman of the Agricultural Stabilization and Conservation Service committee, a post to which he was appointed in February of 1965. He was also serving as vice president of the Minnesota Junior College board.

He was married to Roma Varin at Brooks on Dec. 30, 1944; She survives together with 11 children, Mary, Michael, Patrick, Robert, Gordon, James, Thomas, Nancy, Judy, Jack and Glenn;

Also surviving are his father, Arthur M. Wichterman of Brooks; three brothers, Louis Wichterman, Red Lake Falls; Alvin, Falls Church, Va.; and Harvey, Brainerd; and three sisters, Mrs. Kenneth (Elaine) Moran, Duluth; Sister Mary Delores, OSJ, West St. Paul; and Mrs. Marvin (Lorraine) Olson, Crookston.

He was preceded in death by a son, his mother and five brothers and sisters.

Times To Publish Paper Saturday

Due to the Fourth of July holiday Monday, the Times will publish its July 4 edition on Saturday of this week. Cooperation of news sources and advertisers in providing early copy for this edition will be appreciated.

Mr. and Mrs. Ralph Syverson of Milwaukee, Wis., arrived Monday at the home of Mrs. Ida Syverson. They will also visit with other relatives and friends.

Hospital Report Shows Large Debt Reduction

Reduction in total liabilities from $133,752 to $100,393 was reported at the annual meeting of the Northwestern Hospital association of Thief River Falls Monday evening at the hospital. During the year ending April 30 the building improvement mortgage was reduced from $93,513 to $48,206.

Reelected directors of the association were Hugh Carlson, Wallace Tunberg and Dr. O. D. Beich. Reorganization of the board will be held in the near future. Carlson currently serves as board chairman with J. J. Womack as secretary and Tunberg as treasurer. Ray Oen served as chairman of the nominating committee.

Balance sheet of the association showed total assets of $2,112,762—a slight increase from $2,106,023 a year previous. Included were current assets of $278,536, building fund checking account of $14,290, savings certificates of $50,000 and land, building and equipment (less reserve for depreciation) of $1,769,935.

Current liabilities of $52,187 were up approximately $12,000 from the previous year and include $5,443 in accounts payable, $24,280 for accrued payroll, $8,671 for street assessment, $2,112 for Blue Shield group refund accounts and $11,679 for accrued payroll taxes. Plant capital, the community's paid up ownership in buildings and equipment, totaled $2,012,368.

Gross revenue for the past year from hospital operation was $1,080,516, while expenses of $1,065,621 left a net margin of income over expense of $14,895. Expenses include $681,782 for salaries, fees and payroll taxes, $58,166 dor dietary food and supplies, $36,911 for fuel and utilities $20,268 for repair and maintenance supplies, $71,496 for depreciation, $61,047 for drugs, medicine and medical supplies, $3,812 for interest expense, $14,660 for insurance and communications, $64,427 for other supplies and expense and $53,048 provision for care of indigent patients.

Operational statistics showed 3,091 admissions during 1966, a decrease from 3,223 in 1965, 3,592 in 1964, 3,287 in 1963 and 3,250 in 1962. Due to increased utilization of the chronic care and rehabilitation unit, however, total number of patient days increased from 30,881 the previous year to 30,956 in fiscal 1966.

Highest patient load was in January with 3,096 patient days recorded, while July of 1965 was lowest with 2,079 patient days on record. Average percent of occupancy during the year was 63 per cent compared with 60.7 per cent in 1965 and 73.6 per cent in 1964. Average daily census was 85 with average length of stay being 9.6 days.

Total operating income per patient day was $33.19 with operating expense of $32.71 for a net operating income of 48 cents per patient day. A total of 258 births was noted on the report, down from 282 a year ago and paralleling the national trend. The hospital also recorded 88 deaths and 41 4 hour patients.

Bridgettes Win Trophy at Parade In Winnipeg Sun.

The Bridgeman Bridgettes returned Monday night from Winnipeg, Man., where they participated in the Red River Valley Exposition parade Sunday. This drum and bugle corps was awarded the second place trophy in competition with 140 units, losing first place honors to the Blue Bomberettes of Winnipeg.

The Winnipeg trip was sponsored by the Thief River Falls Lions club. While in Winnipeg, the girls were guests in the homes of the Oriole Majorettes. Director of the Bridgettes, with a total complement of 41 girls, is Mrs. Richard Bergland, and Nancy Flynn is head majorette.

Mothers who accompanied the girls as chaperones were Mrs. Calvin Ripley, Mrs. Bernard Wold and Mrs. Ruby Mortenson. The Bridgettes will participate in the annual July 4 celebration at Plummer and the water carnival at Detroit Lakes July 17.

City Band Will Play Concert at Flag Ceremony

Regular concert of the Municipal-legion band changes times and locations this week as it meets in the camping area in the south end of Riverside park Sunday afternoon. The occasion is the VFW international flag-raising ceremony to be conducted in that area.

Concert of the city band will commence at 2 p.m. Sunday. The group will remain on location to participate in the flag-raising ceremony and will present the Canadian and American national anthems as part of the program. The concert will be conducted by James Solsten.

The city band has members from Thief River Falls, Red Lake Falls, Plummer, Newfolden and Middle River.

Council Awards Street Contract of $447,535

...st and chief item of business conducted by the Thief River Falls city council at its regular meeting Tuesday night was [illegible] ing of the contract for the 1966-city street improvement project to the Black Top Surfacing company of Detroit Lakes. Amount of the bid, the lowest of four submitted, was $447,535.40. The project had been estimated to cost $449,500. Highest bid of the four was for $459,817.90.

The project entails resurfacing of downtown streets and complete reconstruction of portions of First street, Conley avenue, Michael and Annie streets, Crocker avenue, Atlantic avenue, Schunemann street and Tindolph avenue. Also included in the project will be replacement of a number of defective water mains.

Robert Kloubec of the Pennington County Soil Conservation district submitted a plan for beautification of the city dumpground, which received the council's approval. The project will include planting of a 1,650-foot row of flowering crab trees along Highway 32 adjacent to the dump and two rows of dropmore elm around the dump itself. The dropmore elm, Kloubec said, would act as a windbreak and prevent paper from blowing unto areas near the grounds.

Walter Larson and James Frey of the Christmas decoration committee of the Chamber of Commerce presented the Cahmber's plan to purchase new Christmas decorations costing a total of $5,860 for downtown streets. The decorations, to be purchased from Holiday Decorations, Inc. of Minneapolis, will consist mainly of large and colorful lanterns, massive "Season's Greeting" signs to be hung over approaches to the city brilliantly lighted Christmas trees and to be placed over major intersections in the city.

In financing the project, the Chamber will assess local merchants for a total of $2,360, with each merchant's share of the cost based on frontage. The council was asked to contribute $2,500 toward the total cost. The balance of the cost, $1,000 will, it is hoped, be accumulated by contributions from local organizations.

After hearing Larson's request, the council gave its assurance that the requested $2,500 would be granted, but took no official action as to how the contribution will be made. A resolution to contribute the money was tabled pending consideration.

Morris Owen, superintendent of utilities, presented the new contract between this city and the U. S. Bureau of Reclamation, which the council accepted. The contract provides an additional allocation of 1,192 kilowatts, making the total amount of power available to the city from the bureau 5,384 kilowatts.

James Foley, park and recreation director, gave a comprehensive report on the summer recreation program and displayed a number of craft projects made by chil-

Hall Purchases Rudy's Market For Flower Shop

Bruce Hall, who has operated Hall's Flowers in Thief River Falls for the past 15 years, has announced the purchase of the building housing Rudy's Meat Market. The building, located on Third St. E., will be completely redecorated to fit the florist business.

Rudy Jehlicka, who operated the meat market for three years after moving here from Fordville, N. D., plans to visit his daughter in San Diego Calif., and may possibly make that state the future home for his family. He told the Times Tuesday that his long-range future plans are indefinite.

Northern State bank, owner of the space which Hall's Flower shop has occupied for the past five years will utilize the vacated space for its bookkeeping and accounting departments. Gene Beito, president of Northern State bank, said that access to the former flower shop will be made from the bank proper. Melvin Jahner will join the bank early in July to serve as manager of the insurance department and assist in the installment loan department.

Hall said the purchase of the Jehlicka building will be his third move since he started in business here. The building will permit a larger stock of floral accessories, provide additional refrigerated space for flowers and allow the addition of new fixtures. Work will begin early in July with the building expected to be in full use by August 1.

Area Vocational School To Recess

All departments of the Thief River Falls area vocational-technical School will be closed July 4 through July 18 for the annual school vacation, according to Arnt Aune, director of the school.

Friendship Garden Dedication Slated

Formal dedication of the "Friendship Garden" located at the tourist park in Thief River Falls will be conducted Sunday at 2 p.m. under the sponsorship of Veterans of Foreign Wars Post 2793 in this city. The area features two flag poles for flying of the United States and Canadian flags, with engraved plaques at the base of the poles emphasizing friendship between this country and its neighbor to the north.

The public is invited to attend a special banquet to be held Saturday at 6:30 p.m. in the VFW club rooms. Cost of the banquet will be $1.50 per plate.

Banquet speakers include Mike Popovich, president of the Army, Navy, Air Force Veterans in Canada, and Robert Pierce, department commander of the Minnesota Veterans of Foreign Wars. Harlan Huseth of Thief River Falls, past president of the International War Veterans alliance, will be master of ceremonies.

Speakers at the Sunday afternoon dedication will be Hon. Bud Sherman, member of the Canadian parliament, and Hon. A. M. Keith, Minnesota lieutenant governor. Pierce and Popovich will be introduced, and Alex Cairns, president of the IWVA, will present a tribute to soldiers of all wars. Roy A. Jorgenson, representing the city council, will preside at the afternoon program.

Opening the ceremony at 2 p.m. will be a concert by the Legion Municipal band under the direction of James Solsten. Mayor Orin Green will give the welcome and Canadian and United States colors will be advanced by groups from Winnipeg and the local VFW post.

A special guest at the Saturday night banquet will be Orville Ellingson of this city who originated the friendship garden theme, drew the plans for its construction and helped see the project through to completion.

VFW post members hope for a large crowd at the dedication ceremonies Sunday.

SYMBOL of friendship between the United States and Canada is the "Friendship Garden" in the Thief River Falls tourist park which will be officially dedicated Sunday afternoon. The above photos show the two plaques mounted on the base of flag poles in the garden.

Froiland Declines To Seek 3rd Term

William Froiland, who has served as Pennington county register of deeds for the past two terms, has announced that he will not be a candidate for election to a third term. A public announcement in today's issue of the Times notes that the decision not to seek reelection was made "Due to other plans".

Mortgage Burning Event Postponed

Tentatively planned for late this month, a mortgage burning ceremony to recognize final payment of county courthouse bonds has been postponed until a later date, according to C. W. Rodekuhr, Pennington county auditor.

Mr. and Mrs. Arthur Gutterud and Ross returned recently from Couer d'Alene, Idaho where they spent two weeks visiting their son and brother, Myron and family.

Meeting Planned For Couples Who Consider Adoption

A meeting of several couples invited to the first of three county regional group meetings of prospective adoptive couples is being held in Thief River Falls on Thursday, according to Ronald Mooers, director of the Pennington county welfare department.

The couples attending are those who are invited because of their interest in learning about children available for adoption through the county welfare department and the child welfare division of the state of Minnesota, Mooers said.

Purpose of this meeting is to discuss the procedures of obtaining a child through the public welfare department and to answer any questions the couples may have concerning adopting a child. The meeting will be conducted by Mooers and staff member from the department of public welfare in St. Paul.

Persons who wish to attend a group meeting to learn about adoption in Minnesota may contact their local welfare department.

Edmiston Sells Rex Cafe After 19 Years Here

Sale of the Rex cafe in Thief River Falls to Edward Turenne has been announced by Jack Edmiston, owner of the cafe for the past 19 years. The new owner assumed ownership of the cafe on Friday.

Edmiston purchased the Rex from J. M. Roche in 1947 and extensively remodeled the building in 1960. He has announced no definite future plans, although he will return to his home area in Texas. His family includes his wife and three children, a son Lee and daughter JoLynn in high school and a daughter Susan who is attending St. Olaf college at Northfield. During his years in business in Thief River Falls, Edmiston served on the board of directors of the Chamber of Commerce, was president of the board of trustees at Trinity Lutheran church, director of the Minnesota Restaurant association and a member of the Elks and Masonic lodges.

The new owner, who reportedly has other restaurant interests, was not available for comment. It is expected that he will make a public announcement in the near future.

Rev. and Mrs. Wangberg Mark Joint Anniversary

Members of the congregation of Trinity Lutheran church of this city honored their pastor and his wife, the Rev. and Mrs. Reuben A. Wangberg, on Sunday at a dinner and an open house, in joint celebration of the 25th ordination anniversary of the Rev. Wangberg and the 25th wedding anniversary of the Rev. and Mrs. Wangberg. Joining the congregation in extending congratulations and best wishes were a large number of friends and relatives living-out-of town as well as those who reside in this community.

Following the morning services, a dinner was served at noon by members of the Phoebe and Merriam circles of the TLCW. For the event, Mrs. Wangberg was presented with a corsage of gardenias and the Rev. Wangberg was the recipient of a boutonniere. The Rev. and Mrs. Harold R. Peterson served as host and hostess.

Guests were the Rev. and Mrs. Wangberg and their family, Eunice, Rolf, Mark and John; Mrs. John Laughlin of Finley, N. D., who served as bridesmaid 25 years ago; Don Phillips of Laverne; Miss Megan Opfer, former youth director at Trinity and Miss Cathy Kelder, former parish worker, both of Minneapolis; Mr. and Mrs. Odin Hitterdal of Hitterdal; Herman Olson, Valley City, N. D., Mr. and Mrs. Orton Haukos, Mrs. Alice Hofstad and Mrs. Olga Hofstad, all of Madison and the president of Trinity Lutheran congregation and his wife, Mr. and Mrs. Art Aune of this city.

Open house activities began with a program held in the church sanctuary with Dr. A. E. Jacobson as master of ceremonies. Mrs. Walter M. Larson was organist and James Cuppett, chairman of the board of deacons, welcomed the guests and gave the invocation. Greetings were given by Mrs. John Laughlin and the Rev. Harold R. Peterson, who represented Trinity Lutheran congregation. The Rev. Leland Steen, pastor of Zion Lutheran church, brought greetings from the sister congregation. Representing the family, in giving tribute to their parents were a son, Rolf and a daughter, Eunice.

Musical selections included a duet, "Twenty-third Psalm" by Mr. and Mrs. Bryant Ulseth and the hymns, "Lord Jesus Christ, Be Present Now" and "Now Thank We all our God" sung by the assembled group.

The presentation of the gift from the congregation, which included a purse of money and a silver tray with an appropriate inscription, was made by Arnt Aune. Rev. and Mrs. Wangberg responded with words of thanks and appreciation.

Following the program, a reception and open house were held in the church parlors. Carrying out the theme of the celebration, the white and silver trimmed anniversary cake was topped with a 25th wedding anniversary symbol. In an open section between the arches of the five-tiered cake was a miniature clergyman. Cutting and serving the cake were Mrs. Nils Flom and Mrs. Carl Nordvall while Mrs. Harold R. Peterson and Mrs. Arnt Aune poured. Mrs. Alfred Solem registered the guests and those attending the punch bowls were Mrs. Donovan Narverud, Mrs. Mervin Prestebak, Mrs. Howard Johnson, Mrs. James Cuppett and Mrs. R. S. Eldevik. Hostesses were Mrs. Hans Chommie, Mrs. Richard Edlund, Mrs. Ben Frolland and Miss Olga Bloomsness.

Among the out-of-town guests attending the afternoon event were the Rev. and Mrs. Stanley Olson of Halstad, (Rev. Olson was an attendant at the wedding 25 years ago); Dr. and Mrs. Mel Sletten of Madison and Mr. and Mrs. Paul Anderson of Moorhead (Mr. Anderson was a former youth director at Trinity). Several area pastors were also in attendance.

Members of the committee in charge of planning the event were Carl Nordvall, chairman; Mrs. Hans Chommie, Mrs. Einar Barstad, Mrs. Roy Holm, Art Aune, Rev. and Mrs. Harold R. Peterson, Mervin Prestebak, Rudy Larson and Mr. and Mrs. Bryant Ulseth. Photo-Neal Fox Studio
